#### Group Home Discussed

Residents will be able to respond to the proposed group home at 2 Lehigh Lane at a meeting on Wednesday, March 25.

Sponsored by Assemblyman Fred Parola, the representatives from the following offices have been invited to the meeting: Nassau Center for the Developmentally Disabled, which plans to establish the home, the Office of Mental Retardation and Development Disabilities, and Town of Oyster Bay officials.

The meeting will be at 8 p.m. in the Hicksville Middle School, Jerusalem Avenue.

#### Carvel Robber Arrested

Nassau County Police arrested a Queens man April 11 and charged him with three robberies, including one at a Hicksville Carvel store in February.

According to police, Thomas Armour, 27, was charged with three counts of robbery, first degree, following an investigation. Armour had been arrested March 13 for an attempted robbery at a Carvel in Baldwin.

Armour allegedly robbed the Carvel at 40-42 Newbridge Road Feb. 24 of \$100 after displaying a handgun to the counter person. No injuries were reported in the robbery. Armour is also believed to have robbed a Massapequa Carvel earlier that same night, police said.

#### Cleanup This Saturday

The Duffy Park and Northwest Civic Association's trash cleanup will be held this Saturday, April 21. Anyone interested can meet at West John Street and Kuhl Avenue at 9 a.m. or at the end of Frank Road at 8:45 a.m. Streets that will be cleaned up include West John Street, Frank Road, Henrietta Street and Charlotte Avenue.

#### Car Wash Permit

A special use permit is being sought to construct a car wash facility as an addition to an existing new car dealership in a "G" business district (general business) and an "H" Industrial District (Light Industry). The property is located approximately 100 feet east of the southeast intersection of Broadway and Old Country Road, also known as 15 Old Country Road.

A public hearing will be held on Tuesday, June 19, at 10 a.m. in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

#### Change in Parking

A change in parking regulations in Hicksville parking field H-9 will be the subject of a Tuesday, May 22 public hearing by the Oyster Bay Town Board.

It has been approximately one year since the Town Board converted the meters in the municipal fields between East Marie Street and Nicholas Street to 25 cents for four hours with no Town parking permit required to accommodate the needs of the commercial area parking. The Town's continuous surveys have indicated that a section of field H-9, which is off East Nicholas Street, is not being used. Pursuant to this survey data and the recommendation of the Department of Public Works Highway Division, the proposed modifications in parking regulations for field H-9 would change 61 of the 141 stalls to 12-hour meters requiring Town parking permits and charging 25 cents for each six-hour period.

The meeting is scheduled for 10 a.m. in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

## Further Development Sought for West John Street

Residents in Hicksville's northwest section may have to prepare for more commercial activity as another developer is seeking to build

two office warehouses on West John Street. Landmark Builders Contractor has applied to the Town of Oyster Bay for a building per-

mit for an ancillary office building to be used as a warehouse on West John Street, 340 feet west of Engel Street, according to a town spokesperson.

However, at a recent Northwest Civic Association meeting, a site plan obtained by the group from the developer showed two structures but only one building has been applied for with the town.

Northwest's president Mary Ann Ferrado said that Landmark intends to demolish the existing home on the property. Another home that was located on the site was recently leveled. Landmark's president could not be reached for comment.

Over the past few weeks, there have been signs of work at the site as some of the debris has been cleaned away.

No public hearing is necessary to build the structure as it is located in an "H" light industrial zone. The building permit request, which was applied for in July 1989, and must be approved by the building division of the Town's Department of Planning and Development, is being considered.

#### 2-Story Office Sought

In another West John Street project Peter DeJana has applied for a special use permit to construct a two-story industrial building in the lot next to the West End Pub on West John Street.

The property which is approximately 100.72 feet west of the intersection of West John Street and Kuhl Avenue, will be used for the outdoor storage and repair of vehicles in connection with municipal services such as street sweeping, catch basin cleaning, leaf collection and snow removal.

The proposal may be met by community opposition as residents have indicated that the company's operation will cause noise and pollution to neighbors whose homes abut the property. Also surrounding the site is the Nassau County Recharge basin and the Catiague Park golf course.

Residents who have fought nearby Twin County Recycling Corporation on West John claiming that the plant emits noxious fumes, said that DeJana's operation will add to their plight. In addition, increased traffic is a concern.

More than 100 residents signed a petition requesting that the town hold a night hearing. That request was granted and a hearing has been scheduled for May 8 at 8 p.m. in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

#### Landscaping for West John

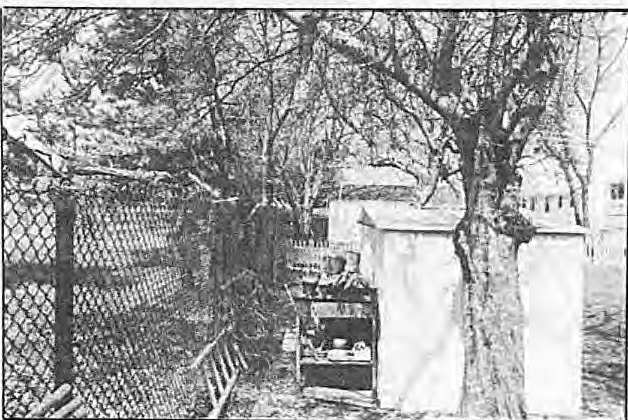

The Northwest Civic Association is attempting to spruce up West John Street by planting flowers and trees in the area.

The civic association recently requested that Nassau County plant trees at both ends of West John Street traffic islands, between Broadway and Newbridge Road. These islands are presently covered with black top. The association has also requested that a flower box be installed on the West John Street traffic island immediately west of Newbridge Road. The association intends to provide the plantings and necessary maintenance for this flower box.

West John Street is a county road.

Looking west on West John Street, a developer is seeking to build two warehouses on this lot, in addition to demolishing the home in background.

Homes abutting an empty field to the left which may become the site of a two-story industrial building for the storage and repair of vehicles.

## News Briefs

(continued from page 1)

mind all residents of a few important facts:

- Open burning is prohibited on Long Island. You can be fined up to \$500 for open burning in addition to any costs if your fire sets another person's property on fire, or a firefighter is injured responding.

- The Town of Oyster Bay's STOP program is starting up again. Aerosol, paint cans and other waste should be disposed of properly. Throwing it out with your rubbish could injure sanitation workers who come in contact with it. Drop off the waste on April 26 at Burns Park in Massapequa.

- During the last few weeks, firefighters arriving at several fire scenes have been confronted with cars blocking fire hydrants. This practice is widespread and poses a danger to everyone. Please keep the hydrants clear.

- The Nassau County 911 System is a helpful system IF you need the police. However, it is increasingly being used to call the Hicksville Fire Department. Every year, the Hicksville F.D. distributes phone stickers with the direct line number to the Hicksville Fire Dispatchers. A direct call saves time.

A 911 fire call goes to Mineola through a police operator who then transfers the call to the county fire communications center who then decides which of the 71 fire departments gets the call—this takes a great deal of time.

For the fire department the number is 931-0026. For police requests call 911.

- The Hicksville firefighters have once again turned to Assemblyman Fred Parola for help in getting the New York State Department of Transportation (DOT) to repair the timing of the traffic signal at Broadway and Marie Street (East and West). According to a fire department spokesperson, repairs have been promised for almost

two years and still the light jams traffic up in front of fire headquarters, preventing members getting in and apparatus getting out.

The fire department advises drivers to write to the DOT if they have been held up by this light. Write to: James Kuzloski, regional director, New York State Department of Transportation, N.Y.S. Office Building, Veterans Memorial Highway, Hauppauge, NY 11787.

### Throughout the Town

- The Town of Oyster Bay will be conducting a plastics recycling collection at its Old Bethpage Solid Waste Complex. Residents may bring plastic discards of all kinds to the complex off of Round Swamp Road April 21 and 22 between 8:30 a.m. and 4 p.m.

The collection is being held in conjunction with Earth Day 1990.

- Residents in the Massapequa Park area have joined the Town of Oyster Bay Separate Oyster Bay's Recyclables Today (SORT) program.

Recently, the town board approved the addition of 8,000 homes in Massapequa Park, Nassau Shores and Harbor Green to its regular recycling effort. Nearly all of the homes in the town are now involved in SORT.

- Registration forms for the Town of Oyster Bay's walking program will be accepted through April 27 and are available at all Town Hall and community park facilities as well as local libraries.

The seven-week program is free to town residents. Participants may choose a daytime course at Syosset-Woosung Community Park on Jericho Turnpike Tuesdays and Thursdays from 10 and 11:30 a.m. An evening course, from 7 to 8:30 p.m., will be offered on the same days at Marjorie Post Community Park on Unqua Road in Massapequa. Classes begin May 1 and conclude June 14.

Registration forms should be returned to park managers or the Parks Department,

977 Hicksville Road, Massapequa, NY, 11758.

For further information, call 795-1000.

- The 200th anniversary of president George Washington's visit to Oyster Bay will be commemorated in a number of ways throughout the township.

A program will be held April 23 at the Vernon Middle School in East Norwich and is presented by the town's Bicentennial Historical Commission. Music and dramatic readings will be featured as well as an address by John B. Dawson as George Washington, re-enacting the president's address to school children 200 years ago.

According to town officials, representatives of historical, veteran and civic groups are invited to attend the program. The public is welcome as space allows. Interested parties are asked to contact Dorothy McGee at 922-5800, extension 2253.

To further commemorate Washington's visit, a special stamp cancellation has been designed. Anyone using the Massapequa Post Office April 21 or the Oyster Bay Post Office April 23 will be able to have the cancellation used on his or her mail.

- It will be a weekend of musical happenings Friday and Sunday, April 27 and 29, with two programs in the "Distinguished Artists Concert" series.

For fans of jazz, the Great South Dixieland Jazz Band will perform at the Hicksville Public Library, 169 Jerusalem Avenue, on Friday, April 27. The show will begin at 8:15 p.m.

For fans of brass music, the Celebrations Brass will give a performance on Sunday, April 29, at the Oyster Bay-East Norwich Public Library, East Main Street, Oyster Bay. Showtime is 3 p.m.

The "Distinguished Artists Concerts" series is being sponsored by the Cultural and Performing Arts (CAPA) Division of the Town's Department of Community and Youth Services. It is also being supported by grants from Apple Bank for Savings and Long Island Savings Bank FSB.

### Enjoy Your Retirement

When Mary Lippman worked for the school district in charge of transportation, she didn't have an easy job. After 16 years she decided it was time to enjoy her life—and retire she did. She was recently honored at a lovely affair at the Maine Maid Inn.

Enjoy your retirement, Mary. You've earned it.

### 58 Happy Years

Doro and John Bechtler of Fordham Road had a big celebration this year. Fifty-eight years ago, April 7, 1932, they became man and wife—and have loved every moment of it.

May you be blessed with many more anniversaries.

### News From Arizona

Received a note from former Hicksvillite Barbara Maniuszko updating us on the happenings of her family. She writes: "Tracy, formerly of Our Lady of Mercy School, has now completed her 7th grade at Cocopah Middle School in Scottsdale. She's been consistently on the Principal's List and an active member of the school band. The band has played at the Arizona State Fair, the Scottsdale Parade del Sol, and will be making a trip to Flagstaff in May to perform in a concert. While there, they will be lucky enough to take a sidetrip up to the Grand Canyon.

"Birthday wishes too go out to my son Keith, who was attending Chaminade H.S. and is now in Chaparral H.S. He's a member of the swim team, having earned his letter there this past Fall as a sophomore. Keith turned 16 on April 5.

"It's been a glorious winter here in the Southwest with mild temperatures and beautiful skies. All payment, of course, for the intense heat to come in July and August . . . we all have to try and remember those gorgeous days especially when the mercury rises above 110 degrees.

"We are still avid readers of the *Illustrated* and just love keeping up on our ex-community's news! Keep up the good work."

Barbara, I know what you mean when you describe the Southwest—I just love it there . . . and especially Scottsdale—it's one of my favorite places.

### Oops . . .

Last week we had an announcement about Stephanie and Mark Anderson becoming parents of a son, Sean Derrin.

After reading the article I realized I forgot to put in the most important part—who the grandparents are.

Well, Ray and Yvonne Siefert—I'm apologizing. Congratulations on the birth of your first grandchild—Sean. Bet you can't wait to hold him in your arms, Ray! There's nothing like a grandchild!

### New Presidents

Congratulations to Rocco Lombardo of Hicksville who was recently sworn in as president of the Galileo Galilei Lodge, Sons of Italy.

Maria Matassa of Hicksville was sworn in as president of the Ladies Auxiliary. Outgoing presidents include Mary Sarrero and Skip Monteforte.

Denise Buran

### She Looks Great!

If you look at the photo on this page of Denise Buran you would never believe that she just turned the big '40! She looks like a teenager! The Dougherty Family of Hicksville would like to send their best wishes to her on this happy occasion. They are also sending birthday wishes to Denise's son, James Buran who just celebrated his 7th birthday and to her niece, Nancy Dougherty, who became 15 years old this month.

And we're sending our birthday wishes to the three of you, too.

### It's Their Second

Congratulations to Norma and Frank Drasby on the birth of their second grandson, Anthony Joseph. Born Feb. 1 at Syosset Hospital, Anthony weighed in at 8 lbs. 6 oz. and made his parents, Maria and James Drasby of Old Bethpage, very happy.

Anthony's godparents are Denise Farrillo of Arizona and Henry Kunz of Hicksville. After the christening a buffet was held at the Joseph Barry Knights of Columbus for family and friends.

The Drasby's have another grandson—Nicholas—who is 11 years old.

The Hicksville Nursery School is holding an Open House for Fall registration on Monday, April 30 from 12:30-2:30 p.m. for parents of 2, 2½, 3 and 4 year olds in the school classrooms at W. Cherry Street and Nelson Avenue.

The Hicksville Nursery School is a non-profit, non-sectarian cooperative located in the back of the United Methodist Church. Founded in 1967, it has offered 21 years of education to hundreds of pre-school children as well as serving as field training center for students from S.U.N.Y. All parents who wish to, can share in the administration of the school. Monthly business meetings give parents the opportunity to make decisions on administrative needs. There are lectures, films, and "rap groups" to help parents learn more about parenting. ## DONOVAN REPORT

Joseph & Karen Donovan  
 "Hicksville's Leading Brokers"

Dear Friends,  
 We are writing to keep you advised of problems which come to our attention in the course of our law, real estate and insurance businesses. Many homeowners run into difficulty because they do not have Certificates of Occupancy and Certificates of Completion. These are required by the town for construction or alteration of a home, garage, deck, pool, awning, patio, etc. When you sell your home, the lack of a CO can create expense and delay.

The basic procedure where additions or alterations are made is:

1. File building plans and obtain a permit from the town.
2. Have the building inspector make inspections as required.
3. Upon completion of the work, arrange for a final inspection by the building inspector, and an electrical inspection by the New York Board of Fire Underwriters. (Any plumbing may also require an inspection).
4. When all certificates have been obtained for plumbing and electrical work and all town inspections are completed, you may apply for the CO. (In some cases the town may insist on a new survey as well).

Since the entire process may take 8-12 weeks, it is best to be sure that you have all the necessary COs well in advance of your closing date. If you have any questions in this regard, the staff at the Real Estate office will be glad to go over this with you before you list your home for sale. Since this is a common problem for homeowners, their advice can save you a great deal of time and money.

# See The Happiness That Life Brings

A dedication "To The Miraculous Infant of Prague in Thanksgiving for the Many Miracles Bestowed on me, My family and friends we have helped."  
"Blessed Be God" VIRGINIA D. WATERS

*You too, can say a Novena . . .

for 9 days or once a week for 9 weeks*

THE MIRACULOUS  
INFANT JESUS OF PRAGUE

#### THE INFANT JESUS OF PRAGUE

The statue is nineteen inches tall, made of wood and wax. It represents the Infant Jesus dressed in royal robes and wearing a crown. In 1637 it stood in a place of honor in the chapel of the Carmelites in Prague.

Fr. Cyril prayed before the statue. He was filled with wonder as he contemplated the God who became a child out of love for his people. Suddenly the statue spoke to the stunned Carmelite:

HAVE MERCY ON ME AND I WILL HAVE MERCY  
ON YOU. GIVE ME HANDS AND I WILL GIVE YOU  
PEACE. THE MORE YOU HONOR ME, THE MORE  
I WILL BLESS YOU

For almost four centuries this promise has inspired devotion and love of the Infant Jesus. The original statue is preserved in the church of Our Lady of Victory in Prague.

Devotion to the Infant Jesus celebrates the great mystery of Incarnation. We acknowledge the humanity and the divinity of Christ, and we rejoice in God's caring love for us.

#### INFANT OF PRAGUE NOVENA PRAYER

*O Jesus, Who has said, "Ask and you shall receive, seek and you shall find, knock and it shall be opened to you," through the intercession of Mary, your Most Holy Mother, I knock, I seek, I ask that my prayer be granted.*

*(Make your request)*

*O Jesus, Who has said, "All that you ask of the Father in My Name, He will grant you," through the intercession of Mary, your Most Holy Mother, I humbly and urgently ask your Father in your name that my prayer be granted.*

*(Make your request)*

*O Jesus, Who has said, "Heaven and earth shall pass away but My word shall not pass away," through the intercession of Mary, your Most Holy Mother, I feel confident that my prayer will be granted.*

*(Make your request)*

#### PRAYER OF THANKSGIVING

Divine Infant Jesus, I know you love me and would never leave me. I thank you for your close presence in my life.

Miraculous Infant, I believe in your promise of peace, blessings, and freedom from want. I place every need and care in your hands.

Lord Jesus, may I always trust in your generous mercy and love. I want to honor and praise you, now and forever.  
Amen.

## "See The Happiness This Brings"

*I want to help the young in school.  
Explain to them, be careful, it's easy to become a fool.  
Go out, and have fun, while you are young.  
Pick your company, be mindful of another's tongue.  
Build character, and reputation; without it you'll end in a bad situation.  
Think first, honesty is the best policy, use your insight.  
You are never wrong in doing what is right.  
Have good thoughts, and you do good things.  
Your mind controls you, try this and see the happiness it brings.*

— Virginia D. Waters

## Hicksville's Prized Pets

Steve and Laurie Ross sent us this note about their prized pet:

"Enclosed you will find a picture of our cat—Samantha, known as Sam. She has been our pet for the past 27 months and nothing has given my wife and me greater joy. We have yet to find or even hear of a cat like this one. She is an indoor cat that patrols her territory like no watchdog ever could. While being as kind and affectionate to us as any pet could be, she protects both of us and our home as if it were her one mission in life.

*"Sam the Cat has an odd affection for warm laundry out of the dryer."*

"Our doormat reads 'House Protected By an Attack Cat' and unless we approve your entry, these words certainly ring true. From a tiny mouse all the way up to an unsuspecting intruder, we feel totally safe because of Sam. She has virtually no fear of other cats, dogs, people or objects.

"Sam is very playful and will eagerly run the

length of a room, leap a chain, ascend a table in full stride, and dive head first right at a wall, just for a thrown morsel of food. This exact scenario takes place almost on a nightly basis and while very humorous, provides a great deal of entertainment for all.

"She loves empty boxes or bags, stormy nights, and has an odd affection for warm laundry out of the dryer. This is our pet and we love her."

## National Job Fair for Seniors—May 5

As the huge labor shortage affecting service-oriented businesses grows larger, the traditional labor pool of 16-24 year olds continues to shrink—forcing American employers to discover the viable alternative of senior employees.

# CONTACT LENSES

## SUCCESS OR FAILURE?

**THE GOOD NEWS:** One American in 10—20 million people—wear contact lenses... most of them successfully! Contact lenses are their choice for looking good and seeing well.

**AND THE BAD NEWS:** 1 million Americans have stopped wearing contact lenses for a variety of reasons, not the least of which are improper fitting, and improper or inadequate professional supervision.

When it comes to contact lenses—your vision, comfort, and safety—selection of the right doctor may well determine success or failure.

For thorough, skilled, caring professionalism, we are your first line vision resource center.

At Woodbury Optical Group all contact lens treatment is administered by Dr. Dean Hart, O.D., M.A., founder and director of the Contact Lens Research Foundation. Dr. Hart has treated thousands of lens wearers successfully.

He is a highly respected and frequent lecturer to the profession in the U.S., Canada and Europe. His texts and articles are used for reference throughout the globe.

Dr. Hart is the director of the Low Vision Clinic at a leading New York teaching hospital, and instructor of ophthalmology residents.

## Easter Services Reunite Hicksville Families

By Richard Evers

"Christ is risen," the ancient refrain of triumph and exultation, echoed throughout crowded Hicksville churches this Easter Sunday. It was for Hicksville's 15 Christian churches a day of homecoming, a day of family reunions, and renewal of faith.

At St. Ignatius Loyola Roman Catholic Church, all masses were crowded with families. Celebrating the 12:30 Mass, Father Peter Liu spoke splendidly of Easter services as one of the Church's great seasonal moments which gather families and friends from near and far. In his inimitable, inspired manner, the popular Chinese-American associate-pastor evoked themes and expressions particularly dear to his heart and heritage: the blessings of family ties, the joys of periodic homecoming, the renewal of fraternity, and the enrichment which comes from reaffirmation of roots, community ties, and religious beliefs. Speaking of "our parish, the mother-church for Roman Catholics in this region," Father Liu recalled that "1991 will be our beautiful church building's Centennial year."

The morning was wet, with ashen skies, and the gorgeous ladies' bonnets of yesteryear lamentably few, but there were those undaunted souls who doffed or scorned raincoats to show off a bit of Easter finery and their bright corsages. And, grace of graces, the sun broke through in the afternoon, to shine on countless Hicksville Easter gatherings.

Editor's Note: Mr. Evers is the Gregory Museum historian.

## College Students Provide Meal for I.N.N. Guests

By Elfe Krogmann

Early in April the Hicksville Soup Kitchen was literally taken over by experts in the culinary field. An enthusiastic group of 21 students (12 men and 9 young women), all from the Restaurant Management and Special Events Class at State University of Farmingdale, arrived with their Professor, Paul DeAngelis, to prepare the meal of the day for the homeless and hungry of the area. They brought with them the food for a really gourmet-style meal.

The students also roasted a turkey and made sandwiches which were given to the 'guests' to take home, along with small packages of cookies which were placed at each place at the table.

Plans for the special visit were devised by Margaret Borruso, who is one of the instructors at SUNY, and who also volunteers her time to the Soup Kitchen in Holbrook. The event was coordinated with Alice Spinella, the Personnel Coordinator for the Soup Kitchen held at Redeemer Lutheran Church in Hicksville.

This class usually cooks for special events

held at the State University, including conferences, awards ceremonies and special receptions. The students recently entertained for the chancellor at SUNY. They specialize in gourmet cooking, and the students had never before been out of the classroom.

Helping out at a special dinner provided at the Hicksville I.N.N. are (from left) Margaret Borruso, an instructor at SUNY, Mary Mahoney, technical assistant to the professor, Paul DeAngelis, instructor who is professor of the Restaurant Management Class at SUNY, and Alice Spinella, coordinator of personnel of the Hicksville I.N.N.

## Joseph F. Lamb Council No. 5723

Knights of Columbus  
Plainview, L.I., N.Y.

The Joseph F. Lamb Council No. 5723 Knights of Columbus, Plainview, will hold its 25th anniversary dinner dance on Friday, June 22 at the Imperial Manor in Bethpage.

The cocktail hour will start at 8:30 p.m., followed by dinner at 9:30 p.m. There will be a choice of either prime ribs of beef or stuffed chicken breasts. The seven piece band of "Amici D'America" will be on hand to provide lively music. The price of admission is \$32.50 per person. (Note: the actual cost is much greater, but the council is picking up the difference).

Tickets can be obtained by contacting ticket chairman P.G.K., P.F.N., F.D.D. Joseph Ehlerl at 935-3908 or P.G.K. Leonard Galati at 681-6573.

This affair will be the most important one that the Lamb Council has ever held. The council was first organized in January 1965 and the first grand knight was P.G.K., P.F.N. Thomas McNamee, who will be honorary chairman of the dance. The council has always been very active in both the Plainview and Hicksville communities with many works of charity and ser-

vice. The present Grand Knight is G.K. Josef Ort.

It is anticipated that many of the Past Grand Knights of the council will be on hand to greet their friends and brother knights. All members of the Lamb Council, past and present, those active or inactive, are urged to be in attendance to support this most important event.

The over-all chairman of this affair is P.G.K., P.F.N., F.D.D. Robert Corrado who will also be the master of ceremonies. The co-chairman for dinner table are P.G.K. John Lombardi and P.G.K. Daniel Paternoster. The Journal Committee is composed of P.G.K., P.F.N., F.D.D. Peter Volpe, P.G.K. Anthony Iannuzzi, and P.G.K. and present District Deputy for the 16th District—Otto Schmidtman. P.G.K. Sam Repoli (present Warden of the 16th D.D.) will be in charge of the 25th-anniversary gifts. Publicity and photography will be handled by Frank Jopp (author of this article).

On a different note, The April Knight of the Month is Frank Jopp (yours truly). I wish to sincerely thank the council for this honor and it is certainly appreciated.

## Hicksville Republican Club

Joseph Jablonsky  
Executive Leader

Bill Maher  
President

By Marc Herbst

The Ernest F. Francke Republican Club of Hicksville held its April general membership meeting last Friday evening. Town Councilman Thomas L. Clark and library President Marc Herbst were the guest speakers.

Councilman Clark discussed several zoning matters which are currently pending before the town board. He highlighted several applications which are of great interest to the Hicksville community. Public town board hearings have recently been held to consider requests for a food court and multi-theaters at the Broadway Mall, a new office building on West John Street and a car wash at an existing service station at Tec Street and Old Country Road. A public hearing to consider a request for an industrial building on West John Street for purpose of storage and maintenance of municipal vehicles will be continued on May 8 at 8 p.m.

Councilman Clark then commented on the proposed group home at 2 Lehigh Lane. Assemblyman Fred Parola has scheduled a community meeting to discuss this subject on Wednesday, April 25, at the Hicksville Middle School.

Clark also announced that he has been informed that the Hicksville Movie Theaters on East Marie Street have been sold to the owners

of the Salisbury Movie Theater in Westbury. He has asked the town attorney's office to study the possibility of a zone change, which would prohibit pornographic movies in certain areas, such as within a stated distance from a school or within specified zones. He suggested the town consider only permitting such movies in an industrial "I" zone. Clark then revealed the only "I" zone in the town is the Old Bethpage landfill.

Marc Herbst, president of the Hicksville Public Library, presented the proposed 1990-91 library budget. The proposed budget is subject to voter approval, scheduled for April 18. He informed the audience that the budget amounts to approximately \$75 a year for the average home in Hicksville. This amount is only about two dollars more a year than the current voter approved budget.

Hicksville G.O.P. Leader Joseph Jablonsky has scheduled a meeting of the Hicksville Republican Committeemen's Council on Tuesday, April 24, 8 p.m., at Antun's, 240 Old Country Road, Hicksville. All committeemen are expected to attend this meeting.

The next general membership meeting will be held on Friday, May 11, at the Hicksville VFW Hall, 320 South Broadway, Hicksville, beginning at 8:30 p.m.

## The Investor's Corner

By Dr. Joseph P. Frey

### Kick Him in the Pants?

I recently received a letter from a reader about his investments. It seems that he has been an investor in American stocks and now he has to pay regular taxes on his gains. He suggested he was a "good citizen of our U.S. economy" by being an investor. The lament was that against inflation, he has lost because the stocks have not gone up in value as fast as inflation has risen. While he estimates that he has a current yield on his ORIGINAL investment of about 25% per year, he laments his PRESENT yield is about 4-1/2% before taxes. He believes that the capital gains tax, taken away by the 86 tax law, it should be returned. Finally, he wanted my opinion "even if it is a kick in the pants."

Dr. Joseph P. Frey

Years ago (1982), I did an audio tape on

"managing your money." Part of that tape included comments on buying savings bonds. Then they were a bad investment. My comment was that "patriotism is a lousy reason for investing." Your objective when you invest should be to increase your wealth or to provide income, or some other very selfish reason, even greed. Only invest with or stay with a stock or bond if the company continues to provide what you want. Do not buy or stay with an investment because it is good for the country. Buy what fits your needs.

Our letter writer mentions his 1953 investment in Campbell soup. He paid about 5 dollars for it, now it is around \$60. You may say that is a very good gain. However, the lament is that regular taxes must be paid, not the capital gains tax. Further, against inflation (purchasing power), the 4% compounded increase in the stock price is miserable. However, dividends were received on a regular basis. The flaw here is that a corporate dividend's current yield is usually less than other competing alternatives. To me this illustrates the disadvantages of investing and holding through thick and thin individual corporate stocks. A better strategy is to buy sound stocks and get rid of them when they falter or no longer produce results. Get out and put your money someplace else.

If the stock continues to produce as well as others, keep it. When it ceases to be a performer, get rid of it. We can be sure of one thing. There is a time to buy a stock and there is a time to

## A Letter from Lubelle...

...Have you been on an airplane lately?...And what were you wearing?...Last week I was on an airplane—and what was I wearing?...a dress, stockings, shoes with medium heels, a coat—and was I properly dressed?...I consensus is the judge. I most certainly was not!...From small babies to very chubby adults, everyone seemed to be wearing those cotton stretch running suits—and in every color imaginable—including white which on some rather broad derrières looked remarkably like underwear!...I'm probably jealous that they were undoubtedly much more comfortable than I in the close quarters of coach seats, but I did think nostalgically of those days when all the pretty young women wore their "traveling suits" and looked so well groomed...But *que sera*—the world moves on and I can assure you that if you are a grandmother and not so very pleased with your figure, you can still wear a cotton stretch running suit and not look at all out of place!...And no airplane story would be complete without a comment on what is euphemistically called "carry on" luggage!...If someone arrives with a Louis Vuitton trunk one day, I won't be surprised...The man next to me had a garment bag that he put into a closet somewhere; a huge canvas-sided case that he put into an overhead bin using the entire area designed for the three seats underneath just for himself; several fishing rods complete with dangling hooks that the hostess finally forced him to hand over; and a bulging brief case that he put under his seat necessitating his putting his feet in front of my seat!...And all the while, the chief stewardess was calling over the public address system that passengers were allowed only one "carry on" apiece!...With the misery of retrieving luggage from those carousels and the numerous times that bags are lost, I understand, but isn't there a better way?

Yours, Lubelle

sell it. The trick is to know when to do either or both.

The average person seems to get stuck in neutral when they know they should be doing something with their money. It is easy to be afraid when the stock market bounces around like a yo-yo, and interest rates are volatile. This is one of the major reasons that I advocate the purchase of mutual funds for the average investor. Let the professionals do the investing. The problem there is that about 80% the professionals usually do worse than the market as a whole. You can research the track records of the mutual fund managers and the funds. Forbes, Barron's, Business Week, and Changing Times all give quarterly results of the funds.

The average person says that if pros cannot do it, how can they? I strongly urge you to read Peter Lynch's book, *One Up On Wall Street*. He is the pro of pros and he did it with a huge fund, a major handicap. It was almost an impossible feat to beat the stock averages so consistently. If I had his book as a young man, I would be much wealthier today. I expect him to make me wealthier now. He shows everyone how to do it.

Our letter writer's only mistake was in not selling when the time came to sell. Campbell Soup went through some tough times before it reached its recent highs. Getting out and coming back in when things changed would have been better. Of course, I have 20-20 hindsight. Remember that there are times to buy and times to sell. All stocks go up and down. This takes a little work on your part. That is why there are

advisors.

The letter writer wanted my opinion on the tax reform laws of the 80's. He is strongly for the return of the capital gains tax. I do not agree as an investor or quasi-economist. I DO want it for the time I sell. It will save me a lot of money. I DO NOT want it because I believe it is bad policy. We should invest for sound business reasons. We should sell investments, all investments, for the same reason. To make economic decisions solely because of taxes, or even with taxes being a major consideration, is poor strategy. It is either a good investment that should be kept, or it is not.

If the capital gains tax comes back, it is an almost sure bet that many of the tax reforms will be lost. I do not want a maximum tax of 50% or 40%. I like the max tax at 28%. This is only 8% higher than the capital gains max tax before TRA 86. It is a small price to pay for the benefits to the majority of taxpayers.

Our letter writer decided not to sell his Campbell Soup because of the tax. If he believes that he should sell, he should sell. Only he knows. Any mistakes we make are in the past. We all make them. They cannot be undone. We must not repeat them.

Congratulate this reader for recognizing that, despite the market volatility, quality stocks are the place to be in good times and bad. He deserves no "kick in the pants."

# Martin Burns Our Man In Washington

## Capitol Hill Journal

By Martin Burns

Federal Pay Differential

Representative Raymond McGrath (R-Valley Stream) recently announced that he has co-sponsored legislation, H.R. 3319, which would mandate that the Office of Personnel Management institute a pay system which would provide for salary differentials in federal employee salaries. At the present time, the salary for a federal worker in a certain occupational category is the same regardless of where he or she is employed.

In recent years, the federal government in metropolitan areas such as New York has had trouble recruiting individuals in certain categories because of the high cost of living. This trend is especially prevalent in the health care field, for example, recruiting doctors and nurses for veterans' health care facilities.

Summing up the need for a federal pay differential, McGrath said that "This legislation would make federal pay scales fair for workers in high-cost metropolitan areas. Unless action is taken now, local federal offices will be unable to fill positions with qualified personnel."

### Rockefeller For President?

Speaker of the House Tom Foley may have thrown another name into the speculation about who the Democrats will nominate in 1992. When asked by a reporter at his daily press conference recently who were the likely candidates, Foley ran through the list of potential contenders. Along with the usual names: Representative Richard Gephardt (D-Mo.), the House majority leader, Senator Albert Gore (D-Tenn.) and Governor Mario Cuomo (D-NY), Foley entered the name of Senator John D. "Jay" Rockefeller IV (D-W.Va.).

When queried by a reporter about whether Rockefeller deserved to be on the list of potential 1992 candidates for the Democratic nomination, Foley replied that he thought that Rockefeller would be a good candidate if he decided to run and that "he is a very able man and has extensive experience in both legislative and executive branches of government." Rockefeller has been in the news recently for his chairmanship of the bipartisan Pepper Commission on health care.

Rockefeller served as governor of West Virginia from 1977-1985 and since that time he has been the state's junior senator. A member of one of the nation's richest families,

Rockefeller first came to West Virginia in 1964 as a VISTA volunteer. Jay's uncle, Nelson, was the last Republican elected governor of New York. Nelson Rockefeller also went on to serve as vice president under President Ford.

## At Our Lady of Mercy Digging Into Research

Fourth graders at Our Lady of Mercy worked with a partner to research an Indian Tribe. Each group was given the name of a tribe and the students learned to use the index of the encyclopedia as a starting point on the hunt for information about the religious beliefs, transportation, food homes, clothes, communication and technology of the tribe. To supplement missing facts, other non-fiction books were used. Here, **Neall Bourke and Marie Cimitile** explain to the teacher **Miss Susan** and librarian **Mrs. Joan Scott** the symbol of this Indian tribe.

## At Woodland Avenue

### Stars Shine at Talent Show

Last month, Woodland Avenue PTA held its annual Talent Show. The all-purpose room of the school was packed with parents, grandparents, teachers and students who came to see Woodland's own stars shine bright.

The show opened with Kindergarten and First grade twirlers, who danced to "Baby's Got Her Blue Jeans On." Other acts included dancing, magic acts, a circus act with clowns, twirling acts and more. The Pre-schoolers were sensational in their roll over act where they sang, "I Don't Care if I Ever Go to Bed" wearing their pajamas.

For the second year in a row the star of the evening was First Grader **John Ammerata**, who danced to the New Kids hit "Hanging Tough." The girls shrieked and the boys cheered when John took off his jacket and threw it on the stage floor.

Special thanks should go to backstage helpers **Gregory and John Gallessich, Marita Rau, Dena Hordern, Linda Barry, Pat May, Preschool staff, Mary Adams, Tracy Rebhan, Flo Gulli and Margaret Sehy.**

Congratulations and many thanks to PTA moms **Debbie Hordern and Debbie Mianhulli** who, once again, have made this event a most memorable experience for the children.

And last, but not least, congratulations to all the students who performed. You were great!

**At Our Lady of Mercy Science Class**

Our Lady of Mercy students in class 2a participated in the dissection of a cow's eye. This project culminated the unit in which 2a was studying the workings of the eye as a part of their health program. The 6a class completed their heart study by having teacher Lou Formica show them how to dissect a heart. Both classes learned many important facts about the eye and the heart which will help them to understand how they work in a human body. Here, Janine Tedesco watches Mrs. Formica explain the parts of the cow's eye.

## Or Wait Until The Year 2000

Every ten years, the U.S. Census Bureau counts each person and household in the United States. To complete this task, we need people like you.  
 The largest number of jobs is for census takers. You'll work in an area close to home, checking mailing addresses, delivering questionnaires, and conducting on-the-spot interviews. The job lasts from six to eight weeks and the hours are flexible.  
 We also need administrative and clerical support. You'll learn valuable office skills and gain experience that will help you in future jobs, while earning \$6.75-\$7.50 per hour. Opportunity is knocking! Don't miss it.  
 If you are at least 18 years old, or a high school senior, contact the U.S. Census office listed below. And if you are fluent in a language other than English, there may be some special opportunities open to you.

# Worth Saving.

A good planet is hard to find.  
At some point in the next century, our earth's population will have doubled. Even now we are polluting and depleting its resources at an unprecedented rate. National Science & Technology Week encourages everyone to think about the individual decisions that must be made to save our planet.

Opening lead — two of clubs.

**Card play** is not always an exact science. Many plays made by a declarer or defender are based on probabilities, not certainties, and some of them rest on assumptions that later prove to be false. Nevertheless, good card play generally pays off. It won't be rewarded in every case, but in the long run it gains points.

**Consider West's defense** in this deal. He led a club, won in dummy with the king. Declarer finessed the queen of hearts, which lost to the king, and the question was what to lead next.

**West now made the only play** to defeat the contract: He shifted to the queen of diamonds! Declarer played dummy's king, drew trumps, and tried a spade finesse. East won and returned a diamond, so South lost two diamond tricks and went down one.

**Was the diamond queen** just a lucky shot? Of course not. The queen play had a very sound foundation. From West's viewpoint, looking at only his hand and dummy, it is clear that if South has the king of spades there is no chance of stopping the contract. West therefore credits East with the king.

**However, even this assumption** leads to only three tricks for the defense — a spade, a heart and a diamond. A fourth trick is needed, and the only possible source lies in diamonds.

**Obviously, that suit must be** attacked before East's king of spades is forced out, or only one diamond trick can be won. As soon as West reaches this conclusion, the West problem is which diamond to lead.

**To play the ace** or a low diamond will prove fatal if South has the jack. Only the queen lead can guard against this possibility — and West therefore leads it.

# SPORTS SPORTS

**"For a second, I felt just like a ballet dancer, too."**

This little girl had a wish come true, thanks to the help of people who care at the Make-A-Wish Foundation. She met a real dancer, saw a real ballet, and was given a pair of toe shoes all her own.

A simple wish means more than most of us could ever imagine for a child with a life-threatening illness. A wish is a special moment and an unforgettable memory for a grateful family.

If you would like to help make a child's wish come true, please, call or write the Make-A-Wish Foundation and find out how you can help. Somewhere a little dreamer is counting on you.
