Carol Gorst of Hicksville, right, Chairman of the Council Living History Committee for the Girl Scouts of Nassau County, is seen at the Rededication Ceremony of the newly renovated Service Center in Roosevelt Field recently. The Service Center has been redesigned to provide additional services to the growing membership. It includes a fully equipped Girl Scout Shop, as well as a Resource Center and Training Rooms. The updated building is a visible symbol of Girl Scouting as a strong and modern force in Nassau County.

## New Kiwanian Welcomed

The February 1 Luncheon Meeting of the Hicksville Kiwanis Club was the occasion of adding one more member to this active, growing Kiwanis Club. The latest applicant for membership in the Hicksville Kiwanis Club was Mr. Perry Carter, the manager of the Taco Bell Restaurant at Old Country Road and Broadway in Hicksville. Mr. Carter was sponsored by Mrs. Barbara Dale, the Executive Director of the Hicksville Youth Council.

Kiwanis President Tony Citrola announced to the membership that Mr. Carter had completed the preliminary prerequisites, attended the required three meetings as a guest, had submitted his membership application which was approved by the Membership Committee and the

Board of Directors, and was ready to be installed.

President Tony asked senior member, Past Distinguished President Sieg Widder to officiate at the installation ceremony. Mr. Widder thanked Mr. Carter for his interest in Kiwanis and congratulated him on choosing Kiwanis as the Service Club to join. Mr. Widder asked Mr. Carter to listen to a reading of "The Objects Of Kiwanis International". After hearing them, Mr. Carter agreed to abide by them, whereupon Mr. Widder welcomed him officially as a Kiwanian. President Tony then pinned the "K" pin on Kiwanian Perry Carter's lapel and presented him with his Certificate of Membership and his Membership Kit.

Shown in the photo after the ceremony are, left to right, Past President Sieg Widder, Hicksville's newest Kiwanian Perry Carter, his sponsor Barbara Dale and President Tony Citrola.

## Kiwanis Smoke Detect. Test

The Hicksville Kiwanis Club has announced a new project that offers to install, service or check smoke detectors in homes of senior citizens or disabled citizens in the Hicksville community.

Smoke detectors have proven to be an important life saving device but Kiwanians know that not everyone can physically install them. Equally important is the checking of previously installed smoke detectors to be sure batteries are fresh and the unit is operable.

Kiwanis has smoke detectors available through a donation made by Kiwanis Vice President Marc Ramirez, owner of Mr. Electric.

Any senior citizens or other Hicksville residents that cannot afford or manage to install or test their smoke detectors are eligible for this Kiwanis Club service. There is no charge. Please call the office of the Hicksville Chamber of Commerce, 931-7170, to request this service.

## Garbage Piling Up, Recycle Or Burn??

By Maureen Traxler

The "floating barge" of the summer of 1987 dramatized the mounting garbage problems of the "throw-away generations." Society is moving toward an emphasis on solutions, and is spending many taxpayer dollars in pursuit. The Hicksville Community Council continues its efforts to explore the garbage problem and to evaluate its impact on Hicksville residents.

Due to the saturation of its landfill, the Town of Oyster Bay is at present hauling its garbage out of state at a cost of \$150 a day. To comply with a State of New York mandate to close landfills by the early 1990's, the Town must abandon the landfill process and seek a viable alternative for the disposal of its daily 907 tons of garbage. Oyster Bay which now has a Town-wide recycling system, is advancing with plans to build an incinerator at the site of its Old Bethpage landfill.

Guest speaker Sid Gelb representing RAGE (Residents Against Garbage Expansion) spoke to the Council audience at its February 2 meeting on alternatives to incineration.

Mr. Gelb cited serious doubts about the health/safety factor of incineration. He contends that toxic metals (lead, dioxins and furans) are emitted in the smoke leaving the plant. He also states that the remaining ash, after burning, has been found to contain toxic materials. He feels that this would make the ash unsafe for recycling into a cement component, road filler and other uses.

Mr. Gelb stated that incineration does not reduce the volume of garbage or put an end to landfills. By burning the Town's entire daily garbage tonnage, 360 tons of ash will still remain. Mr. Gelb says that the Town will be left with a considerable amount of the burn material which must be disposed.

Comparing costs, Mr. Gelb said that the erection of the incinerator will cost some \$204 million, whereas an alternate recycling facility would cost \$93 million. He added that a recycling facility would boost employment for the area, ten jobs to one at the plants. Arguing against incinerators, Mr. Gelb said that due to the extremely high heat factor, incinerators wear out. The average life for an incinerator is 20-25 years.

RAGE members believe that it is not necessary to "burn" garbage. Mr. Gelb proposes recycling as a viable alternative option. He states that recycling is most efficient-conserving money, raw materials, energy and fuel use.

Mr. Gelb notes that the chief contributors to the garbage problem in our society are plastics and styrofoam. Along with the fact that many of these produce fluorocarbons which destroy the ozone layer, he states, "These materials last forever." He calls for action to end the use of non-recyclable and non-biodegradable materials.

Mr. Gelb says that people must change their habits, cut down on the amount of garbage they produce, cut down on plastics and styrofoam. Individuals and businesses must insist on recyclable paper which would create a market for the recyclables. In response to a statement that recycling is very complicated for homeowners, Mr. Gelb said that on the contrary, it could be very easy, just separate glass, paper, metal from remaining types of garbage. When a member of the audience stated, "You want us to make a crusade out of this," Mr. Gelb answered, "Why not?"

Mr. Gelb instructed residents to tell the Town of Oyster Bay to pass ordinances to reduce garbage and non-recyclable materials. He estimated that by recycling, the amount of daily garbage can be cut down to 10% of the present tonnage. In Suffolk County, a law becomes effective in the coming months which mandates the use of paper bags in supermarkets and eliminates styrofoam use by fast food establishments.

Mr. Gelb aimed to increase resident awareness and add the words "recycle," "reusable" and "biodegradable" to their vocabulary. His objective can be summed up as follows: Before we jump into the incineration business, let's try expanding our efforts to recycle.

The Council will try to secure a speaker for a future meeting who can update residents on the process of incineration.

Water Commissioner Richard Humann gave an overview of the pluses and minuses affecting the Hicksville Water District. He reported that the State has set a more stringent measure of organic levels in drinking water. Mr. Humann said that the new five-parts-per-billion level is being met or bettered here in Hicksville, and compliments the effectiveness of the District's granular activated carbon unit which boasts a 99% removal factor.

# School Districts Given Generally Good Grades

A recent report by the State Education Department shows students in all the local school districts are performing well above the State Reference Point (SRP).

According to the State, pupils exceeding SRP standards "are considered to be making normal progress in developing the basic skills of reading, comprehension, mathematics and writing."

In Syosset the percentage of students graduating from high school and going on to college is 97% while Jericho is a close second with 96.9%.

The state's SRP report is based primarily on last year's figures:

District	% Above SRP		Gr. 6 Reading	Gr. 6 Math
	Gr. 3 Reading	Gr. 3 Math		
Bethpage	96	100	92	94
Hicksville	96	99	97	96
Jericho	97	99	92	97
Syosset	90	96	87	95
POB	95	98	92	93

The state report also cites the percent of students passing out of students tested:

District	% Passing Regents of those tested			
	English	Soc. Studies	Math I	Biology
Bethpage	87	86	75	92
Hicksville	93	82	70	71
Jericho	96	92	90	91
Syosset	93	85	85	81
POB	96	74	92	92

In general, students above the SRP point in reading and writing were as follows:

District	% Above SRP	
	Reading	Writing
Bethpage	93	95
Hicksville	96	96
Jericho	96	95
Syosset	99	98
POB	98	98

Enrollments and percentages of graduates with Regents Diplomas and pursuit of college education per district is as follows:

District	Enrollment	% Regents	% College
Bethpage	2515	53.5	73.7
Hicksville	4575	61.1	77.0
Jericho	1913	79.9	96.9
Syosset	5342	58.2	97.0
POB	4166	57.0	81.4

Theodore Roosevelt Republican Club Executive Leader, George Yochmann, right, talks with Town of Oyster Bay Supervisor Angelo Delligatti at last month's meeting after announcing the 1989 voter registration drive.

Mr. Yochmann appointed Buddy Mazarra Chairman of the committee that will send volunteers throughout the Bethpage Executive Area looking for unregistered voters. "We hope to register as many eligible people as possible into the Republican Party and into our club as well," Mr. Yochmann said.

Buddy Mazarra advised that 30 club members have already signed on with his committee. If you would like additional information or would like to register to vote, you may contact Buddy at 681-3161.

"Better yet," said Buddy, "come to our next meeting which will be held on Monday, February 13, at 8 p.m. in the American Legion Hall located in the LIRR Bethpage parking lot.

## Letters

To the Editor:

Evidently our Superintendent Fenton does not consider the tax increases by the State, County and Town to be a problem for Hicksville residents. Austerity is not something the staff and students of Hicksville should have to experience. Austerity is for senior citizens, low income families and those being laid off.

I dread the need to reduce activities in our schools but I shudder at what many of our citizens will go through with the coming tax increases. I already hear people I work with planning to sell their homes, and this in spite of a buyer's market.

Don't teachers and others who are employed by our schools realize the burden they will bear with almost an 8% increase in the Budget. Don't they realize what this will do to their benefits? Don't they realize that the state will not subsidize our budget to the extent they have in the past? It is time for our citizens to let our planners know they have to get off the merry-go-round and stand on firm ground. Private industry does not increase overhead when things are out of line. They tighten their belts. Guess we don't have belts in our School District, just suspenders.

Sincerely,  
 A. Allan Goldstein

## Garbage Piling Up, Recycle Or Burn??

Mr. Humann proudly pointed to the accomplishment of a reduced water use in Hicksville to keep pumpage below DEC (Department of Environmental Control) cap set several years ago. In the combined 1987-88 years, Hicksville pumped 132 million gallons under the set cap. Mr. Humann thanked residents for compliance with Water District requests but stated that businesses in Hicksville have not been too cooperative. He vowed increased pressure on lax establishments.

Much to the distress of the Water District and the audience, Mr. Humann confirmed that the large office complex situated on the south side of Old Country Road and just west of the Wantagh Expressway is within the Hicksville district. The previous owner had secured water privileges prior to present restrictions, and therefore, Hicksville will be pumping to this development.

Gertrude Paul, concerned resident and active member of the Midland Civic Association, announced that through the efforts of several residents the Hicksville Fountain located between Broadway and the beginning of Jerusalem Avenue will receive refurbishing. The Town has agreed to rebuild, install lighting and landscape. Mrs. Paul says that this represents a turnaround for Hicksville and notes that Hicksville is "now on its way up."

Councilman Tom Clark spoke briefly on new construction in the center of town. He said that the row of storefronts located opposite St. Ignatius Church on the west side of Broadway were built for office rental. However, the builder now finds difficulty renting them as such, and will seek approval from the Town Board to rent to commercial concerns. This met with mixed reviews by the audience, some welcoming new storefronts and some remembering the long-held tradition (and zoning) which denied commercial rentals.

Mr. Clark noted that the new structure being built on Newbridge Road and West Marie Street will be a flower shop.

The next meeting of the Hicksville Community Council will be Thursday, March 2, at 8 p.m., in the Community Room of the Hicksville Public Library.

## Kiwanis Thanks All For Community Support

The Hicksville Kiwanis Club enjoyed a rather successful fund-raising project recently with the help of a number of people from the community, in addition to members of Kiwanis. The project was the offering for sale of a variety of Giant Story Coloring Books, and rumor has it that any number of young and not-so-young Hicksville people have been seen coloring the books with crayons, water colors, oil paints and felt marking pens.

Kiwanis Fund Raising Chairman Patti Breslin and Coloring Book Chairman John Fitzpatrick wanted to show their appreciation to those people in the community, other than Kiwanians, who helped with the sale of the coloring books. They invited Ms. Huriye Alton, Vice President Lincoln Savings Bank, Plainview, Ms. Evelyn Seher, Secretary

Lincoln Savings Bank, Plainview, Mrs. Gert Paul, Community Leader, Ms. Mary Dansforth, Manager National Westminster Bank USA, Levittown, Ms. Kathy Jansen, Assistant Vice President and Manager, Beacon Federal Savings Bank, Hicksville, Mr. Larry Hudd, Manager The Ground Round, Ms. Lorraine Spivak, Manager Chuck E. Cheese Restaurant, Levittown, Mr. Don Montesano, Wagner Funeral Home, Ms. Gladys Hampson, Chairman Parkway Community Church Fair, and Mr. Ed Terriaca, Center View Florist to come to the February 1 luncheon meeting as guests of Kiwanis. Specially prepared certificates symbolizing the appreciation of the Kiwanis Club for their help with this project were waiting for each of them.

## Thursday Night Library Film

Anne Bancroft and Anthony Hopkins star in "84 Charing Cross Road," to be shown at the Bethpage Public Library on Thursday, February 16, at 8 p.m., in the library's series of Thursday Nights at the Movies. Bancroft and Hopkins sparkle in the witty, touching drama about a transatlantic romance. Helen Hanff (Bancroft), a vivacious New York writer with a passion for literature, writes to a London bookstore in search of rare English classics. Frank Doel (Hopkins), a good-natured, reserved Englishman, answers her request - thus beginning an extraordinary relationship that spans two continents and two decades. Although their personalities and cultures are miles apart, their friendship blossoms into a deeper affection. For twenty years they share intimate, often-times humorous reflections about their dreams and their lives, and in doing so, develop an abiding closeness. Excellent performances and vibrant portraits of New York City and London make "84 Charing Cross Road" irresistible, and a film that Joel Siegel (WABC-TV) calls, "Extraordinary. Anne Bancroft is exquisite... Anthony Hopkins is perfect."

Admission to the showing is free.

## When Dreams Come True

By Gert Paul

After years of neglect, the fountain and surrounding park in the center of Hicksville is to be rehabilitated. Donated by Kiwanis, at great cost, the fountain had been broken and its surrounding area degenerated. Now the good news has come! Before Memorial Day, our fountain, the symbol of Hicksville's pride and hope - will again be spraying water, lights will shine, flowers will bloom, and benches set on newly landscaped ground will be waiting for you to sit down and enjoy! This is the dream we had which is coming true - Hicksville has turned the corner and is coming back to what we hope will be gentility and charm.

There has also been support from the last year's president of Kiwanis, Charlie Montana, Marc Ramirez, president of the Chamber of Commerce, Maryann Ferrado, N.W. Civics, and Kathy DelRosso, Duffy Ave. Civics. Meetings were held, and a committee was formed under the sponsorship of Deputy Commissioner Leonard Kunzig, Town of Oyster Bay Parks, Dept. 4 - who was put in charge of the project by Mr. Dellegatti, and has been diligent and effective in implementing plans to complete it.

The partnership of community leaders and concerned government has made our dream come true. From our new center of town we expect to radiate to every corner of Hicksville as this town becomes a place we can be proud to live in!

Dr. and Mrs. Bernard Paul recently returned from their 23 day "Dream of their Lifetime" trip to the Orient. They visited many exotic places - Bali, Denpasar, Jakarta and Ubed in Indonesia, Singapore, Bangkok in Thailand, and Hong Kong. New food, new sights and new friends made it an outstanding vacation. Nevertheless, as always, it was good to return home to Hicksville!

## Fork Lane's 'Reflections' Program

The National PTA has begun a "Reflections" Program that the Fork Lane students participated in this year. It is an opportunity for students to use their own creative talents by expressing themselves through their own creative works. The theme this year was Proud Experiences. Entries were made in the visual arts and literature categories. The finalists will be announced shortly.

Pictured are Bincey Alexander, Jon Sanchez, Brian Mc Kee, Keith Brower with Principal Mrs. Bentsen and their entries.

## Local Deli Will Expand

By Michele Coyle

The Town of Oyster Bay's board members met Tuesday morning and approved the site plans for a special use permit for an addition to the Giovanni Deli.

The permit was requested in order for the deli, located in the east side of Bloomingdale Road, south of Carter Lane in Hicksville, to operate on the premises, formerly utilized by both as gas station and deli.

The plan, prepared by Gagliardo Associates, depicts the means of ingress and egress, location of paved parking areas, type and location of landscaping, exterior lighting, the building, fencing and signage.

Richard S. Blankfein, Commissioner of the Department of Planning and Development reported, through a memo, that the development would be compatible with the surrounding area.

## Editor's Notebook

The following tribute to small business crossed our desk recently. It was written by Robert H. Rowland:

It is easy to think of business in terms of the Fortune 500. We readily recognize General Motors, Exxon and Mobil. But as you travel down Main Street and through industrial sections of any American city, it is the small business establishments which catch your eye. Out of the largest 40 companies in the world, the United States has only 19. Yet there are over four million small to medium sized businesses in the United States.

Approximately 650,000 new ones start each year. These entrepreneurs have many of the same characteristics: drive, thinking ability, warm personal relationships, good communication skills, high energy levels and know-how.

But when you take the four largest economies in the world, U.S. small businesses alone rank fourth in output, exceeded only by the total gross national product of the United States, USSR, and Japan. Its gross national product is almost equal to the total output of all Japan and is more than half the GNP of the USSR.

Nearly three-fourths of these small businesses are owned by sole proprietors. They risked their savings and credit, spent long hours and hoped for a healthy return on their investment. But sadly, one out of two who try fail within two years. In the market place the competitive forces weed out the unprepared, the underfinanced and the inefficient.

About sixty percent of all small businesses have fewer than four employees. Barely two percent have more than 250.

Over one half of Americans work in a small business. Small businesses are now generating more jobs than large businesses, a trend which will continue to increase.

More than fifty percent start on less than \$20,000, twenty percent with less than \$5,000.

America owes much to those who take the risks in their attempts to provide quality products or services at competitive prices.

These small business leaders in turn owe much to a country which grants the freedom to dream and to try.

Oyster Bay Town Supervisor Angelo A. Delligatti, center, presents a citation to Frank Sirianni, who is retiring from the Nassau County Police Department after twenty-five years of service. Sirianni was feted by friends and family, including his father, Eddie, at a retirement party. Sirianni joined the police department on January 24, 1964. He served as a Patrolman for four years before becoming a designated detective, in which capacity he served with the Criminal Intelligence, Special Investigation, Major Case, Homicide and Robbery Squads.

# Elementary Summer School Proposed

By Maureen Traxler

The Hicksville Board of Education held its second public budget study meeting on Tuesday, February 7. In the absence of Mrs. Wolf, Superintendent Catherine Fenton chaired the meeting. The items on the discussion agenda were the English-as-a-Second Language (ESL) Program, the Holt Management System of Mathematics, Science as a Problem Solver and a Proposed Summer Program for elementary students.

Don Guadagnoli, Foreign Language Chair K-12, said that the number of Limited English Proficiency (LEP) students entering the district has increased. Mr. Guadagnoli noted that Hicksville follows the guidelines of the State Education Department, and "must service children who come into our school." He noted that there are now 157 students district-wide, with a high concentration in the elementary school areas of Burns Avenue, East Street and Old Country Road.

Mr. Guadagnoli explained that the ESL program teaches the four basic skills of English - listening, speaking, reading and writing - which allows students to progress effectively in the school system.

The three elementary principals were on hand and offered suggestions to the Board to assist students, parents and teachers. Dr. Burke (Burns Avenue) proposed that the ESL teacher spend a half day with students, as opposed to the present one period. Mrs. Geraldine Silver (OCR) favored the extended day for Kindergarten students, when the number of students makes this feasible, and all agreed that the classroom teachers need support, as well as the parents of these students.

Dr. Fenton stated that the preliminary 1989-90 budget includes, as an expenditure item, a proposed elementary summer school program. The proposed program would be available to all students in grades 1 through 6 who are Hicksville residents (private and parochial schools inclusive), and would be designed to reinforce instruction learned in the previous school year. The outline of this self-sustaining summer school calls for a tuition cost of \$200 for the 6 week program, consisting of 1 1/2 hours a day. Classes would be comprised of 20 students, have one teacher and one teacher's aide. The teacher will cover reading, language arts and math during the 6 week program. Transportation would not be provided by the district.

Although the program appears in the budget as an expenditure, Dr. Fenton explained that tuition payments would go into the general fund to reimburse the district.

The Board then tossed around alternatives to the proposal, such as a pay scale in which payment for two students in the same family would be less than the double rate, and the possibility of running a free program where a \$25 or \$50 registration fee would be refunded at the end of the program.

Two other topics were touched upon. Linda Berg, Assistant Director of Instruction, outlined the district's plans to rent science kits from the Elementary Science

Programs Company, in an effort to improve efficiency in providing hands-on instruction for students. By renting the kits, the district will have more flexibility in the performing of elementary science projects and be able to keep abreast with the often-changing State syllabus.

Mrs. Berg stressed staff training to go along with the kits, a need for curriculum writing encompassing daily lesson plans, and development of objectives for every grade level. She also explained that the State expects to institute standardized testing in science at the fourth grade level.

Director of Instruction Robert Durso spoke about the use of the

Holt Math Management system in grades K-6 and the district's desire to extend the system to grades 7 and 8.

Facilities Director Tom Shaw displayed a sample of the Fibar System, which the district proposes to install under playground equipment throughout the district. Mr. Shaw also provided a listing of schools which have the Fibar System.

At the next budget study meeting on March 8, the Board and administration plan to discuss special education services, inservice training and workshops and the 9000 code (undistributed - such as social security payments, retirement benefits, workmen's compensation, liabilities).

## We're giving you one more reason to do all your banking with us.

Unfortunately, your banking needs don't always automatically end at the end of your workweek. Which is why The Bank of New York has just recently extended its own workweek.

In fact, we have more branches open on Saturday than any other bank on Long Island.

### **Full-service banking on Saturdays.**

But what makes Saturday banking at The Bank of New York even better is the fact that, unlike many other banks, we're offering all our services during these extended hours. Giving people who work Monday through Friday an extra day to do their everyday banking. Or their not so everyday banking—like taking out one of our 60 Minute Loans.<sup>SM</sup> Or

opening a high-yield Priority Savings<sup>SM</sup> account.

### **Make your money work overtime with Priority Savings.<sup>SM</sup>**

Priority Savings puts your money to work with one of the highest interest rates in the New York area.

It also gives your money some bonuses—like free checking, or checking with interest. Not to mention unlimited access to your money.

For more information, call Action Phone at 1-800-942-1784.

More branches, more hours and more services. They add up to some very good reasons to talk to The Bank of New York. No matter what day you do your banking.

## Hicksville VFW Americanism Award

By Vincent W. Edwards

The Bohemia Recreational Center, Town of Islip, Dept. of Parks and Cultural Affairs, was singled out for teaching Pre-K children "The Pledge of Allegiance." Miss Barbara Stokes, the centers Manager, accepted the award.

All this was accomplished by the efforts of Miss Harriet Williams who is New York State VFW Patriotic Instructor. When Miss Williams was informed by Vincent Edwards of VFW Post 3211 Hicksville, that his granddaughter was being taught "The Pledge of Allegiance" in Pre-K school, Miss Williams arranged to have an award by the VFW Dept. of New York for the Center.

This award was presented to Miss Stokes by Vincent W. Edwards, Past Post Commander, Post 3211 Hicksville, N.Y. Miss Stokes was thrilled and pleased to receive the award on behalf of the Town, School, and the Staff. The VFW cannot express enough that Patriotism and Americanism should be taught at an early age. The VFW has nothing but praise for a school such as this. The Bohemia Centers Staff is as follows:

Barbara Stokes, Center Mgr., Carol Fitzpatrick, Bonnie Coffaro, Rec. Leaders, Patricia Michaels, Mildred Kristoff, Rec. Aides.

## St. Paul's Church Night At Movies

The next Sunday Night at the Movies will be held on Sunday, February 12, at 7 p.m., at St. Paul Lutheran Church, 449 Stewart Avenue, Bethpage. This month's movie is entitled "Fury of Freedom," winner of five awards, including "Best Film of the Year."

This incredible film portrays the true story of Raul Ries. To those who knew him in the 60's and 70's, Raul's name stood for fear, for fury, for fighting. To his high school friends, he was a violent, dangerous combatant. To his family, he was a time-bomb ready to explode. And to those who battled beside him in Vietnam, he was an angry, bitter killer. One evening, a miracle led Raul from black rage to inner peace. Raul Ries would never be the same! How could anyone be so totally transformed? Only Christ could change the heart of a young man from a desire to kill his own father to the passion to save him.

Don't miss this story of miraculous salvation. Raul Ries' story stands as proof of the power of Jesus Christ today. A man who once was destroyed, is now being used mightily by God to build His Kingdom.

This story will appeal to children age 9 and older, and also adults. A cartoon for younger children will be shown.

Come and enjoy the popcorn, soda, and fellowship of others. A free-will offering will be accepted.

## College Note

## Hicksville Raiders Win Sports Award

By Steve Baglieri

The 1978 Hicksville Raiders travel soccer team has been awarded the Sportsmanship Award for the Fall, 1988 season from the Long Island Junior Soccer League. This Award honors the team showing the most sportsmanship - in attitude and appearance, with their division.

As the Coach of the team, I work very hard toward building character and team play, which will help them beyond sports. Because this is my first priority, I

am especially proud of these athletes and their parents.

The team members should feel proud of themselves and each other - congratulations! They are: Susan Accardo, Chris Allen, Michael Baglieri, Kenny D'Introno, Ryan Ferraro, Brian Gallahue, Davie Koehn, Nikitas Koroneos, Paul Oliva, Jim Powderly, Edward Puerta, Jeff Reinhardt, and Nick Riccardi.

Thank you also to Giovanni's Deli for sponsoring our team and sharing in their honor!

## Bethpage Library Tax Help

Doing your own tax returns? You'll get helpful guidance in preparing your Federal and/or State Income Tax returns at a special program at the Bethpage Public Library on Wednesday, February 22, at 8 p.m. Bette Bohnert, AARP Tax Aide, and the counselor for the library's Medicare, Medicaid, Tax Assistance Program, will cover such topics as, the various forms and schedules; sale of residence; estimated taxes; real property tax credit; IRA deductions; taxable Social Security; and tax credit for child/dependent care. Questions on other tax preparation matters will be answered as fully as time permits. It is suggested that you'll follow the discussion better if you bring the packets received in the mail from the IRS and State Tax Department with you. Admission is free.

Beth Gackowski of Bethpage has been accepted by The Berkeley School of Long Island in Hicksville and will begin her studies in July in the automated office technology program, which leads to an Associate in Applied Science Degree.

Daughter of Mr. and Mrs. Stanley T. Gackowski, Miss Gackowski is a senior at Bethpage High School, where she has earned two awards for outstanding service and character and has served as a volunteer student aide in the attendance office for three years. She is a former Girl Scout and has played soccer for St. Martin's Tours in Bethpage.

## K Of C Free Throw Basketball

On Sunday afternoon, January 15, the Joseph F. Lamb Council No. 5723 Knights of Columbus, Plainview - held a "Free Throw Basketball Competition" for the boys and girls of Our Lady of Mercy School. The competition, which is part of the K. of C. Regional and eventually statewide competition, was held in Our Lady of Mercy Gym in Hicksville. Approximately 45 boys took part in the competition. Although the event is also open to the girls, and many were invited - none chose to compete. All those taking part in the competition were sponsored by the Lamb Council and the winners will go on the compete in further eliminations.

The Free Throw Competition works as follows: winners of the Council competition in the 10 year old class, 11 year old class, 12 year old class, 13 year old class and 14 year old class - go on to further competitions at the District Level. (They will then compete with the winners from Holy Innocents Council and

Hartigan Council.) These winners then will compete at the Nassau County Level at Hicksville High School in March. Then the winners go on to the Long Island Level competition to be held at Kings Point Academy. Then finally, at a later date, the surviving winners will compete at the top state level. (Special Note: - Several years ago the Lamb Council had a statewide winner in the person of Ken Francis, who received a trophy and monetary award.)

The winners of the Lamb Council Free Throw Competition are as follows: 10 year old class - **Nickey Barone**, Plainview; 11 year old class - **Brian Zaderecki**, Bethpage; 12 year old class - **Kevln Kelly**, Hicksville; 13 year old class - **Sean Flynn**, Plainview; 14 year old class - **Brad Stazer**, Hicksville.

The co-chairman for the Lamb Council event were: Brother Knight Mario Bignami, and 16th District Deputy P.G.K. Otto Schmidtmann.

Oyster Bay Town Supervisor Angelo A. Delligatti, second from right, presents the corporate seal to Ed Lauritsen at the organizational meeting of the Sanitation Inspectors Association of Long Island. The Bethpage resident and sanitation inspector for the Town of Oyster Bay spearheaded the formation of the organization, which will provide a forum for the exchange of ideas between sanitation inspectors from various municipalities and foster bi-county cooperation. Other officers of the organization include Michael Parsell, left, Vice President; and John Inzerillo, Vice President.

## Advertising Exec. At C. Of C.

Irwin Braun, a noted advertising authority, will be the featured speaker at the Hicksville Chamber of Commerce monthly luncheon, Tuesday, February 21, at 12:30 p.m., at Peppercorn's Restaurant in Hicksville.

Mr. Braun will speak on "The 10 most common mistakes made in advertising." Mr. Braun is president of Braun Advertising, Inc., in Merrick. He is author of the widely acclaimed book,

"Building a Successful Professional Practice with Advertising." (American Management Association). He has written over 30 articles on marketing and advertising in publications as diverse as the National Law Journal and Advertising Age. He has lectured on marketing and advertising from coast to coast before professional groups like the American Bar Association and the American Podiatric Medical Association.

## Awareness Month At The 'Y'

Beginning February 27, through the end of March, the Health and Physical Fitness Department of the Mid-Island YM & YWHA, 45 Manetto Hill Road in Plainview, will be offering a series of courses specifically for women.

On February 27, at 7:30 p.m., Dr. Patricia Aussman, an Osteopath who lectures at the New York College of Osteopathic Medicine, will discuss Osteoarthritis and Osteoporosis.

Dr. Aussman will give an overview, at 7:30 p.m. on March 6, on how unhealthy lifestyles are catching up with women in the form of cardiovascular disease.

On March 13, at 7:30 p.m., Dr. Aussman will cover the important topic of conditions and preventative measures specific to women. Areas covered will include breast cancer, mammography and menopause.

Another lecture is tentatively scheduled on liposuction. The date, time and speaker will be announced at a later date.

"Y" members pay \$2.50 per lecture, \$10 for the series; non-members pay \$5 per lecture; \$20 for the series. All women attending the lectures will receive a free exercise class.

For more information, call Maria Macarle, 822-3535.

## Warriors Win Trophy At Tourney

By Al Blicher

The Hicksville Warriors 1974 travelling soccer team captured third place, out of 11 entered teams, at the Sue Link Memorial Tournament at Island Trees High School, February 5, with a record of three wins, two ties and two losses.

The first game was a 2-0 victory over Plainview/Old Bethpage, on goals by Jason Kingsley and Domenick Perillo. The second game was a 2-2 tie against the Wantagh/Seaford "B's", on goals by Chris Doyle and Chris Koetter. The third game was a 1-1 tie against the Island Trees "Greens", on a Perillo goal. The fourth game was a 3-1 victory over Elmont, on goals by Doyle, Kingsley and Perillo. The fifth game was a 1-0 loss to the Wantagh/Seaford "B's".

The preliminary round ended with Hicksville in second place, in the Green Division, and set up a Quarter Final game against the Wantagh/Seaford "A's", who were third in the Gold Division. The teams played two, evenly matched 0-0 halves. This set up a five minute, sudden death overtime, which Hicksville won, with 41 seconds to go, on a Chris Doyle goal. The Warriors then progressed to the Semi-Finals,

playing Wilton, Connecticut. They jumped off to a quick 1-0 lead on a Jason Kingsley goal, which they carried into the second half. Wilton, however, was not to be denied and came back for three, second half goals, to win 3-1.

Besides the goal scorers, the players were Joe Flanagan in goal, Eric Blicher and Chuck Oliver at fullback, and Michael Heyer and Karl Rice at wing. Congratulations to the Warriors as well as Coach Pat McHugh and Assistant Coach Pat Harkins, Jr. for a great day of soccer.

## Hicksville Nursery Open House

The Hicksville Nursery School is holding an Open House for Fall registration on March 3 from 1 to 3 for parents of 2, 2½, 3 and 4 year olds in the school classrooms at West Cherry St. and Nelson Avenue.

The Hicksville Nursery School is a non-profit, non-sectarian cooperative located in the back of the United Methodist Church. Founded in 1967, it has offered twenty-two years of quality education to hundreds of pre-school children as well as serving as field training center for students from Adelphi University and Nassau Community College.

The school seeks to offer the young child an environment in which he can grow emotionally, socially, intellectually and physically under the careful supervision of a fully trained staff. The program provides varied activities with an abundance of materials and opportunities for free creative expression under the guidance of skilled, N.Y. State Early childhood certified teachers. Art media, woodworking, music and rhythmic movement, language arts, storytelling, dramatics, puzzles, doll corner, books and manipulative toys are all part of the daily program. A huge indoor playground permits daily large muscle activity even in the worst weather. A mid-session snack of milk or juice and crackers or fruits and vegetables is provided.

Field trips are included to broaden the child's understanding of the world he lives in.

All parents who wish to can share in the administration of the school. Monthly business meetings give parents the opportunity to make decisions on administrative needs. There are lectures, films and "rap groups" to help parents learn more about parenting. Fundraising projects are most often social events helping young families meet other adults who are at the same stage in life.

We invite all parents of pre-school children to join us for a chance to play and learn together in our spacious well-equipped rooms.

For further information, call 731-6048 or 681-8246.

### Photo Exhibit

Sands Point Harbour, Jones Beach Boardwalk at dusk and the remains of Dunc Road in Quogue are just a few of the Long Island locations photographed by Joseph Marcone, whose works are on display at Hicksville Public Library during February. Mr. Marcone, who has been a photographer since 1979, marries exotic, infrared photography with sedate Long Island greenery, as exemplified in one of his works on display The Castle taken at Old Westbury Gardens. His interest is to convey a broader spectrum of color imagining, both real and distorted, to create an element of surrealism. This is inherent in the photograph Desert Mountain taken in Aruba. Mr. Marcone has recently been chosen to participate in the Rotational Art Exhibit for the Town of Oyster Bay.

Mr. Marcone is a Toxicologist pursuing a Ph.D. in Cancer Research at St. John's University. Married for four years to Lorraine Pisano, a writer from East Norwich, New York, the Marcones live in Jericho.

# Are You One Of The Thousands Who Received A Bonus Check From Roslyn Savings Bank?

John V. Conway, Assistant Vice President & Manager, West Hempstead Office

If you are a Roslyn depositor, you may have been one of the thousands who recently received a bonus check from The Roslyn Savings Bank.  
 For the **third year in a row**, The Roslyn Savings Bank paid an extra interest payment on every day-of-deposit to day-of-withdrawal, school savings and NOW account on record at the end of the year. The 1988 extra interest payment was equal to 20% of the interest earned during all of 1988. Roslyn paid \$2,151,940.08 in extra interest payments to 37,151 accountholders. How was Roslyn able to do this? It's because The Roslyn Savings Bank is a strong mutual savings bank with solid earnings. In fact, Roslyn is one of America's strongest thrift institutions, growing stronger every year. In 1988, Roslyn's surplus and reserves

surpassed \$100,000,000, increasing our reserves to deposits ratio to 13.41%. That ranks Roslyn's strength higher than 95% of the nation's 300 largest thrifts.  
 As a mutual savings bank, The Roslyn Savings Bank has no stockholders. Instead, we believe in rewarding our loyal passbook depositors — the people who helped to build the bank's strength — with these extra interest payments.  
 If yours is not one of the names on the checks mailed this year, now is a good time to transfer your account to The Roslyn Savings Bank. Superior strength, safety and potential extra interest payments are three good reasons to do all your banking at Roslyn Savings.  
 To open an account, call or stop in at the Roslyn office nearest you.
