## D'Auria Elected President Plainview Chamber

At the last regular meeting of the Board of Directors and Membership of the Plainview Chamber of Commerce, Michael M. D'Auria, local attorney, was elected President for the 1963-1964 year. Mr. D'Auria, who was one of the founders of the Chamber of Commerce, will be installed with the other officers and directors at the Chambers Annual Dinner which will be held at the Old Country Manor on Wednesday, May 29th at 7:00 P.M.

Elected with D'Auria were Mr. Fred J. Niebuhr as Chairman of the Board of Directors; Mrs. Edith R. Voorhies, Executive Vice President, Mr. Martin Ginsberg, Second Vice President; Mr. William Jones, Third Vice-President and Mr. Marshall Rubenstein and Martin Ginsberg as Members of the Executive Committee.

Mr. Charles Voorhies was reappointed as Secretary Manager to be assisted by Mr. Frank Vernon as Assistant Secretary Manager, and Mr. Daniel deBaun was appointed as Treasurer.

On assuming his new office, Mr. D'Auria stated that he looked forward to a continuation of efforts on the part of the Chamber to make Plainview a better business community and a better community in which to reside. He stat-

ed: "I humbly accept the honor of serving the Chamber as its President, and with the new projects that we have planned for the coming year, we are sure that Plainview will continue to be the outstanding community of Long Island."

Dr. Edgar A. Treacy, the present President of the Chamber has also announced that at the annual dinner to be held on May 29th, the Town Supervisor Mr. Thomas R. Pynchon, will be made an Honorary Member of the Organization, and the Outstanding Public Official Award, which is given each year to a public official who has given outstanding service to the community, will be presented to the Honorable Edmund A. Ocker, Town Councilman and Deputy Town Supervisor.

## Butterfly Display At Local Library

The Hicksville Public Library, in conjunction with the Long Island Butterfly and Moth Society, is displaying for the month of June some of the beauties of nature, by way of examples of butterflies and giant silk moths indigenous to our own locality and from all over the world. And on Wednesday June 12th at 8 P.M., in the auditorium, there will be presented a popular program by Mr. Gardiner Gregory. It is the life cycle, or metamorphosis of the butterfly and the giant silkworm moth. This is one of the miracles of nature, and we can see on the colored slides each of the four stages of this natural marvel, the egg, tiny as the head of a pin, the caterpillar, the pupa in its cocoon, and finally the beautiful butterfly or giant moth emerging.

These color slides were made with infinite patience and great skill by Mr. Gregory, who is the head of the audio-visual department of the Hicksville Schools, and they are one of the few complete picture records of metamorphosis ever made. One does not have to be a student of entomology to appreciate this natural phenomena, or enjoy the very interesting commentary and explanation on it by Mr. Gregory, who is a recognized authority on the subject.

This promises to be a very worthwhile program interesting to all ages. All are invited to attend, June 12th at 8 P.M. in the Library.

The cake sale was a huge success. Thanks go to chairman Mrs. Anna Brengel and all those who worked so hard. Our appreciation again to Braun's Market, 77 Broadway for the use of their store and all their courtesies.

Friday, May 17th is Poppy Day and everyone's help is again needed to distribute poppies. If every member would give a little time it would make the job so much easier. We are in the process of making wreaths and corsages. Anyone wishing to order any may call Lillian Bosch, PY 9-5466 or Cynthia Hochbrueckner, WE 5-3546. Remember, Poppy Day is a tribute to our deceased and disabled Veterans. They have given so much for us — we can certainly give a little of our time. The distribution of poppies does not end on May 17 but continues throughout May 30. Memorial Day. Our Junior Miss Poppy this year is Maria Ciadella. Be sure to look for her because she will be distributing poppies too.

All Gold Star Mothers in the Hicksville area are invited to participate in

the Memorial Day ceremonies. If you have not already been contacted, please call Mrs. Lillian Dorag, WE 1-0478

## Thinking It Over

by Robert L. Morgan

Last week the motion to censure William Bruno was reported in this paper without the vote tally. The reason the tally was not reported was not that we did not want to print it but because an upsurge in advertising caused the story to be cut at the end. The vote was 3 to 3 on the censure issue, with the deciding vote being the abstaining Mr. Bruno.

Town Supervisor Tom Pynchon has written County Executive Nickerson a letter asking why two wings of the Patterson Home for the aged are still unopened despite the fact that there is a backlog of over 600 elderly people in need of accommodations. The letter has gone unanswered by Mr. Nickerson but we hope that an answer and still better some action will be forthcoming. Care of the aged should not become a political issue but if that is the only way action on this problem can be gained then let it be political.

With the coming warmer weather thoughts in Hicksville will eventually turn to the fact that it will soon be the only major area in the Township not being served by a municipal swimming pool. This is despite the fact that there is land available.....Why no action?

## Procaine Used As Anesthetic Only

By C. A. Dean, M.D.

(Q) "My husband has low blood sugar in quite a severe form. We have heard that procaine is being used in injection form to help control this illness. Do you know if this is being done or are the articles read untrue. Also do you know of any other treatment for hypoglycemia, other than diet control and intake of extra protein?" Mrs. J.G.

(A) Yours is a good question because it points out the discrepancies that occur so often in reporting medical findings in popular magazines and newspapers. Usually the reports in magazines are misinterpreted or else reported too prematurely, before conclusive proof is offered.

In regard to procaine, I know of no good reason for using it other than as a local anesthetic. Procaine has been used more extensively in Europe but none of the work has been verified in this country.

**MEDICAL:** Counting blood cells is a routine, standardized test which consumes a great deal of a technician's time. If some way could be found to relieve the technician of this duty, a lot more time and study could then be devoted to doing newer and, in many cases, more important laboratory work.

As a solution to this problem a blood counting machine has been developed, a product of electronics. By inserting a measured amount of blood into the machine, a cell count can be made within a matter of a few seconds. This kind of test gives the total count only and does not tell anything about the type of cell present, a more important aspect of the blood cell examination. This must be determined from a microscopic study of a blood smear. Until now, nothing better than the human eye has been found for this. The blood cell counter gives the technician more time to perform this more important function and for this reason is being used in many large clinical laboratories and research centers.

Do you have a medical question? Write Dr. C. A. Dean in care of this newspaper.

## In Defense Of Discrimination

By Russell Kirk

Nowadays this word "Discrimination" has become a devil-term. Yet, unblushing, I confess that I discriminate. Because I like flowers, I pull up burdock and quack-grass: I discriminate against the weeds. Because I like robins, I shoot starlings. Because I like quiet, I discriminate against juke-joints by not patronizing them. Because I like clean forks, I am hard upon restaurateurs who feel everybody has to eat his peck of dirt through life. Because I like good talk, I don't invite drunkards and bores to my house.

"Discriminating" means making distinctions. A man unable to make distinctions is indiscriminating -- and a shabby excuse for a human being. I discriminate in favor of some people and things, and I discriminate against other people and things. In fine, I try to distinguish between good and evil, the beautiful and the ugly, the tasteful and the abhorrent, the honest man and the charlatan, the lady and the trollop, the deserving and the undeserving. Everybody isn't just as nice as everybody else: there are vessels for honor, and vessels for dishonor. I discriminate in favor of the former.

If people cease to discriminate, then the world falls into the clutches of the brutal, the insatiable, and the anarchic. This point is well made by Miss Freya Stark in her essay "Choice and Toleration," included in her collection called "Perseus in the Wind." "Tolerance cannot afford to have anything to do with the fallacy that evil may convert itself to good," Miss Stark observes. "In the dark central crisis of his life, Shakespeare came to realize that goodness cannot convert. It is the secret, I believe, of his greatest plays. In King Lear, the Duke of Albany declares to Goneril that 'wisdom and goodness to the vile seem vile.' The New Testament does likewise. The seed that falls on stony ground must die, and there is never a hope for the goats (though it seems a pity that sheep are chosen as emblems of the virtuous)."

So if we do not discriminate against the foul and false, and discriminate in favor of the kindly and heroic, we betray religion, the civil social order, and ourselves. The man who never discriminates must believe in nothing: he is literally tasteless. And he is spineless.

Therefore I discriminate against cannibals

I discriminate against traitors.

I discriminate against false prophets.

I discriminate against robbers.

I discriminate against fools, whether of the born or the educated variety --

I never could suffer them gladly.

Therefore, conversely, I discriminate in favor of venerable old age.

I discriminate in favor of well-mannered children.

I discriminate in favor of good music.

I discriminate in favor of the works of the moral imagination.

And I discriminate in favor of the discriminating people who read this humble column. If we show no discrimination, we deserve incrimination.

WHEREAS, by proceedings heretofore duly had and taken pursuant to Section 222.5 of the Nassau County Civil Divisions Act, the Town Board of the Town of Oyster Bay, Nassau County, New York, has determined it to be necessary and in the public interest to make the improvement hereinafter described; and

WHEREAS, it is now desired to authorize such improvements and to provide for the financing thereof: NOW, THEREFORE, BE IT

RESOLVED, by the Town Board of the Town of Oyster Bay, Nassau County, New York, as follows:

Section 1. The construction of swimming pools, including incidental improvements in connection therewith, and appurtenant facilities, in and for the Bethpage Park District in the Town of Oyster Bay, Nassau County, New York, to be located on the real property hereinafter described, is hereby authorized at a maximum estimated cost of \$583,000. Said real property consists of approximately 18.1263 acres of land acquired by gift from Grumman Aircraft Engineering Corporation, on the west side of Stewart Avenue, south of Cherry

Avenue, in Bethpage, New York, and shown on the Nassau County Land and Tax Map as Section 46, Block G, Lots 22 and 23.

Section 2. The plan for the financing of such maximum estimated cost is by the issuance of \$583,000 serial bonds of said Town, hereby authorized to be issued pursuant to the Local Finance Law.

Section 3. It is hereby determined that the period of probable usefulness of such class of objects or purposes is twenty years, pursuant to subdivision 61(a) of paragraph a of Section 11.00 of the Local Finance Law. It is hereby further determined that the maximum maturity of the serial bonds herein authorized will exceed five years.

Section 4. The faith and credit of said Town of Oyster Bay, Nassau County, New York, are hereby irrevocably pledged to the payment of the principal of and interest on such bonds as the same become due and payable. There shall annually be assessed upon all the taxable real property in said Bethpage Park District at the same time and in the same manner as other Town charges an amount sufficient to pay said principal and interest as the same become due and payable, but if not paid from such source, all the taxable real property within said Town shall be subject to the levy of ad valorem taxes without limitation as to rate or amount sufficient to pay

the principal of and interest on said bonds.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the serial bonds herein authorized, including renewals of such notes, is hereby delegated to the Supervisor, the chief fiscal officer. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Supervisor, consistent with the provisions of the Local Finance Law.

Section 6. The validity of such bonds may be contested only if:

1) Such bonds are authorized for an object or purpose for which said Town is not authorized to expend money, or

2) The provisions of law which should be complied with at the date of publication of this resolution are not substantially complied with,

and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or

3) Such bonds are authorized in violation of the provisions of the Constitution.

Section 7. This resolution, which takes effect immediately, shall be published in full in the BETHPAGE NEWSGRAM and PLAINVIEW HERALD, two newspapers having general circulation within the Town, together with a notice of the Town Clerk in substantially the form provided in Section 81.00 of the Local Finance Law. Gentlemen:

We are very much pleased with your Spectacular front page insert brochure Package. Its impact was like a two page spread in a big city paper. I have never seen a more graphic presentation of a real estate project and I have been in this business for 25 years.

We have had numerous phone calls since your first paper came out last Thursday. It rained all day Saturday, but Sunday we were kept busy on the property until dark. Monday and Tuesday there was activity that was unusual for weekdays. We have had no time to hear from this week's distribution of 10,000 brochures.

From results so far I can sense a quick sellout and we are already looking around for another development or worthwhile housing project as sales agents. You can rest assured that whatever we take over on Long Island, our advertising campaign will be spearheaded by one of your spectaculars which actually cost us only a fraction of what we would have spent for preparing and mailing 35,000 comparable brochures.

Very truly yours,

## Legion Selects State Candidate

Commander Eric A. Roeckl, of the Plainview American Legion Post 1812, is proud to announce that Seth Weinberger, the son of Mr. and Mrs. Herbert Weinberger of 23 Irene Lane East, Plainview, New York, has been selected as the boy from Plainview to represent the Plainview American Legion Post 1812 at the forthcoming American Legion program in Citizenship Training.

This program is sponsored yearly by the various posts of the American Legion throughout the State of New York and is a citizenship training program designed to meet the needs of our youth and inculcates a sense of responsibility to the community, state and nation and in which program the "learn by doing" concept is employed on the theory that good citizenship is only in part a matter of knowledge, intellect and understanding. Boys' State has been aptly described as a laboratory of practical political science. Boys' State is a pure democracy in that all citizens may vote and are eligible to hold office. The government of Boys' State is patterned after the city, county and state governments of the State of New York. The program inspires and instills a deep sense of responsibility and obligation in our youth by educating them in the principle of democracy and by teaching them the duties, privileges and rights of American citizenship.

If our republic is to survive, youth must have a true concept of the ideals and objectives of govern-

ment. Youth must know what results attend the successful operation of government. These lessons are taught at Boys' State. The individual citizen of Boys' State promotes good citizenship through his contributions to the program. The activities of Boys' State are characterized by self-imposed duties and responsibilities, rules, regulations, practices and

abilities which are essential to the maintenance of any orderly society and government.

Seth will be at Boys' State from June 23 to June 29 which this year, as in past years, is held on the campus at Colgate University in Hamilton, New York.

Comdr. Roeckl wishes Seth Weinberger all of the best of the members of the Plainview Ameri-

can Legion Post 1812 and congratulates him on being chosen for this high and singular honor to represent the community of Plainview at Boys' State.

## Memorial Parade Set In Plainview

Michael M. D'Auria, Chairman of the Community Memorial Day Committee, has announced that final plans have been made for the annual parade which will be held on Thursday, May 30th. All organizations will form at their assigned places at 9:00 A.M., and the first contingent of the parade will step off at

9:30 A.M. This year's parade will be led by the Plainview Senior High School Marching Band, followed by the various veterans organizations and other community organizations. The South side of Old Country Road will be blocked off to permit the parade to pass unobstructed, and services will be held at 11:00 A.M. at the Plainview Old Bethpage Community Park. A community wreath will be presented during the services, representing the contribu-

tions of various Plainview organizations toward the establishment of a Community Memorial.

Mr. D'Auria suggested that all persons planning to attend the services at the Park should arrive no later than 10:30 A.M., so that there will not be a traffic problem when the parade reaches the park entrance. The Memorial Day committee consists of Commander James Mooney of the Veterans of Foreign Wars; Commander Larry Newman of the Jewish War Veterans; Chief Uley L. Felco of the Plainview Fire

Dept.; Mr. Edward Callahan, Chairman of the Plainview Civilian Defense Unit; and Mr. George Kunz, in charge of the field arrangements.

By Edward J. Van Allen  
Leftists Out To "Discredit" Rightists  
Father Curran Says

Rev. Edward Lodge Curran, pastor of St. Sebastian's Roman Catholic Church, Woodside, told a Young Americans for Freedom meeting in Freeport, last week that the "leftist forces in this country don't like little meetings like this. They want the American people to become apathetic. They want to brand every rightist organization in this country as not worthy of belief."

The outspoken priest, who said he was once denied the right to speak in a Long Island community because he was called "controversial," said that in 1960 the Kremlin ordered that Communists target in on anti-Communists. "One of the policies of the American Communist Party is to discredit rightist organizations and personalities," he said, as he left no doubt that American reds are acting on Russian orders.

The function of the Young Americans for Freedom, Father Curran said, is to "preserve our Americanism by preaching it." He added: "Unless the younger generation are Americanized, they are going to be de-Americanized through leftist-slanted publications." Scoring the "apathy and fear of the American people," Rev. Curran said: "The two outstanding national evils in our country today are the drift from God and the drift from patriotism."

The clergyman charged that today children are being "injected" with the "notion that world citizenship is superior to our own American citizenship." Rapping the propagators of that view, he continued: "I am not indifferent to the cause of humanity, but there is only one country I want to work for, and if need be, to die for: That is the United States of America."

On another tack, he told the audience:

"The public schools belong to you. You ought to exercise your ownership over them once in a while. You pay the salaries of these top brass, these supervisors and principals. You are their employers; they are your employees; it is not vice versa."

"The people should especially exercise their influence over textbooks and courses in American history," he said, "and throw out phoney school books and elect American school boards."

"The Young Americans for Freedom," he went on "should become propagandizers of the beauties of the American ideal."

"Point out the value of American history," he advised, adding: "The only evil that would destroy our American heritage is the evil of atheistic Communism."

The priest said he is all for teaching about Communism in the schools. But, he said, "you label it, 'poison' and you prove that it is 'poison.'"

He cautioned the YAF not to discount the potency of Communists because of their small numbers. "Lenin," he said "only had 8,000 followers when he took over Russia."

This reporter, also a guest speaker, told the same meeting that some parents are still being denied the right to inspect their children's public school cumulative files by schoolmen who claim it is "against the law" for parents to see the records.

"Not only is it not against the law; the public school authorities are themselves breaking the law when they refuse to show the records to parents," I said.

If a law were on the books making it a "misdemeanor" for school authorities to refuse to show parents the records,

I concluded, "you'd witness a few more honest handling of school records." A gentleman in the audience rose to say that just recently he was denied the right to see his son's school records by Uniondale public school officials.

**Oddments and Endments**  
A rash of trampoline accidents reported in the Hicksville public schools.. Wonder why the Nassau DA doesn't wage war on the publishers of allegedly obscene magazines and other publications rather than on buyers or stationery stores? Could it be that the DA is loath to tangle with people who likely have big-time lawyers to protect their rights....

The "get the buyer rather than the peddler" attitude is akin to that toward drug addicts. The addict, a victim of a fate sometimes worse than death (and often of death itself) is treated as the criminal. Matter of fact, the peddler and pusher of narcotics is equivalent to a mass murderer. If the death penalty were meted out to dope peddlers, very likely only real dopes would traffic in narcotics....

Neil McCormack reported angling for the presidency of the Hicksville School Board come July 1. Trustee William A. Bruno, Jr. appears to be sitting pretty. If McCormack votes with Trustees Herbert Johnsen and George Kunz, as is anticipated, the three TEACH-backed board members will split the board down the middle, with Bruno holding the decisive vote. Just shows how you can win an election by losing....

On the other hand, if McCormack, a Democrat, defects to the TEACH faction, the move will almost certainly have repercussions in the fall election.

Well, anyway, things always seem mighty, mighty interesting in Hicksville.

## Catholic War Veterans Meet

The Frank Gushue Post, Catholic War Veterans, Levittown will sponsor a rally in Levittown Hall from 2 P.M. to 4 P.M. on Sunday, May 26, for a Constitutional Amendment to permit prayer in public school and other public places.

The following panel of prominent guests will discuss the School Prayer issue from the religious, legislative, administrative, and legal points of view:

Rev. Rix P. Butler, Rector, St. Peter's Episcopal Church, Rosedale; Rev. Edward Lodge Curran, Pastor, St. Sebastian's R.C. Church, Woodside; Hon. John W. Wylder, U. S. Congressman; Hon. Steven B. Derounian, U. S. Congressman; Dr. Charles Rice, Professor of Constitutional Law, Fordham University; Mr. Robert Hoshino, School Board President, District 5; Mr. Bertram Daiker, Regents Prayer Attorney.

Mr. Robert Becker will serve as moderator.

Admission to Levittown Hall will be free. All persons supporting a School Prayer Amendment are cordially invited.

## Girl Scouts Semi Annual Meet

The Mid-Island Girl Scouts Semi-Annual Meeting will be held at the Levittown Hall, Hicksville, on May 28, at 8 P.M.

Senior Girl Scouts and representatives from our Specialized Senior Troops will take part in the program, which will include a report from the girls who attended the Senior International Region II Conference.

There will be an election for delegates who will attend the National Convention to be held in Miami, Florida, October 1963. All adults in scouting are requested to attend this special meeting.

## Seniors Given Exhibit Awards

Joseph F. Madden, Director of Recreation, announces that Donald Totton and Claude Crawford, both seniors at Hicksville High School, were accorded recognition for their exhibits at the Eleventh Annual National Exposition of the Junior Engineering and Technical So-

ciety. The exposition took place on May 10th and 11th at Springfield, Mass., in Cathedral High School. Claude was awarded a superior rating for his project on the laser, a new development in electronic intensification of light beams. Donald exhibited a moon garden which won a superior rating in 1962.

The J.E.T.S. is a national organization with a local chapter sponsored by Hicksville School Recreation and Republic Aviation. It meets at Hicksville High School. Mr. Martin Cohen, a science teacher, is the adviser.

Both projects are notable achievements for such young scientists. The laser promises to be one of the new wonders of the scientific age with many uses in peace as well as war. It is a very complex item that would challenge the creativity and technical skill of even the mature engineer.

The "Moon Garden" is a group project of the chapter lead by Donald Totten. The purpose of this project is to package a simulated atmosphere which will make plant growth possible on the moon. Farming on the moon would probably be far more efficient than

transportation of food. This is one of the problems facing those planning for an eventual moon shot. These young scientists are already trying to find answers.

Totton and Crawford will pursue scientific careers after graduation. Donald will study engineering at Cooper Union and Claude will study physics at Rensselaer Polytechnical Institute. The Hicksville J. E.T.S. Chapter is 2 years old and as one of the school district's recreation activities looks forward to continued progress.

### THE REALIZATIONS

In the 1880's, when trotting races were being held at Fleetwood Park, the Bronx, a race called the Realization was held for four-year-old trotters. It was thus named because a horse is generally believed to realize his full potential at that age. Fleetwood Park gave way to housing in 1897 and the Realization disappeared with it.

In recent years, two- and three-year-olds have been the glamor horses of racing. Last year Roosevelt Raceway decided to revive the Realizations, one for trotters and one for pacers. The 1962 Realization Trot was won by Duke Rodney in the record-breaking time of 2:08 4/5 for the mile-and-a-sixteenth race. Henry T. Adios, last year's leading money-winning standardbred horse, won the Realization Pace in 2:08 1/5. This year the four-year-olds will again match strides in the Realizations at Roosevelt, the Trot next Wednesday, May 29, and the Pace on July 3. Thirty-nine horses, including A.C.'s Viking, the 1962 Hambletonian winner and top all-time money winning three-year-old trotter, have been kept eligible for the 1963 Realizations.

# BEAUTY SECRETS

By Victor of Vilu

Here is a sure-fire formula to add 10 years to your appearance. First, pick out something important to worry about and put your everything you've got into a state of anxiety. Second, be tense. Pick out little things, and then work yourself up into a frazzle. Third, drive yourself every day — harder, harder and harder. Fourth, stay up late, neglect your good habits and cultivate your bad ones.

When your course of frenzy is over — lets say in about two weeks, take a good look at yourself in the mirror. If you've been conscientious about your tensions, you'll find yourself looking at least 10 years older!

Of course, it isn't my job in a beauty column to add on years, but to take them off. Tension, anxiety and worry, help nobody but your doctor, and he's much too busy these days to cure someone who can cure herself.

What I'm driving at is that a troubled mind can never make a woman glamorous or beautiful. When you are irritable and tired your looks change perceptibly. Your skin takes on a drawn, sallow look. Your eyes lose their brightness and you have a tendency to neglect your dress, your make-up and your hair.

When the world seems to be climbing up your back, stop whatever you are doing and relax completely, flop down on your bed and just spend a little time reflecting on nothing. Raise your legs, close your eyes and let a little peace settle into your system. Think some pleasant thoughts about the good things in life. Pretty soon you'll find the tenseness just melting away and life will be good again.

If you are in your office, stop what you're doing and excuse yourself. Take a little walk for yourself — out of doors if you can think of a good excuse. Treat yourself to a cup of coffee, a glass of water or some tea. Breathe in some fresh air and take a good look at the world around you. Rest your eyes. Put on some fresh make-up and a skin freshener. Your morale will start looking up.

Your own mental attitude is an important beauty aid. A good night's sleep will do you more good than anything else you do. Some women who are down in the dumps come into VILU for a hair-do or a beauty treatment, and if this doesn't cure you, try two visits.

The point is, release from tension and the ability to relax are two of the most important beauty treatments known. They will take the wrinkles and lines out of your face — two tell signs of age. It takes plenty of talent to learn how to relax — but it's the most important beauty lesson you can learn!
