NO STARCH—NO GLUE HONEST WEIGHT All The Way Thru!

MAKE THIS SIMPLE TEST ON

SWEET-ORR OVERALLS

MOISTEN YOUR FINGERS AND PINCH THE CLOTH

You'll find no trace of stickiness. Sweet-Orr Overall are not loaded with starch and glue to make them feel heavy. You pay for honest weight, long-thread cloth only when you buy Sweet-Orrs. Beware of brittle, harsh, short-thread overall fabrics loaded with starch and glue. That means weight only.

Sweet-Orr "no starch—no glue" Overall mean W-E-A-R.

Try this Yourself

HERE'S ANOTHER SIMPLE TEST

Place the cloth over your mouth and try to blow through it. Notice the remarkable resistance of Sweet-Orr cloth. This proves the tightness of Sweet-Orr weave. And then remember that this remarkable resistance is caused by honest weight long-thread cloth, not starch and glue.

No wonder your good old Sweet-Orrs are still on the job long after two "orphan" overalls have hit the rag bag! If you think a dollar is worth 100 cents let us show you Sweet-Orr Overall.

A Brief Meditation

Suggested by the Rev. L. S. Luise, pastor of Holy Trinity Episcopal church, Hicksville.

Read 1 John 4:20, 21—If a man say, I love God, and hateth his brother, he is a liar; for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen? And this love commandment have we from him, That he that loveth God love his brother also.

THESE ARE strong words. But the Bible is not afraid to tell the truth. We are always tempted to soften our statements. We are so conscious of our own sins that we do not like to be absolutely honest. The Editor is eager for us to see just how important it is for us to have the right attitude toward our neighbors, to see just how serious a matter hate is.

We are forever trying to separate religion from ethics. We want to be sure that, if there is a hereafter, God will not punish us. We want our sins to be forgiven. So we ask for a "personal religion" and say the Church should leave the social problems alone. But it cannot be done. The man who said he loves God and hates his neighbors is a liar. We shall never know God until we do love our neighbors. For the question, Who is my neighbor? we cannot do better than to go back to Christ's parable of the Good Samaritan. There we find Christ asking us, you a good neighbor? Are you willing to reach across any barrier in order to help those who are in real need?

—from Forward Day by Day p. 83.

From the Sidelines

By BERNARD F. MCGUNNIGLE

MUCH COMPARISON—
MORE GLANCING at this pillar, you undoubtedly have seen the All-Star Softball team picked by Yours Truly in another column on this page. I imagine that already you have been comparing the team in this paper to the selected last week by the Managers and Captains of the six softball teams which was printed in the opposition paper.

I won't try to justify my selections by giving the individual records, etc., of each player as no records have been kept by the teams of the entire season but I have seen every player that I have picked in at least half a dozen times, if not more, I am certain that the twenty lads picked are the cream of the crop.

You might have noticed that the positions have been changed for some players but this was done only to make room for the best players and another thing, were the accomplishments of the players that moved to pick scarcely unheard of players over fellows with big names. For example, Paul Miller, at first I knew Paul when he is right, could make Benke look poor in comparison but in the 1938 season, Miller is not himself and as Benke played great ball for the year, I couldn't possibly omit the blond first sacker. It might interest you to know that four members of the first team were not even chosen by the Managers and members as Schien of the Scouts, Benke of the Boscos, Kishanuk and Millevotte of the Firemen is quite beyond comprehension. Oh well, mayhays there was no room after all the Managers and Captains made the

The Plainview Pirates got the jump on Sunday afternoon as they downed the Brentwood Cubs 4-2 in the first game of their playoff round. The Bucs really went out to win this year and according to Manager Ralph Cuacero, they intend to wipe up the field with the Cubs on Sunday afternoon on the home lot.

The Hicksville Field club still remains in the thick of the fight for the second half title but with two games left the chances are growing slimmer of the Valentines' being the second half diadem. Hicksville must get by the Cubs on Sunday afternoon and then if they also take over the Dalers on the 18th, they automatically enter the play-offs.

This may be hard to understand for you fans because as Hicksville trails Spysset by a full game, all the Maroons have to do is beat Farmingdale and the Pirates and they are in for the second half too.

But, at the start of the second half, Dan Lynch, manager of the Spysset club, agreed that if his Maroons win the second half title also, they would play the team with the best average for the entire season and that was Hicksville still holds a formidable chance.

Here are the present averages of the three contending teams.

	W.	L.	Pct.
Braves	12	7	.631
Pirates	11	7	.611
Hicksville	11	7	.611

Now should Hicksville take over the Braves on Sunday. If the Indians are eliminated as Hicksville should topple the hapless Dalers in the finale, one week later. And if the Pirates do win both their games, the Bucs and Hicksville finish the full season with an identical mark. But to win both their games, the Pirates must beat Spysset and if they do that, Hicksville ties for the second half crown and the Indians are eliminated. If all sounds correct, Hicksville must do but if by any chance you could follow my string, you can see that the local's chances are plenty good. Now, as Hicksville must do is beat the Braves, but that is a pretty tough job for a club that has dropped three straight to the Indians. But it can be done and must.

MAN WINCHLER, WANDELT REACH FINALS IN SINGLES

Van Winchler captured the spotlight in the first two days of play in the Tennis Tourney sponsored by the Hicksville Tennis Club. In the first round, he swept through the first two rounds to enter the final with his chum, "Dutch" Wandelt.

How two youngsters won handily in the Junior matches and will meet on Saturday afternoon at 2:30 for the championship. The seniors played but one set but the final, a two-out-of-three will be won.

Sarili Wins
Miss Kathryn Sarili won the only men's match of the first two days as she upset Sally Weindefels. The three sets, Miss Sarili dropped the first set but came back strong to take the next two. The scores were 5-7, 6-2, 6-4.

The first three seeded in the Singles swept through their first round matches in straight sets. Bob Lindeman, seeded no. 1, defeated Everett Eisman 6-2, 6-2. The Hartmanier blasted Orlan Devote out of the tourney but after a hard fought tilt, Orlan

Braves Host To Hicksville Nine Sunday

Second Place will be at stake on Sunday afternoon when the Field Club clashes with the Huntington Braves at Hecksher's Park on Sunday afternoon.

The Braves, three competitors of the Black and White, are presently holding the runner's spot, a half game in the van of the Hicksville nine, and are favored to stop the visiting aggregation again.

Hicksville has had tough luck against the Indians in their first three tries, twice losing good leads but since their last setback to the Moon contingent, the midlanders have been hitting high, wide and handsome under the impetus of a four game winning streak and are confident of annexing their fifth straight. Johnny Hagan will make another effort to get by the Indians while Cubby Jones will toss them to the Braves.

Farmingdale Host
Spysset can advance a step nearer the second half title on Sunday afternoon as they invade Farmingdale to meet the Acheys.

Leyland's outfit have soft picking for the Maroons all season and the visitors are heavy favorites to continue their winning ways.

The Pirates and Bethpage get together in the third league test at Bethpage. After a fast start, the Pirates have folded up and are not expected to be much of a problem for the scrappy Buccaneers.

Archers Meet At Hempstead Park Sept. 17.
The Third Annual Long Island Archery Championships under the auspices of the Long Island State Park Commission are scheduled to be held on the Archery Range at Hempstead Lake State Park at 2 p. m. on Saturday, September 17. Any resident of Long Island may enter.

Four separate tournaments are to be conducted—two open and two interscholastic. The open tournaments will include one for men and one for women and the interscholastic will include one for boys and one for girls attending public or private schools on Long Island. In addition the four best archers, boys or girls, from each high school entering will compete for the Long Island Interscholastic Archery Championship.

Shifting The Burden
The Nassau County Chapter American Institute of Banking will hold a dinner at the Stewart Manor Country club on Monday evening. The purpose of this affair is to acquaint the members of the committee with the activities of the Chapter for the coming year. Mr. Kniffin, Vice-President of the County, will preside and the Stewart Manor Country club will have a special banquet in connection with the gathering.

How Many Please?

These are the pretty girls you see when you come to Roosevelt Raceway, midweek auto racing events on Monday, Wednesday and Saturday nights. They are the cashiers and ticket sellers who the fans see through the tiny windows at the entrance gates. We gathered them together and this is the result. Line forms to the right.

Amityville, Ronnie Walters of Amityville, Eva Barnes of Garden City, Ray Daniels of Freeport, Helen Hagar of Freeport and Lyn Bradash of Freeport. In the group of three in the back, left to right, are Vera Forbes of Freeport, Irene Daine of Freeport and Ann Woolf of Freeport.

Night Hawks Face Players Of 12 Teams

Jim Barton's Nighthawks will face an all-Nassau team tonight, (September 9), selected from 12 clubs competing in the Nassau Semi-Pro League, under the lights at Barton's Stadium, New Hyde Park.

The Nassau All-Star team is managed by the veteran Charlie Dietlein, who piloted North Bellmore to the first half title in the circuit this season. Hank Gately of the Long Island City team is expected to be selected as the team's pitcher.

Twenty-one players were selected by the committee with the Lincoln club of Rockville Centre placing four and North Bellmore and Albertson three men apiece.

Wally Larumier, who has won over 20 consecutive games, will start on the hill for the all-stars with player-manager Dietlein behind the plate, rounding out a club combination that should give the Hawks plenty of opposition.

Community Club Troupes Ramblers
Scoring heavily in the first two games, the North Bellmore Community club trounced the Ramblers 11-4, Sunday afternoon in a Nassau Semi-Pro league battle at the winners' diamond.

Ropes hurled the full game for the North Bellmore club, keeping Lakewood's nine hits well scattered, except in the first frame, and also set the pace at the plate with three hits.

PLAINVIEW DRAWS FIRST BLOOD IN PLAYOFF

Beats Brentwood, 4-2, As Pete Taorimina Pitches

The Plainview Pirates need but one more victory for a place in the finals of the Nassau-Suffolk Junior Baseball Circuit playoff following their 4-2 triumph over Brentwood Sunday afternoon in the first game of a two-out-of-three game series at Brentwood.

Pete Taorimina outpitched Jimmy Cuacero to give the Bucs a one game edge over the Cubs. Taorimina allowed but two hits and fanned thirteen batters. Both runs scored off the husky Plainview moundman are registered as unearned because of errors by Abramson at third base. Cuacero was raked for ten hits but he was invincible in very frame save the fifth. Cuacero struck out 15 Plainview men.

Brentwood took a 1-0 lead in the second but the Bucs tied it up in the third and then sewed up the game in the fifth with a three run outburst.

Successful singles by John Looney, Pete Taorimina, Wally Andrews and Pete Cuacero accounted for all the runs in this inning. The losers made a paltry try in the eighth but were checked by Taorimina's fine hurling.

Meet at Plainview
The second game will be played on Sunday afternoon at Plainview and the two pitchers slated to start are Joe Looney for the Bucs and "Smoky" Joe Martin for Brentwood.

Publins Paces Batting Attack As Locals Make 4th Straight

The Hicksville Field club continued its triumphant march over the Huntington Pirates last Sunday afternoon as they scored a 6-3 victory.

The win was the fifth over the Pirates, fourth in league competition. The club stretched the Black and White's current winning streak to four straight.

Hagan, wearing his magic spell over the Bucs again, limiting them to seven scattered hits. Scattered is the word as the home club could not touch any two hits into the inning. Frank Lenzard and "Pat" Bucci were the only two batters able to solve his shant as they collected five of the Huntington hits.

Seriously Routed
Hicksville wasted little time in dumping Bob Serpanty off the mound but was unable to touch his successor, Tom Bailey.

Serpanty got by the first two frames easily but in the third the Hicksville club ganged up on him for four runs. After Moore was sent down, Hagan, rushed on Mirjan's error, O. Millevotte drilled a single through second and Lou Millevotte, walked in and the home club, Frank Pulins drove a long drive that bounced off Delore's glove in left field for a triple and Pulins, completed the circuit on Valente's single.

Two more mistakes came over in the fourth on two errors, two base on balls and O. Millevotte's second hit. Bailey went in with one out and two on and quieted the rally.

The Buccaneers picked up a run in the fourth on Bucci's home run and another in the sixth on Bailey's walk and Bucci's single. The home club scored their final marker in the eighth on Pulins error and Matsumen's single.

Frank Pulins again came through with a remarkable step in the seventh frame when he robbed Delore of a base knock by deep short with two men on and only two down.

Youth League To Gather at Hofstra

Young people of Nassau county are invited to compete in a question and answer contest at Hofstra college on Tuesday night, September 13, at 8 o'clock under the auspices of the Young Folks League.

The contest will be conducted by Lawrence Lipkin, founder and chairman of the advisory board of the organization. The questions are simple and concerned with current public affairs. The object of the competition is to test how young people read and understand public issues, and the extent of their knowledge of the government of the country, Mr. Lipkin explains.

Each prize will be awarded to the young people making the most scores in the test. Mr. Lipkin recommends that the contestants read as the best preparation for making a good showing in the competition. Anyone who is a regular reader of the newspapers will be able to pass the test with high average, he declares.

The Young Folks Civic League was founded January 5, 1938, in the branch for the purpose of inspiring and educating young people in the principles and workings of democracy. It is a non-partisan organization and the sole requirement for membership is loyalty to the government of the United States.

Mr. Lipkin, who hopes to extend the organization throughout the county as a national basis, declared that it is America's answer to the American groups being formed within the borders of this county, especially among the regular meetings of units of the Young Folks Civic League will be for the discussion of current political and social problems. A few weeks ago the annual meeting of the organization was held at a meeting attended by 150 persons, which was addressed by Federal Judge John Clarke Knox.

It will be a standing rule that all major faiths must be represented in each unit of the league, and that it may escape bigoted, declares Mr. Lipkin. Protestants, Catholics and Jews alike will be welcomed into the organization and any unit seeking membership must submit three being represented on its rolls will be requested to extend an invitation to the missing faith before it can be admitted to the national organization.

SKI TOURNAMENT ON SANDS AT SOUTHAMPTON

Sand-aling has reached a high point of popularity among the smart set in the large summer colony at Southampton, so a big ski tournament with jumping, downhill and slalom racing on Holmes Hill, North Sea, took place Sunday afternoon.

In the tournament every branch of the aid sport performed on sand and hill. The wooden runners run so smoothly over the fine smooth surface, and that jumps of from 60 to 70 feet are accomplished. The sand landing, the sliders says, is very much like

landing in snow. In downhill and slalom racing the speed of the racers is nothing short of remarkable. It will be the first time that jumping has been performed in a sand hill.

Many members of the Southampton Ski School, including several well known debutants, took part in the tournament events for which prizes were awarded. An amusing touch was provided by Ken Sulist, the sensational New England skier who performed excellently on a ski hill using bare feet slava for skis. (Sulist is pictured above.)

Next Year's Weeds

By C. R. Raymond

Now, and during the next few weeks, is the time when the weeds get a big start for next year's garden by maturing thousands of seed. This is the time to do some thing about it.

Most gardens have some neglected space, particularly where the early lettuce, radishes, onions, snap beans, and other crops have been harvested. This ground can be put to good use in growing some of the short season vegetables, instead of letting the space to develop weeds and make more work for next season.

Several short-season crops are not seriously affected by light frosts and grow well during the usual cool days with abundant rainfall in September. Lettuce, spinach, beets, endive, and turnips may give good results in a large part of the central New York area. Thin planting will hasten growth and maturity of these crops.

Gardeners who have already put in these crops and still have unused space, may scatter some dry, oats, or buckwheat on the ground to grow and keep the weeds from seeding. These crops, turned under will benefit the soil another year and will save a great deal of energy in next season's control of weeds.

The oyster inspection party, notified from the Pennsylvania Station to West Sayville, where they embarked on an oyster fishing boat for the private cultivated oyster farms in the Great South Bay. At the oyster farms, they did dredge dredges having a capacity of 15 bushels of oysters. The oysters were scooped up from the bottom of the bay, in the dredges, hauled on board, and opened up there for inspection and sampling, raw, right out of the shell.

After the inspection, the officials and other guests had a shore dinner at the Shupper Inn, in Oakdale, on the former Vanderbilt estate.

This tour of inspection has been an annual custom of the Long Island Oyster Growers' association for the past 20 years. The inspection party was composed of the following: John Matthews, Secretary of the Middle Atlantic Fisheries Commission; Arthur Miller, District Engineer for the Middle Atlantic and New England Area of the U. S. Public Health Service; M. Dappert, Chief Sanitary Inspector of the New York State Conservation Department; E. G. Borgele, Chief Engineer of the New Jersey State Health Department; and D. F. Archibald, Managing Director of Malpasque Oysters, Ltd., Charlotte Harbor, Florida. Also present were: William T. Edwards, Jr., representing the Canadian Fisheries Commission; the flavor and quality of the oysters unofficially was judged by R. L. Lupton, Assemblyman from Suffolk county, Captain Emerson King, National Broadening Co., many artists; R. J. Kief, Chief of the United States Fish Commission; William T. Ockendon, manager of the Billy Oysterman restaurants; O. G. Hunter of Stewart, Hanford

SOUP AND FISH—THE SATURDAY NIGHT SHEIKS

Top off a Slim Meal With an Extra Dessert

By MILLICENT MILLS

We concede the growing popularity of soup for its sociable it principally with bread and rolls. "Ham on rye" is no stranger to any of us but seldom think of rye for a glorified dessert such as a Swedish Velvet Rye Cake. This is rich but it is delicious and is sure to please anyone who is the slightest bit deservive.

It is important to use as much milk in cooking as possible. If you have miscalculated, and find you have not used it before it has turned sour, don't throw it out. Use it. Sour milk is highly recommended for intestinal disturbances but for ordinary, every day consumption its use in cooking has a little more appeal than as a beverage. Sour milk muffins are especially good and cure many seasoned cooks feel that pancakes made with anything but sour milk aren't worth making. Try the muffins, however, if you have to encourage some milk to sour.

Sour Milk Muffins

2 cups flour
2 teaspoons baking powder
1/2 teaspoon salt
1/2 cup sugar
3/4 teaspoon salt
1 egg
1 cup milk (sour)
1/2 cup soft butter
1/2 cup flour, measure, and sift

Twice with dry ingredients except

liquid ingredients together: mix in the butter and combine with the dry mixture. Fill oiled muffin tins 2/3 full. Bake in a moderate oven (400 deg. F.) 15 to 20 minutes for small muffins, 25 to 30 for large. (Makes 24 small muffins.)

Swedish Velvet Rye Cake

1 cup brown sugar
4 eggs yolks
1 pint milk
1 tablespoon vanilla
1 cup raisins
1 cup butter
2 1/2 cups rye flour
4 teaspoons baking powder
1 cup nuts, chopped
1/2 cup cherries, powdered

Cream sugar and butter and beat in well beaten egg yolks. Sift your flour with baking powder, and a pinch of salt. Add flour alternately with milk to sugar and butter. Be sure to sugar your nuts and fruits with some of the flour. Add nuts and fruit and vanilla last. Bake in one layer in a moderate oven.

Leing

2 cup maple syrup
1 cup chopped nuts
2 tablespoons cream
1/2 cup syrup until it boils, add nuts and cream and beat. Spread over cake. Serving 6.

START WITH REDSKINS

With a startling lineup assignment against the Washington Redskins as their reward for a good showing, members of the Brooklyn Dodgers football squad will divide into two equal camps for the opening grid game of the 1938 season at the Freeport municipal stadium on Wednesday night September 14.

Wheat is about equal to corn and barley in feeding value for dairy cows, although it is somewhat higher in protein.

Trichinosis is a serious disease which is easily prevented. It is a parasite, a tiny round worm, which lives its entire life in man, hog, or rat. Man contracts the disease by eating raw or partially cooked pork, which contains the worms. Officials of the Public Health Service, as a result of studies made in recent years, have pointed out in this country have estimated 17 per cent as the trichinosis.

When trichinosis is eaten, the capsules are directed in the stomach, and larvae are set free. These larvae enter the intestine and grow to mature size within 48 hours. The female partially encysts itself in the lining of the intestine where she may produce as many as 300 young. The larvae then enter the blood stream and eventually reach the muscles: develop in size and finally become encased in a capsule. In time the larvae die. The adult worms usually disappear from the intestine at the end of five to six weeks.

Not all persons who eat infected meat develop the disease. The severity of the infection depends upon the number of live larvae taken into an individual's stomach. In occasional cases, the symptoms are suggestive of a serious lung disease. General symptoms are few and include: Diarrhea, fever and severe pain in the muscles. Victims of this disease may believe they have contracted trichinosis.

Some years ago, an epidemic occurred in Nassau County when more than 100 persons were reported with two deaths. The source of the infection was traced to eating processed pork. One case has been reported here during the present year.

The U. S. Bureau of Animal Industry makes the following statement regarding trichinosis: "All persons are warned not to eat pork or sausage containing pork until after it has been thoroughly cooked. Pork when properly cooked may be eaten without danger of infection."

FINLAND LIKE AMERICA MANY YEARS

Those who think Finland is a tourist land only recently made part of Europe need to be reminded that the year 1809, when Finland was a part of Russia, was a modern city "suggesting America rather than Europe."

A Piano in the American Tradition—the "Federal"

If you have an eye for classic simplicity in furniture design, you'll be delighted with this graceful Musette, whose simple proportions and slender tapering legs faithfully follow the last tradition of the "American Federal" Period.

Like all nine of the Period Model Musettes, the FEDERAL's piano body low (only 24" high) and takes up less floor space than a 26" up. Yet it has a standard-height, full 88-note keyboard, and incorporates the new principle of RELOCATING CONSTRUCTION which has made these charming little Musettes famous the country over for rich tonal quality.
