WHEN THIS TRUCK in Jericho off the expressway, loaded with bakery supplies, huge cans of apples, blueberries, 25 gallon cans of shortening, bags of sugar, etc. lost a wheel, caught fire and overturned, it really made a huge type of pie. Jericho firemen fought the flames while inhaling the fine aroma of apples and blueberries...For hours afterwards the sweet aroma of apples and blueberries was prevalent for half a mile. The truck was eastbound when just west of Broadway, it lost its right front wheel, caught fire and turned over taking down 100 feet of guard rail. The burning wheel went into the grass and started a grass fire. A large detail of Nassau police was kept busy until a large wrecker removed the truck. Then the huge "pie" had to be removed with shovels.

"It was just like walking into a huge bakery" as one cop described the scene. Photo by Drennan.

## Bruno Suppression Case Near Completion

The case of School Board Trustee William Bruno, Jr. vs. Supt. of Schools of Hicksville Donald F. Abt is now in the hands of the Commissioner of Education.

Attorney for Bruno, Harry H. Goebel this week filed a 16 page brief outlining Bruno's claims against the superintendent. These claims involve the non-answering of various requests for information made by Bruno.

Mr. Abt's attorney, School District Attorney, Joseph Catalano claimed that Bruno was not entitled to the information without board majority approval. Goebel for the trustee says that Bruno cannot possibly do his elected job without information on the school district. To back up his argument, Goebel has cited several recent cases in which school board members were upheld in requests for information. It is expected that a decision will be handed down in about a month.

## Supporting P.R. Students

Mrs. Blanche Tisman, President of Study, Incorporated, announced today that because of insufficient funds, the organization has altered its plans for 1964, and will assist a group of Hicksville students to study in Puerto Rico, rather than attempt to finance trips to Spain and France.

Although Study, Incorporated, sponsored a successful affair to which the Community gave its whole-hearted support, the amount of money needed to finance students who required monetary aid on the French and Spanish trips was greater than could be raised in the limited time available, said Mrs. Tisman.

"Accordingly," she continued, "The Executive Board has taken the practical alternative and will assist Hicksville students who will study at the University of Mayaguez. Hopefully, Study, Inc. will as a result of concentrating on fund raising in the year ahead, be in a better position for the summer of 1965."

# LIBRARY NOTES

By Vivian Robinson

Hi, Boys and Girls, how does it feel to have only 2 more weeks of school to go? Young people all over the country are looking forward eagerly to the closing of school and summer vacation. One might say the teachers are, too! During the cool days of June, all thoughts are on the warm days ahead. Now with summer comes swimming, tennis, soap box derbies, jumping rope and summer camp.

Beginning now and especially after school classes, the Children's Room of the Bethpage Public Library invites you and your friends in for many pleasurable hours of reading books and magazines. In fact, why not get a jump on your classmates and begin planning your vacation with the help of good books!

For the future Baden-Powells, two excellent camping books are "101 Camping-out Ideas and Activities" by Bruno Knobel, and "The Golden Book of Camping and Camp Crafts" by Gordon Lynn. There is nothing that can be compared to the fun and pleasure of the outdoor life, when one is properly equipped.

If you can swim but you need to develop your strokes, then you should check out Lynn Burke's "Young Sportsman's Guide to Swimming" or Charles Sava's "How to Teach Yourself and Your Family to Swim Well." Both books are easy reading, and if you follow the instructions you can become a top-notch swimmer.

Bethpage will have a Soap Box Derby this summer, and there is still time for you to build your box and enter the contest! If you dash to the library and get Maginley's "Make It and Ride It" or Carlson's "Make It Yourself," you too will be derby bound. For the girls not interested in camping, swimming or soap box derbies, there are books horseback riding, tennis and ping-pong you may enjoy. So be prepared for the summer days ahead by lining up your summer activities and your summer reading lists now!

## THINKING IT OVER

By Robert L. Morgan

A weird letter appeared in the Long Island Daily Press of Tuesday. It was from the Commissioner of Education, James Allen, thanking the paper for having recommended the passage of ALL school budgets in Nassau County and further citing that this propaganda effort had been successful as shown in the fact that only seven school budgets were voted down in Long Island.

It is absolutely amazing that the Commissioner of Education should stump for ALL school budgets to be passed. He has not the time to read and go over every school budget in every district -- nor has the Long Island Press. To assume that all school budgets, simply because they are school budgets, are good and represent the best interests of all communities is utter folly. The fact is that school boards vary, some are good and it follows necessarily, that some are bad.

The crime involved in trying to blanketly say that all school budgets should be passed regardless of how good or bad they are is that when the budgets are bad they take money away from education -- they do not help it.

In the last few years there has grown a cult of state bureaucrats, namby-pamby newspapers and PTA worshippers who have done more to hurt education than anyone else. But, they are cited regularly as "Friends of Education." It is a shame that someone in the position of Commissioner of Education should have such clouded vision that he believes money spent on education is always right regardless of what is being called education.

It is little wonder with men such as the Commissioner at the head of the Education Department that many families are finding that all of their money has been spent on supporting lower education that they do not have enough money for college. Perhaps Commissioner Allen, who came to us during the Gov. Harriman administration, should be sent along his merry way with the Ex-Gov.

## Shoeless Natives Have Healthy Feet

By C. A. Dean, M.D.

**MEDITORIAL:** I have spoken about the hard and soft corn in the last two columns. Now I will describe another painful type, the blood corn. The blood corn is a hard corn with blood vessels imbedded in it. It forms as a result of injury which extends into the deeper layer of the skin. They are located on the marginal surfaces of the foot where the plantar skin joins the skin on top of the foot. They are also seen as circumscribed masses of skin in which the elongated blood capillary loops lie. They appear as sharply defined black spots and can be confused with the diffused discoloration caused by bruising. Pain is characteristic of the blood corn. The patient complains of burning and pain over the area, even at rest and with the shoes off.

Some undetermined injury permits a few isolated blood vessels to become imbedded in the hard corn, and like all types of corns, women are more susceptible. The reason for this is women's weakness for stylish shoes. God intended us to walk barefooted and on flexible terrain. Through civilization came the highheeled, pointed shoe and the hard, rigid, concrete walking surfaces. The foot is squeezed, distorted and brutalized in this type of shoe and on this type of hard surface. Shoes should fit the foot and not the eye.

Surveys show that 78 per cent of our population have foot problems and only 5 per cent of the African natives, who go shoeless, have foot problems. Getting away from nature by using high heels and hard walking surfaces has made this a nation of foot sufferers.

## Who Loathes Spiders And Worms?

By Russell Kirk

ACCORDING TO DAVID HUME, the origins of our moral convictions are unknowable. I suppose it is equally true that we cannot penetrate to the sources of our aversions. Why do many of us fear snakes, spiders, and worms?

A recent column of mine about earthworms (which I abominate) turned out to be one of the most popular bits of writing I ever executed. Among the many gentle readers who commented on my observations were a number of spider-dreaders.

For my part, I rather like the spider, perhaps because of the lesson it taught the Scottish patriot Bruce. But my stepmother, Mrs. Avilda (Billy) Kirk, entertains other sentiments. She used to go into hysterics when one of those beasties intruded itself into her presence.

Her worst experience occurred abruptly when she started to go up the steps of her house, and found her way barred by the most monstrously tremendous of all spiders. It was raining; her arms were full of parcels; but she dared not pass the dreadful creature on the step. The spider glowered upon her as she shook with terror.

At this awful moment, a small colored boy happened to stroll along the sidewalk. "Are you afraid of spiders?" called out Billy, piteously. "No, ma'm!" replied our hero. When duty whispers low, "Thou must!" the youth replies, "I can!" Rising to grandeur, the little boy advanced at Billy's exhortation to slay the monster.

But when he was brought face to face with the belligerent horror, the little boy's courage failed him. Awed, he gazed for some time upon this eight-legged behemoth. "No, he's jus' too big for me, ma'm," said the boy, regretfully -- and went his way.

Billy was rescued soon after by a neighbor lady, fearless as a Roman matron, who swatted the dreadful creature with a board, all unconcerned. Bring on your spiders! say I. I defy them to do their worst. But when it comes to earthworms.....

The most shocking experience of my variegated career took place at the ruined castle of Cessford, on the Scottish border. My friend Steve and I, on a long walking-tour, scrambled through a broken window, down into that roofless wreck of a keep. Great mounds of loose earth filled most of its interior.

And then, to my utter consternation, I found the worst of my nightmares realized. For that loose earth was the abode of hundreds of thousands -- perhaps millions -- of crawly, nasty angleworms. Can it be that they were reared here, for bait? O the horror of that moment!

Before I recognized my peril, I had slid down to the bottom of the ruin; so my only means of escape was to paw my frantic way up through the earthworm-mass to the shattered wall. That did I, pallid, breathless, and praying for deliverance from this hell -- in nothing flat. But the memory of that torment will haunt me to my dying day. I don't even want to know how I acquired this prejudice: just let those frights keep at their useful labors, well under the sod.

### Letters

There is before the U.S. Senate a piece of legislation called "The Civil Rights Bill" which should be carefully examined by every American before it is allowed to become law.

Proponents of this bill would have you think it is a "Cure all" for everything that is wrong with our country. I disagree. I have read the entire measure several times and, believe me, it will not solve any of our problems..it will only create new ones.

Recently, I heard that members of the Congress and Senate were having difficulty supplying the demand for copies of 'The Civil Rights Bill.' I then heard about the Montgomery Jaycees in Montgomery, Alabama, and their program of distributing copies in any quantity for 10¢ each. I wrote them a letter, included my dime, and in a couple of days my copy of H.R. 712 arrived and, I understand that more than 300,000 other interested Americans representing every State have also ordered copies. Should any of your readers desire a copy of this bill I would suggest they write to the Montgomery Junior Chamber of Commerce, P.O. Box 881, Montgomery, Ala., and include a dime for each copy.

Sincerely,  
/s/ James D. Martin

## How to buy an electric shaver

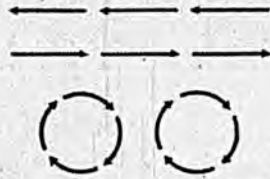

(Perfect gift for Father's Day and Graduation)

1. Have an uncomfortable shave for the last time. No man should put up with a shave that is irritating or unpleasant day after day. Shaving should be convenient and comfortable. And today it is—with the comfort shave.

2. Talk to your dealer about electric shavers. He'll show you several brands. Most of them have blades which go back and forth. Only Norelco Speedshavers have rotary blades which go round and round.

3. Look at both kinds. Back and forth blades stop and change direction constantly. Norelco rotary blades whirl continuously in one direction. They stroke off whiskers without pinch or pull.

4. Ask about speed and closeness. Today's electric shavers all shave fast and with about equal closeness. The important difference is in the comfort they give. It's the difference between enjoying a shave or enduring it.

5. Ask about comfort. Only Norelco rotary blades give you the comfort shave. Norelco rotary blade action is so smooth, the face actually feels soothed. It's the most comfortable way to shave close and clean.

6. Select your Norelco: New Norelco "floating-head" Speedshaver. Heads swivel to fit face. New "flip-top" Speedshaver, world's best seller. New Norelco Cordless, battery powered. All give the comfort shave.

### Senior Citizens Varied Activities

The Senior Citizens Club of Bethpage held its reg-

ular meeting June 4, at the American Legion Hall on Washington St., Bethpage. After the usual refreshments, and a short business meeting, the time was given over to the painting of ceramics. Many lovely things are being made and some of the articles from the Hobby Show have been sold.

The previous meeting, May 28, was given over to a luncheon at the new Chinese Restaurant, "Tung Hing," on Stewart Ave., Bethpage. Everything was delicious and very nicely served.

New members are constantly coming in and are always welcome. For information, call the President, Mrs. Viola Weydner at WE 8-0185 or Director Mrs. Eileen McLaughlin at GE 3-4694.

### SPORTSMAN'S DIGEST By Hal Sharp FISH PARASITES

IF PARASITE-INFECTED FISH ARE PLANTED WHERE OTHER FISH ARE HEALTHY, THE PARASITE'S WILL INFEST THEM ALSO, TO THE DETRIMENT OF EVERY FISH. THUS, PLANTING FISH IN PUBLIC WATERS IS AN EXPERT'S JOB. DON'T MONKEY WITH IT!

SOME PEOPLE MAY BE SHOCKED TO FIND PARASITES IN FLESH OR ABDOMEN OF ANY FISH. IT'S VERY COMMON IN SOME AREAS. ALL SUCH FISH ARE SAFE TO EAT WHEN PROPERLY COOKED.

## Meet LILCO's New Recording Star

This is a metercorder, a magnetic tape recording instrument that means new efficiency in meter reading—and better customer service.

LILCO is the first utility in the country to adopt this advanced method of reading gas and electric meters, so LILCO customers will be the first to

benefit by the new standard of accuracy made possible by metercorders. Your local meter reader will probably have his soon.

Metercorders are a product of this electronic age of computers. They don't eliminate the man. They eliminate his pencil and his unwieldy record book

## Thirty Percent Increase In Local H.S. Grads

A 30 percent increase in high school graduates will be recorded this year as Bethpage, Hicksville and Syosset High School seniors go to commencement. The senior class in Bethpage High School this year totaled 329, in Hicksville a giant 795 and in Syosset 495, giving the total number of graduates from the three schools, 1619. Last year the three schools totaled 1194.

This special supplement of Litmor Publications lists all students in the graduating classes of each school. Because of the large number of graduates it is being published in two sections. A North section and a South Central section.

The many advertisers in this issue join with the publishers of your community newspapers in wishing the greatest success to all 1964 graduates.

# RITE ELECTRONICS

## Announces the Opening of the Nation's Largest RENTAL LIBRARY OF PRE-RECORDED TAPES

Another Innovating Department in the Island's Only "Family Electronics Shopping Center"

Starting today, you can rent from over 7,000 pre-recorded 4-track stereo tapes listed in the Ampex catalog, plus Columbia, RCA and Angel recordings. When you join the RITE RENTAL LIBRARY OF PRE-RECORDED TAPES you can take a pre-recorded tape home to listen to it before you buy it, or use it for any other purpose you wish. As a member of the LIBRARY you have the privilege of renting as many of the 7,000 titles as you wish . . . at a very nominal charge. In addition to renting privileges, a LIBRARY member is entitled to purchase pre-recorded tapes, accessories and blank tape at extra discounts below the already low Rite price . . . plus receiving free pre-recorded tapes and a special Hi-Fi magazine.

Read the complete details about the Rite RENTAL LIBRARY OF PRE-RECORDED TAPE below. If you act now and are among the first 500 registering . . . there's an extra bonus waiting for you—a \$11.95 Ampex twin-pac pre-recorded tape.

### Details on the Rental Library of Pre-Recorded Tapes

#### MEMBERSHIP FEE

There will be an initial fee of fifteen dollars, payable upon application for membership in the RENTAL LIBRARY OF PRE-RECORDED TAPES. Each succeeding year, the membership fee will be seven dollars and fifty cents.

#### MEMBERSHIP PRIVILEGES

1. Each member of the RENTAL LIBRARY OF PRE-RECORDED TAPES is entitled to borrow as many pre-recorded tapes as he wishes throughout the year for the nominal charge of fifty cents per tape. The tapes will be listed in the Ampex title guide.
2. A member will be entitled to an extra 10% discount on the outright purchase of all blank tapes, pre-recorded tapes, reels and other tape accessories below Rite's already low discount price . . . plus a free copy of "Better Listening" magazine.
3. Any member who rents 50 or more pre-recorded tapes during a membership year will be entitled to choose any pre-recorded tape of his choice to keep free of charge as a bonus gift.
4. Any member who buys eight pre-recorded tapes during a membership year is entitled to a free pre-recorded tape of his choice up to \$9.95 list.

#### RULES & REGULATIONS

2. All pre-recorded tapes borrowed by a member must be paid for in full at the time of withdrawal. Upon return of the pre-recorded tape, following inspection for damage or misuse, the member will have his money refunded, less the 50c weekly rental charge.
3. Any pre-recorded tape that is damaged or misused will result in the forfeit of the member's deposit.
4. Rite Electronics reserves the right to withdraw any individual's membership for failure to follow the above rules and regulations.

*Allstate has just reduced its Homeowners policy rates in New York!*

# ANNOUNCING THE LOWEST RATES ON HOMEOWNERS INSURANCE IN ALLSTATE'S HISTORY

Now, whether you own  
or rent, you can afford  
modern Homeowners  
protection instead of  
just fire insurance  
alone

### IF YOU RENT:

There is a special Allstate policy for those who rent that protects you against losses from the many things your landlord's insurance normally doesn't cover. Your clothing, furniture and belongings are protected against loss from fire, theft, and many other hazards, including vandalism, explosions and smoke.

Liability coverage is also included to protect you in the event of accidents resulting in injury to guests or visitors.

### IF YOU OWN YOUR HOME:

Your Allstate Homeowners policy will protect your home, clothing, furniture, belongings, and pocketbook against losses from fire, theft, and many other hazards. It also includes personal liability protection. All in one policy.

You even get money to live on in a hotel or motel while repairs are underway, if fire or other insured loss forces you to move out of your damaged home.

### PROTECTION IN ONE LOW-COST POLICY

**If you own your home:**

1. Fire on the house
2. Fire on the contents
3. Theft
4. Personal liability

**If you rent:**

1. Fire on the contents
2. Theft
3. Personal liability

You know that Allstate is famous for low rates. You don't have to settle for "fire only" insurance protection because Allstate makes it so easy and economical for you to convert to true, modern Homeowners protection *right now*.

You don't have to wait for your present fire insurance to expire. Credit can be applied to your new Homeowners policy whether you own or rent.

The whole transaction takes just a few minutes, so see an Allstate Agent about it today.
