### Civics Hear Police Inspector

By Gert Paul

Midland Civics held a very well attended meeting on Tuesday, March 28 at 8 pm. at the Willet Ave. School. Issues of great importance were addressed.

Our first speaker was Deputy Inspector Holden, commanding officer of the 3rd Precinct and a veteran officer. He outlined a program to stop the drinking, vandalism, etc. at the end of Andrews Rd. which is a hang-out all year long, but especially in the summer months. This includes better lighting, much more police surveillance and cooperation from residents whom he urged to call 911 whenever they see or suspect any infringement of the law, and also asked them to copy license numbers of unknown cars in the area.

Our second speaker was Mr. Leonard Symons, our new Councilman for Oyster Bay, also known affectionately as "Lenny the Lawyer" and "Lenny the Weatherman for Channel 12". He was warmly received as he told of his desire to help our community. He said much can be done because Mr. Delligatti, our Town Supervisor, has created a climate of openness and thus there is a consensus of opinion for what needs to be done. We concur on this!

The fountain and park on the corner of Broadway and Jerusalem Ave. will be rehabilitated and ready for a new dedication in May.

Midland Civics feel that our efforts have been positive and the community is benefiting. It was an informative, warm and congenial meeting.

### Burns Ave. School Zoned 'Residential'

By Michele Coyle

The Town of Oyster Bay's Board granted a change in zoning from 'G' Business District to 'D' Residence District on two acres of the Burns Avenue School property at Tuesday morning's meeting.

The Board deemed that the area, location, nature and character of the property was adequate and suitable for the change. A hearing was held in December of last year.

Area residents have been concerned with the zoning for the past three years. In the past, the Broadway Mall has asked the School Board if the property, part of the ballfield behind the school, was for sale. The School Board informed them that they had no plans to sell the school. Since the establishment of the property for the School, these two lots have served as a buffer between the school and mall.

With the zoning change, any buyer wishing to purchase the lots for commercial use will have to approach the Town Board for a zone change.

The zoning change becomes effective once it is recorded at the Nassau County Clerk's Office.

### Water Dist. Will Receive Zoning Chg. Notification

Reflecting Oyster Bay Town Supervisor Angelo A. Delligatti's continuing concern about water conservation, the Oyster Bay Town Board has approved an amendment to the Code of Ordinances to include water districts as parties to be notified about requests for zoning changes and special use permits.

"The Town Board feels it is in the best interests of all parties to notify water districts of all requests for changes of zone and special use permits on property within its jurisdiction," Delligatti stated. "The Board believes input from water district officials on such applications will be beneficial in that it will let the Board know the status of water use on a given parcel of land, thus giving the Board a sound basis for comparison of current and proposed water usage."

"Another factor in the adoption of this amendment is the ever present possibility of water shortages, now and in the future," Delligatti stated. "I and the other members of the Board believe the participation of the water districts will help keep us focused on the fact that water is a precious commodity and that our zoning and land use decisions should always reflect a concern for water consumption."

### Second Half School Taxes

Oyster Bay Town Receiver of Taxes Gary F. Musiello reminded residents this week that the second half of the 1988-1989 School Tax Levy is due on April 1, but can be paid without penalty through May 10.

"By law, a taxpayer has a 40 day grace period from the date the tax is due during which payment may be made without penalty," Musiello explained. "After the 40 days, a 1% penalty is added for each month the tax remains unpaid, retroactive to April 1st."

Residents can pay in person at the Tax Office, Oyster Bay Town Hall West, Audrey Avenue, Oyster Bay, or at Town Hall South, 977 Hicksville Road, Massapequa. They may also pay by mail. In addition, Oyster Bay Town Clerk Carl L. Marcellino said that the Town Clerk's Annex,

Newbridge Road and Duffy Avenue, Hicksville, will be open to accept payments from 9 a.m. to 4:45 p.m. on May 4, 5, 8, 9 and 10.

When paying the tax bill in person, residents are reminded to bring the entire tax bill with their payment. Payments being made by mail for the second half of the year should include Stub #2. Musiello urged residents who are mailing in their payment to do so at least 10 days before the May 10 deadline.

The Tax Office will be sending a computerized receipt, but Musiello advised residents to retain their cancelled check as additional proof of payment.

Musiello also cautioned residents not to write on, cut, fold, staple or otherwise deface the tax stub as it can cause the computer to reject the payment.

### Hicksville Public Library Voting Set For Wed.

Voting will take place next Wednesday, April 12, from 10 a.m. to 9 p.m., on the proposed Hicksville Public Library Budget for 1989-90 in the amount of \$1,824,114.57. If approved, the budget will carry an estimated increase of \$1.49 per \$100 assessed valuation in the tax rate. Also on the ballot incumbent Ruth Aaron is running, unopposed, for another five year term on the Board of Library Trustees.

Residents can cast their ballots at the Library located at 169 Jerusalem Avenue.

### Library Has Public Computers

John Lang, right, and Don Hammersley are shown currently mastering computer programming on the Hicksville Public Library's public access computers. Appointments to use the computers can be made with the Reference Librarians.

## Open Letter From Councilman Clark Memorial Parade Planning Meeting

### Open Letter To Hicksville Residents and Commuters:

There are residents of Hicksville who oppose the continued expansion of commuter parking in Hicksville. They feel central Hicksville is nothing but a large parking lot. We presently have over 3,000 parking spaces for commuters and the overflow is killing our residential areas where commuters illegally park.

The commuter parking problem belongs to the Metropolitan Transportation Authority because they increased the number of trains stopping at Hicksville when they electrified the rail lines and provided NO additional parking.

The residents within a 1/2 mile radius of the railroad station are constantly complaining that commuters are parking on the streets blocking driveways, dropping garbage and emptying their ash trays. Not all commuters can be blamed for this "I don't give a darn attitude." However, the immediate resident and businessman absolutely oppose the inundation of commuters and what they leave behind.

We are making an all out effort to help develop the west side of Broadway by adding stores and thriving businesses. If this development is successful, some parking lots that have been taken over by the commuters will also be restricted to the general business area. For example, the parking lot next to Holy Trinity Church and the parking lot behind Dalton's Funeral Home will be converted back to short term parking.

Since I have been on the Town Board, we have acquired two lots on Barclay Street for the commuter in addition to the two lots on Jerusalem Avenue mentioned above that were converted to assist the commuter. In other words, we've added over 1,500 parking spaces. Most residents of Hicksville do not want Hicksville to become another Jamaica. They do not want the commuter who comes and goes and contributes nothing to Hicksville. They feel that they are being imposed upon with no benefit in return.

What we probably need is another railroad station with a parking lot large enough to provide parking for the number of commuters involved. I received requests from both sides, the commuter and the businessman asking for more parking space. I am working with the Supervisor and the Town Board to see what can be provided to meet the needs of all the parties concerned.

In closing, let me say that if and when a reasonable solution is arrived at, the commuter, the Chamber of Commerce, the businessman, etc., will all be notified of a hearing so this can be discussed at length and an equitable decision made.

I can tell you right now that most people will say, "not in my backyard." "Put it in Hicksville." And, most people in Hicksville will say, "we have had enough!"

Sincerely,  
Thomas L. Clark  
Councilman

## Church Of Christ 39th Anniv.

A Church of Christ Commemoration, October, 1987.

"Varieties of Religious Experience: Hicksville's Church and Temple History" came alive this Sunday for Hicksville's Church of Christ Congregation. Helping celebrate the Broadway church's 39th year in Hicksville at the invitation of Pastor Thomas Goodlet was Richard Evers, historian of the Gregory Museum, who presented a slide lecture recalling Hicksville's long and colorful religious heritage.

The congregation was pleased to see numerous slide photographs of its familiar little white building in the heart of the village, the oldest site of a house of worship in Hicksville. The Union Chapel was erected there in 1853 and served a number of forming Protestant congregations until 1900: Evangelical Lutheran, Reform, Episcopal and Methodists. The present Church

of Christ building was erected in 1900 by Hicksville Methodists and served the congregation until 1950, at which time the Go Ye Chapel Mission Evangelical organization under the direction of Elmer C. Kile established the Hicksville Church of Christ.

Among the program participants was the Rev. C.E. Faust, who served the church from 1953 to 1963, and recalled those exciting post-World War II years when Hicksville was growing and changing so rapidly.

"Varieties of Religious Experience: Hicksville's Church and Temple History" is just one of the slide history programs of the Gregory Museum Historical Committee. Historian Richard Evers is scheduled to present the same program at the Hicksville Public Library on Thursday, April 13, at 8 p.m.

## Affordable Mortgage Program

Supervisor Delligatti uses a chart to help explain his recently unveiled Affordable Mortgage Program.

The Town's recently announced affordable mortgage program is designed to permit median-income families to purchase a mid-price house through down-payment assistance and a contribution toward reduction of monthly mortgage payments. This would be financed by the Town with monies collected from the sale of a 65 acre parcel in Plainview. The proceeds from this sale would be transferred to a public purpose agency and placed into a housing trust. The interest earned from that trust fund is anticipated to generate enough revenue to finance 20 to 30 affordable mortgages each year. Additional revenue will come back into the fund each time any Affordable Mortgage Program

homes are sold. While eligibility criteria for the lottery are still being firmed up, it has been determined that an applicant, or the applicants' parent(s) or legal guardian, must have been a Town resident for a minimum of five consecutive years within the ten-year period prior to the date of application and must be a first-time home buyer. At the present time, a minimum family income of \$47,000 is being considered, but Delligatti said that figure would probably be flexible. He noted that anyone interested in more information about the Affordable Mortgage Program should contact the Department of Intergovernmental Affairs at 922-5800 ext. 2465.

## Kiwanian Tells About 'Operation Raleigh'

By Sleg Widder

At a recent meeting of the Hicksville Kiwanis Club, the program was presented by Kiwanian Geoffrey Godfrey. The program consisted of a brief lecture, complete with slides, of a 3 month expedition which Mr. Godfrey experienced in 1987 as part of "Operation Raleigh 1984-88, Youthful endeavour in support of science and community."

Operation Raleigh was created to commemorate the voyages of Elizabethan explorer Sir Walter Raleigh, was a 4 year round-the-world expedition devoted to exciting scientific, conservation and community service projects conducted by young volunteers aged 17-24 years. Of the 4000 venturers who were selected over the Operation's four years, 1500 came from the United Kingdom, 1500 from the United States and 1000 from the rest of the world. The expedition was divided into 16 phases, each about 3 months long. Each young venturer selected, participated in one phase. The expedition covered 6 continents and involved over 40 nations worldwide. It inspired young venturers to develop their own leadership potential and taught them to be more self-aware and conscious of the needs of others.

The phase Mr. Godfrey was part of took place in Japan. His group was given the assignment of hiking from Osaka to Mount Fuji, and to do a prescribed variety of projects on the way. Since Japan is physically about 70% mountains, the hike and projects en route took them more than 2 months (the Japanese Bullet Train takes 2½ hours). The projects and experiments, educational and cultural experiences, community service projects in remote villages along the way, made for an unforgettable period in the lives of the participants.

Some of the things done by this phase of Operation Raleigh consisted of such experiences as: Ascetic Religious Training in Ohmine; hanging off the edge of a cliff in a mountain range (called Shugendo); study of Shingon Buddhism in Koyasan (the center for this sect in Japan); conservation work in a National Park; river conservation; learning Ikebana (flower arranging); enjoying a Tea Ceremony; spending a day working in an old person's home; teaching English at Nagoya University; visiting Nippon Densu factory/plant; a stay in a Zen Temple; home stays with Japanese families; harvesting tea bushes; camping, hiking, renovating a school building; caving; sailing; ice-caving; building bird nest boxes; etc. The final month was spent in the base camp at Mount Fuji, followed by 3 days in Tokyo.

The combination of beautiful pictures from slides, combined with Mr. Godfrey's descriptions, made for a fascinating program.

In the photo, Mr. Godfrey, attired in a Japanese "Happy Coat," is shown pointing to Japan on the "Operation Raleigh" map/brochure he brought along. (photo by Sleg Widder)

## Editor's Notebook

It is an interesting but little known fact that Americans continue to give more time and money to charitable causes than citizens of any nation in the Americas, Europe or Asia.

With higher taxes, inflation and soaring educational costs, it might be assumed that the lower income and average income wage earners would start to cut back on helping the less fortunate. But even with these burdens, Americans remain the only nation in the world where "giving and volunteering are pervasive characteristics of the entire population" according to one expert in the field.

One recent study has shown that an average of about \$800 per year is donated to voluntary organizations by more than 75 per cent of all family units; and of these families, 20 million donate at least five per cent of their income to charities.

In addition, five hours a week or more is volunteered by about 20 million Americans who aid non-profit educational, scientific and recreational efforts.

Leaders in the voluntarism field say that many people have misconceptions about the patterns of charitable giving. For example, some believe that charities survive mainly on the gifts of the very wealthy.

A study by Independent Sector of Washington, D.C., showed that actually - of all income groups - the poorer families give a higher percentage of their income to help the less fortunate.

The study said that families with incomes under \$10,000 give about 2.8 per cent to charity and families with incomes of from \$10,000 to \$30,000 give 2.5 per cent. By contrast families with incomes of from \$50,000 to \$100,000 average 1.6 per cent. Those over \$100,000 give about 2 per cent.

Looked at another way, 50 per cent of all charitable donations come from families earning less than \$30,000 per year.

Another misunderstanding, the report said, is the belief that the private foundations and industrial corporations are real pillars of charitable giving. In fact, the study shows that individuals give 90 per cent of the voluntary donations and corporations and foundations together only give 10 per cent.

Even recent lifestyle changes have not affected Americans' will to help. It was thought that - as more and more women sought full-time careers - women would volunteer less and less because of the burden of family and job. The study shows that working women are more likely to donate time to community efforts than non-working women.

### Auto Body Shop Gets Town O.K.

The Oyster Bay Town Board has placed 15 restrictive covenants on a special use permit granted for an auto body repair shop in Hicksville, according to Town Councilman Leonard B. Symons.

"The applicants, Scappy Auto Body Associates, Inc., and Jerry Spiegel, were seeking a special use permit to operate a motor vehicle body repair business in an 'H' industrial district located at the northwest corner of Duffy Avenue and Wantagh State Parkway, also known as 400 Duffy Avenue," Symons stated. "Pursuant to a public hearing held on November 15, 1988, the Town Board has granted the permit subject to 15 restrictive covenants."

The Board stipulated that the premises can only be used only for auto body repair; the sale or rental of vehicles of any sort and the dispensing of gas or other types of fuel is prohibited. No repair work is to be done in the open, and hours are restricted to between 8 a.m. and 5 p.m., Monday through Friday, and between 8 a.m., and 1 p.m., Saturday.

With regard to storage of equipment and vehicles, the Board stated that no auto parts or dismantled vehicles may be stored in the open. Garbage and rubbish must be kept in suitable containers. Oil, gasoline, diesel fuel, transmission fluid and other liquid waste must also be stored in proper containers and disposed of off the premises. Appropriate safeguards must be taken to prohibit seepage of such liquids into the ground.

The property must be maintained in an orderly manner at all times. The Board covenanted that the exterior of all buildings, lighting and paved areas must be kept in good repair, with all lighting located so as not to spill over onto adjacent properties or interfere with vehicular traffic. Noise, dust, dirt and fumes must be contained by the installation of proper filters and other apparatus.

Symons noted that no building permit or certificate of occupancy will be issued until a site plan has been submitted to, and approved by the Town Board. ### Hicksville INN 4th Anniv.

Saturday, April 1 marked the 4th Anniversary of the opening of the Hicksville INN located at Holy Trinity Episcopal Church, Jerusalem Ave. and Old Country Road.

Many of the daily volunteers elected to celebrate the occasion by having lunch together at the Jolly Swagman Restaurant on Nicholas St. Win and Laura Piechutski, the proprietors of Jolly Swagman, have strongly supported the efforts of the Hicksville INN by frequently preparing roasts for the Soup Kitchen to serve.

Most of the daily volunteers have donated their time and energy in preparing and serving at the Soup Kitchen for four years; some for just a few months. The luncheon afforded them an opportunity to meet other volunteers who participate on different days of the week.

On April 1, 1985, when the kitchen just opened, 36 guests were served during the first week. Today the average attendance is 250 per week. The INN is open Monday through Friday, from 12 noon to 1 p.m.

Hicksville INN is part of the Interfaith Nutrition Network; headquarters is in Hempstead; Michael Moren, Director. The network now operates 14 soup kitchens and 6 shelters in Nassau and Suffolk.

Nassau County Executive Thomas S. Gulotta, center, attended the general membership meeting of the Oil Heat Institute of Long Island, which was recently held at the Fox Hollow Inn. Joining the County Executive were, from left to right: Warren Handelman, of Hicksville, Vice President, Slomins Inc.; Bruce Fuhrmann, President, Swezey Fuel Company, Inc.

### Lacrosse Club Practice Session

Oyster Bay Town Councilman Leonard B. Symons, center rear, meets members of the Town of Oyster Bay New York Lacrosse Club during a recent practice session. Getting ready for their first season of play are, left to right, front: Jim Campbell, Dan Boleja of Bethpage, John Campbell, left to right, rear: Jim Braun of Hicksville, "Doc" Schoenbaum who originated the New York Lacrosse Club in 1951, captain Bruce Bruno and president Dave Nardello of East Norwich.

### College Notes

Erik Charles Rausch, a junior majoring in political science at the University of Rochester, was named to the Dean's List for the fall semester.

The student, a graduate of Long Island Lutheran High School, is the son of Mr. and Mrs. Richard Rausch of 14 Westmoreland Road, Hicksville.

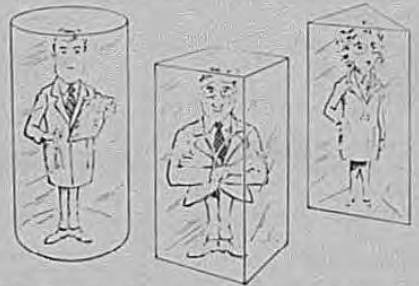

### Book Discussion

The book "The Little World of Don Camillo" by Giovanni Guareschi will be discussed at the Hicksville Public Library at 1 p.m. on Wednesday, April 12. All welcome.

## Doctors Don't Come In One-Size-Fits-All

Choosing a doctor is different than choosing a pair of socks. Of course, you want someone who can treat your medical needs. But you also want someone who cares about you, someone who inspires your confidence. And above all, you want someone you can trust.  
Choosing the right doctor isn't difficult. Just call Syosset Community Hospital's Physician Referral Service. Our referral counselor will gladly discuss the most important characteristics of each doctor. These might include second language capability, evening or weekend office hours, fee schedules, medical coverage accepted and assistance in completing insurance forms. By matching these characteristics with your unique needs, you can quickly select the doctor who fits you best.

We offer much more than a referral service. Syosset Community Hospital is the resource for all your health care needs.

It was coincidence time at the Nassau Coliseum when Donald Sorokin in his Pat LaFontaine Islander shirt met his friend Clinton Brown. They each had a special mission. Donald was there to root for the Islanders and his special hero, all-star LaFontaine. He's a regular at Islander games. Clinton was there with his mother, Mrs. Cheryl Brown, of Hicksville to present personally a check for \$1,000 to LaFontaine as the winner of the Gordon's Gin Good Guy Award. Good guy that he is, Pat designated the money to go for research by The Little People's Fund, one of his favorite charities. The organization works with children afflicted with Dwarfism. Both Clinton and Donald competed last year in the New York State Games for the Physically Challenged and will meet again, June 1-4 at Mitchel Park in Uniondale when the fifth anniversary of the event for kids with physical disabilities is held there. More than 1,500 are expected for the competition in track field, swimming, and equestrian categories is staged.

## Students Earn Safety Award

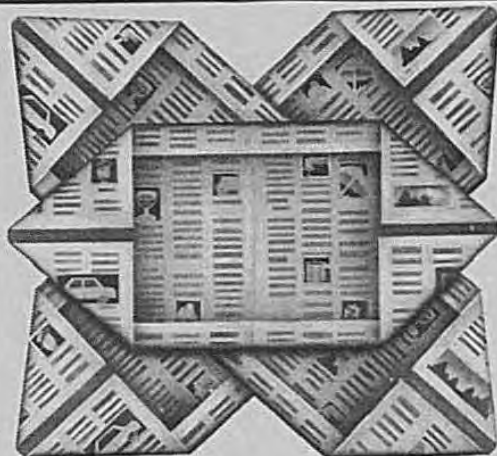

Fred Caputo and Kevin Grieshaber, students at Hicksville Senior High School, have been awarded Certificates of Achievement from the National Safety Council.

The certificates recognize their participation in developing a safety project with seventeen other students enrolled at BOCES Nassau Tech. The project - which won a third-place award in the Council's Youth Safety Award programs - is called "The Right to Know." It covers various aspects of how to operate a shop safely, including the awareness of

electrical dangers in shop areas. It was one of only 90 award winners nationwide out of 6,000 entries.

Fred is studying Aviation Maintenance-Airframe at Nassau Tech's Bethpage Center. Kevin is studying Aviation Maintenance-Power Plant at the same Center.

## News From VFW Post 3211

**By P.P.C. Carmine A. Somma**  
The combined Veterans Organizations of Hicksville are planning the annual Hicksville Memorial Day Parade, commemorative services will be held on Monday, May 29. This year's parade and program are being chaired by Gair Levitt Post #655 Jewish War Veterans and the Disabled Veterans, Chapter #143. Any civic fraternal or Veterans Organization that wants to participate in the parade should contact the Jewish War Veterans or the Disabled American Veterans.

Every Memorial Day Parade the Post sponsors a contest for all the members daughters and granddaughters to enter the Ms. Poppy Queen. This is also the time of year that the Post and our Ladies Auxiliary starts with nomination of officers for 1989-1990. Our first nomination will start on April 10. On April 24, we will have our final nomination of officers and election. Following will be the installation of newly elected officers. Immediately following the meeting we have a buffet for everyone to enjoy. Spouses of members and Ladies Auxiliary are welcomed to attend. It will be a good time to meet and congratulate the newly elected officers. Our membership chairman Sr. Vice Comdr. Anthony Ferrara is happy to announce we have attained 100% membership for 1989. The V.F.W. Post 3211 urges all veterans to join a veterans organization and join efforts to halt federal and state cutbacks that endanger veteran benefits. We served our country and faced hardships regardless of when we served. All veterans should unite under the flag and stop cutbacks in the Department of Veterans Affairs. APTSD clinic in Albany has closed and the Brooklyn Reversion Street VA clinic is slated to close. Northport already has staff cutbacks. The New York State Division of Veterans Affairs may lay off all state veterans benefit counselors. It is time to unite as veterans to let the state and federal government know they are hurting veterans who fought for and protected our nation when our freedom and the very existence of the free world was challenged.

Wm. M. Grouse Jr. Post 3211 V.F.W. urges all Hicksville veterans to join the post. We hold

our meetings on the 2nd and 4th Monday of each month. Our Ladies Auxiliary holds its meeting on the 2nd Thursday of each month. For more information call 931-7843. It is time for our doughboys of World War I, the G.I.s of World War II and Forgotten Vets of Korea and Vietnam Veterans to stand together.

Our Legislative Chairman Connie Steers urges everyone to write to our Senators and Congressmen or to Dial Western Union's toll free hotline number 1-800-325-6000. This service is available 7 days a week 24 hours a day. When you are writing your Congressman (type or print your letter for easy reading). Be specific when you describe your problem. Sign and date your letter. Make sure you also type or print clearly your name, address and phone number.

Our Chaplain's report a speedy recovery to comrades and sisters and their families who have been hospitalized during the past month. Joe Normandy, Cliff Freitag, Conrad Steers Sr., Sal Di Primo, and Joe Adessio. Our sincerest condolences go to the families of post member Peter Churak and life member Ed Lynch and Harry L. Solomon. Michael F. Masone, his wife Dorothy, passed away.

Happy Anniversaries to P.P.C. Carmine Somma and his wife, Rose on their 33rd year and P.P.C. Connie and Cherie Steers on their 18th year. Birthday congratulations to Al Nendza on March 2.

I hope all who celebrated birthdays and anniversaries so far had happy ones.

Comrades of the post welcome two new members to join the post, Vincent G. Nunziato was in the E.T.O. in World War II with the U.S. Army and John Saginario in the U.S. Navy during the Vietnam War.

Our Scholarship Chairman, William Bennett says it is time once again for sons, daughters, or grandchildren of the post to apply to the "Albinus A. Halon" \$500.00 scholarship. The deadline for this year is Friday, May 12, midnight. You can get a form at the post or give him a call at (718) 649-9600 or call evenings at 516-681-3183.

On April 8, at the V.F.W. Hall is Las Vegas Nite from 7:45 to 1 a.m.

## Republicans Host Tom Gulotta

Nassau County Executive, Thomas Gulotta, swears in a new member at last month's meeting of the Theodore Roosevelt Republican Club.

At their last meeting, the members of the Bethpage Republican Club received a welcomed visit from Nassau County Executive, Thomas Gulotta.

"I just stopped by to thank you for your support and friendship over the past several years and to thank your Leader, George Yochmann, who doesn't look for accolades or plaudits but, is always there to offer his guidance and assistance to the district and community," said Gulotta.

Gulotta advised that Nassau County was spearheading a frontal attack on the drug problem, "No one is immune." They are peddling drugs to our young people and recently a 12 and 13 year old were arrested for selling drugs from their bicycles. The scourge is reaching down to the primary grades.

"Recognizing the problem lies with us at home. Education and creating a new self worth to dry up the market for drugs rests in our hands," Mr. Gulotta went on. "We are not going to permit in this county what has happened in

other places around the country. I have publicly stated that I will not allow our police officers to be out-gunned by drug dealers."

By giving the police the equipment they need to fight drugs, Mr. Gulotta is sending a message to the drug dealers that Nassau County is a hostile territory to sell drugs. "We must act now to protect our children and future generations," Gulotta added.

Executive Leader George Yochmann, thanked Tom for coming to the Club to speak to his constituents. "The reason we have so many people here tonight is because elected officials like Tom Gulotta enjoy being close to the people and our members want to hear from them," Yochmann added.

President, Kevin Galloway announced that Town of Oyster Bay Councilman, Douglas J. Hynes, will be the special guest at the next meeting of the club which will be held on Monday, April 10, 8 p.m. in the American Legion Hall located in the Bethpage, LIRR parking lot.

## Woodland Ave. Talent Show

On March 21, Woodland Ave. School held its annual Talent Show. Children from all grades participated displaying their talents in baton twirling, dancing, piano playing, comedy routines, rap dancing and more.

The show, organized by PTA committee of Debbie Hordern, Debbie Mianulli and Janice Nolan, opened with "A Chorus Line" with all the participants dancing and singing on stage. For the next hour and a half, teachers, parents and friends were entertained with the delightful talents of the children.

In addition to the individual acts, the Woodland Ave. twirlers also performed, delighting the audience with the routines they learned under the supervision of the PTA instructor, Mary Adams, Pat Dempsey, Flo Gulli, and Sue Strauss. They did a great job.

Another special appearance

was made by the Woodland Ave. PTA - pre-schoolers who performed "The Little White Duck". A special thanks to the pre-school committee of Rosemary Dikeman, Leslie Gagliano, Cindi Krisel and Angela Valente for helping the children learn their act. They were truly adorable.

The best performance came last when kindergartners, Eric Aboulafia and John Ammerata did a spectacular version of Michael Jackson's "Bad" and later was joined by all participants in the Finale. They were truly great. A special thanks should go to the backstage crew for a very professional touch. They are: Eileen Hoffman, Dena Hordern, Gregors Gallessich, John Gallessich and the Hinckley Family.

Congratulations to all who participated and who helped, and we thank you for making it possible.

A Chorus Line, performed by pre-schoolers and all participant.

These challenging and motivational events are well balanced between the various science disciplines of biology, earth sciences, chemistry, physics and technology. There is also a balance between events requiring knowledge of science facts, concepts, processes, skills and applications. Most of the events require teamwork, group planning and cooperation. The emphasis is on learning, participation, interaction, having fun and developing team spirit.

The Hicksville team is looking forward to Science Olympiad 1990!

## Vacationing With A Book

The students in Shirley Levine's first grade class at Central Boulevard School have special tales to tell after a vacation from school. Their tales may be about places real or fanciful, about people or animals they have met, or about new discoveries they have made. Where did they all travel to? Quite simply, they ventured into the world of books. After each vacation period Mrs. Levine has a ceremony to honor the children of her class for their reading accomplishments. Dr. Regina Cohn, Director of Reading and Related Services for the Bethpage Public Schools, joins the class for the celebration, and reads a book to the children. It is, indeed, a celebration of literacy!

## Year Of Young Reader

Students in the Bethpage Public Schools are celebrating "The Year of the Young Reader." Along with immersing themselves in literary experiences, several students have used their artistic abilities to celebrate books. Students in Mrs. Helen Berryman's class at the Charles Campagne School have designed posters that have been submitted to a national poster contest. Dr. Regina Cohn, Director of Reading and Related Services for the Bethpage Public Schools, congratulated the students on their fine work, and wished them luck in the national competition.

Students, holding their posters, are left to right, Helene Holecck, Kelly Brennan, Michael LoGerfo, Stephanie Heimbauer, and Maria Palazzo.

# Our Homeowners Edge<sup>SM</sup> loan pays off now.

# And pays off later.

## Introducing a 60 minute loan with no upfront costs.

The intelligent shopper is always on the lookout for a great deal. But when it comes to homeowners' loans, the truly intelligent shopper knows that there's more to a great loan than a great rate.

That's why we created Homeowners Edge.<sup>SM</sup> The loan that combines the advantages of a home equity loan with the simplicity of an installment loan. And with no upfront fees or closing costs.

Homeowners Edge lets you borrow from \$7,500 to \$25,000 while allowing you to use the money as you see fit. We offer a choice of low rates, flexible terms and a set payment schedule. And in most cases, we'll give you a decision on your application in 60 minutes or less.

## Plus potential tax advantages on April 15th.

Like a home equity loan, Homeowners Edge is secured by a mortgage on your house, condo or

co-op. So chances are, interest on a Homeowners Edge loan will probably qualify for a full interest deduction. Which isn't always the case with other types of loans. (There are some exceptions to deductibility. Please consult your tax advisor before applying.)

Just visit The 60 Minute Loan Center<sup>SM</sup> at any of our 190 convenient branches. Or call 1-800-942-1784 (from NJ and CT, call 914-899-2182 collect) any weekday between 8:30 am and 3:00 pm, or Saturday from 9:00 am until noon, and get an answer in 60 minutes or less.

Or you can call until 9:00 pm Monday through Friday or 3:00 pm on Saturday for an answer the very next business day.

With the Homeowners Edge loan, you can tell everyone what an intelligent shopper you are. And every April 15th, your accountant will prove it.
