New Gas Rate Is Announced

A new gas rate for consumers using gas as a medium for all year water heating was announced this week by F. V. Aler, Jr., Commercial Manager of the Amityville office of the Long Island Lighting Company.

Mr. Aler explained that where as under the present schedule gas customers pay \$1.75 per thousand for the first 3,000 cubic feet, \$1.80 for the next 2,000 and \$1.20 for the next 15,000, under the proposed schedule, the first 500 cubic feet will cost \$1.00, the next 2,000—\$1.85 per thousand, and ninety cubic feet for each additional thousand and cubic feet.

The purpose of this reduction is to induce more of the company's consumers to use gas for all year water heating. The lower rate together with the improvements has led the Company to believe that the comfort and economy of gas water heating has now been brought within the reach of thousands of its customers. Moreover, water heater users supplied under this schedule will also enjoy considerable savings in the operation of an automatic gas refrigerator.

Fehlenson Signs Immunity Waiver

Frederick Fehlenson, Glen Cove butcher and a resident of Farmingdale, who has subpoenaed last week by District Attorney Martin W. Little to testify before the grand jury in connection with the county relief investigation, signed a waiver of immunity Friday, he informed the Post this morning.

Fehlenson was reported in New York papers as refusing to sign the paper. According to Little, he had dealings with Carl M. Davis, former superintendent of the Glen Cove Relief Bureau, who is now awaiting the action of the grand jury of forgery charges.

Life in the Balinese. The women of Bali live mainly on rice and fruit with only a little meat now and then. Children run about unclothed until the age of five and play all day in the sun. Nature has provided a perfect climate. There is always plenty of sun, and if the beach grows too hot the Balinese have only to go up the mountains to insure a cool night.

Birds Are Fighters. Many birds use their strong sharp beaks as weapons, and others fight with their talons, each though they lie on their backs in a fray, to move their claws more freely.

Named Head Of County Football Conference

Loop Divided In Two Parts North, South

Assistant District Attorney Is Made Its President

Delegates from various clubs of the County designated Albert De Meo, assistant district attorney and prominent football official, president of the newly formed Nassau grid conference at a meeting on Monday at the Hempstead high school.

At the first convocation a month ago in the Freeport Elks Club De Meo was appointed temporary chairman of the proposed conference. But on Monday night he was unanimously chosen to head the first gridiron league of semi-pro clubs.

Howard Pearson, Freeport Village Clerk, was named for the office of secretary.

Despite the sentiment in favor of one division, incorporating teams from all sections of the County, it was decided to sub-divide the conference teams into a North and South Shore loop.

This action came as the result of a secret agreement among North Shore teams, reached since the last conference gathering, to organize their own circuit.

Upon the insistence of these teams, it was decided to favor the two division plan.

Under the adopted plan, there will be six teams in the South shore group and seven teams in the North Shore division. Each team will be required to play at least nine conference games to be eligible for the championship which will be decided on the first Sunday in December, when the first teams in each division meet on a neutral field for the Nassau County championships.

The South Shore division will be represented by the Long Island Paragons, the Hempstead Monitors, the Hempstead Alumni, the Valley Stream Red Riders, and the Omega Tau Dallas of Freeport. Hicksville, Glen Cove, Manhasset, Westbury, the Mineola A. A. Oyster Bay and Locust Valley will form the North Shore division.

Promising Crop Turns Out For High School Football

Season To Start On September 26; Eight Games Are Scheduled For Seasmen; Chamaine First

More than 60 promising young candidates practiced spring football under the supervision of Coach "Buck" Beana at the Great Neck high school during the past week. A number of veterans as well as a good crop of new talents went through some strenuous practice sessions. Judging from the material available it is expected that the team to represent the Seasmen on the grid next season will be a formidable opponent for any team on the North Shore.

Eight games are booked for the Great Neck leather tossers. Their season will officially get under way on September 26 when they will play the opening tilt with Chamaine on the County Seat territory.

The schedule:

Sept. 26—Chamaine	Away
Oct. 5—Lawrence	Home
Oct. 12—Fruiting	Home
Oct. 19—Valley Stream	Home
Oct. 26—Port Washington	Away
Nov. 3—Mineola	Away
Nov. 6—Hicksville	Home
Nov. 16—Glen Cove	Home

The candidates follow: Charles Adams, Carlo Adams, Robert Anderson, Walter Aristotovich, Rutland Bear, Donald Baugert (Captain), Douglas Banquet, Teddy Barber, William Binkiewicz, the past week's Charles Bukant, Al Capone, Joseph Chalks, John Clask, John Cuddy, Russell Crosby, Phillip Dannenfeiser, James Dick, Theodore Dougherty, Cornelius Dock Lanza, Jack Andrew Episcopo, Jack Finnigan, Edward Frayne, Howard Frazier, John Friedenwald, John Gerrity, William Graddy, Edward Gayton, Charles Groomman, Walter Hawkins, Dave Hertz, John Holvelt, Clifford Howes, Steven Hozsky, Eugene Janzenburg, Al Klier, Joseph Kernell, John Knight, Jack Lanza, Jack Lavermore, James Macmurdoo, Joseph Mulado, David Malcoinson, James Manzione, George Morrow, David McGeer, Harold Mills, Jack Neelan, Martin Winkler, Everett Williamson, John Owens, Charles Peterson, Bernard Reed, Thomas Reddy, Vincent Sauborn, Norman Beitman, Jack Scarselli, Rino Wallin, Carl Watson, Roger White and Leonard Wild.

Twilight Baseball League Officials To Meet At Cove

To Decide Whether Loop Will Extend Into Neighboring Villages; Many Would Have Circuit Enlarged

Whether Glen Cove's Twilight League will be extended to neighboring villages will be decided tomorrow night, in all probability, at a meeting of league officials at the Neighborhood House in Glen Cove.

General opinion among baseball fans on the North Shore is that the loop should be enlarged to include representatives from the Oyster Bay, Sea Cliff, Locust Valley and Glen Head. Interested teams from any of these communities are expected to send delegates to tomorrow night's meeting.

With the start of the schedule some few weeks away, three teams already have signed up for membership in the league. It was learned this morning. They are the Sebas Club, Columbia Ribbon and Carbon Co., and the Oyster Bay. John J. Dunn, chairman of the league committee made a plea this week for bettered relations.

"I hope," he said, "that the teams will be well equipped and composed of men qualified to take the field and make a good showing. It is difficult to hold interest in baseball here unless we have such teams on the field."

Tally Ho Five Bows To 31

The Tally-Ho Club of Westbury bowed to Nassau Industrial School of Lawrence 26-31 and the Farmers A. C. of Locust Valley beat the Long Beach Saints 28-27 at the Woodmere High School court on Tuesday evening. As these tilts are under the supervision of the State Department of Education for recreation purposes, there is no admission charged. The people are invited to attend 2 fine basketball games combining part of our efforts to use leisure time of the people of Nassau County.

The second match game if necessary will probably be played on Mitchell Fields court. If arrangements can possibly be made.

The Crescent

Among fundamental patterns in nature, which, by the law of correspondence, mean so much in our mental and spiritual life, the crescent, sign of Diana, or Artemis, goddess of the chase, forests, streams—and of the moon under the poetic moonbeams, Minerva, goddess of the beautiful woodland vice that lovers and poets like to find because it brings happiness.

"Huh! I'll show you foolish such a expression is!"

"REG'LAR FELLERS"

Glen Cove Sports Whirl

The baseball season started off with a couple of bangs last Sunday when the newly formed Long Island Athletics took the Port Washington A. A. to the cleaners, 9 to 4.

The high school season is priming for its opening game tomorrow afternoon, when Joe Fava's Hempstead High team travels to Glen Cove to engage the Glen Cove combination. Both squads turned in brilliant records last season and have a fine supply of veterans on hand, so their opening clash should be worth watching.

The baseball divisions of the school league will remain the same as they were last year. Great Neck still declining to enter a 9 in the competition, thus keeping Roslyn High in the western division and leaving both loops with five teams. The plans for the crown in the western division will lie between Glen Cove, Mineola, and Roslyn; while Hickville, Westbury, and Oyster Bay will probably provide all the thrills in the eastern loop section.

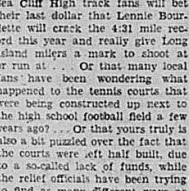

The scheduled boxing show at the Elks Club has been called off until the Lenten season closes, thus leaving Joe Peor old scribe a headache in his quest for copy.

The finals for the Recreational League championship will be held this afternoon at school gym. The Tally-Ho five of Westbury walked off with the North Shore championship and are scheduled to play a series of games with Woodmere, the South Shore winners. One game was played on Tuesday evening, while the second of the series is scheduled for the south school gym on Friday. It might be worth your while to drop down and watch the snappy Tally-Ho gang going hunting for the County Championship.

WHIRL POOLS:

Did you know that John Clark received fourteen bases on balls in the first fourteen times he came to bat in the Glen Cove City baseball league a few years ago? He overcame his jinx in his fifteenth try, when he blasted out a single. . . Or that the Hicksville A. A. football team may not be so hot next fall, providing that John Miller and Sabatello take up their rumored scholarships to Manhattan College? . . . Or that the absence of these two lads will not put Hickville exactly in the class of the set-ups? . . . Or that Sea Cliff High track fans will be better last dollar than Lennie Bourdette will crack the 4:31 mile record this year and really give Long Island every a right to sneeze at or run at. . . Or that many local fans were wondering what happened to the tennis courts that were being constructed up next to the high school football field a few years ago? . . . Or that yours truly is also a bit puzzled over the fact that the courts were left half built, due to a so-called lack of funds, while the relief officials have been trying to find as many different ways as possible to spend money on Recreation . . . agans and what-not? . . . Or that the Sebas, Columbia, Carbon and Ribbon Company and one or two others are the only teams

DAPA KNOWS

that have signified their intention of entering the proposed city baseball league this summer? . . . Or that Mrs. Dorothy Nalvaskio Mandell, formerly of Glen Cove, finished third in the big Toronto swim two years ago? . . . Or that I'll take my cue and leave "Pop" until next week. . . (chuck one up for me. . .)

NOTES ON A REPORTER'S CUFF:

A vote of thanks is due "Doc" Donahue of Oyster Bay for helping this reporter out of a fine mess on Sunday night. Knowing next to nothing about a puddle jumper much less a "Henry" whose lights suddenly decide to cease functioning a certain sports scribbler was very much in a fix. "Doc" eased over, pushed the garage mechanic out of the way and placed his finger on the trouble, got a shock, but presto we had lights. All of which made the scribe very happy and emboldened him to get home sometime before dawn. Previous to this the scribe had purchased the replacement of a part which he later learned was not a part of a "Henry." Which proves you can sell a newspaperman anything sometimes.

SIDE LINES

Baseball candidates did most of their practicing indoors the past week. Hence potential diamond stars have not yet stirred sufficient dust for comment. Twilight league baseball is much discussed in many communities. Great Neck, Roslyn and Glen Cove, to mention a few, will each have a circuit with Oyster Bay as a good prospect to toss its bonnet into the ring.

Twilight ball is a good thing for the reason that it gives many players an opportunity. Only nine men and a reasonable reserve squad can make the grade for the team to represent the community. Other talent is absorbed by the Twilighters.

The Sea Cliff A. A. will strut out this year with the most noted assortment of bat swingers ever assembled in that neck of the woods. To read a list of the ball-tossers to represent that organization would make one's eyes pop. But we must remember that they are more than ever determined to keep intact that enviable record of fourteen straight victories which just about put the fair community on the map. Many of the star performers on the A. A. combine masquerade under the banner of the Long Island Athletics and play each Sunday afternoon at the Jericho ball park.

The long-debated football conference is now practically a reality. On Monday night Albert De Meo, assistant district attorney and former prominent gridiron official, was elected president of the Nassau County football conference at a meeting at Hempstead high school. It was decided however, as predicted in this column, to divide the North and South Shore into two separate divisions.

Under this arrangement there will be six teams on the Southern circuit and seven on the Northern loop. On the first Sunday in December the leading team of each section would meet on a neutral field for the Nassau County semi-pro championship. When you consider it the whole idea is something which should have been done years ago.

THINGS I PROMISED NOT TO TELL:

Who went to Doubleday Doran's in search of a job and was awed by the building and its surroundings that the forget to make application for a position and wasn't aware of the fact until questioned when she arrived home. Or didn't I get the story straight. Maybe there was an attraction we don't know anything about.

What Glen Cove newspaperman in his younger days gained possession of a uniform of the Detroit Tigers, played semi-pro ball and had the fans all ages and the pitchers afraid to toss the ball to him. He walked so many times that he forgot how to run when he accidentally got his bat in the way of the ball.

At the Great Neck High School there is a lad actually named Al Capone. We can imagine the fun that fellow had several years ago when a certain party became a permanent guest of the government. "Little Caesar" forgot to render his tribute to Caesar.

That Great Neck institution also boasts of another celebrity in Ed Frayne whose namesake is the sports editor of one of our leading dailies.

Sea Cliff in this modern day and age has blue laws which prohibit Sunday baseball in the community. There's a village with a championship team and they won't let it play on the Sabbath when the townfolk can all turn out for the occasion. Everyone is not a white collar worker with Saturday's off.

Doc Donahue of Oyster Bay is a first class fixer upper, knowing the make up of a Ford puddle jumper in and out.

CHRISTIAN SCIENCE
"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 14. The Golden Text is: "Heal me, O Lord, and I shall be healed; save me, and I shall be saved; for thou art merciful to the position of the weak, when it cometh. For the Lord shall be thy confidence, and shall keep thy foot from being taken." (Proverbs 3:25, 26).
The Lesson-Sermon also concludes the following correlative selection from the textbook of Christian Science, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Nothing but the power of Truth can prevent the fear of error, and prove man's dominion over error." (p. 389).

Noah's Ark.—From the time of the murder of Abel to the time of Noah the Bible devotes considerable space to the genealogical records of the descendants of Adam. One of these descendants, Jubah, was the first musician; and another, Tubal-Cain, was the first worker in brass and iron. Adam lived nine hundred and thirty years, and Methuselah reached the record age of nine hundred and sixty-nine years. But old as these patriarchs were they failed to learn wisdom with their years and "the wickedness of man was great in the earth." Gen. 6: 6, we are told, "And it repented the Lord that He had made man on the earth, and it grieved Him at His heart." Determined to wipe out the whole race and make a fresh start, God chose Noah, his wife and their three sons, Shem, Ham and Japheth, for survival. Noah was instructed to build an ark to hold his family, together with male and female representatives of each species, and provisions for them all. In this picture Merian portrays the completed ark, with the animals entering it, while Noah prays for divine guidance.

Land of Contrasts
The island of Java presents a wealth unparalleled anywhere on earth of the primitive and the civilized. In the forests, the blowpipe may still be seen in use; but the island is traversed by huge electrical mains and the wireless station near Bandung is the most powerful in the world.

THERE'S EVERY REASON why you'll want a new FORD V-8

● **POWER**
The Ford V-8 engine has proved its superiority beyond question. It assures you of reserve power, instantly. At 50 to 60 miles per hour this engine is actually running at ease. The Ford is the only car under \$2000 that gives you V-8 performance.

● **SAFETY**
The new Ford V-8 gives you a welded, one-piece, all-steel body. Safety glass all around in all models at no extra cost. New safety-brake system. Transverse springs, lower center of gravity and air-balloon tires give greater safety on curves.

● **ROOMINESS**
It's longer, wider and roomier. Seat-widths are increased from 15 to 26 inches. There is ample leg room front and rear. The new angular gear-shift lever permits three to sit in the front seat with comfort. Luggage space in all closed models.

● **COMFORT**
"Front Seat Comfort" for back seat passengers—chair's the result of the new "Full-Boasting Springs" with "Comfort Zone Seating." All seats are now cradled between the springs, and every passenger rides in the "Comfort Zone."

● **BEAUTY**
Outside and inside the new Ford V-8 strikes a new note in modernity and beauty. Gracefully streamlined body—with a choice of attractive body colors in durable baked enamel. Newly designed, luxurious interiors, with quality upholstery.

● **ECONOMY**
The new Ford V-8 costs less to operate than any Ford ever built.

Religious Question

Q. Does infallibility mean that the Pope can do no wrong?
A. No, it does not. Infallibility does not mean that the Pope is incapable of committing sin. He may commit sin like any other Catholic, and he is bound like any other Catholic to use the same means to pardon, the Sacrament of Penance.
Q. Was President Lincoln ever a member of any church?
A. Abraham Lincoln never joined a church, this despite the fact that his family were members of the Baptist Church, and that Lincoln himself had a natural bent toward religion. Therefore it cannot be said that Lincoln remained out of the church because he was hostile to religion. His concept of God did not fit into the most common religious pattern of the day. The attitude toward the church may be summed up in his classic declaration: "Whenever I find a church that takes as its end to love God with all one's heart and soul and strength and mind and one's neighbor as himself I will join that church."
Q. What is the significance of the Jewish festival of Purim?
A. The festival of Purim, which will begin on Monday evening, March 18, commemorates the deliverance of the Jews from the hands of Haman, prime minister of Persia, at the time of Ahasuerus. Ahasuerus had deposed his queen, Vashti, and chosen Esther, a beautiful Jewish orphan, for his new queen. In the meantime Haman, recently appointed prime minister, had a dispute with Mordecai, a cousin of Queen Esther and made his private quarrel a basis of hatred against the entire Jewish people. He promised to bring 10,000 silver talents into the royal coffers for permission to exterminate this group. And without knowing the name of his people, King Ahasuerus granted to Haman power to confiscate their property and exterminate the Jews within his dominion. Queen Esther finally exposed Haman's machinations. The king became furious and ordered Haman to be hanged. To commemorate this deliverance the Jewish people established the 14th of the month Adar as a day "of

feasting and joy, presenting one to another as gifts." Central Conference of American Rabbis declares: "It is the duty of every Jew to observe the festival of Purim." Q. Please explain the meaning of the "Knights of Old England." A. The Holy Order of the Knights of Old England is a chivalric order, the origin of which is shrouded in mystery. It is said to have been founded by King Arthur at his last banquet, when he was slain by the traitor Mordred. The knights were given literary form in the "Quest of the Holy Grail" by Sir Galahad and the forms of the knights as guardians of quasi-monasticism who kept, said to be in a chapel in (see Wagner's

Bayville Heart Services
