Will Hicksville Bd. Probe Itself

By Edward J. VanAllen

Hicksville School Trustee William A. Bruno, Jr. reported this week that the Hicksville School Board has approved a Bruno-authored motion to "investigate" its warehouse stores, particularly what stores are on hand in the Duffy Avenue storagehouse rented by the district.

The action was taken after a Mid-Island Times reporter left the Board meeting last Friday.

The five-man majority's okaying of the one-man minority's motion was seen as an answer to repeated Bruno intimations that there are irregularities in the district's purchasing policy, particularly in the paper-buying category. The Board's move was also viewed as a bid to forestall any possible official probe of the district, as suggested by last week's Mid-Island Times.

Bruno charged at the January 10 School Board meeting that the school district still has paper on hand which was bought under the 1959-1960 budget. The minority trustee also has uncovered what he calls "perfectly usable" textbooks in the warehouse. These books, he claims, have been replaced by "revised" textbooks which actually have less textual content.

Bruno located the books after a Hicksville mother complained to him that her elementary school child had no math book.

KATHLEEN MILL (right) of Hicksville, Secretary of the Steering Committee for the Long Island Senior Girl Scout Conference, gives registration forms to Mid-Island Council representative Annette Dempsey. Mid-Island Council is the hostess for the conference, which will be held on March 21, at the East Meadow High School. Six hundred girls from all Nassau and Suffolk Councils are expected to participate in discussions of the opportunities for service, camping, international friendship, and leadership featured in the new Senior Scout program.

Charge Handicapped Child's School Records 'Missing'

By Edward J. Van Allen

Mr. and Mrs. Robert Larsen, the Levittown parents of a handicapped child barred from the Levittown schools and barred even from a special school for the handicapped in Brooklyn because the County of Nassau has refused to pay the boy's tuition at the Brooklyn school, charged this week that certain papers are "missing" from a copy of the child's cumulative file maintained by the school district.

The parents recently requested that the district furnish them with photocopies of the papers in the file. The Larsens said they paid for the photocopies out of their own pocket, only to discover that certain letters were not included at the time the photocopies were supplied.

It was also learned that a letter from a school official to a School Board member never was placed in the file. Although the letter allegedly refers to Tommy Larsen, the 13-year-old deaf, cerebral-palied child barred from the Levittown schools, is also reportedly "lambasted" Tommy's mother.

Under state law, public records cannot be destroyed without lawful authority. Penalties attach to the willful destruction or concealment of such records without such authority.

Miscela Suprema Court Justice William R. Brennan, Jr. ruled in the Van Allen versus McCleary school records case that cumulative files on public school children are both "public and private".

Examination of Tommy's school records revealed this week that the file contains a bunch of looseleaf papers, unbound and unindexed. Without an index or "inventory" of the file's con-

ents, it appears that any paper can be removed at will from the file, with parents being none the wiser.

Asked for an explanation as to the claimed "disappearance" of the papers, Levittown Superintendent of Schools Louis Blumberg said at first: "I have absolutely no knowledge of anything that might be in the file that was not photocopied."

"Do you say it is a complete file?" he asked.

"Yes," he answered. "What she (Mrs. Larsen) has received is a photo-copy of everything that's in the file." He then modified that statement by saying that the file came to Levittown from another district. "Obviously," he added, "when you say to me, 'Is this a complete file?', I don't know."

Mr. Blumberg said he would "check" the file folder to find out if anything is missing.

The file of photo-copies turned over to Mr. and Mrs. Larsen consists of 66 documents, several of more than one page. It appeared manifestly impossible for Mr. Blumberg or any other school district official to "check" into whether any other documents besides those in contention are missing from the file as, without an index or inventory, there is now way of knowing what might have been in the file last week, last month, last year, or several years ago.

Just before the Times went to press, Mr. Blumberg's office advised this newspaper, in effect, that the letters Mr. and Mrs. Larsen claim are missing from the file do not exist. (To be continued)

orations.

Edward J. Poulos, Majority leader of the Town Board, said that close scrutiny will be given the condition of vehicles again this year — the services rendered, prices charged and character of drivers in order to safeguard those people who must rely on taxicabs. He said the Board will again consider tightening regulations in any area where public service

Mr. O'Keefe disclosed that Leap Year gives the "cab" one extra day in the 1963-64 year. They expire the last day of February, and, of course, every four years the expiration day is the 29th — otherwise the 28th.

There are some 81 taxi owners and some 305 drivers who must renew. O'Keefe said renewal applications must be received in his office between January 15th and January 31st in order to be processed for use on March 1st.

Bucknell Tickets

On Friday, January 31, the Bucknell Club of Long Island will hold its annual dinner dance at the Williston Masonic Club, Williston Park. The dance, which will celebrate Bucknell University's 118 birthday, will feature a smorgasbord supper and dancing to the music of Jack Harvey's orchestra. Reservations may be made by contacting Mr. Joseph C. Lauke, 99 East St., Hicksville, at WE 1-2688.

Virginia Turano completed her nursing course at St. John's Hospital in Sept. At Christmas the Bethpage Rotary Club received a card from Miss Turano thanking it for financing her tuition to the Hospital School for the past three years.

Thinking It Over

by Robert L. Morgan

We have been pleasantly surprised by the favorable response to our editorial of last week condemning a member of the Hicksville School Board for his attempt to out off criticism of his School Board by using tax money as a weapon. (once again the full story is printed in a page in this newspaper.) The response happily has come from many different segments of the community some from people who admittedly do not agree with the original editorial—although to be honest many more people than one would guess think the school board is wrong on many more issues than this one and that it has been advocating wasteful spending and higher taxes without a care in the world for the views of the taxpayer.—

But the opinions are not the question here—We've always been willing to carry dissenting views. The question is a simple one. Does a school board member or any elected official have the right to use his office and taxpayers money to influence editorial opinion? The answer seems so obvious that it shouldn't even have to be stated. Yet in Hicksville a School Board member Mr. George Kumz differs with this basic idea, penalizes the press thinks he is right and as yet only one member of the school board has told him he is wrong. But at least the public knows the score.

Air Conditioners Relieve Allergies

By C. A. Dean, M.D.

(Q) "We purchased an air conditioner last summer and after a while my sister says she is allergic to it. How could this be? The only reason I can think of is that she had a cold for a long time." A.B.H.

(A) Air conditioners do not cause allergies; rather, they relieve them. The purchase of the air conditioner and her prolonged cold, coming at the same time is probably coincidental. But in her favor, I know that many persons do not care for air conditioning in the summer months. They prefer the steady hot weather to the abrupt changes that air conditioning produces. Many insist that this is how their colds begin and at times I can't honestly disagree with their diagnosis.

Special note to Miss J. F.: concerning your sister and the disagreement with your mother — Mother knows best when it comes to this advice.

(Q) "I have a sac fluid on my lung, left there from a bout of pneumonia at age 19. I am now 67. Is there a drug that can remove this fluid or must it be removed by needle?" Mrs. V.B.M.

(A) If this sac of fluid has been in your lung for 48 years, why does it have to be removed? If a doctor has advised it I would get a second opinion and then ask the two doctors the best method.

Editorial: Some of you may have used or considered using devices which emit ozone for the purpose of treating diseases or purifying the air. Ozone lamps are falsely advertised as long as 30 years ago as beneficial for "sinus" trouble. Investigation and experience with devices that emit ozone now conclude that they are unsafe. Ozone is a subtle gas which is actually very poisonous for both humans or experimental animals having continued exposure to it, even if the gas is present in very low concentrations for a short period. Con men who promote fraudulent cure-all or quackery devices use ozone in a few. Please beware.

The Hall Of Free Enterprise

By Russell Kirk

AT NEXT SUMMER'S WORLD'S FAIR in New York, foreign visitors and Americans will find a classical building called "The Hall of Free Enterprise." This is the work of the American Economic Foundation (61 East 42nd Street, New York 17,) a tax-exempt institution. The total budget for this project is \$3,100,000, to be raised by contributions (no easy task, and only one-fourth completed as yet); the ground-rent alone is \$100,000.

What the American Economic Foundation intends to do is this: teach people from abroad, and Americans, the fundamentals of a free economy. Perhaps the most promising part of the project is a series of two-week graduate courses called "Workshop in Enterprise Economics," to be conducted by a staff from Adelphi University. These courses will be offered in six languages — English, French, Spanish, Russian, Italian, and German; they will carry academic credit. It seems fitting that a private foundation should shoulder the burden of this big project, for government-sponsored championship of free enterprise somehow is not altogether convincing. In this field, perhaps the Hall will do more good than everything the United States Information Agency ever has published on the subject.

Visitors from the "new nations" of Africa and Asia will have something special to gain from visiting the Hall; for already enormous harm has been done to the economies of most of those newly-independent countries by a muddy and doctrinaire passion for "socialism." While socialism may work, after a fashion, in a secure and highly-developed economy like that of the Scandinavian countries, it is immediately ruinous to an infant state with little development of trade and manufactures. Only the incentive of private gain and ownership is calculated to accumulate capital in a country. And only a country which has a considerable class of people with private resources is likely to develop free political institutions.

The Hall is not intended primarily for the praise of American prosperity, but rather to inform people about the general principles of a free economic system, applicable in most of the world. One of the principal endeavors of the American Economic Foundation is to transcend old slogans and hostilities, and to present the strong case for a competitive economic system as lucidly as possible.

A great deal can be learned at the Fair about modern technology. Yet unless governed by sound economic principles, improved technology can become an instrument of tyranny. Prosperity is the product of healthy social institutions, rather than of mere mechanization.

Wheel Chair Game Set For Jan. 25

For the fifth year in a row, wheelchair basketball will again be presented in Hicksville. Saturday night, January 25, the Bulova Watchmakers of Woodside will tangle with the Eastern paralyzed veterans association Chargers of New York City.

The game, an official Eastern Wheelchair Basketball conference event, is again sponsored by Cub Pack 291 of Hicksville. The scene of action will be the Hicksville Junior High School and game time is 8:30 p.m. Entertainment will be provided at half time. Price of admission is 50c for

children and students and \$1.00 for adults.

Most of the wheelchair basketball games are for charitable purposes. Not only are these players interested in wheelchair basketball as competition but they are enthusiastic in teaching the public that there is no reason why a man who can play a skilled game of wheelchair basketball ought not

to be hired in our society. In spite of the limitations imposed, the dexterity and speed of the players continually thrill and amaze spectators. Cub Pack 291 is sponsored by the Parents - Teachers - Friends Association of Trinity Lutheran Church in Hicksville and the event is the annual method of raising Pack funds.

Keep your mind on the road, not on your troubles. Don't worry about business, the family, or what may happen tomorrow. Keep alert to what's happening now. Good driving's a full-time job requiring an alert mind and body. If you must worry, do it in your leisure time.

WHEN YOU DRIVE...

Think now, complain later. "Mad" at someone or something? Turn it off when you turn your ignition on. Anger, no matter who or what it's directed at, can color your whole driving attitude, making you a menace to other motorists on the road.

THINK

Think wise... think cagey... think careful, cautious, cheerful, courteous driving. Good driving is the responsibility of every motorist. A cheerful attitude toward others on the road will get you to your destination more relaxed than if you find fault with every driver along the way. Think careful driving when you're behind the wheel. And, when you think of protection against the hazards of other not-so-careful drivers, think of State Farm, the careful driver's insurance company.

BEAUTY SECRETS

By Victor of Vilu

An Important Announcement for Home Hairstylists

We are pleased to announce the opening of a new department in our beauty parlor, dedicated to the many women who supplement their visits to our salon with home care. Our new "do-it-yourself" department features all the nationally advertised brands of hair preparations, hair dyes, permanent and beauty products - at our cut rate prices.

Why should a Beauty Salon encourage home care by making these products available to our patrons? For many reasons, among which is our recognition of the importance of following up your regular visits for professional services by our stylists, with supplementary care and attention. Hair and skin care is not a once a week job, but a daily "must" for today's beauty conscious women.

What better place to purchase the supplies that make this home work possible, than in the beauty parlor itself? Our beauty specialists are on hand to give you the benefit of their professional knowledge in helping you select the right product for your individual requirements and showing you the right way to use it. No two persons' needs are the same for beauty maintenance is a personalized problem, needing a personalized solution.

In addition to this individual service and attention, you'll pay much less at your favorite beauty parlor than at any other store in the neighborhood. We buy right, and we sell at cut rate prices - an important consideration.

Yes, you'll save money, save time - we have a skilled specialist ready to serve you, and you'll look your very best because we have dedicated ourselves to helping you take care of your "home work" with skilled direction. Drop in and see for yourself how we help you help yourself.

Veterans' Aid To Be Increased

The Town Board is considering increasing the allocation of memorial funds to veterans' organizations this year, it was disclosed by Councilman Edward J. Poulos, Majority Leader.

The proposal will implement permissive legislation enacted by State authorities for 1964. It will in effect double the annual appropriation from \$1,000 to \$2,000; thus also doubling the payments to each of the approximately 20 veterans' organizations in the township.

This fund is used to encourage the veterans' organizations as a group to participate in Memorial Day, May 30, Independence Day, July 4 and Veterans' Day, November 11.

AN ATTEMPT BY A SCHOOL BOARD MEMBER TO CONTROL THE PRESS!

THIS EDITORIAL BROUGHT REPRISALS

THINKING IT OVER

by ROBERT L. MORGAN

Many people in Hicksville were surprised to find that the School Board held a referendum on Saturday morning after the assassination of the President. Practically everything else was cancelled out of respect for the President. We suspect that the people backing the building expansion did not want to forsake the possibility that in postponing the election that it might be defeated by a large turnout.

If the District did intend to go ahead with the referendum it might have sent out a sound truck and had it announced on the various radio stations. Most people were listening to radio or TV anyway and they would have heard that the vote would go on as scheduled. That is if the Board really wanted a big vote on the issue.

The groups for bigger, and they say better schools show some inconsistency to the children when they will use a day of national mourning to achieve their goals.

SERIOUS THREATS

Remarks of School Board member George W. Kunz asking for a School Board motion to penalize the Mid Island Times

"Mr. Chairman, I think as policy we designated two official (advertising) newspapers, one being the Mid Island Herald and the other the Mid Island Times, and up until two weeks ago, in my opinion there was no objection on my part. But having been shocked by something I read as an editorial by the Mid Island Times the week after our referendum which practically implied that the Board held the referendum on the Saturday following the president's assassination, practically implied that we arranged for it just so that we could get our referendum passed. I would like to see the policy changed with respect to the Mid Island Times being designated as an official (advertising) newspaper of this district. I don't mind saying before the public that I thought the editorial was one of the worst pieces of journalism I have seen and I think it impugned the motives of the Board members. I think it was a disgrace to the people of Hicksville and for that reason I don't see any reason why we should have to continue to have to keep this newspaper as an official (advertising) newspaper of this district."

"As an alternate I would suggest, in line with Mr. Lawrence's suggestion right now that we designate the Long Island Press as an alternate for the remainder of this fiscal year until our next annual meeting."

(These remarks are transcribed from an actual recording made at the meeting.)

and CONFIRMING LETTERS

Litmor Publications, Inc.,
Hicksville, New York

Dear Sir:

It is obvious that you have been misinformed as to the real reason for my motion. It was not motivated by the bill submitted.

In the interest of fairness, I will propose that the Board give you time to render a personal explanation of your position on the real issue involved—if you indicate that you will attend our next meeting on January 10.

Please let me know no later than January 3rd.

George W. Kunz

Litmor Publications
Hicksville, New York

Dear Mr. Morgan:

The motion I made to the Board—which passed unanimously—actually turned on the word "fair." It dealt with the editorial you wrote the week after our referendum which I hardly thought was "fair."

It is certainly not my intention to try to censor your editorials. You can write what you wish. But when, in my judgement, you unfairly impugn the motives of the Board in the manner you did then I hardly think you can expect the Board to take it kindly.

If you have some explanation or apology, I will certainly consider it in the light of fairness. I realize the President's assassination affected us all very deeply, but I think an Editor has more responsibility than was shown by your editorial.

Yours sincerely,

George W. Kunz

... and OUR ANSWER

I have not come before this Board tonight to apologize for any opinions that I have written. I am here to demand the resignation of Mr. George W. Kunz from this School Board. Mr. Kunz has misused his office and committed an act which is in the nature of bribery. It is an act that cannot be condoned by anyone and will bring disgrace upon the Board of Education.

It was with shock and amazement that I read a letter from Board member Kunz suggesting that I might come to this Board meeting and apologize for editorial opinions I had written in the Mid Island Times. These opinions questioned the propriety of holding balloting on the school referendum on the Saturday after Pres. Kennedy was assassinated.

The shock was that I never suspected Mr. Kunz who has been elected to the Board of Education in Hicksville would take it upon himself to influence a newspaper and actually distort the contents of a newspaper editorial.

The shock was intensified when in listening to the recorded minutes of the meeting of December 13, that Mr. Kunz would dare to openly state that this was a reason for withdrawing legal advertising from the newspaper.

I want Mr. Kunz to know without reservation that it is not his place to direct the editorial policy of any newspaper and that if the position he was elected to on the School Board by a narrow margin, has so inflated his ego that he believes he has this power, he has much to learn. It is a breach of office for any member of a School Board to suggest that in addition to purchasing something—in this case advertising—that he is entitled to something extra. This is a misuse of public office. The School Board and Mr. Kunz have no reason to expect any special treatment by newspapers that they by law place advertising in. If this were the case there would be no criticism of any public office and no newspapers worth printing.

In the case of a Board of Education trying to establish this practice it is even worse. They are supposed to represent the highest goals of education which must of necessity be in accord with the Constitution of the United States. To blatantly attempt to control newspapers with tax money is incongruous.

The facts are clearcut in this case and beyond debate. Mr. Kunz even confirmed in letters to the newspaper that he was penalizing it for its editorial and that it would get what he calls "fair treatment"—that is the Board would buy the usual advertising space—if the editorials were friendly. There is no way that the Commissioner of Education can approve of this. It is wrong, disgraceful and a misuse of public office. If Mr. Kunz does not voluntarily resign, we are sure he will be ousted.

In order to help bring this about more quickly we will reprint the editorial which was attacked—Mr. Kunz's letters to the newspaper, our answer and a coupon to the Commissioner of Education asking that he act on this with due speed. This material will run each week where space is available until the school budget vote at the end of the year or until Mr. Kunz resigns.

In order to divorce this issue from a monetary one, the Mid Island Times has decided not to accept any more legal advertising from the Hicksville School District for the remainder of this fiscal year, regardless of whether the action of the Board is reversed or not.

To: Commissioner of Education
James E. Allen, Jr.
Albany 1, N. Y.

THE ATTEMPT TO INTIMIDATE AND SUBJUGATE THE MID ISLAND TIMES IS SHOCKING. Please advise the Hicksville School Board that it is a misuse of Public Office Funds.

During dinner at the Golden Door, a man was complaining bitterly and loudly about the state of affairs in this country. He became so vehement that a gent at the next table suggested, "Why don't you register your protests with your Congressman?" The table thumper roared: "I'm my Congressman! What good would that do?"—The Dick (Club House) McKee's resting up in Miami. A very kind old gent advises: "Wives, like children, need to be loved most when they least deserve it."—Overhead: "Don't worry about her. She's a southern belle, free and teasy on the drawl!"—And "Women should make good umpires: A woman never thinks a man's safe when he's out."—A friend who recently returned from Hawaii tells us that men in our 50th State often make passes at girls who wear grasses—Would you say that the snow brought on the crawl of the open road?—A thrice married mother telling her child a bedtime story, it began with, "There was a mama bear, a papa bear and a baby bear by a previous marriage."—Here's that Applegate again. Harold said sadly, "My wife's gone to New York for her annual spring millinery maneuvers."—Joe (Midway) Duffy's lament about a horse he bet on, "I won't say he ran slow - but this is the first time a jockey took along copies of Long Island Press and Newsday." Pianist Vin Roddie continues packing Acqua Manor on week-ends, natch....Note from a Syosset matron: "The newest dream kitchen has a lounge with TV, bookcase and fireplace, but most women would chuck the whole thing for a good old-fashioned hired girl. "Her last paragraph was kinda cute. "We're not going to consider any of the new models the real dream car of tomorrow until one of them includes a disposal unit built into the ledge behind the back seat to chew up all the comic books, candy wrappers, peanut shells, rubber bands and old road maps." That lady has something though she forgot to include dirty mismatched gloves....Believe it or not: A few months ago several thousand thick Manhattan telephone books were shipped to a Central American banana firm, which used them to bulletproof its payroll trucks. I know several people who wish Clint Martin would run for Governor. I, "second the motion.".... Note from a clam digger: "Bet you didn't know that papa seahorses not only carries the eggs but supplies the young with oxygen through his blood steam. The eggs stay in a pouch on his abdomen for 40 to 50 days; he expels them as little seacolts ready to swim." I've got news for you Mr. Clam Digger. I don't give a \$32¢/ Who ever bet on a seahorse?....My slogan: Short visits make long friends...North Shore socialite Lee Jordan delighted at how Lee's 2000 Club restaurant, New Hyde Park, is shaping up for the grand opening.
