

Week in Review

A BRIEF SUMMARY of the outstanding happenings during the week in this area. A word picture of what developed and what is likely to take place within the coming week. Intended for the busy reader who wants a digest of what is going on in the area served by the Centre Island News.

Field Nearly Completed

Hicksville's free parking lot in the rear of the professional building on Broadway is rapidly nearing completion today with the final order of cinders for the field due from the Long Island railroad yesterday. The area is expected to have a capacity of 500 cars which will relieve the local parking problem. Increased trade is expected as a direct result of the plan which represents the contributions of merchants to the city's setup and maintenance.

Saving Corps Appears Likely

The Hicksville Kiwanis club may again assist in the formation of a life saving corps at Laurelton beach this summer, it was revealed today by President Lee A. Rider. The corps last year operated about two weeks with a daily average of seven members on duty. There were about 20 Hicksville youths in the corps. Several pieces of equipment, including a surf board for rescues, are needed if the group is to take possession as the guardian of swimmers at Laurelton beach, however.

Object to Island on Parkway Bridge

Hicksville civic leaders are taking a vital interest in the "traffic island" which has been placed on the Country road bridge over the extension to the northern State Parkway, just west of Hicksville. The "island" has been the cause of one serious accident and it is expected that others may result from its location in the center of the highway. A petition has been drafted urging its removal or adequate illumination at night.

Bethpage Taxpayers Circulate Petition

More than 100 names are today affixed to a petition asking for the installation of a course of adult instruction in Bethpage public school. The petition is addressed to the school board and will be presented as soon as sufficient names are signed, it is learned. The visual instruction equipment includes a motion picture projector and sound reproducing equipment as well as a library of films on educational subjects.

Oyster Bay Suggested as Farmers' Outlet

Central island farmers may be able to sell their produce at higher prices and receive their fertilizer and other materials at a lower cost by using the waterway of the Long Island sound, it was declared today at a meeting of a municipal town dock committee. Oyster Bay may be considered if growers show enough interest, according to town officials. It is suggested that farmers send their produce direct to Greenvale and New England via Long Island Sound rather than sending it through a "middle-man" by way of New York city markets. Ease of transportation over shorter distance from Oyster Bay was pointed out. Supplies for farms could also be received by Sound from boats anchoring at town dock. PWA funds would probably be used for dock.

School Board to Honor Basketball Team

Members of Hicksville high school's basketball team which won the sectional title for the first time in the history of the school as well as officials, coaches and cheer leaders will be feted April 8 by the school board at a dinner in the school cafeteria. Dancing and student body will follow in gymnasium.

Vamps Get Sound Unit

New Public Address System at Firehouse Has Numerous Advantages
The Hicksville fire house is today equipped with the latest in public address systems installed by Kings Radio service of East Main street, Hicksville.

The system allows the vamps and affiliated organizations to conduct programs and entertainments in either the second floor meeting room or the basement entertainment room. In, for instance, a meeting is held in the second floor, the program can be heard in the basement and vice versa.

There is a photograph record attachment which allows the playing of music in both places at the same time. "The outfit is complete," Mr. King said today, "except in one small detail. With the installation of a radio tuner the outfit can be also used for the reception and amplification of radio programs as well."

Bingo Parties Still Popular

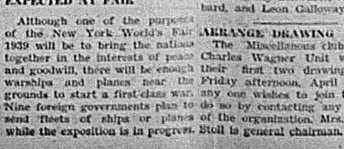

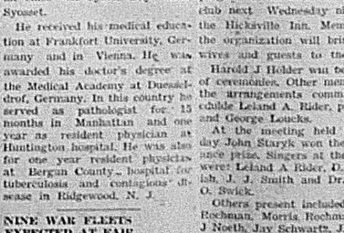

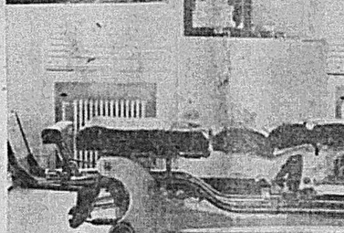

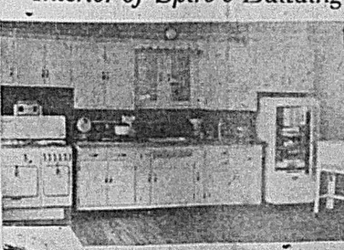

Bingo parties are still popular with the residents of Hicksville and surrounding communities as evidenced by the crowds drawn weekly to Uharanian Hall, Broadway. Hicksville where the games are being sponsored on the playing post, V. P. W.

Last week on Thursday, the spirit of St. Patrick prevailed throughout the games and players carried off prizes symbolic of the patron saint of Ireland. The games will continue on Thursday nights until further notice. The veterans wish to thank the players for their loyal support in the past and hope to please all will make the games possible.

A Brief Lenten Meditation

Suggested by the Rev. L. S. Luiso, pastor of Holy Trinity Episcopal church, Hicksville.

And Jesus was left alone, and the woman standing in the midst. When Jesus had lifted up himself, and saw none but the woman, he said unto her, Woman, where are those thine accusers? Hath no man condemned thee? She said, No man, Lord. And Jesus said unto her, Neither do I condemn thee: go and sin no more.

See this woman, fresh from her sin, left alone with Him who is perfect purity. First there is silence. Then she meets His full, clear gaze, yet she sees nothing to frighten her. Only an unthoughtful pity and love. Love? She had lived, as she thought, for love; but now there came to her the vision of a higher love which claimed her grateful service for time and for eternity.

Office of Medical Examiner
Links County with 3 Cities

Among the numerous innovations of the new Nassau county has been the creation of the office of medical examiner. In three other sections of the nation does the office exist: New York city and New Jersey.

Nassau county has been placed years ahead of other sections of the country in the detection of disease with the new office. The office of the medical examiner is a leading article in the issue of the "Nassau News", the county's own newspaper.

Governor Signs
Baby Health Bill,
Protects Unborn

Albany—Governor Lehman today signed the Twomey-Newell baby bill at a ceremony in the executive chamber attended by representatives of public and private health and welfare agencies. It is the first law to be enacted anywhere with the object of protecting the unborn from congenital syphilis.

To protect infant, mother and maternal health, the law is expected to save approximately 13,000 infants from death or disease caused by syphilis in this state annually. It requires all persons licensed to attend women in pregnancy to administer or cause to have administered a standard serological test for syphilis and to indicate on the birth or still birth certificate if such test was made. If the test has not been made, the reason for the omission must be shown, but the law provides that results of such test in any case may be indicated on the birth certificate.

Introduced in the legislature three months ago by Senator Jeremiah F. Twomey, Brooklyn Democrat, and Assemblyman Allen Newell, St. Lawrence Republican, the bill received almost unanimous endorsement by medical associations, welfare groups and health organizations. Women's associations were in the forefront of the bill's proponents.

Commenting on the probable health results of the new law, Dr. Paul B. Brooks, deputy state commissioner of health, said: "We know that if women in pregnancy who are infected are treated for a minimum of five months during the pregnancy, a healthy and normal child can be assured of more than nine cases out of ten."

"The first step in wiping out any disease is discovering its victim," said Compulsory Syphilis in pregnancy will bring out the hidden cases of syphilis and give mother and child the advantage of early diagnosis followed by proper and adequate treatment."

Six-Cylinder Cars
Twice as Popular

Six-cylinder motor cars were almost twice as popular with the driving public in 1937 as any other type, according to a recent survey made by E. F. Feely, manager of the Chevrolet market analysis department.

Mr. Feely's survey revealed that 2,214,334 six-cylinder cars were sold during the year of 1937, or 63.6 percent of the total of all cars sold. Automobiles of the eight-cylinder type were second in popularity and totaled 1,180,808 sales during the year, or 34.1 percent of the total.

"The six-cylinder engine has shown substantial increase in popularity since 1934, when 59.9 percent of the total cars sold were powered by that type of engine," said Mr. Feely. Eight-cylinder cars comprised 29.8 percent of total sales in 1934, and 34.1 percent last year."

SO GOES THE NOSE
In Britian, France there is a statue of St. Guirec which has had to have its nose replaced several times since it was first erected in the 13th century. It is an old custom for girls who want an early marriage to prick the nose with a pin; and since American young ladies have discovered the statue even the granite nose it now has is rapidly being worn away.

HONORS TO FRENCH CHEFS
France honors its gastronomic heroes and heroines. In a village near Grasse is a monument to the inventor of Peach Melba; the discoverer of Camembert has a statue at Vimoutiers; while Madame Poulard, the famous omelette maker, is enshrined at Mont St. Michel.

VS.
IS THIS interstate rivalry going to end? Last December was proclaimed Maine against Idaho. Then, a few weeks ago, the historians call the Great Cheese Challenge—New York versus Ohio. Any such state prepared to fight? Rhode Island and American to Washington, to be judged in the prozone, in the Senate restaurant.

Halfway Point Reached
In Tuberculosis Battle

The halfway point in the battle against tuberculosis has been reached. William A. Doppler of the National Tuberculosis association told a large audience at the annual meeting of the Nassau County Tuberculosis and Public Health association Tuesday afternoon. As the principal speaker at the meeting and tea which was held at the home of Mrs. George E. Brower in Roslyn in honor of Dr. Earle G. Brown, Nassau's first Health Commissioner, Mr. Doppler told his hearers that this second half of the battle will be more difficult, for people believe that the disease is definitely on the down trend.

"But there is a general leveling off in the death rate curve," he said, "and to health and medical officials this means that tuberculosis is offering more stubborn resistance." He emphasized that since 1927 for the first time, all states have effective measures to protect the public from tuberculosis cattle, "but we are still a long way from protecting people from the human carrier of tuberculosis," he said.

Over 150 guests—public health officials, physicians, school superintendents, and other representatives of various local school organizations were present to greet Dr. Brown who was introduced by Dr. Benjamin R. Allison, President of the Nassau County Board of Health. Among the visitors from New York were Dr. Reginald Atwater, Managing Director of the American Public Health association, Robert Osborne and Mrs. Marie Anderson of the New York State Tuberculosis and Public Health Committee; Bernard Coleman, Secretary of the Metropolitan Sanatorium Conference and Mrs. Susan M. Baker, Executive Secretary of the Westchester County Tuberculosis and Public Health Association.

Before the meeting Mrs. Brower entertained a small luncheon at the Piping Rock club. Her guests were Dr. Brown, Dr. Allison, Mr. Doppler, Miss Frances Barbour and Dr. Everett C. Jessup.

Wynn's dressing room has been the Mecca of all the famous names in New York during the last thirteen weeks. Among those who visited the comedian were such people as Mayor LaGuardia, Governor Moore of New Jersey and the whole State Senate, Postmaster General Senate, Ex-Governor Alfred E. Smith, Governor Bann of Maine, Governor Murphy of Michigan, Governor Lehman of New York, ex-Governor Hoffman and many others. Theatrical names who came to laugh with Wynn and stayed to praise him include Morris Gest, Beatrice Lillie, Douglas Fairbanks, Jr., Gregory Ratoff, Jean Hersholt, Gary Cooper, Dean J. Durbill, Sid Goldman, Janet Gaynor, Genevieve Tobin and innumerable others.

DON'T THINK it would hurt if we saw one final glimpse of the late basketball season which saw many brilliant and dismal happenings take place in this fair town of Hicksville...

Although the Epworth and the Don Bosco clubs are playing basketball, I consider the season as officially over because it already spring has come and the corners are being argued with young men arguing about the coming basketball season...

I shall gather a few salient features from the past court season and if you continue to follow me, you will ascertain what I have picked out as the outstanding achievements of the 1937-38 basketball campaign.

First, of course, comes the sensational performance of the high school varsity which won their first national title in the history of the sport at Hicksville, N. Y. that but the manner in which they won it, going through an undefeated league schedule. True they took the title in the north shore championship game but still compiled an enviable record, more enviable than any at Hicksville high school five.

The only thing to mar their record, aside from the local clash, was that never-to-be-forgotten game with Westbury when a player had to play with a Westbury player. It might not have been so bad but the members of the respective school boards ruled that the two teams could not meet again in 1938 thus emphasizing the fact that they contended that the two teams could not control themselves and were really not good sports.

Second comes the fine play of the Epworth club who played their first year of organized ball. They knocked out the playing good team including the Boscos (Yes, the Red Sox) and the local club, but they step out of their class too soon. No, I don't mean the Epworth team is out of their class and with another year or two under their belt should go to places.

Third, the performances turned in by Lou Kappstatter and Pete Darmohay while performing for the hapless Roslyn Alumni. They really played good ball despite the fact that the Grade finished in the cellar.

Fourth, the local girls club who played in hard luck year and came out with one victory to show. But if you stood at their lineup, you would see that only two players of previous experience and that lack of experience among the others handicapped them very much.

Fifth, the Don Boscos apparently have finally come to a staff schedule with an average of better than 500. I can't take it away from them, they do play plenty of ball but the one thing that does really handicap their club is raising up to better heights where they really belong in the game seem to have a number of cliques. (I couldn't tell whether I think I spelled it right or not.) This must be remedied if they want to move up next year. Yeah man.

Will that's using almost half a column but before I quit the scene to my favorite dish, baseball, I would like to mention the best individual performance that I think was turned in by a Hicksville player this year. It was probably the game of Bill Frazier in the last paragraph. I guess you'll think I've chosen the best performance of the year. This is meant for the few spectators that saw the game. More should have seen it, but they didn't for reasons that I think are obvious.

Sammy Engelbreton's play in the preliminary tilt to the Nassau-Mineola championship game was the best performance. He was all over the place on defense and at a game he played on the offense. Do you agree?

MUST GO THOUGH—

WHERE ARE plenty of people who love to watch a baseball game every week in Hicksville but they haven't in the past few years for the simple reason that the games are usually horse affairs with one team piling up a tremendous advantage on the other club. The Eastern Nassau League was expected to remedy this, but failed because most half of the clubs were no match for the other trio.

This new league, the Nassau-Suffolk, will remedy those affairs, ironically enough, called baseball games, because all of the six teams which will comprise the loop are well balanced as one could desire. The Nassau club, Roslyn, Syosset and Bethpage, always have put on great games for the fans when they met, which was seldom and between, and with this new loop enticing the clubs to meet and cop the league title, what games they will play is a matter.

The three Suffolk teams are corking clubs having the best of their section as the Western Suffolk league has just collapsed. Northport will be remembered as a team that tied Syosset two years ago when the Maroons were added as a member of that organization. The Huntington Pirates and Braves are very good teams and will be the local nine fight every inch of the way.

Unfortunately the League is not set as yet because Roslyn and Bethpage have not officially joined, but they undoubtedly do so next Monday or Tuesday when the teams' names are slated to meet at Huntington.

I earnestly think that if this league goes through, Hicksville will be restored as the "baseball town" it was in the 1920's of Harold Bergold and Orist Millevolte.

THE TWO Nassau high school quintets entered in the K. of C. Tournament in Brooklyn were eliminated in the first round. The Nassau quintet St. Dominic's of Oyster Bay 21-16 while St. Michaels' scored out of bounds of Mineola 27-24. Freeport High school quintet is the best scholastic quintet in the county. The only club that could make them step is St. Peter's of Garden City. The St. Dominic's gymnasium will be the playing site for the amateur league playoffs. We believe that the ENL will still be in existence this year. What teams will comprise the loop is still a question.

Hicksville Club May Join New Circuit

1937 Edition of Hicksville's Track Team

Many of the faces on Hicksville's high school's track team last year will be back in the picture this year. Coach E. Parker Yutzler is in the upper left hand corner.

Eastern Division All-Stars Topple Westerns, 33-29

The Eastern Division All Stars recorded their first win over the Western Division 33-29 Friday-night at Oyster Bay in the third annual contest played between the two clubs.

In the preliminary tilt, the Eastern team again scored by downing the Western Reserves 23-19.

Bennett of Farmingdale was the big gun in the feature game as he dropped in five field goals and a foul shot, taking individual honors. Mills and Sylvester of Westbury and Oyster Bay respectively aided no less than five players in seven markers apiece. Augustus of Port Washington, Rex Cates' team with eight points.

Baseball League On South Shore Has Organization

On March 21, the South Shore Elementary Baseball League held its organizational meeting at the St. Patrick school, principal, Principal Palmer Jones, principal, Principal Merrick, school president, following a social meeting with Principal W. J. Alford, of St. Patrick school, and his teachers as host and hostesses a regular business meeting was held. Principal Hyle of Bellmore was unanimously elected President for the year 1938.

'Ringer' Fails To Help R. V. C. Bowling Team

Inserting a "ringer," a member of the well-known "Red Club," the Hicksville Centre Kiwanis club bowling team came to Hicksville with thoughts of an easy conquest and went home disappointed. The Hicksville team, so far undefeated, won two games out of three Tuesday night.

LET'S PLAY A GAME

By W. M. SMITH, Jr. DOWN YOU GO! The players stand in two opposite lines and answer a list of questions that they should know. When a person cannot answer, he sits down. The object of the game is to see how long the game will last. Easy questions should be asked first so that everyone will answer correctly; this gives them confidence. Four-11 club members may be asked questions about their projects, such as farm machinery, fruits, and vegetables.

Hicksville Prospects Are Bright As Track Starts

Prospects for a successful season on the track are bright this year at Hicksville high, where Coach Parker Yutzler is already engaged in laying the groundwork of a ten day schedule, with two additional dual meets pending with Amityville and Glen Cove.

'Ringer' Aids Faculty Victory

Last Half Rally Fails Spot Shots Attempted Win Faculty Basketball team, sporting a ringer, upset the intramural champions, the Spot Shots, 33-25 last Wednesday afternoon at the local gym. George Hesse of Westbury was the 'ringer'.

Roslyn Five Nips Saints

Caseys Win Playoff Goal 31-30 on Barbatto's Foul Shot Roslyn's Caseys assumed the right to meet the Gibson AC of Woodmere in the second place playoffs of the Nassau County Amateur League Basketball League when they met out St. Dominics 31-30 last Sunday afternoon at Roslyn. The Glen Cove Sebas met the Bellmore club in the feature games.

MEETING LAST NIGHT

Nassau-Suffolk League Awaits Answer of Two Local Ball Teams

Special to NEWS Plans are progressing rapidly for the formation of a new baseball circuit, the Nassau-Suffolk League, and within a few days Hicksville and Bethpage are expected to sign up and complete the roster of teams.

Syosset, the Huntington Braves, the Huntington Pirates and the Northport A. C. have already joined and this quartet is waiting anxiously for the two local clubs to follow suit.

The Hicksville club held their first meeting of the year last night but because this paper goes to press late Thursday, we are unable to give you the facts of the meeting and say whether or not Hicksville has decided to remain in the Eastern Nassau League play independent ball or join up with the Nassau-Suffolk loop.

It is a sure thing that neither Hicksville or Bethpage will enter the new organization if the other does not and thus this hesitancy about stepping into a faster company than the ENL.

High School '9' Begins Practice

List Schedule for Orange-Black Batmen: Battersmen Workout With the advent of the spring and the warm weather, Coach Louis Millevolte gave his baseball prospects the "once over" by staging several practice sessions at the local high school diamond.

The diminutive mentor strictly limited the workouts to the battersmen, but announced that a general call will be made on Monday.

Hicksville will be well supplied with pitchers and catchers this year although the experience of the players is quite limited. Hoisting the twirlers are Merrill Varley, Art McInnes, righthanders, and Phil Pignataro, a port-sider, Harry Schuster and "Farmer" John Zukowicz are fighting it out for regular backstop duty.
