Opinions In This Column Are Those Of Writer And Not Necessarily Those Of This Newspaper

My Opinion

By William A. Bruno, Jr., Member Hicksville Board of Education

The facts concerning the circumstances under which our Superintendent of Schools became such superintendent, and the particulars of his Contract, deserves to be brought out in the open.

On May 12, 1961, a motion (no. 340) was made at a meeting of the Board of Education to go into executive session to discuss Mr. Abt's contract. This practice of going into executive session is to be condemned because it squelches the opportunity of the public to know the reasoning behind the actions taken by the Board and its individual members. It is a practice which has been condemned from time to time by many individuals and by only me as a member of the Board. However, its condemnation has been honored more in the breach of protestation against the practice than in the performance of the promise not to do so.

Following the secret session voted-on May 12, 1961, a motion was made by then member Hurwit (no. 343), seconded by Mr. Johnson, that the President of the Board be authorized to enter into a contract with Mr. Abt, for five years. After this was adopted a further motion was made to fix his salary at \$19,000 to start, with increases going to \$24,000, with approval given by the present incumbent members on the Board up for reelection this year.

It is more significant that this contract was approved as a starting proposition for five years even though our Superintendent had never been, until the contract was to go into effect, an actual working superintendent of a School District, with experience to judge by, as to his satisfactory performance, nor was he the recipient of a Doctorate in Education. This approach was wrong for the

District and has been so described by me as wrong. Such a contract, without at least a preliminary trial period, could tend to make an individual arrogant and unmindful of the rights of both Board Members who may tend to disagree with him as well as those of residents and taxpayers generally.

It is further significant, in spite of his present salary, and his right to an allowance for use of his own car, and in spite of the relatively small area encompassed by our School District that provision was made in the proposed 1963-64 budget, for the purchase of a station wagon for the use of the superintendent. This, even though his primary duties are confined to the Administration Building.

Following the vote taken by the 1960-61 Board, Mr. Hurwit resigned from the Board. At the election to fill his vacancy, I was first elected to the Board. Following my election, it came to my attention that the "Blackie" psychological test was being used on the children within our School System. This test involves the use of black and white dog symbols with overtones of sex, with prying into information about home relations. It was being used without the prior clearance or knowledge of parents. This I objected to and demanded that the practice be brought into the open. This practice was not condemned by the Superintendent.

The expenditures within the School Budget of large sums (\$140,000 est.) for school psychologists & staff at the level of elementary schools for this purpose, in my opinion is ill-advised and an attempt to play with the emotions and feelings of children and of parents. At the elementary school level psychological problems are unwarrantedly and unnecessarily sought to be ferreted out at ages where psychiatrists of many years of experience, with medical degrees, tread with the utmost caution and circumspection. The initiation of this kind of policy should certainly have been attempted only after full opportunity had first been given to the public within our district, to know of the intended practice and to be permitted to be forewarned of the complexion of the program and of its possible insinuations and consequences.

Concern is expressed for a "U.N." week. Greater concern and emphasis, should be given to the safeguarding of our American Heritage, our traditions their meaning and the love of our Country. Patriotism must be engendered in the hearts and minds of our children. We may try to love the world, and everyone in it, but we must first know how to love our own Country. This emphasis can not be too great nor too sustained. Pride in our Country must be taught to our children. The diffusion of this love of our Country must not be attempted at a wrong time in the growing and impressionable years of children in our care. The Board unanimously adopted, during the absence of Mr. Abt, a resolution for the observance of a "U.S." Week. Our Country requires every working hour and every energy to be exerted for its advancement, and its protection, before we can think of how other countries are to be helped and advanced. God helps those who help themselves. Let us start at home.

Correction: -- On column of two weeks ago, the word "not" was left out of the following paragraph: The School Board majority by a 5-2 vote at last Friday's meeting, voted not to submit for public referendum, at this May 8th Annual Election, the proposition to spend \$65,000 to purchase additional land for recreational purposes "for the school," and to build additional school rooms.

Mother Dgtr. Banquet Apr. 16

The annual mother and daughter banquet sponsored by the Women's League of Trinity Lutheran Church, 40 West Nicholai Street, Hicksville will be held in the Church auditorium-gymnasium on Tuesday evening April 16 at 6:30 p.m. This year the entertain-

ment will be provided by the daughters.

Tickets are \$2.00 for adults and \$1.50 for girls 12 years of age and under. To insure reservations, ticket requests should be mailed early.

Mrs. Stanley Edry of Westbury is president of Trinity's Women's League. Mrs. Carl Seher of Woodbury, is refreshments chairman of this event.

Reservations chairmen are Mrs. Carl Spletzer and Mrs. Howard Barthold, both Westbury residents. Chairmen in charge of table service are Mrs. James Byron and Mrs. Ray Keller, both of Hicksville.

Hester Third Economy Cand.

Francis E. Hester has become Hicksville's third "economy" candidate to announce for the School Board, joining hands with George M. Martin and Harry M. Wagner to make up a three-man economy slate whose goal is the three Board vacancies to be voted on in May.

As in the case of Martin and Wagner, Hester's candidacy was endorsed by Howard F. Van Allen, co-chairman of the Hicksville Committee for Honesty in Public Education.

In announcing his intention to run, Hester also lined himself up solidly with the other two economy candidates by pledging "to do my utmost to hold the line on the Hicksville school tax if and when I am elected to the School Board."

The Hicksville school tax is expected to climb to about \$6 for each \$100 of assessed valuation next year. Because of a \$600,000 increase in the 1963-64 budget announced by the School Board, Wagner and Martin have heretofore claimed that the school tax hike could be averted if "frills, fancies and unnecessary" were cut out of the budget before it is submitted to the electorate in May.

Hester 33, works in the plant department of the New York Telephone Co. He lives with his wife Jean, and five children at 15 Colony Street, Hicksville.

A Marine veteran of World War II and the Korean War, he attended Duke University. A past president of the Northeast Civic Association, he has been active with the Woodland Ave. (Hicksville) P-TA and is a member of the CYO and Holy Name Society of Our Lady of Mercy Church.

Hester attributes his "thrifty outlook" on such matters as school taxes to the fact that he was born in Glasgow, Scotland.

Thinking It Over

by Robert L. Morgan

The current stories of the mistreatment of residents of the Jones Institute in Hicksville, if true, present a sordid tale of an institution that has been held in esteem in Hicksville.

But the reports indicate how important it is to select trustees for the home. It is our belief that few voters have ever given the position of Trustee of the Jones Fund, which appears on the ballot on each Town Election, much thought. We have never seen candidates give qualifications for running for the job, nor any other type of publicity, yet the lives of the elderly residents of the institute depend on the actions of these trustees.

It is not our desire to cast aspersions on the present trustees. We do not at this time know if the charges against the administration of the home are correct, but at the same time we hope that the voting public will come to realize the importance of the Trustee position and demand more information about candidates before elections.

Antibodies Needed To Fight Infection

By C. A. Dean, M.D.

MEDITORIAL: In battling infection, the body relies a great deal on antibody formation. This is, so to speak, the body's atomic arsenal and, if it fails, many a bacterial war rages with it.

Antibodies or immune bodies are chemicals produced when foreign proteins or similar substances (such as bacteria) gain entrance to the body. After formation they are transported in the gamma globulin fraction of blood.

There are three general types of antibodies. First, the agglutinins, which act by forming an invisible film around the bacteria, causing them to stick together. This gives the white blood cells a chance to engulf and destroy them. Second, the antitoxins, which neutralize toxins (poisons) manufactured by bacteria. Third, antibodies which interfere with bacterial growth and form a chemical barrier which the bacteria cannot penetrate.

Any bacterial infection can be conquered if enough antibodies are formed. If a disease has previously been beaten, enough antibodies may remain to protect against future attacks of the same disease. This fact, of course, is the basis for protection through vaccination and immunization.

(Q) "In regard to treatment of women's facial hair you made no mention of plucking out the hairs as a solution to the problem. Is this practice dangerous? If it is done, should alcohol be applied afterwards?"

Mrs. E.H.

(A) I didn't mention plucking as a solution because it could be dangerous, especially if it involved a great number of hairs. Besides, I know this is a very common practice and many, many women get away with it -- especially in plucking the eyebrows. No amount of writing or talking will change this. If you must pluck hairs from your face I think the best thing to do is wash the face, thoroughly, with warm soapy water first. By doing this I think you can avoid infection.

(Q) "My son lives on a farm and for economic reasons has been getting milk directly from a cow. He lets his children drink it. I say it's not good for them. He says he boils it before he gives it to them but I'm afraid he is careless about this. Will this practice hurt the children? My son says that in the old days everyone drank milk directly from the cow."

Mrs. H.M.

(A) The main reason for pasteurizing milk (heating it to 60 degrees centigrade for 30 minutes) is to eliminate the tubercle bacillus. In the process, other bacteria are also killed. If the cow from which your son gets milk is free of this and other diseases, no harm should result. Inspection of milking cows is required by most states, so chances are the milk your son gets is from an inspected cow. Boiling for about 15 minutes would be a safeguard although I'm not too sure it would taste as well.

Quit Or Be Fired Boss Tells Bruno

William A. Bruno, Jr. has been given the alternative of resigning or being fired from his job as "manager and career agent" of State Mutual Life Assurance Co. of America, which has offices at 55 North Broadway, Hicksville.

The politically active Hicksville resident told this newspaper that his severance from the company will take place June 3 because of a 60-day grace period which became effective April 3.

Asked whether he received any reasons in writing from the company, which has offices in Worcester, Massachusetts, Bruno said he has not. He added that the severance was "completely without justification" inasmuch as the agency's business has increased in the last year under my management."

A veteran of many School Board skirmishes as a Hicksville Board of Education member, Bruno is the leader of the

Nassau Conservatives and has been extremely active in local politics. Recently he was attacked in Newsday by Irving Lawrence and Herbert Malamud, two School Board candidates backed by Taxpayers Education Association for the Children of Hicksville (TEACH), for his stands against psychological testing of public school children without parental consent and because he wants more Americanism teaching in the Hicksville schools.

Questioned as to whether he thought politics played a hand in his dismissal from the insurance company post, Bruno said: "I can't say. The people will have to draw their own conclusions."

George Martin To Run For Bd.

George M. Martin has announced that he will run for the Hicksville School

Board instead of the Library Board, for which he was a candidate last year.

In a speech before the Hicksville Committee for Honesty in Public Education, Sunday night, Mar-

tin said his decision to switch to the School Board race was triggered by the "School Board majority's stubborn refusal to cut appropriate amounts of fat out of the school budget to keep it from skyrocketing to \$6 or more next year."

The Honesty Committee has endorsed Martin's school board bid as well as that of Harry M. Wagner.

In a joint statement to the committee, Martin and Wagner demanded that the "Hicksville School Board Majority act immediate to chop at least a half million dollars out of the proposed budget for 1963-64 to hold the line on the school tax this coming year."

Martin then accused Superintendent of Schools Donald F. Abt of making speeches around the community in a "blatant bid to coax the people of Hicksville into believing that an austerity budget is the alternative to a reduced budget to keep the school tax from soaring about 58 cents next year."

He declared that Abt is using "scare tactics in an obvious attempt at selling the people a bill of goods about an austerity budget in which school administrators can vent their venom upon children by depriving them of milk and textbooks while teachers get mandatory raises."

Martin added that a "judiciously trimmed budget more in conformity with what the taxpayers can afford" can be presented to the people in May, so as "not to make them angry enough to vote down the proposed sky-high budget which Abt and the majority members are trying to raise by about \$600,000 next year."

Martin, 33, lives with his wife Arlene and two children, Valoree, 5 and Gregory, three months, at 42 Hunter Lane. A Korean War veteran, he

is a drug salesman by vocation.

Both Martin and Wagner said they will release a list of proposed budget cuts within the next two weeks.

as the junior groups. The judges will be as follows: Mr. David Roberts, art supervisor of Hicksville Schools District; Mrs. Clifford Olesen, adult education teacher with the Syosset Adult Education Program; and Mr. Robert Erickson, art teacher with the Hicksville Schools.

The Studio Art Group Workshops are a part of the Studio Art Group, a local art organization. The Studio Art Group is planning an art exhibit in May, the date and place will be announced within the next two weeks, according to publicity chairman, Mrs. Henry Balfour, 28 Boulevard Drive, Hicksville. An oil painting demonstration by Mrs. Olga Hoebel, chairman for the group, will be held sometime in June.

Bethpage Amer. Legion News

With a membership of 138 legionnaires for 1963 Archie McCord Post #86 of the American Legion here has increased its current enrollment by 21 numerically and by 17% over that of one year ago, Post Commander Bob King announced today.

The Post's percentage of membership increase is greater than that of the National increase (.31%) over the same date last year.

"The membership statistics of Post #86 will assure the continuation of

its community service programs such as Boys State, Oratorical contest, Veterans Rehabilitation and many others," Commander King stated.

The membership achievement of Post 86 was attributed by Commander King to a well-coordinated drive led by the membership chairman, Joe Blazek. The following members did outstanding work in securing new members: John Manning, Vernon Ball, and George Wronicki.

"With the cooperation of the membership, the membership drive closed as a success on the Legion's 44th birthday, March 15-17," Commander King explained. However any

war veteran who is eligible for membership and has not been contacted by one of our members is welcome to visit Post #86 and learn more about the American Legion's program for God and Country."

The membership gain of Post 86 here has contributed to the upswing in national enrollment in the American Legion, he pointed out. Goals of each target date of the 1963 campaign have not only been met but surpassed by sizable margins to keep Legion membership well ahead of the blistering pace set during 1962.

The Laugh's On The School Board

This week a story that may eventually help laugh the Hicksville School Board right out of town has been sweeping through this not-so-sleepy little community.

It seems that when Howard F. Van Allen wrote a letter to the Board asking permission to use a school room for a meeting of the Hicksville Committee for Honesty in Public Education (note the notable, though unachievable ideal implicit in that name), he very humbly signed the letter "Your most obedient servant."

Van Allen, a bit of a Civil War buff, points out that some great men in our history, including Grant, Lincoln, and others, regularly used that closing in their letters.

But what was good enough for Grant, Lincoln, and others isn't necessarily good enough for the Hicksville School Board. For according to an authoritative source, that little phrase made the six-man Board majority so hot under their nicely starched shirts that they seized upon the opportunity, especially when Van Allen wasn't at the last Board meeting, to shunt aside his application.

Van Allen, shouldn't, of course -- even unwittingly -- try to puncture the School Boarders puffed-up personalities. On the other hand, he shouldn't be quite so servile either.

I tell you frankly -- and this is no baloney, even as to a School Board that doggedly made much of frankfurters not too long ago -- Van Allen is just too, too salaam toward the Hicksville School Board.

Mark Twain, you know, really doted on school boards. He summed up his rather definitive impression of them once and for all time in these words:

"First God made idiots. That was for practice. Then he made School Boards."

Oddments and Endments

The New York State Shorthand Reporters Association (NYSSRA), whose proxy is Mineola Supreme Court Stenographer William Cohen, scored an impressive win when the Nassau County Civil Service Commission withdrew a District Court stenographer test which the Association had objected to because the 150-word-a-minute speed the Commission required is not an adequate speed for court reporting.

This column carried the item three or four weeks ago.

In recently introducing a resolution proposing a sweeping legislative probe of the State Education Department, Upstate Assemblyman Wilson C. Van Duzer made this rather cogent observation:

"...as presently constituted and operated, the Board of Regents has become an anachronistic relic of an autocratic system which governed the state when it was a colony under European monarch and, therefore, has no place in a modern democratic society."

Van Duzer went on to charge that the Board of Regents and its agency, the State Education Department, have virtually become a fourth branch of government, "arrogating" to themselves "legislative, judicial, and executive authority, including the power to determine, through its regulations and re-

quirements, the amount of local taxation necessary to comply with its demands."

The Assemblyman further accused the educationists heading the public education hierarchy in this state of autocratically administering the public school system "in accordance with 18th and 19th century social, political, and economic theories which hold that public education is the means by which the attitudes of individuals should be changed and society should be reorganized so that the rights of individuals become subordinate to those of the state...."

(If you want proof of the accuracy of the latter assessment, just study the growth of educational psychology, which went hand in hand with the propagation of a retrogressive thing called "progressive" education. Both of these concepts are European imports; showing that the United States has not stood on its own two feet in the realm of education.)

The Van Duzer resolution will never get anywhere because the czarist influence of the State Education Department is far weightier than that of any individual legislator.

It would be interesting to see a top-to-bottom probe of public education in this state by a legislative committee with a staff of skilled investigators.

The corruption alone that would likely be uncovered would be awesome indeed.

Let the legislators start inquiring into gifts to educationists, for example, and little "favors" done for them by persons or firms doing business with school districts.

Let them come into any number of school districts armed with the power of subpoena.

They don't dare, simply because the State Education Department has decreed otherwise!

Library Budget To Show Rise

The 1963-64 budget for the Hicksville Public Library has been approved by the Board of Trustees and is available for distribution at the Hicksville Public Library. The library plans, as in the past, to send a copy to every home in the district.

The proposed budget for 1963-64 is \$231,374.81, an increase of \$10,465.36 over last year's budget. The increase reflects increments on the salary scale plus salary increases for clerical and custodial employees. The proposed expenditures in many categories will be less than 1962-63 and the modest increase results in a tax rate of about 24.9¢ per \$100.00 of assessed valuation. Last year's rate was 23.2¢. This means a home owner whose property is assessed at \$5,000.00 pays a library tax of slightly over \$1.00 a month.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN, pursuant to law, that a public hearing will be held by the Town Board of the Town of Oyster Bay, Nassau County, New York on Tuesday, April 23, 1963, at 10 o'clock A.M. prevailing time in the Hearing Room, Town Hall, Oyster Bay, New York, for the purpose of considering an application for a special permit pursuant to the Building Zone Ordinance of the Town of Oyster Bay as follows:

Oyster Bay Road and Stewart Avenue, having a frontage of 266.28 feet on South Oyster Bay Road, and extending through to Stewart Avenue, on which it has a frontage of 276 feet.

Shown on the Nassau County Land and Tax Map as Section 46, Block G, part of Lot 20.

The above mentioned petition and map which accompanies it are on file and may be viewed daily (except Saturday, Sunday or Holidays) between the hours of 9 A.M. and 4:45 P.M. prevailing time at the office of the Town Clerk.

By Peter Pettibone

Economy Letter, from Hicksville: "My wife, who has a sharp eye for bargains, buys almost everything at sales. A favorite trick is to purchase Christmas presents at April sale prices and stow them away until December. But her crowning achievement occurred six months before our first child was born. Then she brought out of hiding three maternity smocks purchased at a clearance sale - three years before our marriage. C.F.J." ...A Syosset friend who was in Manhattan for the evening wanted to go to famous Sardi's restaurant for dinner. He was warned due to the newspaper strike, he probably wouldn't see any celebrities out to get their names in the press. However, a striking couple made an entrance, and the beautiful gowned woman looked familiar. "She isn't anybody," he snapped. "Indeed," His date remarked. "How can you be so sure?" He shrugged, and said, "Because she just asked her escort who you were." ...Now we hear that as of next week The Sky Club Restaurant will be closed every day at luncheon-time. Probably needs the space for special catered parties.. David Huschle tells us that according to the way reservations are coming in to his Country Club Restaurant, Lakeville Rd., for Easter Sunday Dinners, this year will be his biggest. He added, "But don't get me wrong, we're ready, and can accommodate more comfortably." Call him or Chic Farmer at HU 7-7800... This will be our 2nd Easter without burned-down Bradley's....Another famous restaurant closing its doors is NYC's Chambord. Supposed to be due to many of their customers misinterpretation of the new tax rules. Now, when a husband doesn't wish to take his frau out for dinner he gets out of it by saying "I'd like to but Jack Kennedy won't let me." Don't let him get away with it, Jackie Kennedy says it's O.K. Incidentally, Chic Farmer's not going to manage Sands Point Bath Club this year. He'll remain with David Huschle's thriving swank spot, and so is pianist Bob Eschmann, who's big hit there....A husband reports that one night while he was trying to read his evening paper (Papers!!!) his wife was struggling to balance her check book. Her sighs and groans made it impossible for the poor man to concentrate and he was about to take his paper to a quieter spot, when she announced she had found her mistake. The husband expressed his relief. "What was it?" he asked. She answered triumphantly, "I just forgot to deduct last month's mistake." ...Bernie Mann's Riviera reports heavy Easter Sunday reservations too...Few Nassauites know that their county was once in Queens. They didn't move it stupid, just changed the line....Pete Gaffney wants \$40,000 for his now closed DuBarry's restaurant. Rots of Ruck, Pete....If You Please....

P.O. Workers Get Recognition

The Hicksville post office has taken official action to implement the post office department's new program for negotiation and consultation on grievances, working conditions, personnel practices and other related matters. Postmaster Irene L. Murphy reported today.

The move - developed by the Postal Service under President Kennedy's historic Executive Order 10988 of Jan. 17, 1962 - officially recognizes federal employee organizations for the first time. Recognition is based on results of the largest nation-wide labor management election, held June 15-July 1, 1962, in which 451,000 postal employees participated. Official results were issued to each post office by the Post Office Department in Washington.

Here are the results at the local post office:

Letter carriers and special delivery messengers will be represented exclusively by The National Association of Letter Carriers, Local #2530 clerks will be represented exclusively by National Postal Union, Hicksville Branch. John O'Brien is the president of the carrier group and Vincent Sugamele is the president of the clerks. Both are Hicksville residents.

"Exclusive" recognition was acquired by employee organizations having a clear majority of the vote in a particular craft unit under prescribed voting procedures. The Postmaster will negotiate with these organizations holding regular meetings and working out written agreements on matters affecting all employees in the craft unit represented regardless of employees' membership status.

National agreements give local employee organizations the right to deal with the Postmaster on local working conditions, personnel practices and in resolving interpretation's under the local agreements.

At the same time, the National agreements reiterate Executive Order 10988's ban against strikes, discrimination. They set forth management's prerogatives which are not subject to negotiation - such as the budget, assignment of

personnel, work technology or, of course, any matter determined by Congress, such as pay rates. Postal management, under the Executive Order, also retains the right to direct employees to hire, promote, transfer, suspend or separate employees in accord with Civil Service regulations.

Card Party

The Catholic Daughters of America, Court Queen of Angels #869 will hold their Fourth Annual Card party, Madeline McGunnigle Memorial Scholarship Fund on April 17, 8:15 p.m. at the Old Country Manor in Hicksville. All are welcome.
