## Willet Ave. Character Day

Dr. Seuss characters were quite popular as were favorite athletic heroes on "Character Day" at Willet Avenue School, when students dressed up as their favorite storybook characters for the day.

## Middle School Fund Raiser

The Hicksville Middle School presented a check of \$450 to the Association for Children with Downs Syndrome, Inc. The money was raised at a recent "Battle of the Sexes" competition among the Middle School students. Presenting the check to Alice Maenza, Assistant to the Executive Director of the association, are student cabinet members John Flynn, Dawn Hoosack, Renee Fabrizio and Ken McCaffrey as Middle School Principal Gerald Klein looks on.

## County Exec. Greets Council Members

Nassau County Executive Thomas S. Gulotta, center, attended the meeting of the Hicksville Community Council. Joining the County Executive were, members: John Brudnick; Sieg Widdler, Past President; Ed Draycott, 1st Vice President; Joe DePompa, President; Carole Wolf, Past President; Anthony Previte, Past President.

## Town Recycling

"We are bringing our recycling efforts full circle," said Oyster Bay Town Supervisor Angelo A. Delligatti as he announced the award of a contract for the purchase of recycled paper for office and copy use in Town facilities.

The contract was awarded following last month's rebid for vendors to supply recycled paper to the Town. An earlier bid in January of this year received no responses.

"Successful recycling depends on a market demand for goods produced from recycled materials," said Supervisor Delligatti. "We fully recognize this and are anxious to help build such a demand by, wherever possible, purchasing products for Town use that are made from recycled material."

According to the Supervisor, the Town is already purchasing paper towels and toilet tissue made from recycled fiber. A pilot road paving project was also undertaken by the Town last year utilizing glassphalt made from recycled bottles and jars. If this material is found suitable for paving purposes, it will be specified for future use by the Town.

## Woodland Ave. Breaks Record

Woodland Avenue School shattered previous records by raising \$5,218 in the Jump Rope-A-Thon fundraiser for the American Heart Association.

Since the first year of the event at Woodland Avenue, a total of \$26,448.88 has been raised.

## 'Say No To Drugs' Council Highlight

By Maureen Traxler

Defining drugs and drug dealing as "eroding the moral base of society," County Executive Tom Gulotta called on the residents at the May 4, Hicksville Community Council meeting to "turn around that market and take steps toward a drug-free society."

As the Council's guest speaker, the County Executive grasped the opportunity to stress the need for all people to become involved in the fight against drugs. He contrasted the county's image with its drug struggle in the streets, school and home. Citing such statistics as eighth best public education system in the country, third least crime area in the nation, and environmental protection and human services that are fourth highest in the country, Mr. Gulotta proved his point that drug abuse has no age, no socio-economic and no geographical boundaries.

The County Executive outlined his two-pronged program to combat the drug epidemic. Mr. Gulotta believes education is a strong element and has worked to reinforce school programs. Secondly, he believes that law enforcement officers should be given the tools they need to do the job.

Mr. Gulotta asserted that he is in favor of providing officers with weapons powerful enough to match those of the dealers. "We have to give them the tools, so that they will not be outgunned (or out-manned) by those they are asked to fight," Gulotta stated. He made a touching reference to Officer Scott Cadell, of Wantagh who was gunned down in the line of duty because he ran out of ammunition.

"The answer is right here," the County Executive added, "in the civic, charitable and religious organizations in the community." He urged parents to give children a sense of inner self-worth, so that they can ward off negative peer pressure and "will have the ability to say no to drugs."

The County Executive emphasized, "We have to win the war. Literally, it is the future of our children at stake that we have to face." He stressed that it is the people and groups represented in the community room that evening that typify the average citizen and that it is they who supply the quality of life in the area.

"Send a message to those who are dealing in the streets today that if they're going to risk the lives of our children, then they are going to have to risk their lives," Gulotta concluded.

Nassau County Sheriff Joe Jablonsky presented a citation to Council President Joseph DePompa for the outstanding work being done by the Council. Mr. DePompa accepted the citation "on behalf of the past and present officers of the Council," and acknowledged, "we really worked hard for this."

As is the Council's practice, President DePompa set aside time for members of the audience to introduce themselves and make any announcements of interest to the community. Resident Gert Paul proudly announced the rededication ceremonies for memorial park and the Hicksville fountain, to take place on Saturday, May 27, at 2 p.m. Mrs. Paul and other residents have been instrumental in acquiring the recent renovations to the fountain. "Let's show that we care about Hicksville," Mrs. Paul encouraged.

## TOB Meeting To Access Restaurant Water Usage

By Michele Coyle

In an effort to reinforce the importance of conserving water, the Town of Oyster Bay Board is considering an amendment to a local law which would limit restaurants to serving water only to patrons who request it.

The hearing, at which residents are invited to speak, will be held at Town Hall on May 23, at 10 a.m.

In other business at last Tuesday's meeting, the Board accepted recommendations for metered parking made by the Department of Public Works. These were: the installation of two parking spaces in front of Hicksville Farms, Route 107 and Thorman Avenue; two handicapped stalls in Municipal Field H-9, near Peppercorn's; and another handicapped stall in Municipal Field H-8, behind the Church of Christ.

## Editor's Notebook

Readers of this newspaper may be interested in a new political action committee which is fighting what it perceives to be the anti-business attitude of some Long Island political leaders.

The Association for a Better Long Island has just opened a mail campaign to 60,000 union workers and their families urging more construction and less "obstructionism." The unions include carpenters, sheet metal workers, electricians, teamsters, roofers, bricklayers, and the like. Obviously, the workers have an impartial stake in construction.

On the board of ABLI are such well known developers as Wilbur Breslin, Jack Kulka, Jerry Spiegel, Gilbert and Roger Tilles, Vincent Polimeni and many others.

The new PAC is certainly in conflict with environmentalists who have urged caution in everything from the incinerator in Port Washington to the Long Island Sound Cable on Roslyn Road and lifting the DEC water caps.

ABLI says it will urge the union workers and their families to create "a strong, united citizens' voice" which will get the message over that "The working man is not going to settle for record property tax increases and the destruction of our industry and our jobs."

It remains to be seen how the environmentalists will respond.

## Family Math Day Well Attended

On Saturday, May 6, Nassau County Mathematics Teachers Association and Nassau County Association of Mathematics Supervisors co-sponsored a Family Math Day Conference at the South Woods Middle School in Syosset. This event received much support from the East Rockaway, Oceanside and Syosset School Districts. Over 400 people from all parts of Nassau County attended this interesting conference, including 42 parents and children from the Hicksville School District.

Mr. Leslie Mann, Chairperson of the Math Department at Hicksville, is a member of the committee responsible for organizing this event. Mr. Mann is also a member of the Nassau County

Mathematics Teachers Association and the Nassau County Association of Math Supervisors.

Parents and children had a rare opportunity to investigate and enjoy a wide variety of new and exciting mathematics topics. The goals of promoting parent and child interest in math education, encouraging greater interaction between children and their parents in mathematics, providing materials for ongoing home involvement in math activities, and presenting the "delights of discovery" inherent in math were achieved in all of the workshops. Leading Long Island educators and Fred Paul, chief of the Math Bureau of the State Education Department, presented about 30 workshops.

## Letters

To The Editor:

The members of the Hicksville Kiwanis Club wish to express their most sincere thanks to all the residents and businesses in the Hicksville area for the generous support they gave to our second annual spaghetti dinner on April 14.

Each year, the Kiwanis Club awards several scholarships to worthy high school graduates on their way to college. The funds raised by the businesses taking advertising space on the place-mats, and from the tickets purchased for the dinner, which everyone said was very tasty, provided a portion of our scholarship money.

We would also like to again thank Father Domenic Ciannella and the Holy Trinity Episcopal Church parishioners for allowing us to use their hall and kitchen to serve this dinner.

It was indeed another example of how the Hicksville community reaches out a hand to help others, and we thank you for that.

Sincerely,  
Sieg Widder

## A Message From Northwest Civic

Two years ago this past January, we began an intensive effort to re-activate the Northwest Civic Association. I don't think anyone worked any harder to achieve this and try to give our community back to the people than the original five members of the Executive Board.

Our rallying point was the proposed sale of the Burns Avenue School to the Delco Corporation. It was proven beyond a shadow of a doubt to the School Board, Delco Corp., and Town of Oyster Bay officials that the residents of the Northwest sector of Hicksville were not content with a passive roll.

It was unanimous that we not only did not want our school sold, we wanted the two parcels of land that were zoned G business, re-zoned to D residential, thereby preserving this property for school and residential use for the foreseeable future.

A petition was drawn up and tediously, our Block Captains collected signatures, which were

presented to the School Board and all other interested parties.

The School Board petitioned the Town Board, and a public hearing was held for the re-zoning on December 12, 1988. A decision was reached on April 4, 1989. The Town Board had found in our favor and all of the school property is now zoned D, residential.

It took all of us working together to achieve this, but we made it happen. Sometimes we tend to get discouraged and feel we don't have a chance to beat the system. Then, something like this happens and we're taught all over again, that once in awhile, against all odds, the little guy can win. We believe congratulations are in order for one and all.

## Students Attend Conference

Terri Glynn, Bob Allen, Principal Richard Hogan.

Hicksville High School students Robert Allen and Terri Glynn (both 11th graders) and Nancy DeSorbo, Director of Student Activities, attended a conference dealing with Human Rights at Hofstra University, on March 16. The theme of the conference was "Your Rights Are My Responsibility."

Many guest speakers lectured at the conference, including James Henke, the Managing

Editor of Rolling Stone Magazine. Guest speakers discussed racial tensions in the local high schools.

Afternoon sessions were broken into separate workshops where participants further discussed racial problems and came up with possible solutions. To foster better communications between students, staff and community, the idea of promoting human relations assemblies and human relations days were suggested.

## Asbestos Removal Begins At Library

The Hicksville Public Library has received bids for Asbestos Abatement. The selected contractor will remove asbestos from sensitive areas of the library in accordance with the Federal Asbestos Hazard Emergency Act (AHERA). The project is under the direction of Hall-Kimbrell Environmental Services, Inc. of 129-09 26th Avenue, Flushing, New York. Work will begin on May 29th and is expected to be completed by July 5th. Work will proceed in two stages in order to minimize suspension of library services.

The library will remain open in the adult area only until June 17th. The children's library and periodical room will be closed from May 29th through July 4th. All services will be suspended June 18 through July 4th. Full services will resume on July 5, 1989. Books that fall due when the library is closed will not have to be returned until July 5th. The book drop will be available only until June 17th.

## Newsletter Makes Its Debut

Oyster Bay Town Supervisor Angelo A. Dellgatti holds a copy of the Town's new senior citizen newsletter, "Prime Time," as Town Councilman Douglas J. Hynes presents a certificate of merit to Sol Wexler of Hicksville, one of four seniors who submitted the name which was eventually chosen for the publication.

## Loyalty Day Parade

The Farmingdale VFW George Benkert Jr. Post 516 held their annual Loyalty Day parade Sunday, April 30. The Grand Marshal was VFW Post 516 Commander Richard Cannataro. Other Groups in attendance were: VFW Post 143, Massapequa, VFW Post 3211 Hicksville, The DAV Viet Vets of America, Farmingdale Fire Dept., The Nassau County Aux. Police and last but far from least the Nassau County Police Band. They were sensational. At the end of the parade, at the VFW Post they serenaded the crowd with "God Bless America." They received a rousing round of applause. Among the dignitaries present were: Philip B. Healey, Assemblyman 12th A.D., Angelo Dellagatti, Supervisor, Town of Oyster Bay, Willis Carmen, Mayor of Farmingdale, Dennis Dunne, Vet. Representative, Daniel Cavanagh, Nassau County Council Commander, John R. Ray, Past VFW State Commander.

After the parade there was a lovely collation at VFW Post 516 Farmingdale. All this could not have taken place and coordinated so well without men like Jr. Vice Comm. Marion Nawakoski and Frank Bondetti.

Congratulations men for a job well done.

## Official Speaks To HHS Students

Oyster Bay Town Councilman Douglas J. Hynes, second from left, chats with students of Dr. Lemmey's American Government class from Hicksville High School after his address to the class on his role and responsibility as a Town Councilman and the Town's function in local government. From left to right are, Karen Karmann, Cheryl Zakowski, Dr. Lemmey, David Feltell and Susan Tower.

### Memorial Weekend

Oyster Bay Town residents will be able to enjoy a performance by the Concert Pops of Long Island with lovely Tappen Bay Beach providing the perfect backdrop, according to Town Councilman Howard T. Hogan, Jr.

"The Department of Community and Youth Services has arranged for the Concert Pops of Long Island, under the baton of conductor Dean Karahalas, to give a free performance on Friday, May 26, to kick off the Memorial Day weekend," Hogan stated. "The concert will begin at 7 PM and end at 9 PM, at which time residents will be able to enjoy a Grucci fireworks display over Hempstead Harbor sponsored by the Town of North Hempstead."

### Bethpage Group Home 15th Anniv.

More than 60 well wishers joined in celebration at a Bethpage home on May 3 to mark the 15th anniversary of its establishment as a transitional group home for homeless young men, ages 17-20, preparing for independent living. Walkabout for Young Men, as the home is called, was the first such program for homeless youth in New York State. It is one of 5 residential programs of Children's House, Inc. a not-for-profit child care agency founded over 100 years ago.

The anniversary is significant as a demonstration that group homes can and do work without the adverse effect on the community often feared by some local residents. Today, 15 years after some initial anxiety, the home enjoys significant community acceptance. Some residents may not even be aware of its existence, so easily has the home blended into the neighborhood.

"Group homes are actually beneficial to the entire community," said Children's House Executive Director Richard P. Dina. "The home is able to set these young people on the right path to be independent, self-supporting members of society, and that's good for all of us, from an economical and humanitarian viewpoint."

Walkabout has been home to more than 250 youths since its opening 15 years ago. "If this program had not existed, those 250 Long Island teenagers would not have had the chance to begin life again, and learn new skills, and find direction. What a waste of life that would have been," said Lillian McCormick, President of Children's House. "Thank goodness enough county, town and local people supported the efforts to fruition. The people of Bethpage, its service clubs and local organizations that help support the home, can be proud."

### Student Earns Honor

Bethpage High School student Michael Greco was among those winning awards at the recent New York State VICA (Vocational Industrial Clubs of America) Conference, Held April 12-14 at the Concord Hotel in Kiamasha Lake, the conference attracted approximately 2250 occupational education students and featured a variety of leadership and skills competitions.

Michael won a third place trophy as an extemporaneous speaking contestant. He is a second year practical nursing student at BOCES Nassau Tech's Westbury Center.

BOCES Nassau Tech offers occupational programs to high school students as part of their public school education.

## K. of C. Ready For Memorial Parade

The Joseph F. Lamb Council No. 5723 Knights of Columbus Plainview will participate in the Plainview Memorial Day Parade, to be held on Monday morning, May 29. The members will assemble between 9 and 9:30 a.m. at the old A&P Shopping Center on Old Country Road, Plainview (present site of the new Medical Arts Building). The parade will be along Old Country Road, Washington Avenue, and will end at the Plainview/Old Bethpage Park. The Lamb Council, apparently, has a "Mr. Lucky" as one of its members, P.G.K. Sam Repoli, who is also serving as Warden in the 16th District, was a winner on two separate occasions this year in the Fantastic Journey drawings held by Our Lady of Mercy and other churches.

P.G.K. P.F.N., F.D.D. Peter Volpe, who also is serving as the present Chancellor of the Council, was picked as the Lamb Council "Knight of the Month" for May. We congratulate brother Pete and we certainly appreciate the many things he had done for the council throughout the years.

Many people are not aware that the Lamb Council also has a sister

organization - the Joseph F. Lamb Council No. 5723 Columbiettes. Organized in 1974, this organization has been very helpful to the community and has cooperated with the Lamb Council K of C in many various endeavors. The Columbiettes sell "Charity and Benevolent" chance books, which are used to help many charities and the handicapped. They also help with blood drives and do many other useful things to help the community. The Columbiettes hold many different affairs for their members, the latest of which is a "Chinese Auction" to be held on Tuesday evening, May 23, 7 p.m. at the China Royal Restaurant in Bethpage. The present membership numbers more than ninety very active women and the current president is Camille Parisi. We of the Lamb Council K of C salute our sister organization and we appreciate their wonderful cooperation in our various activities throughout the years.

The next meeting of the Lamb Council K of C will be held on Thursday evening May 18 in the school basement of Our Lady of Mercy in Hicksville.

**IF YOU FEEL FORTUNATE YOUR CHILD JUST SMOKES MARIJUANA,  
THEN YOU SHOULD KNOW MORE ABOUT MARIJUANA.**

Shall we start with the facts?  
Marijuana makes your child lethargic, apathetic and paranoid.

That's frightening. But so is this: Marijuana also causes mood shifts. And it causes your child to lose his memory.

It gets worse.

Marijuana causes a loss of motor coordination. Think about that next time your child drives the car home at night.

Had enough? No?

OK. Marijuana affects your child's reproductive system as well. It decreases your son's testosterone level. It can even lead to infertility.

Your daughter's reproductive system can suffer, too.

With marijuana, unfortunately, come menstrual irregularities.

There's more.

Marijuana also does damage to your child's lungs. You think cigarettes are bad? Marijuana is far worse.

There are other effects that seem to show up with this "minor" drug: decreased productivity, absenteeism, impaired performance as well as impaired judgement and impaired learning capability.

Put it this way: It doesn't do much for your child's education.

If you'd like more information about marijuana or any other problem drug, contact your local agency on drug abuse.

## Girls' Basketball Team Honored

Oyster Bay Town Supervisor Angelo A. Delligatti presents a certificate of merit to Gall Mahon, a member of the St. Dominic High School Girls Basketball team, winner of the 1989 New York State Class "C" Championship. Certificates were also presented to other members of the team, left to right, Christine Fitzpatrick of Hicksville, Cathy Fazio of Bethpage, Allison Pieloch, Kristin Siebert of Plainview, Lizzy Cazalet, Denise Prisco of Bethpage, Jennifer Neuman of Bethpage, Teresa Gilmore of Syosset, Missy Batchelor, Debbie Lopes, Karen Stafford, Jean Gorman of Bethpage and to coach Howie Haag.

## Spring Cleanup For Bethpage

The Central Civic Association of Bethpage, in conjunction with a number of other local groups, has organized a "Spring Cleanup" drive to be held in the village's central business district on June 3rd.

Beginning at 10 a.m.,

participants will police a designated area, picking up litter and accumulated trash, according to civic association president Mike Steinger. Brooms, garbage bags, rakes, shovels and receptacles will be supplied by the American Ref-Fuel company, the event's sponsor. The firm, which is planning to build a resource recovery facility in Oyster Bay Town, will also provide coffee in the morning, and hot dogs and soda at the conclusion of the drive.

"The Spring Cleanup is an excellent way to increase awareness of the pollution and waste disposal problems now confronting residents," said Steinger. "We are expecting a large turnout."

In addition to the civic association, the Bethpage Rotary, Republican Club, Women's Club, Knights of Columbus, high school civics club, PTAs, Police Athletic League and others helped organize the event.

Bumper strips and posters promoting the drive are being distributed throughout the community, and participants will receive special visors, Steinger added.

"American Ref-Fuel is committed to helping the Town of Oyster Bay effectively manage its waste stream," said Jim Clancy, project development manager for the Oyster Bay Plant. "The spring cleanup illustrates our desire to work with residents on a grass roots level."

For more information, call 938-8375.

## Harmonica Player To Perform

Harmonica virtuoso Robert Bonfiglio will present the 21st program in the 1988-89 "Distinguished Artists Concerts" series on Friday, May 12, according to Oyster Bay Town Councilman Douglas J. Hynes.

The concert will take place at the Bethpage Public Library, 47 Powell Avenue, beginning at 8:15 p.m.

"Classically-trained Robert Bonfiglio is a musical rarity, playing a common instrument in a very uncommon way," Hynes stated. "His approach reflects the classical tradition of his conservatory training while at the same time acknowledges the widespread popular appeal of the harmonica."

## PTA To Honor Teachers

By Sandy Ifsal

The Charles Campagne Elementary School PTA is joining thousands of others throughout the nation this week in celebrating National PTA Teacher Appreciation Week. The PTA is focusing on the quality of education in our school by saluting teachers and staff for their good work.

The group is placing attention on the outstanding contributions teachers make to us individually and as a community. It is helping everyone to realize all of the important and distinguished work being done by our public school teachers. Their work is the

foundation of this country.

The Charles Campagne PTA is planning special activities during Teacher Appreciation Week which include: complimentary letters written by parents, students and PTA; certificates of appreciation; a breakfast; a luncheon; gifts; radio announcements of thanks and signs and decorations in the school building.

This week, let each of us take some time to show our appreciation for the terrific work being done in our schools. Let's encourage our children and our community to thank teachers for giving the gift of knowledge.

# Legion Awards Ceremony Honors Police, Firemen

By Richard Evers

Outstanding Nassau County Police Officers and Hicksville volunteer firemen were honored guests at last week's Annual Awards and Ceremonies Night of Hicksville Post 421 of the American Legion. 200 legionnaires, auxiliary members, their spouses, and honorees and their families were on hand in the Knights of Columbus Hall to experience a program involving community service awards, installation of new post members, and memorial services for Post 421 members who died in 1988-89.

The evenings honorees who were warmly applauded for their services included: police officers Richard Dunleavy and Wayne of the 2nd Precinct, who, working as a team, investigated and broke up a ring of Nassau car thieves; police officer William Collins of the 8th Precinct, whose outstanding police work led to the arrest of a criminal who raped and brutally assaulted a woman walking on Newbridge Road, and two fire fighters of Fire Companies 6 and 4, of the Hicksville Fire Department. Fire Lieutenant Michael Azzue and Fire Fighter Dennis Mulligan were honored by the American Legion for their prompt aid and resuscitation of ex. commissioner /ex- captain James Taxter of Company 2 who was stricken with a stroke and heart attack, last August, during a Fire Battalion softball game. Working without aid and equipment, Lt. Azzue and firefighter Mulligan revived Capt. Taxter and sustained him until medical help could arrive.

Presiding officer for the evening's programs, welcoming the guests on behalf of the Charles Wagner Post, was Post Commander Arlene Howard, a U.S. Coast Guard veteran of World War II. Master of ceremonies for the installation of new members was Past Commander Arthur Rutz. Adjutant Gregory Bennett chaired the presentation of Post 421's Community Service Awards.

## Multiwire Partnership

Hicksville High School, continuing the successful school/business partnership with Multiwire Corp., recently invited the corporation to address mathematics students planning careers in technology.

Leslie Mann, Mathematics Department Chairperson called the event "an opportunity to hear about careers from people who are actually in them."

Evelyn Hnatov, Director of Human Resources at Multiwire, addressed the students and then introduced five young employees to share their career experiences and recent college background. Speaking with the students were Jerry Nardiello, Mechanical Design Engineer and Hicksville Alumni; Tom Weiss, Software Engineer; Ubi Cheung, Development Engineer; Mark Hnatov, Development Engineer Manager; and Robin Schwartz, Application Engineer.

The Multiwire employees each described their specialized areas of engineering and answered such questions as necessary college degrees and starting salaries in that particular field.

Police officers Richard Dunleavy and Wayne Lawrence of the 2nd Precinct were honored at American Legion Post 421's "Awards Ceremonies Night" for outstanding service to the community.

Installation of new members into the Charles Wagner Post, American Legion, last week, saw Past Commander Harry Christo, left, escorting Inductees: Veronica Spies who saw service with US Coast Guard WW II; Gordon Watson, U.S. Navy, WW II, and Greg Bennett, U.S. Air Force, Vietnam War.

## Our Children

### The 'husband/father trap'

By Willard Abraham, Ph.D.

Dear Readers: Just as it is with many of you it is sometimes difficult to anticipate what will be in the daily mail. Mine recently included two letters that I responded to with written replies.

One was reacting to an earlier letter and reply in this column, related to a wife's concern about her husband. She referred to him as "macho" with his "I'm-king-of-the-world" attitude and his themes toward their children to "be tough," "eye for an eye," and "win-win-win."

She said the children were hurt and apparently couldn't handle her conflicting philosophy of "turn the other cheek." The contrast with their father's attitudes seemed just too much for them.

Here is the recent letter I received and my reply.

"I was truly alarmed by the bigoted article in your column titled 'Macho husband needs counseling.' Perhaps so, but most likely the help could also be directed to this hysterical, self-proclaimed martyr who in all likelihood, in reality, is overreacting to the father's efforts to fulfill his role in the natural and healthy process of separation/individuation from the over-engulfing mother.

"I was astounded by your naive, if not somewhat sexist, attitude that accepts this writer's version placing all the blame on the husband, and suggesting that she should be commended for bearing up this long."

"If her facts are accurate, I suggest that she should be condemned for doing nothing for so long! This is most likely simply a case of conflict arising from rigid adherence to sex roles — she expressive, he instrumental.

"Typically, husbands/fathers are caught in this common trap while attempting to be what is necessary and expected. It is the father who must cut the cord and introduce his offspring to the land beyond make-believe. Too often this painful growth process is so difficult that parents are brought to the breaking point: divorce! Finally, father is driven off and mother now is free to 'marry the children.'

"If he is a 'real macho man' he must allow himself to be driven off for the sake of the family (which has just rejected him). He must abandon all and suffer in silence, lest he be labeled a 'wimp.'"

"This lose-lose situation is all too common, and your article is one example of how it is perpetuated. Twice this writer states in her letter, begging for your help, that she does not mind for herself. The writer takes a selfless position and claims only that she is concerned for the children. Isn't this mother really appealing to

someone to support her values over the other parent's, the father's?"

The reply I sent went this way: "Thank you very much for your letter reacting to part of one of my columns. I appreciated receiving it and your taking the time to send it to me.

"Perhaps we can at least agree

on one factor — that a type of family counseling may be of value to both husband and wife, to help them see through the eyes of the other person.

"When someone writes to me, pleading for help, there may be a tendency to bend in that individual's direction. You are no doubt correct in feeling that my response was perhaps somewhat biased and in your believing I was unnecessarily judgmental. If one had the opportunity to meet personally with both of them, devoting whatever time is necessary to those meetings, that person would of course be in a better position to hear their stories in depth.

"That is why I was specific in my recommendation of 'professional help' for both of them."

...

The other letter to me was more brief. It reacted to an earlier one I had received from a mother about their 9-year-old who goes to sleep in his parents' bed (and is then moved to his own) and who frequently takes showers with his father.

She concluded her letter by writing, "Would you seek some way out of these situations, or just back off? I don't want to start an argument, but I want to do whatever seems right."

The more recent writer said that my "response is seriously flawed. I would suggest you do some research on the subject."

My reply to that writer:

"I sometimes receive letters from parents that require more depth and knowledge of the situation and that is why I suggest they seek competent professional assistance for both parties involved. At least then they would have the opportunity to talk through the issues and determine whether there really is a problem. If not, then no action is necessary.

"When people write to me they apparently feel they are facing a difficulty. It may or may not actually be so. Having a chance at least to talk it through with a well qualified person may, and I hope will, be helpful to all family members.

"Without full knowledge and understanding of the writer and also the rest of the family, I try not to judge the situation, and also feel it important to open the door to the writer that sound local sources may be a possible path to explore."

## Elected Pres. L.I. Fireman's Assoc.

Ex-Chief of the Hicksville Fire Dept. B. Medard Offenloch was recently elected President of the L.I. Association of Fireman's Benevolent Association. The organization consists of exempt and Benevolent Fireman's Associations from the Hamptons to the City Line. It is a Fraternal Organization primarily to keep each other informed of the changes in the laws governing such groups.

### Hearing Set On Restaurant

A request for a change of zone in Hicksville will be the subject of a Tuesday, June 20, public hearing of the Oyster Bay Town Board, according to Town Councilman Douglas J. Hynes.

"The applicants, William J. Gorman Industries, Inc., Julie Lerman and Alex Shah, are seeking a change of zone from 'H industrial, 'D' residence and 'F'

business to 'G' business to allow for the construction of a restaurant," Hynes stated. "The property is located on the northeast corner of Bloomingdale Road and Hazel Street in Hicksville."

The meeting is scheduled for 10 AM in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay.

### 16 Year Old Arrested With Gun

The Eighth Squad reports the details of an arrest of a 16 year old Hicksville youth for Criminal Possession of a Weapon an unloaded two shot, 38 caliber Derringer.

The youth, Victor Molina, of 31 Rover La., Hicksville was arrested in the Eighth Precinct stationhouse in Levittown at 3:00 P.M., 5/3/89. Molina had brought the gun to school, Hicksville High School, Division Ave. A student told a teacher of seeing the gun in the school's bathroom. Mr. Ray McDonough, an Administrative Assistant at the school was notified of the fact and he took the handgun from Molina's locker and called the police.

On 5/4/89 Alexander J. Fonteboa, of 16 Flower Street, was arrested at his home, for allegedly being in possession of the .38 caliber Derringer in Hicksville High School, Division Ave., on May 2, during the hours of 9:05 A.M. and 10:25 A.M.

Both were released on Appearance Tickets returnable in First District Court, Hempstead, on May 15, 1989. The Eighth Squad is continuing their investigation. The charges are a Class A-Misdemeanor.

## Hicksville Warriors Lose Tough One

By A. Bliker

The Hicksville Warriors 1974 travelling soccer team took on the first place Auburndale Aces at windswept Triangle Park Sunday, May 7, and came out on the short end of a 3-2 tally, as the Aces scored two goals in the game's last six minutes for the win.

Auburndale, with the wind at their backs, took advantage of a number of plus 50 yard punts to apply constant pressure on the Warrior defense, scoring at the 18 minute mark. Hicksville came right back to tie the game, at the 22 minute mark, on a perfect Dom Perillo cross, which was chested in by Karl Rice. The wind shifted at the 30 minute mark, and the Warriors took over the game, with some sensational offensive play, including a near miss on a Terry Aylward header, but could not convert.

The second half saw the wind in more of a crossing pattern, which favored neither team. Nothing but the sensational play of Auburndale's goalkeeper was between the Warriors and numerous scoring opportunities. Finally, at the 60 minute mark, Junior Tomlinson took control of the ball deep in the Hicksville defensive end and broke up the right side, on a 70 yard charge, which climaxed with a perfect pass to Chris Doyle, who put it in for a 2-1 Warrior lead. The Warriors followed with the most unusual ways not to score, including two shots off the cross bar and a save by the Auburndale goalie, while prone on the ground, facing the goal line. Again, Terry Aylward had a perfect header which the Aces goalkeeper hauled down.

However, a Hicksville victory was not to be, as Auburndale caught fire with six minutes to go, aided by Hicksville defensive breakdowns, tying the game at the 74 minute mark, then going ahead at the 76 minute mark. The Warriors then put together some strong offensive charges, but each was broken up by outstanding play on the part of Auburndale.

In addition to the aforementioned Warriors, the balance of the players were Joe Flanagan in goal; Chuck Oliver and Kristian Friedrich at fullback; Brian Harkins at sweeper; Matt Pordum at stopper, Kareem Holman, Mike Heyer and David Lovato at halfback; Eric Bliker at halfback, fullback and stopper; and Jason Kingsley at halfback and fullback. The players, as well as coach Pat McHugh and assistant coach Pat Harkins, Jr., gave it their best in the face of fierce competition. The Warriors overall spring record is now six wins, three losses. Next weekend, Hicksville has a "doubleheader", with Round Three of Chase Cup competition on Saturday and a League game on Sunday.

Happy Mother's Day to the Warrior Moms, who will be cheering their kids from the sidelines on Sunday!

## Hicksville Senior Wins State Award

John Renneisen, a senior at Hicksville High School, won first place honors at the recent New York State VICA (Vocational Industrial Clubs of America) Conference. Held April 12-14 at the Concord Hotel in Kiamesha Lake, the conference attracted approximately 2250 occupational education students and featured a variety of leadership and skills competitions.

John's award was for an occupational safety scrapbook, which included reports on four projects to promote good safety habits in the classroom and on the job. He shared honors with a classmate in the BOCES Nassau Tech aviation maintenance program. Drew Christoffersen. A third-year aviation student, John attends Nassau Tech's Bethpage Center.

Two other Hicksville seniors, Anthony Laurino and Christine Critelli, also competed successfully at the Concord. Anthony won a second place as an advertising design contestant. He is a first year student at Nassau Tech's Westbury Center, where he studies Commercial Art. Christine Critelli won a third place trophy as a dental assisting contestant. She is a second year student at Nassau Tech's Westbury Center, where she studies Dental Assisting.

BOCES Nassau Tech offers occupational programs to high school students as part of their public school education.

## Glass Of Water May Be Limited

Oyster Bay Town Supervisor Angelo A. Delligatti announced that the Town Board will hold a public hearing on Tuesday, May 23, to consider adding a section to Local Law which would place restrictions on how restaurants within the Town of Oyster Bay serve water to their patrons.

Delligatti said, "Right now every customer that sits at a table or counter in any restaurant or diner, is automatically served a glass of water. Frequently the water remains there untouched, not wasting eight (8) ounces of water but necessitating the use of 16 ounces of water for washing and rinsing the untouched glass. Under the ordinance change we are proposing, water will be served to patrons only upon request."

"Each day, vast quantities of this vital resource are needlessly wasted in this manner. Let's assume that restaurants and

diners in the Town of Oyster Bay serve 50,000 meals each day. If only 60% of those patrons request water, over 3,700 gallons of water will be saved each day. In just one month we will conserve 112,000 gallons."

As part of the amendment to the Places of Assembly, Environmental Requirements Local Law, each establishment will be required to conspicuously post a sign that is thirteen (13) inches by ten (10) inches, informing patrons of this law.

"The Town Board has chosen to hold this public hearing during 'Water Awareness Week' to emphasize our concern and commitment to water conservation in all aspects of everyday living," said Delligatti.

The meeting will be held in the hearing room of Town Hall East, Audrey Avenue, Oyster Bay, beginning at 10 a.m.

## High Honors In Math Exam

Mark Haddad, an 8th grade student in the Hicksville Middle School, received honor roll standing for his score of 24 out of 25 in the American Junior High School Mathematics Examination. The number of students participating was 187,789 with only 44 receiving a perfect score. Mark's score of 24 is therefore very commendable!

## Hicksville Schools Foreign Language Update

### LOCAL STUDENTS VISIT ITALY

Local newspapers in Cuneo, Italy, featured stories on the Hicksville High School students involved in the cultural exchange program between the high schools of Italy and the U.S. From April 10 through the 26, ten students accompanied by Foreign Language teacher Nicholas Muratore, stayed with the families of some of the students of Peano High School. Activities alternated between the high school and guided visits to Rome and parts of the area known as the "Granda," rich in history, art and environmental beauty. They were also received by the Mayor and the President of the Provincial Administration who, with other public and private agencies have contributed to this initiative.

The students who took part in the exchange were chosen by the Council based on their academic performance and their knowledge of the language.

In the fall, 17 students in the fourth year at Peano High School, accompanied by their teacher Estella Prone Perlo, will visit their counterparts here at Hicksville High School.

### FOREIGN LANGUAGE POSTER CONTEST

Hicksville High School student Jennifer Kropac (French II, Grade 11) has won First Prize, secondary level, in the Long Island Foreign Language Poster Contest held in March. Thirty-seven schools from Nassau and Suffolk participated.

The contest is sponsored by the American Association of Teachers of German, L.I. Chapter; The American Association of Teachers of Italian, L.I. Chapter; The American Association of Teachers of Spanish and Portuguese, L.I.

Chapter; The Long Island Language Teachers; The Nassau Classical Society and the Suffolk Classical Society.

The contest was held to promote Foreign Language Week which is traditionally held in early March.

## 'Say No To Drugs' Continued From Page 1

A Hicksville Kiwanis representative, who reminded the community that it was the Kiwanis which built the fountain, wished to inform residents that they will again this year be continuing to offer four scholarships to Hicksville graduating seniors. Residents were invited to come out for the Memorial Day Parade on Monday, May 29, and for the American Legion Parade to be hosted by Hicksville on Saturday, June 3.

Also present were members of the Auxiliary Police who urged residents to consider volunteering for this fine branch of service to the community.

The evening's meeting opened with an introduction of four of the five residents running for the position of school board trustee, James Martillo, Thomas McGovern, Jay Schwartz and Carole Wolf. Due to illness, William Collins was absent.

Following brief presentations, President DePompa opened the floor to questions. Gert Paul questioned why Jericho, which has a higher per household income than Hicksville, is receiving more State Aid than Hicksville. Incumbent trustee Carole Wolf said that there is a very complicated process involving income formulas, and candidate Jay Schwartz added that the amount of businesses in Hicksville brings up the assessed valuation, therefore presenting Hicksville as a more affluent district.

Candidate James Martillo proposed a phase-in purchase of Hicksville's own bus fleet as a possible way to lower the \$2 million + transportation budget. Trustee Carole Wolf argued that this would cause a lot of headaches - maintenance, insurance, employee fringe benefits and retirement. In addition to storage problems, Mr. McGovern cautioned against involvement of the transit workers union.

The question was also raised as to whether the administration was top heavy Mrs. Wolf said that one administrator's position a year over the last seven or eight years has been dropped. Mr. Schwartz commented that in the areas of math, English and science the number of administrators on the secondary level have been reduced, giving department chairs responsibility for grades 7 through 12.

The next meeting of the Hicksville Community Council will take place on Thursday, June 1, at 8 p.m., in the Community Room of the Public Library.
