The Republicans are waging their campaign with the slogan that 'Suffolk is a Republican county; it should have a Republican Board of Supervisors.'

SCHOOL TUESDAY

Disappointing many of his pupils, who thought that election day would be a holiday, Principal William H. Howells, announces officially that school would continue as usual on Tuesday, Friday, November 11, will however, be a holiday.

Harry Tappen Doubles Work

(Continued from page 1) not been wasted. For Mr. Tappen's legal knowledge has served him wonderfully both as a supervisor of highways and as a supervisor. Time and again he has appeared before the State Tax Commission, the Public Service Commission, and the State Board of Education preparing his own reports and making his own pleas. In vernacular, he not only "knows his stuff," but he also knows how to "get it across."

On Lecture Platform Not everyone knows that Harry Tappen spent two years, on and off, in travel before the war and as a result became a lecturer for the New York City Department of Education. He spoke in every section of the country on travel subjects: "The Panama Canal," "Cuba and the Spanish American War," "The Pan-American Exposition," and "Yellowstone Park."

As Harry says, "The war is over," but a glance at his record in France tells the character of the man. He served from September 10, 1917 to May 9, 1919 in the Headquarters Train, 7th Division and was abroad 13 months. His outfit trained with the British and afterwards fought on the Vesle River front, in the Oise-Aisne offensive, and in the Argonne from the inception of hostilities there until the Armistice.

Well Recommended O. A. Stanley, an eminent railroad man of Cleveland, O., says "Harry Tappen is a valuable, conscientious engineer" (by the way, he was construction engineer and in charge of maintenance of way on the trackage line which used to operate between Hicksville and Mineola, Port Washington, Flushing and Whitestone.) Captain Francis N. Baugh, once his company officer and now a prominent lawyer of New York City, states him as a soldier of devotion, efficiency and resourcefulness.

Harry Tappen has accomplished much good in the American Legion. He organized and became first commander of Glenwood Landing Post, where he has lived for 31 years. For five years he has been Legion Welfare Officer for Nassau County.

The Tappen family came to Long Island from New England in the middle of the 17th century and have been prominent in county affairs ever since. Harry's mother was Amelia Cox, also of old Quaker stock, and her father was buried in the old Quaker cemetery in Locust Valley.

John E. Duryea Running for re-election on the Republican ticket in the Town of Oyster Bay is John E. Duryea of Farmingdale, who as receiver of taxes for the past four years has given the people of this township the most efficient type of man they could demand for the office. His work in collecting taxes here has been more than enough to make him the choice of the majority at the November 5 polls.

Apparently "Jack" as he is called, inherited his ability as a receiver of taxes in Oyster Bay more than 40 years ago. Before being elected to the office four years ago, John E. Duryea held the office of postmaster in Farmingdale, his home town and birthplace, for eight years. During his tenure of office, the speedy and sizeable collection of taxes in four of the most economically severe years this country has known has placed his name before the people of Oyster Bay, Nassau County and New York State as an efficient head of one of the government's most difficult departments. Although his work of running his office with the number of clerks he is allotted was hard before the school law passed last year has doubted this task. He must now get out twice the number of bills and receipts since there are two distinct times for the collection of school taxes, entirely apart from the town taxes. "Jack" has shouldered the job, however, and has proven that he can come through with flying colors. His work as receiver of taxes in the town of Oyster Bay for the past four years can leave no doubt in the minds of the voters here as to who should be the logical man to elect for the office.

E. L. Flanagan Eugene L. Flanagan of Bayville, Republican candidate for the office of Justice of the Peace in the town of Oyster Bay is by no means unacquainted with the job which he is seeking. He is well known in the town of Oyster Bay and a prominent lawyer in the County of Nassau.

FARMINGDALE

Mr. Flanagan, known by his friends as "Gene," served as the police justice in the Incorporated Village of Bayville from the first day that community adopted "home rule." He is popular in his village and has always been active in its civic affairs. His interest in the youth of the village of Bayville prompted him to help in the organization of the Bayville A. A. and the formation of its baseball and football teams.

"Gene" has had his time at being justice of the peace as well. He was elected justice of the peace on the Republican ticket and served in the Locust Valley court for several years. When the Kirkland Bill came into effect and the number of justices was reduced from two to four, Mr. Flanagan retired in favor of Judge Mosey. Without charge to the taxpayers of the Town of Oyster Bay, Mr. Flanagan has given his services to aid in the completion of the tax map. He has helped in all cases of title and in this particular field is recognized as one of Nassau's experts. He has asked no remuneration for this service and has been available at all times, ready to do anything to help the Town project.

Thomas C. Wade

Thomas C. Wade of Locust Valley who runs as the Republican candidate for a term of four years in the November 5 election has become well known throughout the township by his work in behalf of the taxpayers. As a member of the first Town Board to serve under the Kirkland Bill, Thomas Wade has been responsible for any number of economies which have had a direct result of benefitting the taxpayers of the Town of Oyster Bay. Acting with Councilman John R. Brandt as a committee from the town, Wade was responsible for effecting a compromise with the Building Relief Club which brought about a much more desirable rental for the town beach lands at Fox Point near Bayville. Although new to political circles of Nassau and the town of Oyster

A public session of the Junior Auxiliary, American Legion, will take place on November 8 in the Locust Out-Post on Eastern Park way. The only president will be present and Nassau County President Mrs. K. Schwarz will be installing officer.

Mrs. Norman Ketchum, Sr. spent the week-end at the home of Mr. and Mrs. Chester Ketchum of Eastern Parkway.

Mr. and Mrs. David Terry of Ronkonkoma were dinner guests at the home of Mr. and Mrs. Clarence H. Terry of West Fulton Street.

Mr. and Mrs. C. H. Terry of West Fulton Street spent Wednesday at the home of Mr. and Mrs. Louis Kramer of Southold.

Bay Thomas C. Wade's reputation as a builder and his work as a commissioner in the Locust Valley Water District have turned the people of his own village to him time and again for aid and advice in combating problems which face them. As a commissioner in the water district, he became well acquainted with the various calls upon taxpayers and found the best possible means of aiding them. He was born in Westbury and early in life moved to Locust Valley. He has lived there ever since. He has been in the building business for the past twelve years and a commissioner in the water district for five years. He is a member of the Locust Valley Fire Department in which unit he also, held office. He is a member of the board of directors of the Matinecock Neighborhood Association.

Mrs. M. North of William Street, Mr. and Mrs. Ray L. North and O. Nicquist of Locust N. J., also Mr. and Mrs. A. Hunter and family and Mr. and Mrs. H. Stammer of Rockville Centre.

opportunity to display his histrionic ability. The picture deals with the adventures and loves Jack Holt, as an American aviator of fortune who gets himself a job as a combat pilot with a warring South American nation. Co-featured is "Thunder in the Night" with Edmund Lowe, Karen Morley and Paul Cavanaugh. Enchanting music spectacular dance routines set in backgrounds of unprecedented splendor, a pageant of the world's greatest entertainers headed by Jack Benny and intriguing story all combine to make "Broadway Melody of 1936," which plays on Sunday, Monday and Tuesday the most ambitious musical extravaganza of the year. Five songs by Nacio Herb Brown and Arthur Freed are featured. "Broadway Rhythm," "I've Got A Feeling Your Fool" "On A Sunday Afternoon," "Sing Before Breakfast" and "You Are My Lucky Star." Jack Benny, recently declared the most popular of all radio stars repeats his success on the screen as the smart, Broadway columnist, Sid Silvers "king of the stooges" will make you laugh with his droll humor. Eleanor Powell, for the past five years acclaimed as "the world's greatest tap dancer" handles the ballerina demands finely and in addition proves she is a field dramatic actress.

Noted as a smashing hit on the New York stage more than twenty years ago, "The Return of Peter Grimm" now comes to the screen as the smash under the banners of RKO-Radio with Lionel Barrymore as the star. The profoundly appalling drama deals with a kindly but tyrannical old maddler who almost wrecks the lives of those he loves best by imposing his will upon them, but who is able to return from the dead to retrieve the mistakes made in life.

BAYSHORE THEATRE
America's favorite baritone, Lawrence Tibbett, returns to the screen in "Metropolitan," the new produc-

tion coming to the popular Bayshore Theatre for 4 days beginning Sunday, November 3. In the course of the dramatic comedy, which traces the adventures of a young singer in pursuit of fame and romance, Tibbett sings selections from the operas, "Carmen," "Pagliacci" and "The Barber of Seville," as well as a duo of popular numbers, "Romantic complications" based on Tibbett's path in "Metropolitan." In love with Virginia Bruce, he cannot reveal his inclinations because Alice Brady loves him. She is a temperamental prima donna and Tibbett's fate, and that of the company, hang on her good will.

Wallace Berry and Jackie Cooper are united once more in the new picture "O'Shaughnessy's Boy," coming to the Bayshore Theatre beginning Saturday, Thursday November 7, and playing through Saturday, November 9. Their new picture is described as a dramatic story of father love fold against a background of universal appeal—the circus with all its pathos, humor and spectacle, abundantly punctuated with sure-fire animal thrills. Here is the picture Berry-Cooper fans have been waiting for ever since "The Champ," one of the most successful pictures of all times. It is their picture from the opening shot to the final fade-out. From the standpoint of circus spectacle, "O'Shaughnessy's Boy," has never been equaled on the screen. A complete circus was erected—managerie tent with elephants, tigers, lions, monkeys, camels, water buffalo, llamas and many other animals; Big Top and Side Show. There is a circus parade and many intimate shots of the circus on the road, the "private car" and the thrills of circus life.

with a few tears mixed in, the film features a large cast of screen favorites and is certainly one worth seeing.

The inimitable Zasu Pitts comes to Farmingdale on Saturday, November 2, in "She Gets Her Man." Cooley days are back again in "Outlawed Guns," the second part of the double feature attraction. It doesn't take much guessing to know that Buck Jones is the star.

The more well liked films come on Sunday, Monday and Tuesday, November 3, 4 and 5. Laurel and Hardy appear in another of their full length comedies, "Boomy Scotland," and adobeer "Tommy Stars in 'Murder Man.' The ladies get free gifts on Tuesday.

The sumous racket is exposed in a very amusing fashion on Wednesday, November 6, when Joan Blondell stars in "We're in the Money." Miss Blondell has the part of a very snappy young lady whose business it is to serve sumous on unsuspecting gentlemen and we advise you to see the film.

"The Broadway Gondolier," featuring Dick Powell as well as loads of the songs you hear on the radio these days is the feature on Thursday and Friday, November 7 and 8.

 salaries in Nassau County, that the needy was being exploited for party purposes; that citizens Oyster Bay were being soaked yearly \$3,000,000 of useless and unnecessary assessments.

"Let me say," Alley asserted, "that the people of Oyster Bay have long suffered under a form of town government, which the Republican politicians have stubbornly refused to change. They have denied the taxpayers the right of a better government because to do so would mean the abolition of useless jobs which are now distributed to the members of the well-oiled and powerful Republican machine. It has been said that every Republican who controls eight votes has a job. These jobs have been given out regardless of the ability or qualifications of the recipient, but solely as a reward for political service."

HICKSVILLE

The Men's Club of the Holy Trinity Church is having a meeting next Wednesday at 8 o'clock at the church.

Seversky Bowlers Beat Silk Company

The path of the Independent Silk Diving bowling team was beset with thorns this week as they ran into the Seversky Loopers, who established a team high score of 921 and took two games. The Divers won two games from the Racers to high their position in second place. Bethpage Part climbed out of the cellar by taking three games from the Seversky Bombers, while the Spinners repaid the Racers for two games.

Gutkas, of the netpage team, set a record score of 246, which was expected to stand a lot of weather.

SALLY'S SHOPPING SALLIES

So many of the shops in the village have many more bargains and attractive things than one ordinarily sees when shopping in the usual rush. For this reason I'm going to help you out in your shopping by reporting what I find that I think will be of interest to you. Watch each week.

If you look through the social items in the local papers these days you'll see that dancing is com- ing more and more in the limelight. That means, of course, that it is popular at the moment. Affairs of this nature are com- monly advertised, and you've got to be able to dance pretty well. Virginia Hoffman is the ideal person to help you straighten out any difficulties which may be simply sweet. The Studio of Dance is located at Intervale Avenue, and the tele- phone number is Farmingdale 342.

Pick up your telephone, call Farmingdale 860, and forget about your week's wash. That sounds a pretty simple way to solve what has always been a perplexing problem, but I can promise you that the Farmingdale Laundry can take care of everything even better than you could do it at home. Your clothes will come home within a short time, all snow white, and much cleaner than if you'd done them yourself. I know, because I've tried it. And the cost is reasonable—only 48 cents for 12 pounds.

There's a big event occurring in Farmingdale on Saturday. I guess pretty nearly everyone knows about it, but anyway I'll tell you again—the new Smiles Department Store is opening. I peeked into their magnificent new store yesterday, and I have never seen such an array of merchandise... and the bargains! Well, during the opening sale the like of which I have never seen before. Prices have been almost cut in half, as you can see by consulting the list published elsewhere in this paper.

As I suppose you've heard, Henry Weldenhoff is the new manager of the Thomas Rouletton store in Farmingdale. Mr. Weldenhoff has been in the grocery business for years, and everyone in town knows him. He's featuring all sorts of food bargains at his store at 200 Main Street, and I'd advise you to run down there and look them over. "Radio Specials" are the features of the moment, and you will find lots of bargains among them. And don't forget Rouletton will deliver, and will get your orders up to you within a few minutes.

Sally welcomes communications regarding the shops where she has been, or suggestions for shops she might visit in the future. Write Sally, at the Farmingdale Post.

No matter what the occasion...

No matter what the occasion may be, there's always one thing that a woman always appreciates—and that's stockings. If you want to buy a pair now is the chance to do it. For Karp's Specialty Shop is certainly offering a bargain when they sell genuine Gossam Gold Stripe stockings for 69 cents a pair. Another special feature at Mr. Karp's Main Street store is the latest things in suede jackets, with the snappy Clark Gable backs. They're in all colors, sizes 14 to 20, and sell for \$23.50 a pair.

The Central Electric Company's store at 499 East Conklin Street grows more and more fascinating to me every week, for all the electric gadgets they have on display there are simply sweet. To guarantee that the waffle iron pictured here will make, with little trouble, just about the best waffles you've ever tasted, Wattles are of course, the ideal gift for these crisp fall days. I suppose it's a little early to talk about Christmas, but if you want to get an idea what to look over the Fingers' supply.

Having trouble with your shoes? The time was when I used to throw away any shoes that looked shabby, but that was before I had heard of the Modern Shoe Repair Shop at 273 Main Street in Farmingdale. Take your shoes there and in a day they'll make them look like new—and it all costs very little too. The Modern Shoe Repair Shop has recently installed all sorts of new machinery, so they are able to take care of your difficulties with ease.

All Star Values" can now be had at Dick Gerken's grocery, and delicatessen store at 227 Main Street, where a new supply of "Royal Scarlett" products have just been put on sale for this week. Royal Scarlett coffee costs but 25, 19 and 17 cents; cranberry is 29 cents and don't forget Royal Scarlett succotash at 17 cents a can, and spinach and refried beans at 17 and 20 cents a can. You can have your order delivered by calling Farmingdale 126, and I advise you to hurry up and lay in your stock of canned goods as there's very little left.

Hockey Team Triumphs 3-2

Win Close Game Against Hicksville Tuesday Afternoon

The hard-fighting Hicksville eleven offered plenty of opposition for the F. H. S. girls' hockey team whose superior passwork enabled them to account for three goals while their opponents were held at two on Tuesday. Helen Reed, playing center forward scored the only point in the first half of the game. During the second half the teams battled on even terms each accounting for two goals. Helen Reed, scored for Farmingdale while Ruggie and Kofman tallied for the Joers. Hicksville threatened all the way keeping the outcome of the game in doubt until the end, but as no time were they able to get the lead.

Loss To Westbury

Two heart-breaking off-side penalties cost Farmingdale hockey players the hope of wresting a victory

from the West Westbury team on Saturday. Shortly after the opening whistle the F. H. S. forward line carried the ball down the field by short fast passes and O. Waldman drove the ball into the case for the first score of the game. Near the close of the first half Westbury retaliated with a goal on a corner play. Farmingdale then shot two more goals neither of which was allowed due to "offside." Entering the second half with a tie score of one all, both teams fought to what seemed a standstill when Westbury broke through for a second goal. Farmingdale attacked relentlessly in the remaining minutes and the final whistle found the main Westbury's door-step beaten, but not out-fought.

The second team retained its two year undefeated record by taking the measure of the Westbury youngsters 2-0. J. Thorne accounted for both goals.

Farmingdale School Notes

On Wednesday, October 23, a very interesting assembly program was put on, the main theme of the program being "The American Junior Red Cross." The Red Cross Drive started on October 23, and will end on November 1. Jane Corwin gave a short talk telling us why we should join the Red Cross and what benefits are derived from it. Edgar Sparte told us the qualifications for joining. In the high school \$1.00 is sent to the Red Cross for every 100 students. In the grades, \$20 for every room. All the rest of the money is used right in the school for dental work. The rooms which get 100 per cent membership in the Red Cross will have one activity period in which they may go home.

The newly formed boys quartet sang two selections at the assembly, the first was, "Inleger Vatal," and the second, "The Bulldog on the Bank." The boys in the quartet are: Fred Crane, bass; Wesley King, baritone; Harry Hoe, first tenor; Edgar Sparte, second tenor.

Mr. Hayward presented activity letters, which are given to pupils who take part in extra curricular activities, to members of last year's high school who received letters for the year 1934-35 are: Freshmen—James Marley Sophomores: Helen Parson, Eleanor Mauck, Ruth
