Local Group Seeks Superfund Cleanup Bill

Local community group representatives who attended March 16 meeting with Rep. Lent in Baldwin include (left to right) William Stelmets of Bethpage (New York CAN), Ugo Perzan, Marlene Mendelsohn and Lou Berman of Old Bethpage (Residents Against Garbage Expansion); Joan Jones of Hicksville (League Women Voters); Jean Callen and Marion DeLuca of Syosset Environmental Alliance; Louise Haberman of Jericho (League of Women Voters) with sons Michael and Paul; and Irmgard Tuechler of Hicksville (New York CAN).

A delegation of local community leaders met recently with Fourth Congressional District Representative Norman F. Lent to urge his support for strong environmental legislation.

Organizational representatives at the March 16 visit to the Congressman's Baldwin district office included Joan Jones of Hicksville and Louise Haberman of Jericho of the League of Women Voters of Nassau County; Marion DeLuca and Joan Cullen of the Syosset Environmental Alliance; Irmgard Tuechler of Hicksville and William Stelmets of Bethpage of the New York Community Action Network; Ivan Kaufman of the North Massapequa Civic Association; Old Bethpage residents Ugo Perzan, Marlene Mendelsohn and Lou Berman of Residents Against Garbage Expansion; and Jerry Bernstein of the South Shore Audubon Society.

The group sought support from Congressman Lent for a federal Superfund cleanup bill which would include the following provisions: at least \$10 billion in cleanup funds, collected mainly from firms dealing in hazardous materials; a mandatory cleanup timetable for the nation's worst sites; mandatory cleanup standards; and a provision for victims to seek compensation through the federal court system.

Congressman Lent, who has served as the ranking Republican on the House subcommittee which handles the Superfund legislation, expressed his deep concern for environmental problems and indicated to the delegation that he planned to

support legislation which would include each of the above provisions except for the last one. A \$10 billion Superfund bill would be "easy" to support, the Congressman said, but the victim's compensation provision lacks widespread Congressional support and Congressman Lent therefore felt that it would not appear in a bill he would endorse.

The representative also expressed his active support for federal legislation designed to protect, "sole source aquifer" areas such as Long Island.

Delegation representatives cite that six federal priority toxic sites are located in the Fourth Congressional District, including the Syosset landfill, the Old Bethpage landfill, Hooker Chemical Company in Hicksville, Claremont Polychemical in Old Bethpage, Anchor Lithkemo in Hicksville and Liberty Industrial in Farmingdale.

The community groups are participating in the National Campaign Against Toxic Hazards which has been coordinated locally by the New York Community Action Network (New York CAN). The campaign is planning a community meeting in May to address cleanup concerns.

Fact-sheets, petitions and additional information on the Superfund campaign are available by contacting New York CAN at 691-5565. The cleanup campaign also has a speakers' bureau available for interested organizations and offers volunteer opportunities for residents who wish to become involved in this effort.

Letters

The following letter was received from Mr. Robert Sklarz who teaches 'English as a Second Language' at Hicksville Adult Education. Mr. Sklarz says that the letter was written as a class assignment by Mr. Falkowski and he thought readers would be interested in seeing what students at Continuing Education Classes are learning. The class meets every Monday and Thursday night between 7:30 and 9:30 p.m. in Room 224 at Hicksville High School. As an added note, Mr. Falkowski, who recently married, lives in Hicksville.

To the Editor:

My name is John Falkowski. I came to the United States from Poland in November, 1980. My first job was working as a baker in a bakery in Manhattan. Later I worked as a plumber's and carpenter's assistant remodeling apartment houses. After I moved to Hicksville I worked as a silk screener and now I am working as a machinist, a job for which I was trained in Poland.

"During the past four years I visited many wonderful sights, for example: The Statue of Liberty; Lancaster, Pennsylvania; Garden State Art Center, New Jersey; Restoration Village, Bethpage; Montauk Point Lighthouse; Vanderbilt Mansion; Westbury Gardens; Franklin Roosevelt's Hyde Park; Bronx Zoo; camping in a motor home in Brewster, N.Y.; Water Falls in Kent, Conn.; Went across L.I. Sound by boat.

"There are other places that I have seen, but can not remember right now. I really enjoyed seeing this beautiful country and hope to see much more in the very near future. I love living in this country with the many freedoms that are available to all."

John Falkowski

To the Editor:

I would like to make the residents of Hicksville aware of the Early Retirement Bill which the State Legislature offered to the school districts in 1984. Adoption of the Early Retirement Bill would give school district employees who are at least 55 years of age and with ten years of service, three years of extra retirement credit if they'd retire within a 90 day period set by the school district. The Board must act upon this bill in 1985 but they don't have to set the 90 day enactment period until September 1986 is they wish. This time period would give the District ample time to hire, select and train new personnel to replace the retirees.

The State Retirement Plan consists of three Tiers. Tier I employees were all hired before July 1, 1973. Tier II from July 1, 1973 to July 1, 1976 and Tier III after July 1, 1976. Needless to say, almost all of the retirees are members of Tier I and their replacements will be Tier III. This year the District was assessed 19% of the gross yearly payroll for Tier I members, 12.5% for Tier II and 9.4% for Tier III. One can see that a savings of at least 9.6% on the gross payroll can be saved but, of course, the big saving would come by replacing the retirees with younger people, all of whom would be in Tier III. It is not possible for me to state figures on what would be saved on salaries but the average clerk, custodian or teacher starts his career at a much smaller salary than the one he retires at. All of these savings could be passed on to the taxpayer.

To date, the Library Staff which is part of the school district, has written to the School Board and attended two Board Meetings requesting passage of the Early Retirement Bill. The School Board is taking it under advisement but perhaps some urging from the residents is in order. A letter or card to the Hicksville School Board would suffice.

Sincerely,
The Hicksville Public
Library Staff Assoc.

To the Editor:

Last week March 26, at 8 p.m., about 700 people crowded every seat, aisle and entrance at Town Hall at Audrey Avenue in Oyster Bay to protest the building of a White Castle on Bethpage Road and Willet Avenue. The sense of purpose, the enthusiasm and the strong feelings of community were absolutely overwhelming. How proud I was of all of us! I don't believe Hicksville will ever be taken for granted again.

There are so many people to thank for our outstanding defense against White Castle and their prestigious representatives.

Everyone did such a superb job, contributing time, energy and talent, I wish I could mention every single name but space does not permit. I must, however, mention some key people whose actions made our defense what we hope will be a verdict in our favor. Firstly, Ellie Draycott, whose idea of reactivating the Midland Civic Association so that we could be a bona fide community group and meet the public schools, and who also gave of her civic expertise and sharp intellect; secondly, Eileen Richards, who contributed her home, her car, her camera, her copy machine, her solidly organized head, and so much of her time. We worked together so long and hard that I felt that we were like Siamese triplets. Then, my mentor, Assemblyman Daniel Frisa, who affirmed my good sense in voting for him. He met with us, called to advise and counsel, sent out almost 500 letters in our defense. He took the time and energy from his high pressure job to fly down from Albany and give a wonderful talk. We shall not forget his compassion and devotion to his constituents. Then, all the hardworking and dedicated officers and members of the Board of our Civic Association: Lee Margaris, President; Dean Rutherford, Vice President; Cathy Mantel, Block Chairman; Gloria Mann, Transportation; Peter Costello and Larry Weintraub, Production; who contributed so richly with ideas, organization and legwork! Next, John Maher, Principal of the Willet Avenue School, who was so supportive personally and then as a speaker for the Hicksville Board of Education. Virginia Germer, PTA President of Willet Avenue, who gave of her time and expertise and the backing of her neighboring community. Also, all the block captains and workers who struggled through the rain or cold to pass out flyers or collect

signatures, and the many speakers whose succinct and knowledgeable presentations were so effective and moving, such as Mrs. Morrissey's poignant remarks on the safety of her six children. We'd also like to thank the Civic Associations of Hicksville and Jericho who gave us their support; the Mid Island Times, who gave us the space for the publicity that made our efforts viable. Finally, I'd like to thank Mr. Bernstein, Counsel or White Castle for his gracious congratulations on our efforts. As a member of the Hicksville Council, as a member of the Board of the Midland Civic Association, and as a proud citizen of Hicksville, I pledge my support to all those who are working to make Hicksville a town to be proud of!

United we can do it!
Gertrude Paul

The parcel is located on the south side of Old Country Road at the intersection of the east side of Maple (Halsey) Avenue.

The hearing will be held in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay on April 30. Diamond noted that the meeting will begin at 11:30 a.m. rather than the usual 10 a.m. because of Senior Citizen Recognition Day ceremonies.

FOR PEOPLE WHO THINK THERE'S MORE TO LIFE THAN A PAYCHECK.

If you're in a two-year college and haven't decided what's next, or you're in a job that's boring you to tears or kind of at loose ends, there's something you ought to investigate. The tons of opportunities in the Army.

Not just the skills (there are over 300 to train in), but the lifestyle and excitement. The chance to travel, to become fit and trim, to exercise your mental muscles as well as the physical ones. To do things you wouldn't believe you could do. To be proud of yourself and your country.

And the paycheck isn't bad.

Junior Parents Meet At Bethpage H.S.

The parents of students in the Junior Year of Bethpage High School will be meeting on Tuesday evening, April 2, to discuss future plans for their children. The Guidance Department is sponsoring the meeting in the Auditorium in order to inform parents about the many details involved in making College and career plans after graduation.

The meeting will review the Personal Data Form to be filled by students, the procedures for determining rank in class and the importance of taking the Scholastic Aptitude Test, known as the SAT. The importance of student activity records and the scholarship applications will also be covered. Although Financial Aid was discussed at a meeting in January sponsored by the High School PTA, the topic is one of continuing interest and applications for this year's Bethpage Community Scholarships will also be made available.

The guidance counselors are planning individual meetings with each of their Juniors this spring and have received a new valuable tool to help them research colleges. In the fall the Board of Education authorized the installation of a new computerized Guidance Information System which permits students to search for the Colleges and Careers that are appropriate to them. By identifying their characteristics of rank, SATs, college major, area and expense, juniors can quickly identify twenty or thirty schools for further research out of the 1900

colleges listed. Full descriptions of the individual colleges may also be printed out quickly. Students interested in particular career areas can identify specific job titles, salaries and requirements from the 1500 listed in order to help them in their planning for the future.

The G.I.S. computer system was introduced by the Guidance counselors in October to all their senior students. It is now being utilized frequently to print out information on Financial Aid and Military opportunities for Bethpage students.

Another feature in Guidance this year is the reorganized Career Resource Room which has catalogs from over 400 colleges and vocational opportunities as well as scholarship materials. A file is regularly maintained on current material on the various colleges as well as reports from Bethpage graduates about their experiences there. The program has been revised this year under Dr. McCarthy in order to make the tremendous amount of information that is available to juniors and seniors as meaningful as possible.

Library Holiday

The Hicksville Public Library will be CLOSED on Sunday, April 7. The Staff of the library extends best wishes to all our patrons celebrating the holidays.

Bethpage Resident In 'Street Scene'

Bethpage resident Joe Connally portrayed Marshall James Henry in Elmer Rice's Pulitzer Prize winning drama "Street Scene" staged March 26-30 at St. Michael's College in Winooski, Vt. Connally, a freshman, mathematics major at St. Michael's is the son of Mr. and Mrs. Joseph L. Connally of 7 Silber Avenue.

Connally was one of some 40 cast members in "Street Scene", a heavily realistic drama portraying the relationship among immigrant families living in a New York tenement complex. All action takes place outside the building on the street during one sweltering summer, literally making the play a street scene.

A major American playwright, Elmer Rice is a leading exponent of the "naturalistic" style of drama. He invented the "flashback" technique in his 1914 work "On Trial".

"Street Scene" was directed by 1974 St. Michael's graduate Mary Ann Landry of Milton, Vermont.

National Library Week Folk Craft Treat at the Bethpage Public Library

On Saturday, April 20, Jack Lerner, foil craft specialist will present his unique "Fun with Foil" as a National Library Week treat for youngsters at the Bethpage Public Library.

Young people will create favorite story book characters, fanciful animals, a variety of clowns and other magical creatures - from aluminum foil in brilliant, flashing colors as Jack Lerner holds forth with spellbinding stories and non-stop excitement. Each youngster will make his or her own imaginative creations to take home, and will watch with delight while the fascinating shapes emerge in glowing hues.

Jack Lerner, teacher and foil-craft specialist, has performed widely and entertained youngsters in many Metropolitan area schools, churches and libraries.

The program will be held in two sessions for youngsters who reside in School District #21. Children in grades K-2 can attend the 1:30 session and those in grades 3-6 are invited at 2:30 p.m. Tickets for both sessions are available now in the Bethpage Children's Room.

In honor of National Library Week, "Fun with Foil" is presented by the Bethpage Public Library in co-sponsorship with the Norstar Bank, Bethpage Office, 521 Stewart Avenue, Bethpage. For information, please call 931-3907.

Hicksville Jr. H.S. Science Exhibit '85

A goldfish reacting to angles of light, a jelly bean helix and a plant facing a maze were all stars of Hicksville Junior High's Science Exhibit 1985.

This display of projects demonstrations and models reflected the efforts of 190 students and the science staff under the supervision of Marie Marshall, Science Chair.

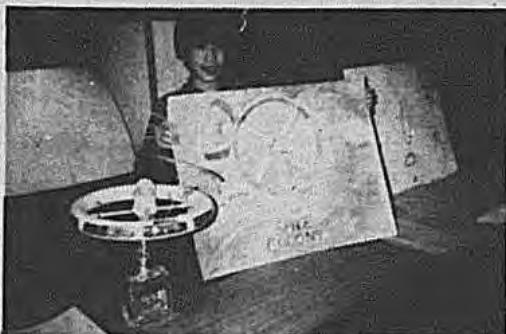

The exhibit, held in the Girls' Gymnasium on March 25 was attended by hundreds of parents and children. In addition to ten science educators who rated the projects, the viewers were asked to identify the most creative and most informative contributions. The results were collated and the following awards announced:

Outstanding Achievement
Michael Boord, David Ching, Scott Hall, Dheeraj Khanna, Dolly Liguori, Cindy Manolakes, Courtney Rivers, Marilyn Wood, Harriet Young

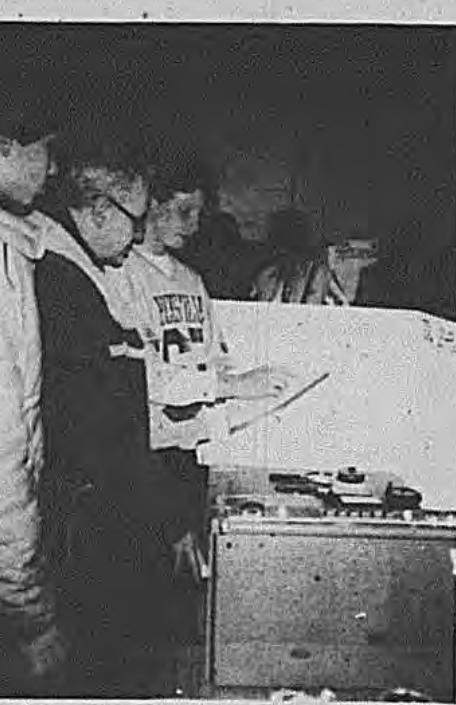

Honorable Mention
Michelle Eger, Jessica Garnets, Stephanie Gaynor, Michael Roth, Jennifer Tower

All students and teachers were congratulated for their enthusiasm and efforts.

Many of the projects presented will be entered in the Long Island Science Congress Competition. We thank these students for the pride that their accomplishments bring to Hicksville.

Chris Yee displays his Space Colony Project.

Michael Roth explains his project to Mr. Art DelRe.

THE OFFICE CAT

By Gabby Tabby

THE COUNTY has decided to go ahead and hire more cops even though the Justice Dept. says that the tests of 1983 will not produce enough minority police. The tests cost the county more than \$1 million but only a small number of minorities made high scores....THE STATE is moving along with plans to house 48 retarded people on five acres of the 135 acre Shattuck Estate in Plainview even though local people cannot understand why so elaborate a place should be taken and believe that it is only the beginning of a bigger development on the property....CABLEVISION is still raising basic service rates. Cable rates are uncontrolled and the companies owning the service can charge whatever the public will pay....SCHOOL Elections always bring an extra spate of letters to the editor, but as has been mentioned previously, newspaper space is valuable and cannot be used on carbons of letters sent elsewhere or letters simply saying that the voter is voting for a specific candidate. Letters are wanted but they should have something original and important to say, otherwise they consume the space that others can use....THE CRIME REPORT is published each week as a public service to acquaint residents on where crime is taking place in the area and as an aid in the Neighborhood Watch. Anyone seeing suspicious activity should phone 911: BURGLARS broke into Syosset High School between Mar. 30 and 31. They entered and stole golf clubs....CASH and jewelry were stolen from the Brower residence 64 Moss Lane, Jericho on March 27. Burglars entered by prying open the rear door....ON MAR. 30 glass was broken in a side window of the Metcafe home 29 Arizona Ave., Syosset. Burglars entered and stole a TV and VCR....STEREO equipment was stolen from the Mount residence 54 Oregon Court, Syosset on Mar. 30. Entry was through a rear window....BURGLARS stole gold and jewelry from the Lockwood home 1 Argyle Rd., Plainview on Mar. 29. Entry was through an unlocked side door....THE FRONT window of Newark and Lewis 595 S. Broadway, Hicksville was broken on April 1 at about 3 a.m. Burglars entered and stole 14 VCRs and some cameras....A SILVER bracelet, gold ring and a gold watch were stolen from the Berman residence 600 Kensington Lane, Bethpage on Mar. 25. Burglars broke in the front door to gain entry....That's all the news for now...G.T.

Charlotte Langmack

Seventy-nine year old Charlotte R. Langmack of Hicksville has been named Nassau County Senior Citizen of the Year for 1985. A leading activist in organizations that work on behalf of senior citizens, Mrs. Langmack will be honored at the 11th Annual Luncheon/Conference sponsored by the Nassau County Department of Senior Citizen Affairs on May 8 at the Marriott Hotel, Uniondale, when Nassau County Executive Francis T. Purcell will present her with a special award.

Mrs. Langmack, who joins a distinguished roster of past honorees, began volunteering in 1969 with the Nassau County Medical Center Auxiliary and was one of the first persons to have completed ten years of service as a "Pink Lady".

For over nine years, Mrs. Langmack contributed time as a volunteer with the Department's Retired Senior Volunteer Program stationed at the Old Bethpage Restoration, at Master Crafters, Inc., Manhasset, and with the Friends of Nassau County Museum, Muttontown. Since 1976, she has been a member of the Nassau County Department of Senior Citizen Affairs Advisory Council which provided input to the Department in planning programs and services for Nassau County's older residents. In 1983 she was elected First Vice Chairperson of the Council.

In 1972 Mrs. Langmack, a personnel specialist with the federal government before retirement, organized the Central Nassau Chapter of the American Association of Retired Persons (AARP) #1592, Hicksville. She served as its first president and is currently treasurer.

Her organizational skills were put to good use with AARP. As an Assistant State Director from 1974 to 1978, Mrs. Langmack was responsible for organizing new chapters on Long Island and in developing community service activities relating to the elderly.

In 1978, Mrs. Langmack was appointed Nassau County Overall Coordinator for the AARP Tax Counseling for the Elderly program, which provides free

Nursery School Guest Speaker

The Hicksville Nursery School presents Ms. Bertha Campbell, Supervisor of the Bureau of Child Development and Parent Education, Wednesday, April 24. This will take place in the Social Hall at 8:30 p.m. Ms. Campbell will discuss trends in early childhood education, including the current emphasis on the introduction of all day kindergartens in many of our local school districts. assistance to older persons in preparing their income tax returns. She was responsible for recruiting volunteer counselors, arranging training with the Internal Revenue Service, establishing volunteer sites, and assigning volunteers. Under Mrs. Langmack, the program grew from 53 volunteer counselors at 24 sites to 145 counselors at 53 locations.

In January of this year, Mrs. Langmack was appointed AARP District Coordinator for the program, covering Nassau, Suffolk, Brooklyn and Queens.

Her energy and "drive" are also evident in her role as an instructor for the past two years in AARP's 55/Alive Mature Driving Course Program, a nationwide comprehensive refresher course especially designed for older drivers.

Last year, Mrs. Langmack was appointed AARP Representative on the Advisory Committee of the Veterans Administration Voluntary Service (VAVS) at Northport Veterans Administration Medical Center. She has represented the senior community in Nassau County on the Nassau-Suffolk Health Systems Agency, Inc., since July, 1974, serving on its capital planning, administration, and membership committees.

Mrs. Langmack was chosen Nassau County's "Senior Citizen of the Year" by a panel of judges composed of representatives of town offices of services to the aging and members of the Nassau County Department of Senior Citizen Affairs Advisory Council. Her selection qualifies her to be nominated for New York State's Senior Citizen of the Year Award.

In announcing the judges' decision, Commissioner Adelaide Attard commented: "Mrs. Langmack is an active individual who uses her organizational skills to effectively advocate on behalf of her peers. We are proud to have her join the distinguished roster of outstanding individuals who have earned the title 'Nassau County Senior Citizen of the Year'."

Holy Trinity Easter Services

For all Christians the celebration of Easter witnesses that the Risen Lord Christ is reigning and is present in the world. They also join in extending "The Peace" to all who celebrate the Jewish Passover.

Easter Day Services start at 7:30 a.m. in the darkened Church with the Blessing of New Fire and the Lighting of the Paschal Candle. This ceremony is accompanied by an ancient Hymn of praise, reading of prophecies and renewing of Baptism vows. The Easter Day celebrations of Holy Communion are scheduled for 8 a.m., 10 a.m., and 12 noon. Nursery care is provided at 10 a.m., the principal service, after which there will be an Easter Egg Hunt for the children. The Fifth Annual Food Tasting Party was held at Burns Avenue School Hicksville on Friday March 15. Mrs. Grumo's and Miss Callahan's Kindergarten classes, Mrs. Oliveri's and Mrs. Blaauwboer's Second Graders and Mrs. Roso's class took part in this event. Many of the nutritious snacks served at the party were made by the children in school. All of this was a part of the Seattle Berkley "Growing Healthy" Program unit on Nutrition which was introduced by Mrs. Cooley, the school nurse-teacher.

Entertainment consisted of the Kindergartener's rendition of the songs, "Alice's Restaurant" and "Brush Away" and a dance "If You're Wearin' Green" in honor of St. Patrick's Day. In attendance were parents and district administrators including Mr. D'Angelo and Dr. Burke, Burns Avenue School Principal. A nutritious time was had by all!

Pictured above, Mrs. Oliveri's second graders announcing the program as Mrs. Grumo's and Mrs. Roso's children wait to sing.

2100 Gallon Fuel Oil Spill

A truck loaded with 2100 gallons of number 2 Fuel Oil spilled an undetermined amount of the oil on a 1/4 mile section of Old Country Road in Hicksville around 9:30 a.m. on March 29.

The truck, owned by Old Country Fuel Oil, 19 Stauber Drive, Plainview, had been parked, fully loaded, in a small industrial area of Tec St., near Old Country Road, Hicksville on March 27. The driver, Sam J. Vitale, of 19 Stauber Drive, Plainview drove the truck from the Tec St. site onto Old Country Road, heading westbound towards Westbury, in the right hand lane, spilling oil from Tec St. to the Wantagh Parkway, a distance of approximately 1/4 of a mile.

The Nassau County Highway Department sanded the involved area and traffic is using Old Country Road westbound normally. There was no hazard involved and the Fuel Oil Company will be ordered to clean the area of the spill.

Inspector R. Magee of the County Fire Marshal's Office will be issuing two summonses, one for the spill and the second for not reporting same, under Article 3 of the Nassau County Fire Prevention Ordinance.

Fire Comm. Change May Mtg.

Due to other pressing business the Hicksville Board of Fire Commissioners regular May meeting will be held on the third Tuesday of the month instead of the second Tuesday.

**Board Considers
Waste Ord.
Revisions**

The Oyster Bay Town Board has scheduled an April 16 public hearing to consider amendments to strengthen regulations relating to the Town's Garbage, Litter and Waste Ordinance.

At the public hearing, the Board will consider amendments proposed by the Town's Department of Public Works which include new provisions for different categories of waste removal permits; revision of permit applications to require more specific information such as daily routes serviced, descriptions of each vehicle utilized, and the approximate volume and tonnage to be handled each day, per truck.

Additional amendments to be considered include revision of definitions, increased escrow deposit requirements and requirements relating to proof of public liability and property damage insurance.

The changes in the Code have been proposed by the Department of Public Works after an extensive and thorough review of procedures followed by the Town and other municipalities in regulating the collection, transportation and disposal of solid waste.

The hearing is scheduled for Tuesday, April 16, 1985, beginning at 10 a.m. in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

Jim Efe of Long Island Trust presents check to Journey for Sight Chairman Paul Weber as Hicksville Lions President Bill Ramsey looks on. Long Island Trust is a major sponsor of the Lions 5K (3.1 miles) Run which will be an exciting race through the streets of Hicksville on April 21 at 1 p.m. The race will start at the corner of Division Avenue and Old Country Road and after weaving through the neighborhood, finish at the Senior High School. This year's race is anticipated to be larger than ever and the winners prizes will range from expensive running shoes to T-shirts. The race is open to all runners and applications are available at the Montana Agency - 938-3600.

Second Annual Hicksville Lions Club 5K Race

LIONS JOURNEY FOR SIGHT HICKSVILLE 5 K RUN

The Hicksville Lions Club would like to welcome you back to the 1985 Running season with the Grand-daddy of Long Island prize races - The Third Annual Hicksville Lions Club Journey for Sight-5K Run! Never before has a race been able to offer prizes of such high quality, thanks to our sponsor Goldman Brothers of Hicksville, one of Mid-Islands leading specialists in Athletic Footwear.

Like most races, we offer quality merchandise prizes to the top three winners in 8 age-groups, both male and female. But unlike any other Long Island race, we can reward all first place finishers in these categories brand new, top quality running shoes from companies such as Etonic, New Balance, Puma, Converse, Saucony, Brooks and many more.

We are also able to provide the wealthiest raffle around! Hats, shirts, socks, bags and 20 more pairs of running shoes were raffled off to anyone with an entry blank!!!

The only reason we can achieve this feat is that our sponsors have generously been sympathetic to our cause: raising the sorely needed funds through Lions Clubs International to help alleviate the problems of the Blind and Sight-impaired. Last April, along with 33,000 other clubs in over 150 countries directed their Journeys to raise over \$1.5 million. So come on out, have some fun and win some incredible prizes while you do your part in a truly international fundraising event!

Your entry fee (if it is received by the deadline) will guarantee you a beautiful T-shirt, a hot cup of soup from Iannone's restaurant and entrance in our after-the-race raffle! Most importantly, your participation in this event welcomes you to the world of Lionism, caring for the less fortunate members of our community.

Most Callers To Input Against CBS Takeover

Most callers to Input are against a takeover of CBS by a Conservative group in answer to this question: "Do you believe that a takeover of CBS by a Conservative group will hurt or help in bringing about balanced TV coverage of news?"

A MISTAKE

I think it would be a mistake for any politically oriented group to take over any part of the media. It is true that presently we do not have even-handed coverage of news. There are far more liberal reporters running around than conservative ones but to substitute one for the other will not really solve the problem. G.F.

LESS NETWORKS

I do not think that TV coverage of news has ever been unbiased nor do I think that news coverage by the large newspapers is unbiased. There is a leaning towards liberal philosophy but I would not like to see a group of complete conservatives take over the networks either. What we really need is less networks and less network news and more independent stations with views from the areas they represent. TV networks are primarily a way to make money through getting large advertising budgets. To believe that large networks will ever be able to uncover the opinions and needs of every area is foolish. Since the nation owns the air waves and licenses them to groups to run stations there should be a general breaking up of all large networks. They should be used to transmit nationwide programs on a voluntary basis but network news will always be the biased creations of a few people who have taken over the powerful assignment of speaking for all people. J.E.

BALANCE NETWORKS

I am in favor of changing CBS from a very liberal and sometimes irresponsible network to one that is not so liberal. What the group trying to take over CBS has said is that they want to balance the networks coverage. They have not said they want to take it over and change it to conservative coverage. CBS has allowed the public to get that impression. Since all of the networks and most of the big newspapers and magazines are liberal, a change would be for the better. L.K.

NEVER HAPPEN

The question doesn't really matter because no one is going to take over CBS. The groups in power will never let it happen and since it has been announced ahead of time I am sure that it will never happen. Ted Turner who already owns plenty wants to get his hands on CBS but he doesn't really speak for the conservatives. His main goal is to make more money but he would just consolidate some more power with his Cable News Network. G.S.

FIRST AMENDMENT

When it comes to news coverage by the major networks, I prefer NBC to ABC. On both of these channels and with current commentators, I feel that I get a balanced and objective viewpoint which I can't capture with CBS. But, with a free press philosophy, I guess that the public should be able to have available a source of liberal views as well as constructively conservative ideas. If the prime motivation of a takeover of CBS would be to deliberately restructure its editorial bent along strictly conservative lines, I believe the listening, viewing and thinking public will have lost something valuable and significant. Clearly, the motivation behind the speculated CBS takeover appears to be one of altering or influencing its editorial policy. This is contrary to the basic elements of the acquisition of ABC by Capital Cities Communications which was in fact basically a merger to blend the best elements of both corporate media specialists and fundamentally to provide an infusion of financial and management wisdom into ABC with no apparent intent to change or control editorial or program basics. In either case, the Federal Communications Commission is faced with legal interpretations based upon possible infringement of first amendment laws and controls. Were I in their position, I would be inclined to treat the takeover of CBS by a Conservative group with considerable gravity while regarding the Capital Cities - ABC merger as just another opportunity to encourage the best elements of free enterprise and media in the overall national interest. P.G.S.

PAST ISSUES

CAMERAS

Regarding the question to whether N.Y. State should allow the use of cameras in a court room - my first intention is that the purpose of the judicial system in N.Y. or the U.S. as a whole, is obviously, the preservation of justice. Now what we have to take a look at is whether or not the implementation of cameras will obstruct this justice. My two main arguments here are that first of all is the way it affects the jury. A judge recently said that once a sensational crime is televised it is questionable whether a fair and impartial jury can ever be found to make possible a retrial. If, in fact, there were no televising and a person was found guilty he would have a better chance of receiving unbiased attention from a second jury. The second is what I think grandstanding by both the justices and witnesses. Witnesses would be tempted to glamourize their testimony for the cameras and the purpose of the trial would not be served. Allowing cameras is robbing people of their constitutional rights and obstructing justice. For these reasons I would say we would be better off in New York State not having cameras or televised court cases. R.C.

DEATH BILL

Gov Cuomo won't sign a Death Bill and continues to renage of his promise of life without parole. And citizens are following the example of Mr. Goetz and are considering arming themselves - one wonders how long it will be before the streets and subways of New York become shooting galleries. I therefore offer a suggestion: Perhaps the return of the penal colony is the answer. Hardened criminals faced with exile to a Devil's Island atmosphere might possibly think twice. It worked for the French, it might work for us. P.M. "Hannibal"

DISCOVERY

Should We Attend Church Regularly?

By D. J. Berrell

America has the reputation of being one of the most generous nations in the world today. It is called upon frequently to aid less fortunate countries. If there is a famine in Africa, an earthquake in Europe, or a refugee problem somewhere in Asia, U.S. authorities soon send tons of food and medical supplies to the stricken areas.

Logically then, it should follow that Americans are a deeply religious people. But such is not the case. For more than half of U.S. citizens who consider themselves Christians or Jews do not attend church regularly. Even among Catholics on the average only 40-50 per cent of those families listed on parish rolls throughout the country actually attend Mass each Sunday.

Generally it takes something like a war scare, sickness or unemployment to send people flocking back to church. Otherwise they remain engulfed in a sea of laziness, drinking, money-making, gambling or sexual adventure.

It might be helpful, therefore, at the beginning of this new year, 1985, to pause for a minute of silent reflection, look back on our past lives, and decide whether we might do better in the coming months. We should look hard at the question, "Should we attend church regularly?" Here are a few points on the affirmative side of the debate.

1-As we recall the events of the past year we remember those relatives and friends who died during the past months. Those who were felled by heart attacks or strokes probably affected us the most. For we remember them as strong and healthy persons when last we met them. Yet those who declined slowly, wasting away from cancer or other disease where sad cases too, for they became only shadows of their former vibrant selves. In either case, it must have occurred to us that life is a great lottery and that the angel of death must throw the dice to decide who goes with him or who stays a while longer on earth. How much longer do we have to live? That is the question that we must ask ourselves. And who really knows the answer?

2-Intellectually we all realize that we must pass through the gate of death in order to come out into a brighter and better world called eternity. But we try to hide from this unpleasant fact. Indeed, psychologists say that the fear of death is the mother of all nightmares. What can we do to take this fearful image out of our minds? Drinking and self-indulgence in one way. Prayer, fasting, and good works are another. Take your pick.

3-Life on earth may be considered a tug of war between the forces of good and those of evil. On the one side there is God and his allies and on the other, the world, the flesh, and the devil. Whether we choose the good over the evil or vice versa will determine whether we go to heaven or hell in the next life. But we know that it is harder to climb a mountain than to descend into a valley and that therefore we are more inclined to sin than to virtue. But we can climb the mountain with the help of the church and our fellow pilgrims.

4-What is life like in the next world? The belief in life after death is universal. Indeed, archaeologists have found traces of hundreds of ancient peoples and civilizations in all parts of the globe. But they have yet to find a tribe or race of atheists—not a single one. Rather, the majority of tombs they have uncovered have all contained tools, jewelry, and food to help the deceased cope with the needs of the next world.

Pagan civilizations like ancient Greece and Rome invented a whole galaxy of gods who supposedly lived on Mount Olympus and helped those who prayed to them. Those men and women who lead virtuous lives on earth went to live with the gods after death, while the evil doers went to hades, a nasty land under the earth.

Today, most Christians, Jews and Moslems believe in a heaven or paradise somewhere above the stars and a hell or lake of fire

underground. Buddhists, Shintoists, and others in the Orient believe in Nirvana, a condition of a soul that does not have to live in a body and is free from all desire and pain. If they do not attain this perfection in this life they keep coming back as reincarnated souls until they do.

5-By going to church as a family we train our children to seek out the good things in life and to avoid the bad. Alcoholism, drugs, crime, divorce, casual sex and many other evils are held up to them as models of the good life in the movies and on television. Without the proper guidance our children could easily accept these things for themselves and end up as moral wrecks along the highway of life. Is it not worth an hour of our time each week to take the children to church to hear the gospel preached to them? Do we wish them to turn out to be good or bad citizens? Do we want them to end up in heaven or hell?

6-We need God, but He doesn't need us. Could a small child survive for long without help from his parents? No. But could the parents live without the child? Of course! It is similar to our relationship with God. While humans often try to ignore God in their pursuits of pleasure, a war, a sickness, or a death of a loved one brings us back to the realization that God is important to us. Is it not better to make friends with Him now than to wait until a crisis brings us to Him on our knees? Do we look upon heaven as a giant firehouse in the sky?

7-Is it really necessary to go to church each and every Sunday? The answer is that no one will arrest us if we do not go. We have free will. We can go or we can stay home in bed on Sunday mornings. The choice is ours alone. The reward or punishment we receive from God for our actions is ours alone too. Saving your own soul is the original do-it-yourself project.

8-Do you have to go to church regularly to be considered a Christian? The answer, of course, is no. Neither do you have to attend college to become educated, or to vote in every election to be considered a good citizen. You are a Christian if you were ever baptized, and an American if you were born in the U.S.A. or of American parents in a foreign country. What you do with the fact of being a Christian and an American is largely up to you. Hopefully, however, you will do more

than the minimum.

9-By attending church you can help your fellow Christians. Your presence, your prayers, your singing, and your coin in the collection basket help your fellow worshippers. While a single raindrop will not make the earth fertile, a lot of little raindrops will make the flowers spring up and smile with joy.

10-Finally, will going to church each Sunday make any difference to you a century from now? Will staying in bed Sunday mornings do anything for you either? Remember that your soul is immortal. It will live on for thousands of years. While your body will last only 80 or so. Which then is more worthy of care? Will you regret not doing more for your soul when you stand before the judgement seat of God? Will you wish that you had gone to church each Sunday? Now is the time to act. It is later than you think!

BEAUTIFUL SETTING

The beautiful weather last week must have inspired us to go to the Coral House last Thursday for lunch. The Coral House is in Baldwin at Milburn Lake.

Lunch at the Coral House was a rare treat. The service was perfect and the view was magnificent. The luncheon was complete including soup, salad and entree plus vegetables all for \$5.50. Everyone in our party was well pleased and we are all going back again. This place should be well recommended. H.W.

GOOD WORDS

A very good friend invited me to lunch at the Maine Maid Inn in Jericho last Friday. I really don't know if I can find enough complimentary words to describe my experiences. First of all the inn is charming and the decor is very relaxing. The waitress was so sweet. On her recommendation we both ordered the Friday special of Lobster Tail Scampi. It was served with rice or linguini and in addition we received a few shrimp on the rice. For dessert, again on the waitress' suggestion I had chocolate walnut pie which was simply magnificent and my friend had cheese cake amarorata. I admit I had to taste it too and will order that next time I visit the Maine Maid. By the way we were completed with our meal in one hour. Great for all those business people out there - and we didn't feel rushed at all. In fact there was time for more coffee.

OUTSTANDING RESTAURANT

We have just come from LaMarmite Restaurant and want to say that it is a really outstanding restaurant. They have just enlarged it to include more banquet space but LaMarmite was always a top place to go. We had the special of the day which was broiled bass. It was fresh and so deliciously prepared that everyone was in ecstasy with the fish. For dessert we had red raspberries with a special topping made at the restaurant.

LaMarmite is truly the best restaurant in this area. We recommend it very highly. K.R.

Q. After finishing a meal at a good restaurant I had an experience that could have been avoided by the restaurant. When I offered a particular credit card the waiter said that they did not honor that card and did I have another. I did not have another and barely had enough money to pay in cash. Shouldn't the restaurant have told us in advance which credit cards they accept?

A. Not exactly. You should have inquired in advance if you did not see a decal of the card you had on display. They really have no way of knowing what card you have and it is an accommodation to you that the cards are accepted so you should have borne the responsibility.

Q. When, if ever, is it permissible to smoke at table?

G.J.

A. Smoking at table is tolerated by some hostesses at the end of the meal. Ash trays at the table indicate only that smoking after the dessert course is permissible. It is downright bad manners to go to any dinner table with a lighted cigarette or to smoke during or between courses.

Fine Italian Cooking

SAYS ITS "BEST"

I am calling to say some good things about one of the restaurants listed in your guide. It is Manero's Steak House in Syosset. This restaurant is really one of the best we have eaten in. Last week four in our family went there and had a complete prime rib dinner for under \$10. The meat was tender and juicy and the vegetables were prepared just right. I think it is great that there is still a restaurant around that gives high quality and does not charge so much that you cannot afford it. My vote for the best goes to Manero's. It is on Jericho Turnpike, Syosset. T.G.

REAL TREAT

I don't remember when we have been so happy and well fed at a restaurant as last week when we went to the Alpine Garden Restaurant in Franklin Square. This restaurant is unique in that it features Italian, Austrian and French cuisine. It is also unique in that you can get a full course dinner including soup, salad, entree, dessert and beverage for \$10.95. We had three in our party and each ordered a different entree. But everyone said that the service, the food and the ambience, including the strolling violinist were great. The Alpine Garden turned out to be a real treat. M.G.

FINE TIME

Whether it's near St. Patrick's Day or not, Patrick's Pub on Northern Boulevard in Little Neck makes you think that it is a special feast day, anytime you go to the restaurant.

We went there last week and were very pleased with the friendly service and truly Irish atmosphere. The salmon and steak were entrees of members of our party and they were eaten with pleasure.

We always have a good time when we go to Patrick's Pub and recommend it to all of your readers. Whether they are Irish or not (we are not) they will have a fine time there. J.G.

Spill the beans for mealtime magic

By Antonia Allegra

Beans have been in the limelight ever since the dull-witted Jack planted his magical stash and out sprang the giant beanstalk.

Golden geese aside, the bean's magic can go twice as far within the confines of the kitchen. They are versatile, economical and they are nutritious, ranking as an excellent source of protein.

A cup of cooked dry beans also supplies significant amounts of fiber, calcium, iron and thiamin. There is no cholesterol and only a small amount of fat.

And when combined with small amounts of meat or cheese, dry beans can be a real meal and budget stretcher.

Before cooking, dry beans should be soaked. One method is the overnight salt-soak: Wash and sort beans and place in a large saucepan with 6 cups of water and 1 teaspoon salt per pound of beans. Cover and let stand overnight. Beans soaked overnight keep their shape and have more uniform texture than quick-soaked beans.

If you don't have time to soak beans overnight, however, try the quick soak method. Follow the above procedure but instead of soaking overnight, bring beans to a boil and cook for 2 minutes. Remove from heat, cover and let stand 1 hour.

Here are a few recipes that will carry the mighty bean to the head of the table.

PASTA FAGIOLI

1 1/4 cups dry navy beans
7 cups water
1 tsp. salt
1 1/2 tsps. salt
2/3 cup oil
1 bay leaf
2-3 cloves garlic
3 tsps. oil
3 carrots, diced
2 stalks celery, sliced
1 large onion, chopped
1-2 cloves garlic, crushed
1 tsp. dry oregano
1/2 tsp. dry basil
Freshly ground black pepper to taste
6-7 tomatoes, peeled and chunked
1/2 lb. shell macaroni
Chopped fresh parsley for garnish
Parmesan cheese for garnish

Combine beans, water and 1 teaspoon salt. Let stand overnight in cool place. Add salt, 1/2 cup oil, bay leaf and whole garlic cloves.

Simmer gently until beans are tender, 2 to 3 hours. Drain, reserve liquid, discard bay leaf and garlic.

Heat 3 tablespoons oil in large frypan; add carrots, celery and onion and cook until onion is soft. Add crushed garlic and seasonings and simmer 30 minutes. Add tomatoes and cook another 10 minutes. Cook macaroni in boiling salted water until just tender.

Combine beans, vegetables and drained pasta, along with 1 1/2 cups bean liquid. Cover and simmer another 10 minutes, stirring occasionally. Garnish with chopped parsley and serve with grated Parmesan cheese.

Serves 6 to 8.

BAKED BEANS

1 lb. dry navy beans
6 cups water
1 tsp. salt
1 medium onion studded with 2-3 cloves
2 garlic cloves
1/2 tsp. thyme
1 bay leaf
1/4 cup butter or margarine
1 small onion, chopped
1 cup tomato paste
2 tsps. dry parsley
1/4 cup cognac
1/2 cup dry red wine
Salt and pepper to taste
1 tsp. Worcestershire sauce
2 tomatoes (optional)
1 eggplant (optional)
Oil (optional)

Soak beans overnight in 6 cups water and 1 teaspoon salt. Drain.

Place beans in large kettle with onion, garlic cloves, thyme, bay leaf and water to cover. Simmer gently 1 1/2 to 2 hours or until beans are tender. Drain; reserve 1 cup liquid; discard onion, bay leaf and garlic.

Melt butter or margarine in skillet and sauté onion until tender. Add tomato paste, parsley, cognac, red wine, pepper and Worcestershire sauce. Drain beans and add to sauce; mix well.

Lightly grease large casserole and pour in beans. If desired, peel and slice tomatoes and eggplant thickly. Brush tomato and eggplant slices with oil and place under broiler a few minutes until browned on both sides. Overlap tomato and eggplant slices in a circle on top of beans.

Cover and bake at 325 F for 1 to 1 1/2 hours.

Serves 6 to 8.

From Our Kitchen

Olivia and Paul Bensen

When we were planning a dinner recently, we decided to experiment with a combination of thinly sliced veal, mushrooms, cheese, lemon juice and wine, wrapped in a light crust of filo pastry.

The veal that we used was a tenderloin cut into very thin slices, but veal scallopini, cut into medallions 1/8 to 1/4 inch thickness, would be fine also.

The sauce with which we topped the veal echoes some of the same flavors, but with a different accent. For the sauce, we used mushrooms, shallots, capers, lemon juice and cream sherry.

Filo pastry is almost impossible to thin and light, and by using several layers you get a crust that flakes apart and almost melts in your mouth. Filo is a special ingredient in Middle Eastern dishes such as spanikopita, a spinach-cheese pie, and also is used in a variety of filled pastries and fruit tarts. You'll find filo pastry in the frozen food section of almost every large supermarket.

Today's recipe is a rich, yet light dish. The textures and flavors of the mushrooms and veal are set off nicely by the filo wrapping. The dry white wine used to cook the mushrooms and artichoke hearts and the cream sherry in the sauce add two more distinctive flavors.

The first time we prepared this recipe, we served it with baked tomatoes stuffed with a cream cheese, garlic and parsley mixture. A tossed green salad with a light oil-and-vinegar-based dressing would be another good accompaniment.

VEAL WITH CHEESE IN FILO PASTRY

Sauce:
3 tsps. butter
1/2 cup very finely chopped mushrooms
1/4 cup minced shallots
1 scant tbsp. flour
4 tsps. cream sherry
1 tbsp. fresh lemon juice
2 tsps. capers
Salt and pepper to taste

3 tsps. butter, plus 1/4 cup melted butter for brushing filo pastry
1 lb. veal scallopini, cut in 1/4-inch-thick medallions

(or a veal tenderloin cut in 1/4-inch-thick slices)

1 cup thinly sliced mushrooms
1 can artichoke hearts, packed in water, drained and quartered
2 tsps. dry white wine
1 tbsp. fresh lemon juice
Salt and pepper to taste

8 filo leaves
1/4 cup freshly grated Parmesan cheese

First, make the sauce:

In small saucepan, melt 3 tablespoons butter until bubbling. Add mushrooms and shallots and simmer 5 minutes. Add flour and mix well. Simmer another minute to thicken. Add sherry, lemon juice, capers and salt and pepper to taste. Simmer, stirring, for another minute. Remove from heat and set aside.

In a large skillet, melt 3 tablespoons butter over medium-high heat. When very hot, sauté veal, in several batches if necessary, briefly on each side until browned. Set veal aside and, in remaining butter, sauté mushrooms and artichoke hearts until they begin to brown. Add wine, lemon juice and salt and pepper to taste.

Brush melted butter over bottom of 9-inch round (or comparable size) shallow baking dish. Place layers of filo, one at a time, in bottom of pan, overlapping sides. Brush each layer lightly with melted butter before adding next layer.

Sprinkle Parmesan on top of filo and then lay veal pieces over it in one layer. Spread sauce over veal and top with mushroom-artichoke mixture. Fold each layer of filo over top of filling, brushing each layer of pastry with butter, as before (this time you'll be brushing outside, rather than inside, of pastry).

Bake 20 minutes in preheated 400 F oven until filo is golden brown.

Serves 4.

Microwave Magic

By Desiree Viven

Dill-icious

The word dill is said to have come from the old Saxon word "dillan," meaning "to lull." It seems that the reeds of the plant were once played as pipes to soothe restless children to sleep.

Whether or not this is the true origin of the word, you're not likely to be lulled to sleep by today's recipes. And you'll have a "dilly" of a time preparing them, since they're all microwave quick and easy.

The bright green, fernlike dill plant is easily grown at home, and ensures a good supply of fresh dill (which can be difficult to find in the market). Instead, you'll find the dried leaves (dill weed) and the seeds of the plant — both of which are used in cooking.

Dill seeds are best known as the main flavoring agent in dill pickles. The flavor of the seeds is more pungent than that of the leaves, which tend to enhance rather than dominate a dish.

A favorite seasoning of Scandinavian cuisines, sprigs of fresh dill often are used to garnish open-face sandwiches, vegetable dishes and casseroles. The delicate bouquet and subtle flavor of dill can wake up so many foods: sprinkle on cottage cheese, into soups and sauces, over grilled fish. It's particularly tasty in dishes containing sour cream, eggs, cucumbers, potatoes or fresh green beans. Dill-icious!

DILLED CABBAGE IN SOUR CREAM

1 medium-size head cabbage
1/2 cup water
1 cup sour cream
1 tbsp. dill seed
1/2 tsp. each salt and pepper
2 tbsp. fresh chopped parsley

Wash cabbage and discard any limp or damaged outer leaves. Shred finely — you will need about 4 cups shredded cabbage.

Place cabbage in glass casserole, add water, and cover. Microwave 7 to 8 minutes, stirring every 3 to 4 minutes, until cabbage is crisp-tender.

In small bowl combine sour cream, dill seed, salt and pepper, stirring to blend. Pour mixture over cabbage, tossing gently to cover.

Return casserole to microwave and cook, covered, 1 minute longer. Let stand 1 minute before serving. Garnish with chopped parsley. Makes 6 servings.

GROUND BEEF STROGANOFF

1 lb. lean ground beef
2 tbsps. flour
1/2 tsp. salt
1/4 tsp. pepper
1/2 cup chopped onion
1 clove garlic, minced
1/2 tsp. dried dill weed
1/4 cup water
1 (10 oz.) can condensed cream of mushroom or cream of chicken soup
1/2 cup sliced fresh mush-

rooms
1 cup sour cream
2 tbsps. fresh chopped parsley

Crumble beef into 1 1/2-quart glass casserole. Microwave, stirring frequently, 3 to 4 minutes, until meat is no longer pink.

Stir in flour, salt, pepper, onion and garlic. Microwave 2 to 3 minutes longer, stirring every minute.

Stir in dill weed, water, soup and mushrooms. Microwave, covered, 4 to 5 minutes, stirring every 2 minutes. Blend in sour cream, cover, and microwave 1 minute longer.

Sprinkle with chopped parsley and serve over cooked rice or noodles.

Serves 4 to 6.

CREAMY DILL SAUCE

3 tbsps. butter or margarine
3 tbsps. flour
1/4 tsp. salt
Dash white pepper
1 cup milk
2 tbsps. dried dill weed
1 tsp. each chopped fresh parsley and lemon juice
1/2 tsp. Dijon mustard

Place butter in 4-cup glass measure. Microwave 1 minute, then stir in flour, a little at a time, to make roux. Microwave 30 seconds longer, until bubbly.

Stir in salt and pepper, then gradually stir in milk, blending well. Microwave 3 to 3 1/2 minutes, stirring every minute, until sauce is thickened and smooth.

Add dill weed, parsley, lemon juice and Dijon mustard, stirring well to blend. Serve hot over cooked vegetables or fish.

Makes about 1 1/4 cups.

Recipes in this column are tested in 625- to 900-watt microwave ovens. Foods are cooked on HIGH (100 percent power) and uncovered unless otherwise specified.

Here's How

By Gene Gary

Tile, plaster will reduce sound

Q. I reside in a duplex condominium. The party wall (although it's a recent building) has a minimum of insulation. As a result I have noise problems in my part of the duplex. The sound is noticeable mostly in the bedroom wherein can be heard the slamming of doors of closets, bureaus and shower enclosures.

Is there some type of material that could be applied to my bedroom wall so the sounds emanating from the neighbor's unit would be deadened so that they would become hardly noticeable in my bedroom? Any assistance you can give will be appreciated. — J.F.R.

A. Acoustical tile can be applied to walls as well as to ceilings. Also, acoustical plaster can be sprayed on. Either of these should help cut down on the sound transmitted through the wall.

However, the best results in reducing transmission of airborne sound through an existing wall is with the installation of a partition. This is an added wall, which creates a dead airspace between the existing wall and the new one. In

the added wall, still greater resistance to sound transmission is obtained by using resilient clips for attaching gypsum lath to studs.

Q. What can I do with a cement kitchen floor to keep moisture from coming up through the linoleum? The moisture caused mildew, an odor developed and the linoleum rotted. I had new linoleum put down and now it has happened again within six months.

I called the company that installed the new floor. A man came out and suggested I put new linoleum down again, on top of what I have. He said it would not come through again. I do not like that idea and I feel it will rot again. Can you help? — R.G.R.

A. Your problem is caused by the wrong type of flooring installed on a concrete slab. Linoleum never should be used. Special floorings are made for on- or below-grade floors such as asphalt tile, vinyl asbestos or pure vinyl made for these types of floors. A special waterproof adhesive is required for installation.

You need to install a new floor. Be sure it is the correct kind. Concrete is porous, so it would be well to also check the drainage from the outside of the house to be sure that water is draining away from the foundation.

Q. I have a swimming pool that is almost 20 years old. Because of numerous acid washes and plain wear and tear, the pool needs to be replastered. It presently has a mottled appearance because of areas where the plaster is so thin the gray granite base shows through.

A friend told me that in Florida painting in lieu of plastering is a common practice because it's less expensive. Is there a paint that will withstand the normal swimming pool chemicals? Also, what kind of preparation is needed? And what would be the comparative cost between plastering and painting? — D.R.

A. The most effective and widely used paint on concrete pools usually is referred to, naturally enough, as swimming pool paint. It is based, usually, on chlorinated rubber and is solvent-thinned, and is not to be confused with so-called rubber or latex water-thinned paints. There also are solvent-thinned vinyl-based paints, but these are best applied by a professional painter. Since both types contain very strong solvents, they should be applied to previously painted surfaces with caution.

Portland cement paint also is very popular for use on concrete pools. It is applied only to a wet, previously unpainted surface and must be kept wet while being cured, usually by filling the pool. This strengthens the bond of the paint to the concrete. Pools that have been painted previously with portland cement paint can be recoated with it.

For a successful job, proper surface preparation is as important as paint selection. The sides and bottom of the pool must be cleansed of oil, dirt, algae and other foreign matter by brushing with a detergent solution. If what appears to be dirt doesn't come off, it may be a type of mold that can be destroyed with a household bleach such as Clorox or Purex.

Be sure to caulk all cracks and patch all holes. If the concrete never has been painted and has been troweled smooth, it must be given an acid wash to provide a surface to which the paint will adhere. The one most commonly used is a 10 percent solution of muriatic acid.

Just thought this might help Mrs. Pete Vol in New Jersey. I feel it is perfect lubrication. No wrinkles around my eyes and I'm 78. — Bernadine M.

Dear Bernadine: That's great.

Dear John: Please send me the literature on vinegar and honey, also Certo. Recently I started getting arthritis in my neck and left hand.

My doctor told me to wear a copper bracelet on my arm. I always thought this was a myth, but we'll see. Thank you. Good luck and God bless. — N.S.H.

Dear N.S.H.: I've known people who wore bracelets all over their arms. If they helped, I don't know. It doesn't seem to make sense.

TWEEN 12 & 20

minutes per mile (45 minutes), 3 miles.

Dr. Wallace: A lot of my friends hitchhike and I have also, but my dad doesn't like the idea. I know that at times it could be dangerous, but I'm sure they are few.

Are you also against hitchhiking? If you are, why? — Jo Anne

Jo Anne: I remember a letter written to me several years ago regarding a teen's experience hitchhiking. In digging through my files I came across the letter printed in July 1981. Please allow me to refresh a few memories. Laura's letter says it better than I could.

Dr. Wallace: My twin brother and I would like to visit Europe this summer. We don't have a lot of money but we understand that the U.S. dollar is very, very strong.

Can you tell us the countries that will have the best exchange rate? — Greg

Greg: Indeed, the dollar is at an all-time high against world currencies and that means super-prices for U.S. citizens traveling abroad.

Dr. Wallace: I have a part-time job and would like to open a savings account but my grandmother said that I'm not making enough to bother with a bank. I can save \$2 a week. What do you think? — Billy

Billy: Grandmothers are usually right but this is the exception. Open a savings account and enjoy the excitement of watching your balance grow. Make sure you open an account where you receive the highest rate of interest on your insured account.

out all the pressures I feel would be welcome.

A. Your attitudes as well as your husband's aren't so unusual, if that's any consolation to you (and it may not be).

Among the things you might do to relieve the situation is to get some time away from the baby through use of an occasional baby sitter or one of your older children. Try listing for your husband the schedule you have in order to see whether there are some elements of it that he might enjoy taking over. His participation could be of value not only to you but also to the baby and to himself.

If you are willing to be flexible based on the baby's needs, you might discuss with your husband the need for flexibility related to your dinner time and the evening schedule.

Sometimes there is little understanding on the part of the other parent just because there is no awareness of the demands on the one who is at home all day. It's probably obvious to you that this is a two-way street, also requiring awareness of the demands and pressures during the day on the absent parent. His working day may not be worry-free either.

Lack of communication is a common failing.

Q. Recently I heard about something called Tourette's syndrome, and wonder whether our 7-year-old son has it. If he has, I'm really worried. It sounds like a terrible thing.

He seems to have some emotional problems, loses a friend as fast as he gets one, causes trouble at school and never will listen to me or his father.

Do you think he possibly could have this problem?

A. I checked with a friend of mine who has had direct experience with people of the Tourette's syndrome type.

He told me that it usually starts in the early teens and is represented by a series of uncontrollable bodily and verbal tics. The verbal ones often consist of quickly, numerously repeated off-color words. Medication of a tranquilizer nature sometimes is helpful.

Because I'm not a medical doctor, you probably should talk about this with yours, and check out the information I obtained.

Describing your son to your physician and asking him or her to examine him could lead to help for the problems you feel he may have.

Snakes pose serious threat

By R.G. Elmore, D.V.M.

Q. We are going to make an extended camping and hiking trip into some rather remote areas in the near future, and plan to take our 3-year-old weimaraner with us.

We are worried about the possibility that our dog might be bitten by a poisonous snake. Are dogs susceptible to snakebites? Is there anything we can do to help reduce the chances that our dog will be bitten?

A. Bites by poisonous snakes are an important cause of death of pets and other domestic animals. It has been stated that venomous snakes kill more animals than do all other members of the animal kingdom combined, except man.

There are over 100,000 animal deaths in the world each year attributed to snakebites. In the United States, over 15,000 domestic animals are bitten yearly. Rattlesnakes account for approximately 80 percent of all snakebite deaths in animals.

The severity of snakebites is highly variable, depending chiefly upon the amount of poisonous venom injected into the bitten animal. Other factors affecting the seriousness of the bite include the toxicity of the venom, the location of the bite on the animal's body, the size and species of the animal, the animal's age and the animal's

general health.

Although there is some variance among the different breeds of poisonous snakes, the order of decreasing sensitivity to snakebites is listed as horse, sheep, cow, goat, dog, pig and cat. In other words, horses generally are more susceptible to snakebites than are pigs. Dogs are considered to be very sensitive to snakebites because of their relatively small size in proportion to the amount of venom injected by most snakes, and because most bites in dogs occur on the head or neck.

Snakebites often produce intense pain, weakness, paralysis, swelling and blueness of the normally pink membranes of the mouth and eyes.

Bitten animals often become excited, running and thrashing about. Since exercise increases the rate of absorption of the venom, the animal should be quieted and transported to a veterinarian as soon as possible. Bitten animals should be handled with extreme care because of the intense pain.

If the dog has been exercising vigorously and if the bite is in a highly vascular area of the body, death may occur in a matter of 5 to 10 minutes. The presence of hair may make it difficult to identify the typical fang marks. The area of the bite wound usually becomes quite swollen and eventually much skin and tissue are lost.
