Oyster Bay Town Supervisor Joseph Colby has announced the sale of \$15,550,000 of long-term serial bonds at a net interest rate of 8.29% to a syndicate represented by Barclays Bank of New York.

## Shamrocks Defeat Syosset

The Hicksville Shamrocks boys 1974 traveling soccer team bested the Syosset Cyclones 7-4 this past Sunday to bring their record to four wins, no losses in the Shep Messing Indoor Soccer League. It was a tightly contested event until the final whistle.

The team was led by the outstanding goaltending of Eddie Jacobsen and Brian Pine, who both took turns as offensive and defensive players with equal success. Brian Harkins, playing fullback, contributed three big assists including a beauty on an indirect. Jason Kingsley was a constant offensive force, scoring the Shamrocks first goal and then the go-ahead goal in the last quarter. David Lovato scored the Shamrocks second goal and last goal, while contributing strong, aggressive play from striker. Jared Jacobs was constantly on the ball, chipping in with two big goals while always making things "happen."

Joe Flanagan, playing fullback, was at his defensive and offensive best, forever keeping Syosset off balance while skillfully covering the field. Todd Meringoff scored one goal and displayed intelligent soccer know-how. Eric Blicker had his usual steady, aggressive game at fullback and wing. Ted Knoop had a strong game from wing and fullback. Gregg Gruoso supported the team effort with gutsy play at wing and fullback. Matthew Pordum was in the thick of the action at both wing and striker with equal flair.

Great going, Shamrocks! Thanks to assistant coach Peter Knoop for a job well done!

## Lee Avenue School Events

The Hicksville Council of PYA's held its 31st annual Founders Day Dinner at the Crest Hollow Country Club in Woodbury.

Lee Avenue honored three individuals who have devoted many years to the education and welfare of our children. Each of these women have given unselfishly of their time and energies.

Mrs. Betty Grayson, kindergarten teacher, has spent most of her twenty year career in Hicksville. A staunch supporter of PTA she has done much to promote parent and teacher relations and feels that the family is an important part of teaching.

Mrs. Grace Russo has a son in the fourth grade and another in his first year of junior high. Grace began at Lee as a pre-school teacher and later became active as a Class Mother and then with the PTA serving on many committees such as Publicity and Special Events. She has served as second vice president and currently chairs the Ways & Means Committee.

Mrs. Barbara Russo is the mother of a boy in fourth grade and a daughter in the junior high. One of Barbara's first activities at Lee was to help with pre-school. She has served the PTA in many capacities, from Class Mother to Treasurer of the Executive Board. At present Barbara chairs our Special Events Committee.

On February 28, our fourth grade students and teachers gave a program on American patriotism. Accompanied on two pianos by Dr. Lebow and Dr. Scher, the students performed songs from the American Revolution, the Civil War, World War I, World War II, some songs about life in America and some about Indians. There was a square dance demonstration complete with caller and fiddler. Some of the children portrayed famous people of the times and Mr. Skupinsky's class gave a choral reading. Mr. Magrane, Miss Paton, Mr. Savalas and Mr. Skupinsky all read famous works from the different eras. Miss Eisen did the art work for the show.

This program was in conjunction with the PTA February RIF Book Distribution and was designed to spark a deeper interest in America and its people.

A general meeting held at Lee on March 7 featured as guest speaker Mr. Alfred J. Peck, C.S.W., Executive Director of H.A.D. (Help - Aid - Direction).

A film was shown on the effects of drugs and alcohol followed by a lecture on drug use on Long Island and the agencies experienced with drugs in elementary schools. There was a brief question and answer period afterwards. This evening sponsored by the PTA was in connection with the National PTA Drug and Alcohol Awareness Week.

## Caring People Can Thwart Epidemic

By Effie Krogmann

Very recent studies have revealed that nationwide hunger has reached epidemic proportions. If that is true, the compassionate people of this area are already taking steps to alleviate that kind of suffering. Hicksville I.N.N. (Interfaith Nutrition Network) continues to swell its ranks and it appears that by April they will be able to start operating the local soup kitchen to provide meals for anyone who is hungry.

In the meantime donations of food, time, talent and material are needed. An organizational meeting is scheduled for March 11 at 11:30 a.m. at Redeemer Lutheran Church at 17 New South Road in Hicksville, for a further exchange of ideas and solutions to problems. Your help is needed. Please come. There will be no "epidemic" here!

For further information call the Rev. Theodore S. Grant at 938-8693, or Effie Krogmann 367-4835.

## Libertarians Meet March 18

The Nassau Libertarian Club will present two talks at its March 18 meeting in the Jolly Swagman Inn, 100 W. Hicksville Rotarians were pleasantly surprised with the unexpected appearance of Past President Edward Johnson who paid a visit from his home offices in Ohio. During his previous tenure in Hicksville, Mr. Johnson was an active member of the Hicksville Chamber of Commerce as well as the Hicksville Rotary Club and was very instrumental in the Hicksville Beautification project and the Gift of Life program. He is shown above, right, being welcomed by Rotary President Harry Peltz. (Official Rotary Photo by Joe DePaola)

I don't know what to do about it.  
Do you?

A It is a logical topic to discuss with her English teachers who probably put emphasis on other kinds of literature. If they are competent teachers they can perhaps make some of their choices at least as attractive as the current products. (Some of them probably will be acceptable current releases.)

From my own experience I know how a wonderful teacher brought excitement to us through books like "David Copperfield." Of course, she had an easier job than today's teachers. There was less television and movie competition.

Another route is through the model provided by parents. Your reading choices and the enjoyment you get from them will be observed.

We can't put blinders on our children and censorship is a questionable device to use. However, good teaching, parental example and balance in the free selection of youngsters may all be helpful approaches.

## Our Children

By Willard Abraham  
Ph.D.

Q. I feel like I'm a voice crying in the wilderness, so please don't use my name in your column. I'm sure I'd have a lot of women picking my house.

It's all because I think my wife should be at home with our young children (they are 1 and 3 years old). She is eager to get back into the work she does very well. Her reputation is well-established as an administrative secretary so whenever she makes herself available, a lot of people will want to hire her.

We could use the additional income (who couldn't?), but I think the top priority is our children's welfare.

I try to help out as much as I can when I get home from work, but I can't leave my job during the

day to help her out. She doesn't complain about the time she spends with the children. However, she is anxious to get a job, earn a living and be out of the house more.

What is your level-headed opinion on this matter?

A. In a moment I'll share my opinion, which is pretty specific. But first the proper approach for the two of you seems to be a compromise that will at least partially satisfy both of you.

Seeking a well-run preschool for your 3-year-old and setting a date when you both will be reasonably comfortable about leaving your younger one in competent hands may be topics you can discuss.

Another angle is related to the fact that more and more compa-

nies are establishing preschools where their employees work, so that either you or she might have a chance of periodic daily contacts with your children during your working days.

A basic opinion that I know I share with millions of others these days is this one: Both men and women have equal rights to work, earn a living (with equal pay for equal competencies) and take care of their children.

Within families there may be mutually acceptable variations to that theme, with stay-at-home or part-time working fathers or mothers. But the basic rights mentioned above still seem totally justifiable to me.

Q. We hear so much about X-rated movies (and R-rated ones too, for that matter) but what about X-rated books that are in great quantity in most supermarkets?

Q. We have raised our 16-year-old daughter to respect good literature, and now look at the deluge of junk that can tempt her at every turn.

The consultant's report consists of an analysis of the district's population patterns and its school facilities and it is designed to provide data needed by the Board of Education and administration for future planning.

The first meeting, held in February for the East Street and Woodland Avenue neighborhoods, was well attended and

Special speaker, Mr. Tommy Holmes of the New York Mets came to Hicksville Junior High School on February 26. As a professional athlete for forty-eight years, Mr. Holmes has had many experiences which he shared with the students in the Gifted and Talented program. The current interdisciplinary theme is "Change". A number of the school's athletes attended the presentation. Following his informative talk, they attended a batting clinic in the gymnasium. Mr. Schack, one of Hicksville's coaches, remarked on the value of the session. He was pleased that Mr. Holmes was so generous with his time and expertise. Perhaps, we will see the Holmes' swing in Hicksville's games this season. Pictured above, left to right: Mr. Tommy Holmes, Mr. Schack and student participant, John Dellalatta at the batting clinic.

## Willet Students Study Whales

In response to students' enthusiasm about the topic, January and February were designed as "Months of the Whale" at Willet Avenue School. This involved planning and executing an interdisciplinary program of social studies, science, music, art and literature, coordinated by Library-Media Specialist Rosemary Barrow.

Ordinarily, the curriculum correlation of this program would include the study of whales as mammals in second grade, and the whaling industry off Long Island and whales as endangered species in fourth grade. As planning progressed, it was decided to include other grades as well.

Preparations began during the last school year, with the ordering of books, posters and films on marine mammals, conferences with the cooperative staff of the Cold Spring Harbor Whaling Museum, individuals who could supply advice and assistance. Willet Avenue's in-house expert, Special Education Teacher Carolyn Halperin, began work on an extensive original slide program. Mrs. Halperin took many of her own slides while whale-watching off the Mexican Baja Peninsula, and reinforced them with specially prepared individual packets of study and classroom activity material for every teacher and child in the school.

When the time finally arrived to launch the project, students received basic instruction in their classrooms and through films and literature in the Media Center, where an area was set aside for an exhibit of whaling pictures and related reading material. Some classes visited the Whaling Museum. Artistically included students volunteered to prepare posters. Mrs. Halperin presented two "Special Event" programs—one on the K-3 grade level, and another more advanced for upper grades. Following each of these, the forty-five member Willet Avenue chorus, under the direction of Music Teacher Theresa Sgammato, sang a number of lively sea chanties and then all students joined them in a sing-along. This added historically based music to the scientific theme.

In the Media Center, students examined samples in a display of sperm whale teeth and delicately executed examples of scrimshaw borrowed from a variety of cooperative donors. Then, using white plastic as a substitute for whale bone, they had the opportunity to practice the technique themselves under the skilled guidance of art teacher Lynne Carpenter.

Through this enrichment program, the students gained an increased awareness of the many species of whales, their distinctive physical characteristics and unique behavior patterns, their importance in the history of our area. They also developed some sense of the mystery confronting scientists concerning the intelligence and communication systems of these giant mammals, and the need to preserve them from extinction.

Willet Avenue teacher Carolyn Halperin and students Jason Mandra and Jared Trapasso show some of the literature that accompanied Mrs. Halperin's program on whales.

Third grader Tommy Coffey brought in a sperm whale's tooth that belonged to his grandfather. Joe Soverio locates the proper species on the Cetacean Comparison Chart.

Sixth graders Debra Connolly, Lisa Kraemer, and Tara Conroy try their hands at scrimshaw technique.

Mark Walton and George Nolan examine a fine example of scrimshaw from the school's special display.

An above capacity crowd of North Hicksville residents was in attendance for the first meeting of the reactivated Midland Civic Assoc. held at the Willet Avenue School. The stimulus for the rebirth of the Civic Association is the proposal before the Town Board for a White Castle high-volume drive in fast food establishment to be built adjacent to a residential neighborhood. The audience listened with rapt attention as they were addressed by their community leaders and then lined up to sign up for the Civic Association, which they believe will address this problem or any other problems that might affect them in the future.

## New Students Given 'Keys' To H.S.

By Sheila Lyons

On Thursday, February 28, Dr. John McCarthy, Assistant Principal for Guidance and Scheduling, conducted a meeting for students entering the Senior High School and their parents. Dr. McCaffrey emphasized that students and their parents should become aware of the extensive program offerings available at Bethpage High School. He also took the opportunity to welcome the prospective students, and extended the welcome of Mr. George McElroy, the High School Principal, who was unable to be present.

Dr. McCarthy explained the manner of scheduling programs for students; he noted that at the end of the summer, the entering students will receive a copy of their school schedules. He asked that the school be informed immediately if any errors should appear on the schedule. He further explained that some courses require prerequisites, and for that reason, students may not be immediately eligible for a course which they may wish to

take, until the prerequisite courses are completed.

He also announced that there will be an "Orientation Program" at the end of the summer. Students are invited to come to the High School in order to learn more about the school, both academically, as well as to learn the physical lay-out of the school itself. Also, at this time, the students will be able to learn more about the extracurricular programs; i.e., Student Council, Sports Programs, and Computer Club, etc. He stressed that the High School strives to serve the "entire student", and to provide a well-rounded educational experience.

After specifically explaining many facts concerning the High School experience at Bethpage High School, Dr. McCaffrey entertained questions from those present. He added that students will receive a Bethpage High School Handbook upon starting school, and this book will provide much useful information regarding school policies, as well as rules and regulations.

## A Majority of One

BY ASSEMBLYMAN LEWIS J. YEVOLI

Assemblyman Lewis J. Yevoli charged Oyster Bay officials with "gross negligence" in the wake of reports that private carters are dumping garbage from New York City at the Town's Old Bethpage Landfill. Last week the Nassau County District Attorney's office revealed that a lengthy investigation has uncovered major violations of the Town's sanitation laws involving the illegal dumping of City garbage at the landfill. Yevoli said, "The Old Bethpage facility is the #1 rated hazardous toxic dump in New York State and is listed as one of the most polluted sites in the country." A series of tests conducted last year confirmed the existence of a contaminated plume 235 feet below the landfill that has already entered the upper level of the Magog Aquifer, which provides 88% of Nassau County's drinking water.

"During the eight years that Joseph Colby has been Supervisor, I have repeatedly asked him to close the landfill and clean it up and so have thousands of residents and local water district officials. He has ignored us and to add insult to injury he has pushed plans to expand the landfill another 13.5 acres because he claims more room is needed for the Town's garbage. When we complained that not all of the garbage coming into the landfill was from Oyster Bay and demanded stringent controls at the site, Supervisor Colby did nothing about it," Yevoli said.

"When you realize what has been going on here", Yevoli said, "It boggles your mind. Last fall, Colby claimed there was a garbage crisis due to a lack of space at the landfill. He actually increased our taxes allegedly to cover the costs of trucking the Town's garbage to another site. To date, he hasn't shipped a dime out of Town. All of the garbage is still going to the Old Bethpage landfill, but we are paying an average of \$150 more this year in taxes to cover trucking that doesn't exist. Now it turns out that much of the garbage that caused Colby's phantom crisis comes from New York City businesses that don't pay one penny in taxes to the Town. It is absolutely outrageous and it must be stopped!"

On February 28, Nassau County District Attorney, Denis Dillon, announced that a special Grand Jury would begin hearings on the revelation that several private carting companies have been illegally dumping City garbage in Nassau County, most of it at the Town's Old Bethpage Landfill. Last October, Assemblyman Yevoli charged that Colby's phony garbage crisis and his tax increase raised serious questions as to what the Supervisor and his top aides were trying to hide. "When you have private carters coming from as far away as Staten Island to dump their garbage at Old Bethpage, something is going on. What is the incentive for private carters to truck garbage that distance?", Yevoli asks. "And, even though Colby tries to convince everyone that nothing is wrong, the other members of the Town Board should question his actions. At the very least, the Town Councilmen have to be aware of the seriousness of the situation, and they should exercise some leadership. The contamination of our water and the illegal carting of garbage in the Town of Oyster Bay is not a partisan political issue. It is a very real threat to the health and safety of all of our Town residents. One thing is certain, the smell of rotting garbage at the Old Bethpage Landfill isn't the only thing that stinks in Oyster Bay!"

Yevoli concluded, "Fortunately, the Nassau County District Attorney is investigating this mess. In the meantime, I will continue to do all in my power to have the Landfill closed, cleaned up, and to have our taxes returned to us."

## Hicksville Artist Manhattan Exhibit

David Dircks

"Time Changes", an exhibit of the art works of David J. Dircks, a young artist from Hicksville, will open at the 21st Street Gallery in Manhattan, on Wednesday, March 6. Open from 9 a.m. to 5 p.m., Mondays through Saturdays, it will run through March 18. The public is invited, and admission is free.

All pieces in this one-man exhibit are done in oil and deal with a change in time or a passage of time, wherein the artist is attempting to capture the gaps between moments, rather than the fleeting moments in themselves. The exhibit is curated by Andrew Gerndt of the faculty at New York's School of Visual Arts.

The centerpiece of the show is a four-sided age piece—a box depicting infancy, teenage, middle age and old age. Inside the box, seen through one of the panels, is a five-dimensional cemetery scene within a dome. Featured pieces also include a painting, which the artist calls "Inspiration", an introspective work describing his own painting experience; and "Sunburnt", a self-portrait which is a study in mood or emotion, as well as "Melancholy Man", as seen through a window.

Dircks, a senior at the School of Visual Arts, concentrates on portraiture and figure study in his work, having studied with portrait artist John Foote. He is the recipient of various awards in both competitions and juried art exhibits. One of his works was chosen "Best in Show" in a 1980 juried art show in which he was also awarded first prize for acrylics.

His latest award was for a work exhibited in the recent Rally Motors Competition. He has exhibited at Master Eagle Gallery in Manhattan, where one of his paintings was awarded an honorable mention, and is planning to have his work exhibited there again this spring. His art has also been featured in rotational art

## Hospital Awarded Transfusion Accreditation

The Central General Hospital Transfusion Service has been awarded accreditation by the American Association of Blood Banks (AABB), according to Robert Bornstein, Administrator of the 300 bed health care facility.

Accreditation follows an intensive on-site inspection by specially trained representatives of the Association and establishes that the level of medical, technical and administrative performance within the facility meets or exceeds the rigorous standards set by the AABB. By successfully meeting those requirements, Central General's Transfusion Service joins more than 2,200 similar facilities across the United States and abroad

that have earned the Accreditation rating and recognition.

Bornstein explained: "The AABB's inspection and accreditation procedures are voluntary. It is not legally necessary for a blood bank or transfusion service to be accredited, but like many others, our facility has sought accreditation because it represents a level of professional and medical expertise that meets and exceeds government regulations. The primary goal of the program is to assist facilities like ours to achieve excellence, and thus provide higher quality, blood, blood components and other services to patients."

The "Standards for Blood Banks and Transfusion Services"

are written by a distinguished panel of experts in the field, composing the AABB Committee on Standards. The AABB National Committee on Inspection and Accreditation assures compliance before granting accreditation. Not only do these standards set the level of professional proficiency for blood banks and transfusion services in the United States, but they provide the basis of practice for similar facilities around the world.

# Two reasons it's easier to do business in Nassau County.

They're Francis Purcell and Joseph Colby—two reasons the Town of Oyster Bay is good for business.

Francis Purcell, County Executive, and Joseph Colby, Supervisor, working with the Nassau County Industrial Development Agency, have scored some impressive gains for Oyster Bay in the past 5 years, gains that have come about for one simple reason: they make it easy to do business in Nassau County.

By any yardstick, it's a terrific story. In commercial, industrial and retail space, IDA added 1,273,945 sq. ft. in Oyster Bay in 5 years. In dollar value, IDA projects topped \$73 million. We also retained a total of 24,530 jobs, and added 1,363 new ones—jobs that would never have come to Oyster Bay without a lot of hard work from IDA. These jobs translate into \$219.9 million in retained payroll dollars, \$34.8 million in new payroll. It also means \$1,910,917 less in property taxes paid by the citizens of Oyster Bay.

It's a good story, and IDA is going to make it an even better one in the coming years. After all, when it comes to business for Oyster Bay, there's no business like good business. And what's good for business is good for you, for us and everyone in Oyster Bay.

**GENTLE BEGINNINGS**  
had its first gathering on Feb. 14 and while we were expecting 35 people, 100 attended. We are a new social club for unmarried people with a growing membership of decent, intelligent adults who wish to find new friends and form new relationships gently. It's not a dating service because we always meet in large or small groups. No one in the group is a date and each person pays their own way. This way gentlemen can go out with 3 or more ladies and the financial burden is not on him—and women like it because they have no feeling of obligation. This leaves everyone free to get to know one another and each has a free choice as to which people they choose to cultivate as close friends. We have socials, sports, classes, workshops, and travel. Write for our literature to Gentle Beginnings, 821 Franklin Avenue Garden City, NY 11530 or call 516 746-2724. Never any obligation or pressure. We are truly gentle. You'll see. **P.O. Receives Outstanding Award**

Roger Nienaber, Hicksville Manager/Postmaster proudly accepts the Combined Federal Campaign Outstanding Performance Award from John Donohue, Associate Campaign Director for United Way of Long Island. The 1900 employees of Hicksville Post Office contributed over \$66,000 to the 1984-85 CFC Drive.

Roger Nienaber, Hicksville Manager/Postmaster, was presented with an Outstanding Performance Award from the Combined Federal Campaign.

In presenting the award, John Donohue, Associate Campaign Director for the United Way said, "Hicksville Post Office outdoes itself each year in providing support for the agencies funded through the Combined Federal Campaign. This year the 1900 Hicksville postal employees raised over \$66,000 or an average of almost \$35 in yearly contribution from each employee. Throughout Nassau and Suffolk, postal employees contributed over \$262,000 of the \$522,000 raised in the 1984-85 Combined Federal Campaign Drive. We and all of the Long Island Service Agencies thank the Postal Service for their generous support."

Mr. Nienaber said, "I was thrilled to accept the award on behalf of our employees. Being new to Long Island I am happy to

be a part of such a worthy drive. My predecessor, Anthony Murello who recently retired in January, deserves special credit since he was in charge when this year's fund drive was conducted. I consider myself lucky to be assigned to an area with such concerned and generous employees and I am looking forward to an even more successful campaign for 85-86."
