Board Considers PossibleChild Day Care Services

By Maureen Traxler

The possibilities for child care service after school, an alternative for the latch-key child, generated discussion among the five trustees present at the March 15 meeting of the Hicksville Board of Education.

About a year ago, after first approaching the concept of before and/or after school child care, the Board of Education sent out criteria for such a program. Superintendent Catherine Fenton's monthly report to the Board contained a comparison of Latch-Key programs submitted by the YMCA, WeeCare and the Hicksville Youth Council. Trustee William Bennett opened the discussion in favor of the Hicksville Youth Council citing this community-oriented organization's ability "to provide for the need of the parents of this community."

The Hicksville Youth Council's proposal outlines a self-sustaining program for grades one through six, from 3:30 to 6 p.m. in each of the eight elementary buildings. Their program would include recreational activities as well as educational opportunities. The Youth Council's program carries a \$15 registration fee, a \$35 five-day-a-week rate and a cost adjustment for siblings.

The YMCA program is also self-sustaining, would provide for youngsters in grades one through five from 7:30 to 9 a.m. and from 3:30 to 6:30 p.m., and prefers a central location, but may go multi-site if necessary. Fees would be the same as the Youth Council, with the addition of a 3-day-a-week rate of \$7.50 an hour. The YMCA program provides recreational activities, as well as quiet time and homework assistance.

Both proposals list certified teacher/administrators as program supervisors. The Youth Council would hire qualified adults screened by the Council as staff members. The YMCA attempts to hire certified staff teachers, but if unable to do so, they hire personnel certified by the Department of Social Services; non-certified personnel would be hired to assist.

Trustee Carole Wolf favored the Hicksville Youth Council because it is local based, non-sectarian, provides for grade 6, offers arts and crafts as well as sport activities and includes quiet time. Mrs. Wolf said that she did not wish to see the after school program as "an extention of the educational day."

Trustee Dan Arena said that he saw the YMCA as a "more formulated group," and Pat Rooney showed concern for the qualifications of the program staff.

Mr. Bennett pressed for a vote on the Latch-key proposals, but there was some hesitancy among the trustees to take a vote with only five

Mr. Bennett pressed for a vote on the Latch-key proposals, but there was some hesitancy among the trustees to take a vote with only five members present. With the absence of Dan MacBride and Mark Cardella no decision was reached. Mr. Bennett used the opportunity to stress the importance of having members present, and Mr. Arena commented that maybe there should be a five-man board.

During the general public session, Elayne Kabakoff, a representative of the Hicksville Congress of Teachers stated that she would like to bring this matter to the teachers' Executive Committee once such for possible submission of a child care proposal.

would like to bring his matter to the teachers. Executive Committee once again for possible submission of a child care proposal.

Mrs. Wolf reported that a field meeting was held on March 8 for members of organized sport groups which use school district fields. The attendees were asked if their groups would be willing to help the district upgrade the condition of its fields, and overwhelming support was shown. April 1st was set for the cleanup project, and some 100 volunteers from the Hicksville Baseball Association, the Hicksville American Soccer League and Holy Trinity High School are expected to assist district ground staff. The district will provide necessary tools; raindate, April 8. Mrs. Wolf is also looking forward to receiving help from the business community, so that the fields can be updated with a minimal cost to the district.

Superintendent Fenton outlined the draft of a new State-mandated procedure, the Regents School Improvement and Accountability Program (RSIAP). The program calls for each individual school building within a school district to give an educational management plan to the Board and the community. Each building's annual report is linked to its own five-year plan for developing excellence in the school. The school district is to provide buildings with standards of excellence derived from the Regents Action Plan, the State syllabi and aspirations of parents and the community for their students.

The district is to develop a process for independent review of each school building educational plan, so that school staff will receive

Challenger Classes Visit Africian Museum

In keeping with our theme of diversity of cultures, Challenger students from Central Boulevard, Campagne, and Kramer Lane Schools have been introduced to the history, culture, and contributions of African-Americans to our society. Recent trips to the African-American Museum in Hempstead afforded them the opportunity to learn about some of the scientific and artistic contributions of this group of people. A film entitled "Black History - Lost, Stolen, or Strayed," narrated by Bill Cosby, showed perceptions and history from the viewpoint of black Americans. The students handled copies of documents which granted freedom to individual siaves, shackles used on the slaves as they were brought here on slave ships, and some of the inventions produced by African-Americans. The museum guides gave a short history of the roots of African music and permitted the students to use the primitive instruments along with a recording of this ancient music form. In the picture above, some of the Challenger students are shown using these instruments. Teachers Dolores Hartmann, Maryann Reilly, and Marliese Coveney accompanied the students on the trips to the

Editor's Notebook

The other evening we heard a Kiwanis leader refer to the drug situation as "a dread disease." He was correct - it is truly a disease and God knows a thing to be dreaded by all of us, especially parents.

It is good news therefore, that the District Attorney's office is proposing legislation that would allow the county to take stern action in the case of so-called crack houses. (Incidentally the law would apply also to auto "chop shops", gambling and prostitution

Here is an example of how the new law would work:

1. The police observe illegal drug selling in a particular premises in Nassau County.

2. The police advise the County Attorney of the occurrence and location of the illegal

3. The County Attorney sends a First Notice, by registered mail, return receipt requested, to the registered owner of the property, describing the date and nature of the illegal conduct, informing the owner that it must cease, and that if it does not cease, the county will commence an action under the Anti-Nuisance Law.

4. If further illegal drug selling is observed in the same premises within one year of the First Notice having been sent, the County Attorney sends a Final Notice by registered mail, return receipt requested, to the property owner. The Final Notice includes the same information as in the First Notice, along with a statement that if the owner does not take action within five days to cause the prohibited conduct to cease, the county will bring necessary proceedings as though it were the owner of the property.

5. If the property owner does not pursue diligent action within five days of receipt of the Final Notice to terminate the prohibited conduct, the County Attorney may bring one or more of a variety of proceedings seeking the appropriate civil remedies. These remedies are available in addition to any other civil or criminal remedies provided by law. The remedies under the Anti-Nuisance Law include:

a. A proceeding to eject or evict tenants carrying on prohibited activities;

b. A temporary closing or restraining order where the county can show, by clear and convincing evidence, that the public health, safety or welfare requires such an order;

c. A preliminary or permanent injunction to force conduct prohibited by the statute to cease;

d. If a permanent injunction is issued, an award to the county of the actual costs of bringing the legal action;

e. If the property ownwer has intentionally conducted or permitted the illegal conduct, a civil penalty of up to \$1,000 per day of occurrence of that conduct.

Easter At Holy Trinity Episcopal

Monday of Holy Week was eventful at Holy Trinity. Several parishioners replaced the newly refinished Corpus to the cross at the entrance to the church. This beautiful cross has become a popular sign of God's love to passers-by and very much missed when it is removed for seaonal repairs.

Easter is celebrated at Holy Trinity Episcopal Church, Hicksville, as the Queen of Feasts. It is around Easter that the Christian calendar year revolves. The resurrection experience is central in Christian theology and in the life and work of the Church and its members. Easter greetings are extended to the community along with an invitation to all who would join in being Easter People at Holy Trinity Episcopal Church, located at the corner of Old Country Road and Jerusalem Avenue in Hicksville. Joyous Easter services are preceded by those of Good Friday com-memorating the death of Jesus Christ on the cross: Morning Prayer at 9 a.m.; Stations of the Cross at 12 noon; Evening Prayer and Litany at 3 p.m.; and the Solemn Liturgy at 8 p.m. The first service on Easter Day is at 7:30

a.m. with the lighting of the new fire, the blessing of the Easter candle, the singing of the Exsultet, which is an ancient hymn of praise applauding the salvation acts of God in Biblical history. This is followed by the renewing of Baptism vows and the first Eucharist of Easter. At 10 a.m. the choir will accompany the offering of the solemn and festive Eucharist with the Rector the Parish being chief celebrant and preacher. At 12 noon the third offering of the Eucharist will be accompanied by Easter hymns proclaiming the Good News of the resurrection. Members of the community are invited to join in these services, singing hymns both new and old. and joining with the first witnesses to the resurrection of Jesus and the victory of God over the forces and power of evil.

Automation For Library

The Hicksville Public Library is in the process of a library automation project, known as CLSI. The CLSI system will provide speedier and more accurate service to the public. It is currently in use in several public libraries in Nassau County.

In order to progress with automation, it is essential that every Hicksville resident with an Adult Library card come to the library with their card, so that a bar code number can be issued to them. The bar code number is used for the purpose of patron identification and, it is necessary for our own library records.

Please come to the Circulation Desk, as soon as possible, to receive your bar code number.

Tag Sale A Huge Success

By Marcia Gunnigle

Saturday, March 18, dawned warm and bright for the parents and students of the Hicksville High School Music Department. It was the day of the Giant 50

family tag sale. Mrs. Ghyll Simoneschi and Mrs. Marcia Gunnigle, co-chairpersons, along with their husbands, and students Brian Gunnigle, Tina Markey and Greg Simoneschi arrived at 7:30 to set up the tables in both cafeterias. We are all grateful for the help of the custodial staff. Students began arriving at 8:00 with their merchandise. Some had so much that they used hand trucks to bring it all in.

The sale was set to begin at 10, but customers were lining up at 9.

When the doors were finally opened, a steady stream of buyers walked past the many tables full of old and new items.

Charisse Maisonet and her mom had stayed up very late the night before putting the finishing touches on their homemade gift items. Brian Gunnigle said he had spent hours washing glass items, but he was grateful he had done so as they sold very quickly.

The sale ended at 3. As everyone packed up items that hadn't sold. gratitude was expressed for a successful fund raising event.

This was the last fund raiser for the music students trip to Disney World. Now all thoughts turn toward May 25 and Main Street

Easter At St. Paul's In Bethpage

The congregation of believers at St. Paul Lutheran Church in Bethpage wish all our neighbors God's blessings as we joyously celebrate our Lord Jesus Christ's victory over death in His resurrection from the dead.

Jesus' death on the cross is the greatest evidence of God's love for us. He sent His only Son to pay the penalty for our sins by dying at Calvary. But the story doesn't end there. On the third day, Jesus rose from the dead and gloriously proved that He has power over sin and death. Through our faith in Him and our acceptance of His perfect gift of salvation, we know that we, too, can overcome death and live forever with our Father in

We invite you to join us in worshipping and praising our Lord and Savior on Easter Sunday, March 26, at 8 and 10:30 a.m. St. Paul Lutheran Church is located at 449 Stewart Avenue in Bethpage (just south of the railroad station). For further information, please call the church office at 931-8262,

Your outstanding participation in our S.O.R.T. program has resulted in over 15% of our waste stream being recycled during the month of January.

By taking the few extra minutes to separate your newspapers, bottles and cans from your household refuse, you have helped to save more than \$120,000 which would have been the added cost to the Town of trucking these materials to out-of-state landfills.

The collective efforts of the 72,000 Oyster Bay households in our recycling program have made S.O.R.T. the most successful curbside source separation project on Long Island.

In Oyster Bay, we care about our environment - and we're proving it through S.O.R.T.!
