Compost Program Saves Fees

Oyster Bay Town Supervisor Angelo A. Delligatti, center, measures the temperature of wind rows at Town's leaf compost site. Assisting him are Eric Swenson, left, Superintendent of the Environmental Control Division, and Frank Roach, Recycling Coordinator.

The Town of Oyster Bay has realized a savings of more than \$270,000 in garbage shipping fees as a result of its leaf composting program, according to Town Supervisor Angelo A. Delligatti.

"Between November 9 and December 15, the Town collected 2,627 tons of leaves, which were taken to a recently completed nine-and-a-half-acre composting site," said Delligatti. "At the current shipping rate of approximately \$103 per ton, the Town has saved about \$270,581 by composting rather than shipping the leaves. Since the Town is still collecting leaves, the savings will be even greater by the end of the leaf collection season."

Delligatti noted that the Town began a pilot composting pro-

gram in November, 1987. Data collected from that project was used to craft a Town-wide composting program.

"The composting program is another step in the Town's ongoing efforts to reduce the amount of materials in the disposable waste stream," Delligatti stated. "Our program follows guidelines established by New York State and has been commended by Senator Joseph L. Bruno, Vice Chairman of the New York State Legislative Committee on Solid Waste Management."

The composted leaves will be used to enhance the soil at Town park facilities. They will also be used as part of the capping program at the now closed Plainview-Old Bethpage landfill.

Incidents Keep Firefighters Busy

On January 12, at approximately 10:20 a.m., the Hicksville Fire Department was summoned to Delco Plaza (So. Broadway) for a male with a head injury. The victim was located on the roof who had been doing construction work.

Using a Tower Ladder (Unit 931) the crew used a rescue stretcher (Stokes) and was able to secure and stabilize the victim. The victim was then safely lowered to the ground where he was transported to the local hospital listed in good condition.

On January 13, in the early morning hours, the Hicksville

Fire Department responded under the direction of Chief Terrence P. Farrell to the Hicksville Motor Lodge on Duffy Avenue for a motel fire.

Upon arrival the Fire Department encountered smoke ensuing from a first floor room. They immediately extinguished the fire before it had a chance to extend further to other rooms. The fire was brought under control within 15 minutes with the fire department utilizing 5 pieces of apparatus and approximately thirty firefighters.

No injuries reported and the fire is still under investigation.

Midland Civics Ready For Action

By Gert Paul

The necessity for a strong civic association ready to act on behalf of their community was never more apparent than at the Association's Executive Board Meeting on Tuesday, January 10, at the Willet Avenue School. Two very serious problems were presented and discussed.

The first problem was the complaint of a resident on Page Drive near Andrews Road. His property, as well as those of his neighbors, has been vandalized continuously for many months, and pellet guns have been used to smash his car window. The source appears to be the gathering of teenagers in the round-about on Andrews Road. Members of the Executive Board agreed to examine the site and have already done so. Various means of combating this "hangout" were discussed and will hopefully be implemented.

A large group of newly-joined members on East John Street had a myriad of problems and complaints ranging from absentee landlords with multiple tenants, illegal parking, the possibility of storage of dangerous chemicals in a garage, and traffic which makes it almost impossible to get out of their driveways, and slow police response. All these charges will be investigated and follow-up work started.

Members of our organization are always welcome to lodge any complaint or present any problem concerning their well-being and know the Civic Association is here, ready to listen and act.

Two Hicksville Sites Chosen For Group Homes

Special to Mid Island Times
By Maureen Traxler

Further steps have been taken toward the establishment of two sites in Hicksville as community residence facilities for mentally disabled adults.

After review of several sites either earmarked by the State Mental Health Department or proposed as alternate sites by concerned residents, the Central Nassau Guidance and Counseling Services, which has been working in the Hicksville community for 17 years, is in the process of acquiring 499 Jerusalem Avenue and 302B John Street. These two sites will be the first group home residences Central Nassau is seeking to operate.

As yet, Central Nassau has not finalized purchase of the sites, but they are working toward closing dates. The agency will receive grant money from the State for each site.

After purchase of the sites, renovations are expected to be made. Before the opening of the homes, Central Nassau must receive certification from the State after a joint inspection by the State Office of Mental Health and the Nassau County Mental Health Department. The State is responsible for monitoring group home programs, conducting spot checks and carrying out inspections of the facilities.

Upon receipt of certification, Central Nassau will set an opening date for the homes and begin to interview candidates for placement. Mr. Ken Moskowitz, project director from Central Nassau, said that each home will accommodate ten residents. When interviewing referrals for placement, the agency gives priority to clients who are from Hicksville and the surrounding area, if such referrals come to their attention.

Mrs. Karen Mankin, program specialist for the State Office of Mental Health estimates the possible opening of the 499 Jerusalem Avenue site in mid-spring and the John Street site, sometime in the summer.

Editor's Notebook

The Nassau County Department of Health advises residents that during the winter months not to judge outdoor conditions by the temperature alone. The wind chill factor can create effects of lower temperatures which can lead to frostbite.

Frostbite is caused by prolonged exposure to freezing temperatures, and during the initial stage the victim may be unaware of being affected.

Residents should be aware of the symptoms of frostbite and take the necessary precautions to avoid it.

• **First degree frostbite usually causes a whitening of the skin, often followed by redness, itching, tingling, and loss of feeling. Numbness can occur so quickly that the victim, unaware of being frostbitten, may remain outdoors, increasing his or her chances of permanent damage.**

• **In second degree frostbite, tissues turn a purplish color, with blisters forming on the skin. Severe frostbite can lead to gangrene, and the affected part may have to be amputated.**

If frostbite strikes, do not rub the affected area! Get the victim to a warm place, provide warm liquids if the person is conscious and quickly warm the frozen part by applying warm water. Medical attention should be sought for all but the mildest cases.

The best defense against frostbite is to dress warmly in windproof clothing especially for head, ears, fingers and toes, and to go indoors, if possible, when you begin to feel cold.

Letters to the Editor

To The Editor:

Town Supervisor Angelo A. Delligatti met with several community leaders in the fall to discuss parks and recreational facilities in Hicksville. The result of the meeting was the appointment of an 18-member Hicksville Park District Task Force.

The members of the task force are active members in various Hicksville organizations involved with athletics, business, civics, education, religion, senior citizens, services, and youth. The task force is comprised of members from different areas of Hicksville who have a wide range of interests and backgrounds.

The purpose and goal of the task force is to evaluate all existing parkland and any properties which could possibly be utilized for recreational needs. The task force will base its recommendations on the needs of the community. In order to achieve this goal, we are asking for community input. Two questionnaires are currently being developed, one for athletic organizations and the other which will be distributed to all homes in Hicksville.

If you have any questions or comments with respect to parks in Hicksville, we ask that you contact the task force members. The task force includes:

Phil Caputo, Barbara Dale, Kathy Del Rosso, Ellie Draycott, Mary Ann Ferrado, Norma Goerke, Rev. Dr. Theodore Grant, Marc Herbst, Michael Kanuck, Effie Krogmann, Rosella Maggio, Thomas J. McGovern, Jr., Jo Ann Miltenberg, Sheila Noeth, Tony Previte, Marcos Ramirez, Greg Simonelli, John A. Walker.

Written comments may be sent to Town Supervisor Angelo A. Delligatti, Town Hall, 54 Audrey Avenue, Oyster Bay, N.Y. 11771. Supervisor Delligatti will forward any correspondence to the task force.

Very Truly Yours,
Marc Herbst
Coordinator
Hicksville Park District
Task Force

To The Editor:

A serious charge was made by you, Mr. Goldstein, in a letter which appeared in the January 13th *Mid Island Times*. You state that the Hicksville School District is not producing students who can compete for placement in the top schools. I disagree with you. Like all test scores and statistics, they can always be interpreted in different ways. We have many test scores that show an upturn in the abilities of our students to achieve, and I would be glad to forward that data to you or to anyone interested in reviewing our test scores.

With respect to Dr. Fenton's contract, we evaluate her performance on an annual basis and we observe her capabilities and performance of duties throughout the year. It is on that basis that we make our decision. Dr. Fenton has been our superintendent for six years, and she has turned this district around and made it educationally productive. Her advice is also sought by many of her peers not only here in the state of New York, but nationally as well. So yes, Mr. Goldstein, we know what we have, and we do

not need a crystal ball. We have one of the best superintendents in the country, and that is based on observations of not only this Board of Education, but prior ones.

The parents and taxpayers of this community have not indicated in any way their dissatisfaction with the performance of Hicksville's superintendent. Yes, we have received a few letters over the years from parents and members of the community who were concerned and had different opinions on certain matters or practices. However, this happens in any school district, in any government agency, or in any business.

In your letter you gave the impression to the reader that the board action in renewing the superintendent's contract was inappropriate and illegal because we acted a year and one-half before the contract ended. The contract that we have with the Superintendent of Schools states that the renewal shall be brought to the board's attention eighteen months prior to the termination of the contract. It further states that the Board of Education must give the superintendent one full year's notice if we are not to renew the contract. Those were the terms of the contract agreed to by the Board of Education, and we acted in accordance with the contract. What we did was legal and proper and is followed by other Boards' of Education throughout our state. We as trustees of the Board of Education must abide by the spirit and context of law, and that is what we did.

We as a Board of Education, have a distinct responsibility under the state law to negotiate and renew contracts with both individuals or bargaining units. We do not go out into the community and ask our taxpayers if we should renew a negotiated contract with teachers, secretaries or custodians. The people in the community rely on our sense of good judgement in this regard.

If I had to underscore one important quality that I see in the superintendent, it is simply this: She listens, and does not go forward with a recommendation if it is not agreed to by members of the Board of Education. If a board member disagrees with the recommendation, she always finds a way to satisfy that board member's needs and comes up with an agreeable solution. If the Board of Education disapproves the superintendent's recommendation it is immediately dropped and within twenty-four hours we have a new approach to the problem or situation. I feel that flexibility is a great quality and that is why I, as one board member, have great respect and admiration for our superintendent, Dr. Fenton.

Sincerely,
William P. Bennett
Trustee

Good News For Hicksville

By Gert Paul
Beautification Chairman

Any community will improve when they unite and gain the support of their town officials. Such is the case for our community since we obtained the cooperation and interest of Supervisor Angelo Delligatti.

At a meeting with Assistant Commissioner of Parks, Leonard Kunzig, which was attended by Charlie Montana, former President of Kiwanis; Tony Citrolo, President of Kiwanis; Mark Ramirez, President of the Chamber of Commerce; Ellie Draycott, President of the Midland Civic Association; Mary Ann Ferrado, President of Northwest Civic and myself, we heard the wonderful news that the fountain in the center of town, donated by Kiwanis, is to be repaired! This was a goal for which much work was done, and it is truly gratifying. The fountain, newly planted trees, ornamental plantings and lighting will give us a beautiful spot to relax in.

The area represents our pride in Hicksville and our hopes for its renewal as an old and beautiful town. The Town of Oyster Bay has been responsive to our needs and we look forward to a "better Hicksville."

Victoria Nesnick Has Book Published

Victoria Gilvary Nesnick, a third grade teacher at Central Boulevard School in Bethpage, celebrated the publication of her first book, "Princess Diana - A Book of Questions and Answers", at a surprise breakfast faculty members held in her honor.

Mrs. Nesnick received input from her second graders in the form of questions to be included in the book, which is divided into five sections - Diana B.C. (before Charles), Diana and Charles, Wedding of the Century, Charles's Clothes, and Diana's Jewelry.

Mrs. Nesnick's book, published by M. Evans and Company, received favorable reviews in "Publisher's Weekly" and "Book List." "People looking for scandal will have to search elsewhere," reviewers said.

She recently learned that her publication was accepted by the Literary Guild as an alternate selection.

"Princess Diana - A Book of Questions and Answers," is Mrs. Nesnick's second literary effort. She hopes that its publication will spark publishers' interest in her first book and plans to continue combining two well-loved careers - teaching and writing.

Her colleagues and students at Central Boulevard School are very happy for Mrs. Nesnick and wish her continued success in her literary pursuits.

Swing Syndicate Performs In Beth

The jazz vocal group Swing Syndicate will present the eighth program in the 1988-89 "Distinguished Artists Concerts" series on Sunday, January 29, according to Oyster Bay Town Councilwoman Ann R. Ocker.

The concert will take place at the Bethpage Public Library, 47 Powell Avenue. Show time is 3 p.m.

"The Swing Syndicate is the greater New York area's only female swing-style quartet, singing music from the '30's to the '80's with an emphasis on swing sound of the 'big band' era," Ocker stated. "The group has performed in Atlantic City and at clubs, parks and schools throughout the New York Metropolitan area and has appeared on radio and television programs, including the Joe Franklin Show.

Selections for this performance will include "Secret Love", "Milkman's Matinee", "Chicago", "You Go to My Head", "Perfidia", "Paper Doll", "Have You Met Miss Jones", and a melody of "big band" tunes.

Ocker noted that the "Distinguished Artists Concerts" series is being sponsored by the Cultural and Performing Arts (CAPA) Division of the Department of Community and Youth Services and being supported by grants from Apple Bank for Savings, Cablevision and Long Island Bank for Savings, FSB.

Robert Morace of Bethpage has been elected president of the Grumman Retiree Club for 1989. He succeeds August Ripp of North Babylon in the position.

Comprised of over 5,000 active members spread throughout 46 states and seven foreign countries, the club was organized in 1967 to promote good will and fellowship among the men and women retired from Grumman Corporation.

In the intervening years it has done much within its ranks to maintain the family atmosphere that has largely characterized Grumman since the company started operations in 1930.

The club has 18 official chapters ranging from Maine to California. Florida accounts for the greatest concentration of such groups with eight chapters.

The various chapters, headed by the flagship Bethpage group, sponsors monthly meetings and several luncheons and other social gatherings throughout the year.

In 1988, for example, the Bethpage chapter conducted trips to Broadway shows, Atlantic City, West Point, Sleepy Hollow Restoration, the Reading, Pa., discount shopping center and other points of interest or entertainment. Some 800 members, spouses and friends attended the 1988 Christmas luncheon at the Crest-Hollow Country Club in Woodbury.

Monthly meetings of the Bethpage Chapter are held at the facilities of the Grumman Recreation Department and attract an average of more than 300 people. Here the group enjoys well-planned programs -- usually speakers from the company's top management or outside speakers with expertise in senior citizen affairs.

"Key to all this full and meaningful program of activities", says Morace, "is the complete cooperation the retiree

club gets from Grumman management. From the chairman on down, the company does all it can to help us."

A unique feature of the chapter's activities is the Grumman Restoration Team. This is a dedicated group of volunteer retirees who meet each Tuesday in a reserved warehouse area to refurbish old Grumman aircraft and spacecraft for permanent display at museums. Among its achievements, the group revamped an F4F Wildcat of World War II fame for display at the Air and Space Museum of the Smithsonian Institution in Washington, D.C.; a Grumman Lunar Module (LM) -- which landed men on the moon -- for the Franklin Institute in Philadelphia, and a second LM for the Nassau County Cradle of Aviation Museum in Mitchel Field. The group has also refurbished a Grumman F11F Tiger aircraft for the Cradle of Aviation.

The restoration team is believed to be the only retiree group in the country to have such a relationship with its former employer.

Another group of local volunteer retirees is the Model Technology Group. Numbering just ten members, this unit assembles and paints in military colors and markings miniature models of Grumman products for promotional and employee relations purposes. The group has worked on more than 6,000 models in the last decade.

The Bethpage chapter also sponsors an 18-team mixed bowling team and a three-league golf effort. Further, it maintains a sunshine committee which raises prize money for gifts for sick retirees, a visitation group which visits such shut-ins, and a legal committee which advises members on legal matters pertaining to senior citizens and Grumman retirees in particular.

Musical Weekend At Town Park

The first weekend in February will be a musical one for Oyster Bay Town residents with the ninth and tenth concerts in the 1988-89 "Distinguished Artists Concerts" series, according to Oyster Bay Town Councilman Douglas J. Hynes.

The first concert, featuring the Malinova Sisters piano duo, will take place on Friday, February 3, at the Plainview-Oldbethpage Public Library, 999 Old Country Road.

Plainview. Show time is 8 p.m. "Moscow-born sisters Margarita and Olga Malinova began their keyboard studies under the tutelage of their father, himself a distinguished concert pianist," Hynes said. "They then studied at the best schools in Moscow, and, after winning the Young Musician Competition, emigrated to America where they completed their musical education. They have appeared in concert halls on both sides of the Atlantic including the Musikverein in Vienna, the Royal Scottish Academy of Music in Glasgow and Carnegie Hall in New York, winning the acclaim of audiences and critics like."

Selections for this performance will include Mozart's "Sonata in C Major", Rachmaninoff's "Original Pieces, Op. 11", Saint-Saen's "Carnival of the Animals" and Gershwin's "Song Fantasy".

The second concert, featuring pianist Lawrence Schubert, will take place on Sunday, February 5, at the Hicksville Public Library, 169 Jerusalem Avenue. Show time is 3 p.m.

"A member of the Molloy College faculty as well as a concert performer, Lawrence Schubert has received critical acclaim for his four major New York City recitals at Carnegie Hall and Town Hall," Hynes stated. "He has also performed across the United States and abroad at recital halls, colleges, museums and libraries both as a

Malinova Sisters

Lawrence Schubert

soloist and with such orchestras as the South Carolina Philharmonic and the Orquestra Sinfonica de Maracaibo in Venezuela."

Selections for this performance will include Mozart's "Sonata in A Minor, K 310", Beethoven's "Sonata in D Minor, Op. 31 No. 2", Debussy's "Estampes" and "Sonata No. 3 in B Minor, Op.

58" by Chopin.

Hynes noted that the "Distinguished Artists Concerts" series is being sponsored by the Cultural and Performing Arts (CAPA) division of the Department of Community and Youth Services and being supported by grants from Apple Bank for Savings, Cablevision and Long Island Bank for Savings, FSB.

BHS Holds Baking Contest

Judges sample desserts.

Baking Contest winners with Mrs. Marge Saum, President of the Women's Club of Bethpage.

Students had a chance to demonstrate their culinary talents while judges and guests had an opportunity to sample a number of delicious desserts when Bethpage High School's Home Economics Department held its annual baking contest.

Students competed in five categories - cakes, pies, cookies, breads, and pastries and cheese cakes. Each item was judged on the basis of overall appearance, taste and flavor, texture, moisture, work involved, time expended, and difficulty.

The Women's Club of Bethpage contributed a monetary grand prize for the item judged to be "best in show". The Home Economics Department donated cookbooks, gift certificates, and ribbons to items judged "best in category".

Judges included Superintendent of Schools Dr. John Sommi, Assistant Superintendent George Mann and Donald Ranieri, Dr. Paul Cooper, Dr. John McCarthy, Dr. Antoinette

Mansfield-McLeod, Mr. Blau, Virginia Wolski, Marge Saum, and Maryanne Meyerriecks.

Marge Saum, President of the Women's Club, and Sunny Mensch, Home Economics Chairperson, presented prizes to fourteen talented winners: Best in Show - Chocolate Cheese Cake - Theresa Gervasi; Pies - 1st Place - Walnut Pie - Michelle Kalish; 2nd Place - Apple Pie - Justin Seminaro; Cakes - 1st Place - Sour Cream Coffee Cake - Judy Ciampoli, Karvn Ficalora; 2nd Place - Apple Harvest Cake - John Melkun, Mike Downey; 3rd Place - Yellow Layer Cake - Patti Kauhaus; Cookies - 1st Place Tie - Tri Color Cookies - Patti Kauhaus; Vietnamese Cookies - Karvn Ficalora; Breads - 1st Place - Pumpkin Bread - Frank Formato, Chris Shearer; Miscellaneous - 1st Place Greenwich Chocolate Tarts - Steve Spampinato, Michelle Passarella; Ice Cream Cake - 1st Place - Party Cake - Joanne Quinn.

Ryan Fiore - JFK Student Of Month

Ryan Fiore, a seventh grader in Ms. Axel's homeroom, has recently been recognized as John F. Kennedy Junior High School's "Student of the Month". Ryan, a 1988 graduate of Kramer Lane School, enjoys the additional variety of junior high school-in activities, course choices, teachers, and even in the cafeteria. His favorite subjects are Social Studies and Science.

One interscholastic team Ryan has enjoyed participating in is wrestling. He is also a baseball, football, hockey, and basketball fan, and likes playing football with friends in his spare time.

Ryan's other interests include computer games, whether on the Apple 2E or Nintendo systems or in arcades.

Ryan, who lives in Bethpage with his mother, father, and four brothers, says one person he admires is his brother Rick. Rick has built several cars, completely changing them over. Ryan's teachers see some of that same perseverance in him, praising him for his "positive attitude towards subject matter and other students and the effort he puts into assignments".

Yevoli Wants Raceway Probe

Assemblyman Lewis J. Yevoli (D-Old Bethpage) has officially called on Attorney General Robert Abrams to launch a full investigation of commercial development plans at Roosevelt Raceway, Westbury and to commence a receivership proceeding on the property to protect the public interest. Terming the closing of the historic Raceway "a severe blow to the economy of the Town of Hempstead and to Long Island," Yevoli said, "the current probe would go on while simultaneous criminal investigations into the use of Hempstead Town Industrial Development Agency bonds is underway by United States Attorney Andrew Maloney and Nassau District Attorney Denis Dillon.

"With the current dark cloud of corruption hanging over the Raceway," Yevoli said, "there is no question the entire 172 acres should be placed in receivership until state and federal probes are completed into the track's purchase by Roosevelt Raceway Associates in 1984."

The Hempstead Town Industrial Development Agency approved \$54 million in tax-free bonds five years ago with the stated intent of preserving harness racing and savings jobs in the purchase by Roosevelt Raceway Associates, a limited partnership that contributed \$1000 in the deal. Assemblyman Yevoli will be meeting Senator Emanuel Gold who has also called for the action by Abrams.

Assemblyman Yevoli concluded: "It's outrageous that this political combine could get that funding and then be in a position to sell off the Raceway property for upwards of \$200 million. Nassau County has been ripped off for tens of millions of dollars."

Hicksville Minutemen Take Honors

By Al Bliker

The Hicksville Minutemen, 1977 "B" travelling soccer team, sponsored by Seaman & Eisemann, entered two teams in the Commack Indoor tournament on Sunday, January 15, and both teams came home with second place trophies.

The "yellow" team, anchored by Anthony Noya in goal, ably assisted by fullbacks Greg Walunas and Keith Carpenter, center half Danny dePinho, and wings Jason Brown, Robin Bliker and Bobby Wagner, compiled a record of one win, one loss, and two ties, which gave them second place in their Division. Their first game was a 4-0 blowout at the hands of Central Islip, but the team then came back to show its true grit. The next game was a 1-1 tie against West Babylon, with Jason Brown putting in Hicksville's goal. They then beat Three Villages 1-0, on a Danny dePinho goal. The fourth game was a beautifully played 0-0 tie against Malvern.

The "red" team, anchored by

Michael Coen in goal, ably assisted by fullbacks Michael Whitman and Bobby Braun, center half Jorge deSilva, and wings Tracy Koetter and Brian Rigert, compiled a record of two wins, one loss and one tie, good for second place in their Division. Their first game was a 1-1 tie against Oceanside, their goal coming on a perfect Jorge deSilva cross to Brian Rigert, who put it in. They then lost 4-0 to West Babylon but came right back with a 2-1 victory over Malvern, overcoming a 1-0 deficit. Tracy Koetter and Jorge deSilva put in Hicksville's goals. They went into the last game knowing they had to win by two or more goals to capture second place and responded with a 2-0 shutout, on goals by deSilva and Rigert.

Congratulations to my team for a morning of enjoyable, hard fought, competitive, winning soccer and to my Assistant Coach, Pete Whitman, for his many contributions to the day's success. Thanks to Seaman & Eisemann for their support, as well.

LEGAL NOTICE STATE ENVIRONMENTAL QUALITY REVIEW ACT NOTICE OF COMPLETION OF SUPPLEMENTAL ENVIRONMENTAL IMPACT STATEMENT

DATE: January 10, 1989

LEAD AGENCY: Town of Oyster Bay, Town Hall, Audrey Avenue, Oyster Bay, N.Y. 11771

This Notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review) of the Environmental Conservation Law and Local Law No. 3-1977 of the Town of Oyster Bay Environmental Quality Review Law.

A Supplemental Environmental Impact Statement has been deemed complete for the proposed action described below. Comments on the Supplemental EIS are requested and will be accepted by the contact person listed below until February 10, 1989.

NAME OF ACTION:

Spiegel Shopping Center

DESCRIPTION OF ACTION:

The proposed action involves the development of 12.3 acre vacant lot into a 149,000 square foot retail establishment.

LOCATION:

The site is located on the west side of Route 107, south of South Oyster Bay Road, north of Cental Park Avenue in Hicksville.

POTENTIAL ENVIRONMENTAL IMPACTS AND EFFECTS:

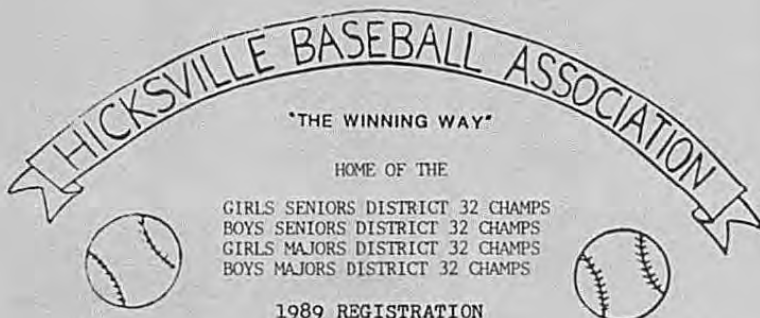

The proposed action is projected to result in the generation of 1,058 vehicles during the weekday commuter peak hour. Approximately 1,179 vehicles would be generated during the Saturday peak hour. This vehicular generation has the potential to adversely affect the area's traffic patterns.

The site is located in an area which is classified as non-attainment for carbon monoxide - a situation which can be directly related to traffic generation. The high vehicular generation rate noted above has the potential to further increase carbon monoxide levels in the area.

The project site is located in a water district which has been affected by the NYS Dept. of Environmental Conservation limitations on water use. That water district has indicated that any increase in water use could adversely affect the district. The proposal - with its projected water usage of close to 2 million gallons per year - could have an adverse effect on the local water district.

COPIES OF THE DEIS MAY BE OBTAINED FROM: Office of the Town Clerk, Town Hall, Audrey Avenue, Oyster Bay, N.Y. 11771. Tel: (516) 922-5800.

Santa Visits Woodland School

Children at Woodland Avenue School enjoyed an afternoon snack and a visit from their good friend Santa on December 21.

The Children's Activities Committee of the Woodland PTA organized the event. Cupcakes, ice cream and juice were served while each child waited patiently to visit Santa and talk about their holiday wishes. Each child received a nice gift.

As an added attraction Papa Smurf and Alf visited the children and entertained them. The children sang carols and had a wonderful time.

Thanks to all the volunteers who made this wonderful event possible and enjoyable to all.

Int'l Luncheon Enjoyed By 1st Grade

At Charles Campagne School, Mrs. Wurst's first graders hosted an "Our Roots" luncheon on December 22.

After studying about the pilgrims for Thanksgiving, students learned that they had roots in other lands, just as the pilgrims did. Their ancestors came from Italy, Germany, Russia, Poland, Ireland, and many other nations. They came to America speaking different languages, practicing different customs, and eating different foods. At the conclusion

of the first graders' unit of study, Mrs. Wurst enlisted parents' help in preparing a holiday luncheon with different foods representative of the first graders' origins.

The sumptuous buffet included cannolis, ravioli, ziti, meatballs, sausage and peppers, and chicken parmigiana from Italy; baklava from Greece; kruschiki from Poland; knockwurst and potato salad from Germany; vegetable salad and gefilte fish from Russia; and Irish soda bread from Ireland.

Everyone attending enjoyed the delicious meal and seeing the different projects the students had completed about the countries of their origin.

Woodland Avenue students, parents and staff had the opportunity to begin their holiday shopping at their PTA Holiday Boutique. Organized by Mrs. Janice Nolan and Mrs. Marvonne Zeller, the Holiday Boutique was a tremendous success.
