

By Martin W. Littleton
Former District Attorney of Nassau County

ALL ACTIVITIES IN SUFFOLK COUNTY have attracted great attention in the past week. Congressional investigations are now being sought. During the last few years it has been an ever increasing All-American effort to try and solve every problem through some kind of congressional investigation. Most of them have been unproductive and of nothing except much expense of the funds and a Roman holiday for a few selected congressmen and senators chosen to sit as a Board of Hecklers, and weeks asking a lot of questions and drawing a lot of publicity, and then when the papers are filed in some busy archive and forgotten and nothing is done about it, that is, in most of the cases.

THE TROUBLE WITH CONGRESSIONAL INVESTIGATIONS is that they do a lot of investigating and a lot of money and after they have accumulated all they do nothing about it. Congressman Hamilton a number of years ago, headed a congressional investigation into Communism and produced a lot of pamphlets and submitted a very elaborate and complete report. But what did our Legislature do? NOTHING! The growth and development of Nazism, Communism Fascism in this country is apparent enough to everyone that the need for an expensive congressional investigation is unnecessary.

THE TROUBLE WITH THE ALIEN "ISMS" is that they are allowed to come into the country in the first instance through broken down, worn out rules regulating immigration; also the fact that Congress sees fit to nothing about the three million illegal aliens now in country and living on its resources, to say nothing of criminal alien whom we must support.

There is pending before the Senate now the Dies bill, which our illustrious Secretary of Labor, Madam Perdue would be given discretionary and arbitrary power to deport who or who was not to be deported. All-American indignation are an outrage and a disgrace to the United States. The taxpayers of the country are forced and obliged to support illegal aliens and criminal aliens who do not receive as much consideration in their native country as they do here.

SOME YEARS AGO WHEN I WAS AN ASSISTANT ATTORNEY GENERAL I took it upon myself to find out how many illegal aliens we had in various communities in the country. I spent one entire night running around certain foreign quarter in the county, as a result of which I gathered together, in no time at all, forty illegal aliens. All of them were on relief and being supported by the taxpayers, and all of them were sending money regularly every week.

One of them had come legally into the country and one of them spoke the language. They were four and five in a room, sleeping on the floor, and making our American citizens and workmen of jobs, and money which the taxpayers were putting up.

THIS IS AN OUTRAGE WHICH SHOULD SHOCK EVERY AMERICAN CITIZEN, and what are our national leaders doing about it? NOTHING! The laboring man fighting for his existence and forced into direct competition with illegal aliens, non-citizens, and those who have come to either work or charity at the hands of a government they do not support and are not interested in. We are more fussy about a fellow joining a small party club than we are about who comes into our great country. We put up with all the garbage and refuse of the world—let them enter into direct competition with our own good American citizens. Furthermore, we pay their living in the country and as well make possible them to send the taxpayers' money out of the United States to others in their native land.

INSTEAD OF INVESTIGATING SO MUCH and saying about the thing after it happens, steps should be taken to prevent it from happening by stiffening our immigration laws and, above all, starting a drive of education against all illegal and criminal aliens now in country. If the present laws do not allow this, laws should be passed which should be immediately enacted. But, however to this seems to be, we have not brains enough to do it as well as we have. No other country in the world is as lax in this regard as the United States. We are paying plenty of big bills for this very questionable privilege.

State Service Office Assists Workers

State Service Office Assists Workers
The State Service Office, which is located in the headquarters where employers and unemployed workers are brought together, has been very busy in the past few days. The office is the best interest of all unemployed men and women who want jobs to register with the State Employment Service as their application for jobs is made on file and instantly available when an employer sends in a job order. "Judging from recent inquiries," says Mr. Rollins, "there are several openings right now in this community for household workers. Women of every age who seek domestic employment will do well to come here and file their applications so they can be referred to jobs without delay whenever a call for household help comes in. The office has experienced girls who can do simple work up to competent cooks and all around house managers. Some jobs are what we classify as 'sleep in' jobs while others are day jobs. When a woman registers here she should be asked to get man's experience and her qualifications and whether she prefers day work or regular employment. Some women who can train in their own methods of housekeeping. Sometimes the employer pays

Civics Demand Action

THIS IS THE SCENE of united Hicksville civic and resident action. Local folks want the bridge on Old Country road (which will span the proposed Northern-Wantang Parkway to the west of the community) finished rapidly. The FIG. I—Diagram of the not viewing it from above. "A", the shaded area, indicates the island for dividing traffic, "B" is the waiting lane for cars crossing the road to go either Duffy Lane or Carmian Avenue. Entrances on the parkway will be provided from these two side roads. Note that Old Country road is a three lane highway at one side of the span and a two lane road at the other side. FIG. II—Looking at the bridge from the intersection where Carmian Avenue enters Old Country road. The one arrow indicates the island "A". "Note" shows the extra width of road at the stop of the span. Park commission authorities promise the entire length of the ridge on other sides of the island will be widened to double lanes before the contract is completed.

Petitions are now being prepared for presentation to the state for commission engineers making immediate improvement or completion of the structure, branding it a menace to safe driving. Powerful spot lights should also be installed, they declare, so motorists can readily distinguish the location of the traffic-dividing island.

Bethpage Library Trustees Report Data on Condition During 1937-38

Special to Centre Island News. A total of 190 new books were added to Bethpage public library last year, it is indicated in a report issued today by the board of trustees of which H. O. Holzmacher is chairman. The library circulation last year was 22,870, a gain of about 2,500 over 1937.

The Bethpage library has a total of 4,200 volumes on its shelves with about 340 new books added last year. Of the total number of volumes on hand for distribution, 1,500 are non-fiction reference works and 2,700 are fiction books. The total registration of borrowers is 696.

At the annual school meeting a library budget of \$2,240 was adopted. The previous year the budget amounted to \$2,370. Mr. Holzmacher has no objection, trustee without opposition. Other members of the board of trustees last year were: Mrs. Anna Burmeister, Mrs. L. H. Grogan, Harry Fredericks and Robert I. Chapel.

Cars Collide With Poles

Manhattan Man Goes to Local Hospital When Driver Survives To Avoid Unknown Autos.

A Manhattan man is in the Meadowbrook hospital, East Meadow, today suffering a possible fracture of the skull and ribs as the result of a Hicksville automobile accident when the car in which he and two women were riding swerved to avoid an unknown car and skidded into a lighting company pole.

Max Thorstein, 46, of Flushing, operator of a car, suffered a scalp injury, she told Patrolman Edward Platt she attempted to avoid being struck by an unknown car and skidded on the wet pavement. The pole on West John street, near Holman boulevard, was broken off at the base.

Riding with her were Charles J. Ellis of 321 East 56th street, New York, who is in the hospital in a serious condition, and Mae Conroy, of 62nd street, New York. The woman passenger suffered contusions of the muscles of the neck and back. After treatment at the hospital the two women were allowed to go home.

The car is owned by Ernest J. Thoren of 2012 160th place, Flushing. The accident occurred Tuesday afternoon. A couple of hours later another car struck a pole opposite 42 Duffy avenue, near the intersection of Martin Challen, 50 of 14 Duffy avenue, reported to Patrolman John W. Schuster the steering knuckle on his vehicle apparently fractured and caused him to lose control. The pole was broken in half.

The automobile is owned by Henry Challen, also of Duffy avenue. No one was injured.

700 Attend Annual Concert of Choral For Band Benefit

More than 700 persons attended the 12th annual school concert of the Hicksville Choral society at the hospital on Monday night for the benefit of the uniform fund of the high school band. The society was assisted by the high school band with Edwin Salzman and Harry Hamilton, conductors; and high school orchestra with Miss Harriet Spink, conductor.

Choral selections included: "The Jolly Sailor," "Stars of the Summer Night," "Barter," "The Musical Trust" with Otto Rettberg, soloist. The concert was directed by Mrs. Elwood A. Curtis, president of the Choral Society.

Conduct Orientation Day For Prospective Students

Annual orientation day was staged yesterday at Hicksville high school for the benefit of all boys and girls who have decided to attend or thinking about attending Hicksville schools in September, 1938. The invitation also included the teacher or principal of the schools in surrounding area as well as parents of interested children.

The program in the auditorium included greetings by Superintendent E. L. Barron and a discussion of the school's courses of study by Principal Mabel R. Parley. The pupils and teachers visited the typewriter class, library, exhibits, woodworking class, print shop, cafeteria and hand practice. Guests also watched students playing athletic fields. Last night the high school also held open house for parents and friends of students. In a preliminary program essays by Albert Thomas, Barbara Allen, Wallace Schaefer and Doris Douglas on "How Our School Builds Character" were read. A dress review was given by the clothing department and selections by the cheer club.

Members of the Student Conductive Association were guides to visitors in their tour of the school building.

Mrs. Grogin New P.-T. A. President For Bethpage

Mrs. Harry Grogin will take office June 2 as president of the Bethpage Parent Teacher association at a father's night and installation meeting of the group. She will succeed Mrs. Frank Simmons who held office for two years.

Election of officers was held at a meeting of the group last week. At the session Miss Judson of Farmingdale spoke on vacation at guidance for youths in school preparing them for future work.

At the June 2 meeting Raymond J. DeGhardt, principal of Massachusetts school, will speak. Mrs. A. M. Bell of Sea Cliff, district director, will conduct the installation.

Army Bombers To Raid Village On Monday Night

Farmingdale will be the first community in the United States to experience a real wartime "black out" during a "raid" of the village on Monday night. The raid will be held on Monday night between the hours of 10:30 and 11 p. m.

For a half hour every light on the village streets will be turned off. Lights in homes will be dimmed with blinds drawn as airplanes sweep overhead and attempt to "destroy" three local airplane factories. No cars will be permitted to ride about the streets during the "black out" while the raid is made.

Police will stop all cars attempting to enter the village during the raid unless their business is urgent. Hicksville and Bethpage residents will be able to see the planes dropping brilliant stars during the "black out" while the raid is made.

Other months in all stages of development are usually killed by using one pound of paradichlorobenzene flakes to every 100 cubic feet of tightly closed closet space. A number of cubic feet would be a closet about 8 feet high, 4 feet wide, and 3 feet deep.

Cachets Ready

Hundreds Will Take Advantage Of Opportunity To Write to Friends

Hundreds of residents of Hicksville and Bethpage and surrounding neighborhoods who want to send special Air-mail Week cachets to friends in any portion of the United States must have their air-mail envelopes at the Hicksville post office before Thursday, May 19, it was disclosed by Postmaster William G. Molitor.

Issue Special Stamps

Airmail envelopes and stamps for the Airmail Week observance are now on sale at local post offices. On Thursday morning between 11 a. m. and 12 noon a special plane will take off from Hicksville Aviation Country club flying field and head for Floyd Bennett Field, Brooklyn.

At Brooklyn the mail will be forwarded to its addressed destination. Many local residents are mailing the special covers to friends and relatives as souvenirs of Hicksville's first (and only) airmail delivery.

No spectators will be permitted on the flying field since it is the regular training ground for the Hicksville Aviation Club. The flight will be piloted by either Franklin T. Kirt of Syosset or Ralph S. Bourdon of Hicksville, both fliers being associated with the country club field.

Last week the entry of H. Herbert Olenick of Cherry street, Hicksville, in the National Airmail week poster contest was selected to represent Hicksville in the competition.

Post Welcome Signs Ready

Wagner Legion Unit to Erect Markers at Five Important Entrances to Hicksville

Charles Wagner Post, American Legion, is proceeding with plans to erect five "Welcome to Hicksville" signs at important entrances to the village. The Post committee reports that the signs have been constructed and are now ready for lettering.

Silas Valentine, active member of the Post Sign Committee explains that the signs will be two by four feet in size. The signs arrive in Hicksville he will be welcomed and when he leaves an appropriate message will be sent him. The Post will make every effort to have the signs erected in time for Memorial Day.

The location will be decided upon by the committee composed of William F. Abrams, Henry C. Brengel and Mr. Valentine. They will make their report at the regular meeting of the Post next Monday evening.

Freak Thunder Storm Damages Bayville Section

Residents of Five Island Park section of Bayville on the Long Island sound are today repairing damage caused by a freak lightning and thunder rain storm, the like of which community ancients are able to recall in the annals of residence there, which suddenly descended on the village Tuesday and left just as quickly.

Windows of homes and stores in the eighth of a mile area were smashed and dishes were rattled out of closets to crash on the floors of all-year round residents of the summer colony at the height of the gale and heavenly pyrotechnics.

The home of Miss Julia Kallabach was most severely damaged by the storm. Every window except two in the structure was smashed. A giant locust tree in the front lawn was propped. A large yarding trench was dug in the lawn by a blast of thunderbolt. A pipe in the house top was twisted and bent. Damage was estimated at over \$200.

SOLOMON SHOOB

Merchant Dies At Hicksville

Solomon Shoob Served 8 Years As Rabbi in Glen Cove Before Coming to This Community

After short illness, Solomon Shoob 65, Hicksville merchant for 29 years died at his home, 107 Broadway, on Saturday. He became ill last September and spent several months in Mount Sinai hospital, New York city. About a month ago he returned home.

Services were held at Kirschenbaum's Memorial Chapel, Brooklyn with burial following at Mount Carmel Cemetery.

Mr. Shoob was a graduate of four different seminaries in Europe. He received his first degree at the age of 17. For eight years he served as Rabbi in Glen Cove and later came to Hicksville to open a dry goods and clothing store on Broadway.

During the 2 years in this community he watched the development of the village into one of the leading shopping centres in the north-west of Long Island.

He is survived by his widow, Anna; four daughters, Mrs. Esther Eller of Hollis, Mrs. Frances Lasky of Brooklyn, Mrs. Rose Fearna of Hicksville and Mrs. Goldberg of Brooklyn; and one son, Milton Shoob of Hicksville who is attending Allegheny college in Pennsylvania.

It really happened—here I am all by my lonesome dabbling out a masterpiece without the hindrance or a remark all garlanded with acid and things that was hovever doled out by Woodie. I have looked forward to this moment and hope a real friendship will be formed which you as the readers and me as your humble scribe.

SEEK AND YE SHALL FIND
One of the local lads was seen taking in the gas tank of his car (of all places) with a piece of wire endeavoring to "bring forth a bit of jewelry that was intended putting up as security for enough gas to take his lady fair automating.... These cappers, AND TIME MARCHES ON"

Billy Andrews was seen at the "Manicure" the other eve wearing long pants and sporting Heven Karna. Think of it; only a few years ago these youngsters were pushing doll carriages and playing marbles.

HAROLD GETS THE HOOK
Fishing is becoming one of the more popular sports these balmy days and with fishing comes many tales of the deep. One of the latest we've heard to date concerns Harold Johnson, and his prize catch, weighing 15 pounds or more. He had all the fun and the struggle of any gamey fisherman of tropical waters right in the Great South Bay. The only difference was he usually pull in a fish. But Harold is built of different stuff and of course wouldn't stoop to anything as conventional as going fishing and getting a fish. He hooked a 15 pound "mud hook anchor" which some poor

amateur fisherman lost from a row boat.
GOOD TO THE LAST DROP
In our travels of the week we spotted a very romantic looking chap over Westbury way (out of high school about six months) sporting a pair of cut down sporty looking Fords cut down for speed and things and also doing his darndest to humor the "Little sweeties" who seemed to be very busy putting on a disturbed expression that would give vent to her rage and yet still give a ladylike appearance—it was all too amusing (for us).
THE TRAVELING PARSON
The Parson, as he has been nicknamed by his pals, is doing much cross-island traveling in recent weeks—the reason happening to be a very attractive movie cashier on the south shore—By two to one he gets in on a pass, tho.

WOULD YOU BELIEVE IT?
Woodie tells us he and the gang had the "most fun ever" laddling out one of Farmingdale's lakes with a beer can endeavoring to fill up Arnold Frick's radiator. After a miniature bucket brigade was in swing for some fifteen minutes or more the radiator on the river was filled. Wonder if the boys ever heard of gas stations and attendants doing this little service for the usual tip.
TIPS TO TOWN SYONEST
Met a chap the other day in Hempstead and as one good story was traded for another he related a very homey one that should make the boosters of Syonest very gleeful—This is the way the story goes:
This chap was motoring the

Island of a Sunday afternoon enjoying the good rural atmosphere that clings to that particular settlement when to his surprise all traffic was halted and remained so for about ten minutes or at least it seemed that long to our impatient lover of nature. He got out of the car expecting to see some sort of an accident up ahead that was tying up things and was quite astounded, as to speak, when he saw a farmer very leisurely ushering a herd of

cows from one pasture to another. He is now a confirmed believer that Syonest is one of the few places that one can visit and get a good working idea of what Grandpa is talking about when he starts off on one of his tales. "When I was a boy," I guess the fellow is right on most of it but it is quite civilized tho they have railroad trains and all sorts of things there now that they have pushed the Indians back another two miles.

Civil Service Jobs Listed
The United States Civil Service Commission has announced an open competitive examination for the position of Student Nurse at the Training School for Nurses at S. Elizabeths Hospital, Washington, D. C. Applicants must have been graduated from a standard 4-year high school course which must have included certain specified units. Applications will be accepted from senior students subject to later proof of graduation. Applicants must have reached their eighteenth but must not have passed their thirtieth birthday on the date of the close of receipt of applications. These age limits will not be waived in any case.
Full information may be obtained from Wm. R. Stahley, Secretary of the U. S. Civil Service

Board of Examiners at the office, Hicksville, N. Y.
The oil floating on top of can of salmon is as rich or richer than cod liver oil on Vitamin and should never be poured off the drain, but used in cooking. Sponge and angel-food cake should be baked in a slow oven that the air which has been beaten into them has no chance to expand and lighten the cake but the eggs set and give the cake shape.

American Legion Poppy Drive Opens Today - Made by Veterans

Poppies by the millions are going out from government hospitals and poppy workrooms this month to the veterans of the American Legion Auxiliary throughout the country. Mrs. Henry Brengel of the Charles Wagner Unit, poppy chairman of Nassau County, said today. The little red memorial flowers will be distributed by the Auxiliary Unit from May 13 to Memorial Day, to be worn in honor of the World War dead and to raise funds for the disabled veterans and families left dependent by the war.

More than 10,000,000 poppies have been made by disabled veterans at the sixty different manufacturing centers, located either in government hospitals or in special workrooms maintained by the Auxiliary. Many hundreds of disabled men, without other income and without possibility of finding of performing other work, have been given employment during the winter and spring. Each poppy carries, attached to its stem, the name of the veteran who made it.

HOW DOES HE DO IT?

THERE'S NO MAGIC OR MYSTERY IN THE KING KULLEN FORMULA

We took a large measure of Volume, an equally large measure of Purchasing Power, added a small measure of Overhead Expense, and mixed the whole with a very tiny percentage of Profit . . . and there we had the simple formula that helped us grow into the largest Super-Markets in all the world—and enables us to sell the world's finest food products at the world's lowest possible prices every day in the year!
