The cast for "Blithe Spirit" Alana Carneceio below, left to right Ann Rechter, Frank Scobleto, Linda Mossey.

The play, "Blithe Spirit," will be presented at the Hicksville Public Library on Friday night, October 28, at 8 p.m., by the Other Vic Theatre Company.

An updated, upbeat modern version of the great Noel Coward hit, "Blithe Spirit '88" is the story of novelist Charles Condomine, who invites into his placid country home, an eccentric lady psychic, Little does Charles or his lovely second wife, Ruth, dream that the seance staged by the psychic medium will summon back Charles' first wife, Elvira,

now "passed over" for seven years. Unfortunately, only Charles can see the "ghost" and therein lies his troubles.

A side-splitting evening of entertainment.

This play is free and all are welcome. Seating is on a first come, first served basis. Doors will close at 8 p.m.

The play is co-sponsored by the Hicksville Public Library and the Nassau County Arts Decentralization Consortium with public funds from New York State Council on the Arts Decentralization Program.

## Parola Reminds Students Of Contest

Assemblyman Fred Parola is urging local high school students to enter the eighth annual Student Energy Research Competition sponsored by the New York State Energy Office.

According to Parola, a member of the Assembly Standing Committee on Energy, the competition encourages students to design creative research projects geared toward solving the state's energy problems. The first round of the competition takes place this fall. Teams of up to three students may work with a faculty adviser to submit project proposals.

Approximately 100 entries will be chosen for Round II of the competition, to be held in Albany next May. Each Round II project is awarded to winners, and their home schools will receive special plaques.

"This competition is a sign of the times," said Parola. "It is a very good opportunity for young people to get directly involved in the future of energy."

For more information or to request an application, students may call the Energy Hotline at 1-800-342-3722, or contact Parola's district office at 731-3434. The deadline for proposals is Friday, Oct. 28.

## Town Recipient Of \$1 Million Grant

Oyster Bay Town Supervisor Angelo A. Delligatti announced that the Town has been approved to receive a \$1,000,000 grant by the United States Secretary of Labor. These funds will be used by the Town's Department of Intergovernmental Affairs to assist approximately 400 laid-off Grumman employees who reside on Long Island.

"Earlier this year, when Grumman announced the layoff of some 700 workers, I felt that the Town should work to secure Federal assistance that would enable us to retrain and help affected workers locate new employment opportunities," said Delligatti. "Past experience in administering similar programs has shown us that quality vocational training helps our people to re-enter the labor market with a viable new career at a good salary."

Under the Job Training Partnership Act (JTPA) Title III, Federal funding is available to pay for vocational training at approved institutions. The money can also be used to encourage employers to hire new trainees through the JTPA on-the-job training program. In keeping with the guidelines for this assistance, up to 50% of the trainee's salary can be paid for by JTPA for a designated period of time which is dependent on the skill being taught.

Delligatti noted that the Town of Oyster Bay, in addition to being the grant recipient, is also the grant administrator for the Town of Hempstead and Suffolk County. "Any of the Grumman employee residing in these areas, who needs information about the program, may call the Town's Employment and Training Division at 795-5610."

"We are justifiably proud that we have been given the opportunity to share our expertise in helping to provide employment opportunities for our residents, our neighbors and the Long Island business community," concluded Delligatti.

## Hicksville F.D. Holds Fire Prevention Week

All this week is Fire Prevention week. Everyone should know or should learn how to keep their home fire safe.

On Sunday, October 9, the Hicksville Fire Dept., along with McDonald's Restaurants hosted a Fire Prevention Expo at McDonald's, 280 North Broadway.

The days events, coordinated by Assistant Chief Anthony Wigdzinski and Captain Karl Schweitzer, started off at noon time by the Hicksville Fire Dept. hosting their Annual Poster Contest at their Fire Headquarters. Winners in this program received a smoke detector (donated by Sears), the shirt, certificate and trophies given out for 1st through 3rd place. Attending these awards ceremonies were Town of Oyster Bay Councilman Thomas Clark, Chief Gerard O'Brien and his Assistant Chiefs Tony Wiedzinski, Pat Scanlon and Al Merk. Before this Awards Presentation a brief talk on fire safety was given by Hicksville Fire Department's Ex-Chief and Nassau County's Assistant Fire Marshall John Specht. A special thanks goes out to Lt. Bill Kelly and Mike "Sparky" Kretz for their help in making this contest a success.

The Hicksville Fire Fighters then moved the festivities over to McDonald's parking lot for a Fire Prevention Display. This display consisted of Engine Co. 5, Ladder Co. 1, Floodlight/Heavy Rescue 8 and Rescue 9. The Fire Dept. displayed many tools and apparatus and children were taught Stop, Drop and Roll, and participated in fire extinguisher use displays. The Hicksville Fire Department gave out blood pressure checks and distributed Fire Prevention Literature to all on hand. One of the highlights of the days events was the Nassau County Educator's Fire Prevention Trailer with audience participation and special tour guide, Ronald McDonald.

The Hicksville Fire Dept., and McDonald's received proclamations from the Town of Hempstead, the Town of Oyster Bay and Nassau County for their caring efforts in Fire Prevention during Fire Prevention Month. The Hicksville Fire Dept. would like to thank all those who attended the Poster Contest and all those who showed up at McDonald's. Chief O'Brien cannot express the need of Fire Prevention anymore than we have, but only to say that Fire Prevention begins in the home and is performed 365 days a year.

# Editor's Notebook

As November's elections draw near the focus is on the various candidates. But there is a secondary focus on the people who give us the news. Who are these print and electronic journalists who have never been chosen by the voters, but play such an important role in America's electoral process? Not too long ago Adler and Adler published a book called "The Media Elite" by Lichter, Rothman and Lichter which helps answer this question.

Most newspeople are the product of Eastern Universities: 40% come from New York, New Jersey and Pennsylvania (with 17% of the total population), 10% from New England and 20% from industrial mid America. Only 3% derive from the West Coast states of California, Oregon and Washington (with 11.5% of the population). Thus 70% came from much less than half of the country and the heavy concentration is found in the Eastern cities.

We find that 95% of newspeople are white, of whom 79% are male between 30 and 45 years of age. Nearly 100% have a college degree and more than half have pursued graduate work. They are well compensated for their years of education.

Fewer than one in five say they are "right of center" of those who voted in the last presidential elections never less than 80% chose the Democratic candidate (Johnson, Humphrey, McGovern, Carter, Mondale). This liberal bent is apt to continue - a survey of Columbia University journalism students finds only 11% are conservative.

Half of America's journalists have no religious affiliation. Only 8% regularly attend religious services, 86% seldom or never. But one in five calls himself Protestant, one in eight, Catholic, one in seven Jewish.

Three out of four journalists responding to a survey chose only liberal sources of information.

It would be naive to suppose that media people being human, can see and interpret the news other than through their own mostly male, white, secular, affluent, eastern liberal eyes.

## More Metered Parking Proposed

Oyster Bay Town Councilman Howard T. Hogan, Jr., announced that the Town Board has scheduled a November 1st public hearing to consider adding to the Code of Ordinances (Motor Vehicle and Traffic Chapter 17) a new section which will establish metered parking in Town parking fields H-8, H-9 and H-12 in Hicksville.

Hogan said, "The Town Board

is considering the installation of meters, with a four hour limit at a cost of twenty five cents, between the hours of 9 a.m. to 4 p.m., Monday through Friday, except holidays, so that this parking may be used by the customers of local merchants in the vicinity."

The hearing has been scheduled for Tuesday, November 1, 1988 beginning at 10 a.m. in the Town Hall East hearing room, Audrey Avenue, Oyster Bay.

To the Editor:

The Northwest Civic Association of Hicksville has started its 1988-89 season. We are looking for new members. Even though we haven't had a meeting during the summer, the Association has been working to clean up and better Hicksville and our North-west area.

But, we can only be as good as the people who stand behind us. Isn't it worth the small price you have to pay; your dues? Just think of how we all are guilty of throwing that small amount of money away on something and getting nothing out of it. If that small amount of money isn't worth trying to keep Hicksville ours, than something is wrong.

However it is not just the money. We need all of you there voicing your opinions. We can only be strong in numbers. Many people come up to me and ask, "what is going on"? If you want to know, then join and come to the meetings. Don't leave it up to the next person. If everyone had that attitude, there wouldn't be an Association. I also hear people, the young and our seniors say, "let the young do it" or "let the seniors do it".

How can we afford not to care? Our seniors who do come to the meetings have every right to be angry with the younger people. I have yet to see more than a handful show up at our meetings. You the young have so much to lose. For instance, you have high mortgages. If you let Hicksville turn into an undesirable place to live, by losing our residential land to industry, it will create an unhealthy environment and an unsafe place to live. It will also lower our property taxes.

What about the safety of our children? The seniors should not say "we did our part now it's up to the young people". Remember the Association had been inactive for over 20 years. It was in that time that Hicksville got out of the hands of the people. I hear many of our seniors say, "where are we going to go"? It would seem to me that united we stand, divided we fall. Come to the meetings and help fight to get Hicksville back.

If you care at all about your family, home town, or our environment, you will join us in keeping Hicksville a proud place to live, and tell our officials we're tired of hearing "put it in Hicksville". Show them we're not going to take it anymore. We hope to see you at the meetings.

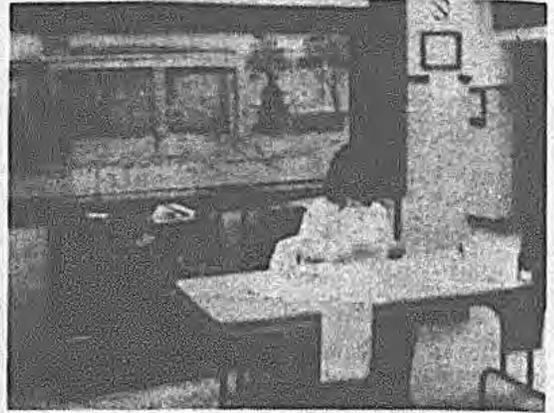

Sincerely,  
 Jo-Ann Broska  
 Liaison, Membership  
 Drive Committee  
 P.S. We strongly encourage participation from our single people. Remember decisions made today affect your future too.

## Commended National Merit Students

Hicksville High School has been notified by National Merit Scholarship Corporation (NMSC) that David Holland and Stephen McNicholas have been designated Commended Students in the 1989 National Merit Scholarship Program. The principal, Richard C. Hogan, announced today that these seniors placed in the top 50,000 of more than one million participants in the 34th annual Merit Program and will receive a Letter of Commendation in recognition of outstanding academic promise.

An official of NMSC stated, "Being named a Commended Student in the extremely competitive Merit Program is a credit to these young men and women and the schools which play a key role in the development of academically talented youth. We hope the recognition these

students have earned will increase their motivation to use their abilities to the fullest, for they represent an important intellectual resource which our nation needs."

The over one million participants in the current Merit Program entered the competition by taking the PSAT/NMSQT in October 1987 as high school juniors. Although their qualifying test scores are very high, the 35,000 young people throughout the nation who are Commended Students scored slightly below the level required for Semifinalist standing in their respective states. Only the 15,000 Semifinalists, whose names were announced on September 15, will continue in the competition for some 6,000 Merit Scholarships to be awarded in the spring of 1989.

## Artist's Display At Library

By Linda Carpenter

Noted artist, Anne Zeif has some of her works displayed at the Hicksville Public Library showcase. The display entitled "Natures Line and Design", features silk screen, serigraph and watercolor. This will be on view until the first week of November.

A resident of Syosset, Anne is president of the Independent Art Society and has won numerous awards for her works. The unique way she handles her subject matter and her soft colors are a feast for the eyes. I wish there were more of it. Don't miss this display.

## Episcopal Congregation Marks 90th Anniversary

"Glimpses of Hicksville's Past" highlighted the opening service of Holy Trinity Episcopal Church's Anniversary year observances, this past week. Invited by Pastor Dominick Ciannella as guest-homilist for the historic occasion was Richard Evers, Historian for the Hicksville Gregory Museum and a long-time friend and cocolebrant in the community's memorable Bicentennial programs.

"I feel a sense of honor and joy at being able to share in Trinity's 90th commemoration of its highly commendable services to God and man", the historian said, as he recalled Hicksville's setting in 1899, the turn-of-the-century era in which the little new congregation emerged. Trinity was the village's fifth church body, being preceded by Lutheran, Roman Catholic, Reformed and Methodist congregations, all but St. Ignatius finding their first havens for worship in the little 1854 Union Chapel, today's Church of Christ building.

Mr. Evers, a member of St.

Ignatius Loyola parish, was present for the third time as guest homilist, his previous messages concerned with the earliest church history of this region. "This has been my church away from church", he said enthusiastically. "But I don't think Father Harrer will mind me missing my lecturing at Mass today...I'm in good, ecumenical company."

The guest-homilist strove to recreate the natural scene, the economy and the social and political life of Hicksville, weaving this environmental information into an assortment of stories of bygone colorful churchmen, of congregational problems and church and temple foundings. Holy Trinity Episcopal's place in Hicksville's religious chronicles was recalled, with affectionate references to today's loving, caring church community, to its beautiful church and colorful ceremonial life, and to its congenial congregation and long-serving, gifted pastor.

# Community Council Dinner, Installation Attracts Large Crowd

By Valerie Pakaluk

On Thursday, October 6, the 17th Annual Dinner/Installation was held by Hicksville Community Council, co-sponsored by Friends of HAD, Inc., at Antun's. A large crowd was in attendance to acknowledge the group's awards to Nassau County Auxiliary Police, Hicksville Unit #312 for Community Service and the prestigious President's Award to Clara and Bill Bennett. The evening's success was credited to the perseverance of Elle Draycott for her outstanding effort to organize this annual event.

Each year the Community Council honors a local organization and a community leader for their contributions to the community. Seventeen years ago, the first recipients of these awards were the Hicksville Volunteer Fire Department and Mr. Kingsley Kelly.

Chief Thomas Schnelder accepted the award for Hicksville Auxiliary Police Unit 312. The Unit has been in existence for more than thirty-seven years and serves the communities of Hicksville, Bethpage and Plainedge. Headquarters is located on the ground floor level of the Town of Oyster Bay parking garage on Newbridge Road in Hicksville. While they are affiliated with the Nassau County Police Department, they depend upon donations from the community for their continuing and general operating expenses. Their primary functions are traffic and crowd control, missing person searches, routine neighborhood patrol, including all Hicksville schools, to name just a few of the areas where they assist the regular Police. The uniform worn by the Auxiliary Police is the same as the uniform worn by the regular Police except for their arm patch which is triangular in shape. The marked patrol cars are equipped with a direct radio link with the Police Department for instant response in emergency situations. Town officials present that evening added their citations to the Unit on behalf of the Town of Oyster Bay.

Clara and Bill Bennett were presented with the President's Award. Bill Bennett and his wife came to Hicksville in 1964, and have been active in one way or another since. They belong to Holy Family Parish, serving on the parish council. Bill has served on the Board of Education for ten years in virtually all elected positions including President for two terms. His involvement with VFW affairs is well respected in the area of Scholarship Chairman and his continued fight to keep prayer in the public schools was rewarded with the Moment of Silence acceptance several years ago. Clara Bennett is and has been a strong community leader. She has served the Hicksville Public Library in many ways including the Presidency of the Board of Trustees since 1984. She led effective efforts for Hicksville's Library to be the first full-accessible public library in Oyster Bay, with an elevator to enable handicapped persons access. She also was a strong force in the expansion of the library. Clara and Bill are the parents of a son and daughter who were in attendance that evening to add their congratulations. The couple graciously

accepted the Community Council's Award and Citations from the Town of Oyster Bay.

Last but not least were the

cordial emcees, John Budnick and Sieg Widder fondly referred to as "Frick and Frack." These gentlemen deserve credit for their effort in providing informative narrative during the evening and knowledgeable comments on the award recipients and the guests at this year's dinner. ## Library Talk On Sea Shells

He'll show (and talk about) sea shells-- Mel Springer, that is, at the Bethpage Public Library on Wednesday, October 19 at 8:00 p.m. Mel Springer has beach-combed Montauk's snowy shores for shells in winter, collected shells in Israel's Red Sea area with an armed soldier patrolling nearby and come face to face with a six-foot, poisonous sea snake while snorkeling for shells off Puerto Vallarta, Mexico.

Springer, his wife, Sylvia, and their daughter Linda are all members of the Long Island Shell Club, a 12 year old group of enthusiastic conchologists, some of whom, like the Springer's, travel all over the world from Australia to the Yucatan Peninsula to collect shells. The Springer's most recent shell collecting trips have been to Marguerita Island, off the coast of Venezuela, which was "ankle deep in shells," and shelling in the Fiji Islands and Australia.

The Springer's have a mini shell museum in a large basement room with cabinets filled with 17,000 shells collected or traded from all over the world. They range from exotic killer shells, which can sting a man to death, to delicate shells in an amazing variety of abstract designs, shapes (from cones to the spiraled chamber nautilus) and colors (red, purple, green, yellow and orange).

Among the many kinds of shells found locally are varieties of clam shells, oyster shells, wentletraps, dog winkles, mud snails, tree snails, periwinkle, slipper shells, jingles, bubble shells, moon snails, cockles and mussels and scallops. An exhibit by the L.I. Shell Club will be featured in our lobby display case during the month of October.

Admission to the program is free, all welcome.

**We're about to give you another reason to do all your banking with us.**

Unfortunately, your banking needs don't always automatically end at the end of your workweek. Which is why The Bank of New York has just recently extended its own workweek.

In fact, we have more branches open on Saturday than any other bank on Long Island.

**Full-service banking on Saturdays.**

But what makes Saturday banking at The Bank of New York even better is the fact that, unlike many other banks, we're offering all of our services during these extended hours. Giving anyone who works Monday through Friday more time to take care of the things that take a little more time—like opening a checking account or taking out a loan.

**More hours in which to get a 60 minute loan.™**

Of course, when it comes right down to it, you won't need to set aside much time at all for a personal, auto, boat or home improvement loan. Because, with our new 60 Minute Loan,™ in most cases you'll get an answer in 60 minutes or less.

Just visit The 60 Minute Loan Center™ at any one of our convenient branches. Or call Action Phone at 1-800-942-1784 for more information or to apply for a loan.

More branches, more hours and more services. They add up to some very good reasons to talk to The Bank of New York. No matter what day you do your banking.

## SEPTA Dance A Huge Success

On Friday, September 23, Special Education PTA sponsored a 50's Dance at the Knights of Columbus Hall in Hicksville. Administrators, teachers, aides and parents danced to the music of the 50's played by a D.J. Prizes were awarded for various contests including limbo, trivia, "Name that Tune", and hula hoop competitions.

This was the first major fund raiser for SEPTA and the proceeds will be used toward an

award for a graduating Special Education Senior from Hicksville High School and for newsletters to Special Ed Parents.

The dance was quite successful and a good time was had by those who attended.

For more information on joining SEPTA, contact Carol Adami 935-2547 or attend the SEPTA meeting on Tuesday, October 25 at the Hicksville Middle School Faculty Cafeteria at 8 p.m.

Bob Pardi, Tom Gill, Bob Greenberg and John Blauvelt play "Name That Tune".

## Fine Arts Class Plants A Garden

In photo left to right, Fine Arts students David Armano, Anna Milo, Michael Pilgrim and Kerri McKay beautify the gallery garden. Absent from photo is Steve Petry.

At Bethpage High School, Mrs. Sciarrino's senior Fine Arts class planted mums, crocuses, ivy plants and assorted bushes in the gallery garden adjoining the high school library. The class project was an outgrowth of the students' desire to leave something of themselves to live on at the school after their graduation. The students plan to install a donated marble fountain in the near future.

The Veterans' Memorial Gal-

lery and Garden at the high school library was established by John DeGuardi, retired Chairman of Fine Arts. Money to set up the gallery and garden was raised through donations from individuals and private industry.

The gallery features monthly photography, arts, crafts, and academic exhibits which are open to the public during school hours. In October, Newsday's "Images on the Page", a traveling photo exhibit, is on display for student and community enjoyment.

## 'The Vagabond'

As I walked into the sunset  
At the end of a long long day  
I paused by a friendly cottage  
Beside the dusty way.  
Where a gray haired woman was  
waiting

For a Son that had gone away.  
She had said that he promised her  
faithfully

That he'd return someday.  
And all through the day she  
waited there  
And at night there was a light for  
a guide.

To show him the way through the  
darkest night  
To a place by his Mother's side.  
As she finished her tale and I  
turned to go

I faintly heard her sigh  
And looking around at her figure  
so small

There were tears in her soft blue  
eyes.

So I took her hand so small in  
mine

And kissing her silver thread hair  
I went on my way feeling pain in  
my heart

As I left her standing there.

## Students Recognized In Poster Contest

In the photo above, George Danels, Supervisor of Social Studies, congratulates Jennifer Garman, left, and Carol Berman, right, for drawing their award-winning posters.

## Attempted Robbery In Bethpage

Bethpage High School students Jennifer Garman and Carol Berman received Honorable Mention certificates in the Town of Oyster Bay's Bicentennial Historical Commission's Constitution Poster Contest. Jennifer's poster featured the Constitution surrounded by scenes from "America the Beautiful", such as the purple mountains' majesty and amber waves of grain. Carol's poster showed an older person looking back at the past and a younger person looking towards the future, contemplating the flag and the First Amendment freedoms which are protected under the Constitution. A winged pen depicted freedom of speech while a gun crossed with the surrender flag demonstrated the right to bear arms but only when necessary.

Det. Tony Letterel of the 8th squad reports the details of an attempted robbery that occurred in Bethpage, on October 5 at 7:20 p.m.

Phillip Wood 19, was working at Record Video Vault, 4117 Hempstead Tpke., when a man came into the store with a long barrel revolver and demanded money from the register. Wood refused and a few seconds the subject asked for the money again. Wood again refused and the subject then left the store south toward Hempstead Tpke.

The subject is described as male white, 5' 11", thin, 150 pounds, 27 years wearing a baseball cap and a plaid jacket. The 8th squad is investigating.

## Parent worried child will get AIDS in preschool

By Willard Abraham, Ph.D.

**Q.** As a parent of a preschooler I am concerned about AIDS related to my child. I have no reason to believe that she can pick it up (or has it) or that she will be infected from our family, but one worry is on my mind on this subject.

**A.** Is there any chance that her preschool setting can possibly be a source for AIDS? What do you suggest I do about this possibility?

**I** imagine I'm not the only parent for whom your answers can be important.

**A.** I learned a long time ago that when any problem or potential one concerns a parent, that individual has plenty of company. With all the publicity about AIDS it seems inevitable that many parents have added it to the list of possible threats to their children.

In a recent report on this subject (published in the magazine, *Scholastic Pre-K Today*) it was stated that not a single case of AIDS has been transmitted in a child-care setting in this country.

Because the AIDS virus is most commonly spread through sexual intercourse with someone who has the virus or by intravenous injection (and not by toys, biting, toilet seats, kissing, or through the air), you can be quite sure that a preschool setting is not on the list of possible AIDS contamination.

Of more concern to parents regarding their youngsters' preschool placement should be the qualifications of the personnel and the caliber of the program.

**Q.** My husband is so impatient with our 3-year-old because he doesn't always understand every word our little boy says. I feel he speaks pretty well for his age. I encourage my husband to listen, try not to become upset, and attempt to respond so that a conversation gets going.

**A.** Do you think I'm on the wrong track and should just let nature take its course?

**A.** Because I feel that habits of communication begin early in a family (well before the 3-year-old level), your idea seems to make sense.

So often we hear of parents whose teen-agers share so little with them, and the parents wonder what has suddenly brought on this "silent treatment."

In many cases it began to develop in the child's early years when a mother or father didn't have the patience or take the time to listen, react and share.

Family relationships are often based on habits we establish at the start of that relationship, whether it is between parents and children or husbands and wives.

New parents as well as newly married couples might want to give this idea a little thought and discussion.

**Q.** We have a handicapped school-age child, and I keep hearing the school people refer to "mainstreaming." I'll be darned if I can cut through their gobbledygook in trying to understand what they are talking about.

**A.** How about a little clear English to help me out?

**A.** The term refers to placement of children with special needs in regular classrooms for all or part of their school day. The whole idea originated in school practices, state laws, and the federal Education for All Handicapped Children Act of 1975.

The act did not use the exact term (mainstreaming), but referred to the "least restrictive environment" as the setting that would provide the most promising educational opportunities for each child. Depending on a specific youngster's needs, some of those settings may be in a regular classroom with so-called "normal" children or in other school or institutional placements.

Most school people have little difficulty in explaining these procedures simply and clearly. I'm sorry you ran into some apparently frustrating language.
