Firetruck Roll Injures Four

Sgt. Paul Knudsen, 2nd Precinct, reports the details of an auto accident that occurred at Ontario Avenue and Parkview Street, Plainview, in which four persons were injured, including three Plainview Fire Department firefighters, on June 7.

At approximately 8:35 p.m., a Plainview Fire Department emergency truck was returning from an emergency call when it passed a stop sign, while westbound on Ontario Ave., and collided with a 1989 Lincoln Continental that was southbound on Parkview Street. After the initial impact with the Lincoln, the 1978 GMC fire truck rolled over, hitting a tree, where it came to rest. The fire truck had emergency lights on at the time of the accident, but was not responding to an emergency call.

Four people were injured in the accident. Patricia Kiernan, 19, of Plainview, the operator of the Lincoln Continental, who suffered a head injury and was transported to Mid-Island Hospital.

Letters

The following is printed upon request:

To the residents of Hicksville: Innuendoes have been circulating about the residence of our son, Daniel C. MacBride. We wish to set the record straight so this question will not arise again.

My husband and I purchased a co-op in Brooklyn in 1987 for our future retirement. This co-op can be used by any member of our family in the meantime, and has so been used by all three of our sons and ourselves.

Daniel's home has been and will continue to be 8 Peter Road until such time as we sell our home. If anyone would have bothered to phone my husband or myself, we could have apprised them of that fact.

Daniel has always been a dedicated school board member, with all residents in mind: the working family, the single-parent family, the retired, the veteran. So we, as residents of Hicksville, not as parents of a school board member, have to ask why? Why the questions about Daniel? Is he doing his job too well? Is he too dedicated?

His genuine caring, youth, vitality, and non-biased views have enhanced the school board. Daniel has always voted on issues with the people of Hicksville in mind. He was instrumental from start to finish in establishing the Veterans' Memorial at the Junior High School, and in making the dream of a Hall of Fame become reality.

Daniel is proud of Hicksville, and we are proud of him.
 Marjorie and Roland MacBride

To The Editor:

This letter is to increase public awareness about an event in which I am involved. The event is The March of Dimes/Voice of the Physically Challenged WheelAmerica, sponsored by Citibank. Like its cousin, WalkAmerica, WheelAmerica will help raise funds for healthy babies.

But this is not just about fund-raising. Especially designed to allow full participation by the physically challenged, the event also gives us the opportunity to show we care about each other as well as the world around us.

My own reasons for participating are simple. I am a physically challenged woman who considers herself lucky. The long-lasting

effects of my disability have not been very severe, I have the ability to express myself and to work for a living. I see those with more severe disabilities and feel I should help. I also see those physically challenged persons younger than myself.

I feel those of us who are older should lead the way, to show these young people that they shouldn't feel ashamed because of a disability.

I know there are more of you out there who feel the same way. So I cordially invite you, regardless of whether you are physically challenged or not, to attend.

The March of Dimes/Voice of the Physically Challenged WheelAmerica will be Saturday, June 17, at 9:30 a.m. on the boardwalk at Riverside Boulevard in Long Beach. For those who wish more information, please call the March of Dimes at (516) 496-2100. Let's turn this day into something special!

Sincerely,
 Lynette S. Perez

To the Editor:

The School Board has once again proven that they are not concerned about the people they represent. Why couldn't they have re-submitted the budget after the new members had officially taken office. The vote indicated a lack of faith in the current make-up plus the budget itself.

Mr. Bennett, once again, goes into personalities and tries to blame unions, etc. I am not a member of any union but I do respect their being able to make their own decisions based on their intelligence. I am sure Mr. Bennett has received union votes for himself in the past.

Isn't it strange that after the budget is rejected that we are made aware that the Summer School is not working out. Why was it left in? Makes you wonder how many other projects we are asked to support where this exists. Perhaps this is the reason for the rush to have a new vote. It is scary.

Sincerely,
 A. Allan Goldstein

Nursery School Open House

The Hicksville Nursery School is holding an Open House for Fall registration on Friday, June 30, from 10:30 - 12 p.m. for parents of 2, 2½, 3 and 4 year olds in the school classrooms at W. Cherry Street and Nelson Avenue.

The Hicksville Nursery School is a non-profit, non-sectarian cooperative located in the back of the United Methodist Church. Founded in 1967, it has offered twenty-one years of quality education to hundreds of preschool children as well as serving as field training center for students from S.U.N.Y. Farmingdale, Nassau Community College and Adelphi University.

The school seeks to offer the young child an environment in which he can grow emotionally, socially, intellectually and physically under the careful supervision of a fully trained staff. The program provides varied activities with an abundance of materials and opportunities for free creative expression under the guidance of skilled, N.Y. State Early childhood certified teachers. Art, media, woodworking, music and rhythmic movement, language arts, storytelling, dramatics, puzzles, doll corner, books and manipulative toys are all part of the daily program. A huge indoor playground permits daily large muscle activity even in the worst weather. A mid-session snack of milk or juice and crackers or fruits and vegetables is provided. Field trips are included to broaden the child's understanding of the world he lives in.

All parents who wish to, can share in the administration of the school. Monthly business meetings give parents the opportunity to make decisions on administrative needs. There are lectures, films, and "rap groups" to help parents learn more about parenting. Fundraising projects are most often social events helping young families meet other adults who are at the same stage in life. We invite all parents of pre-school children to join us for a chance to play and learn together in our spacious well-equipped rooms. For further information, call 931-3415 or 681-8246.

Vacation Bible School At Trinity

The two-week sessions are held Monday-Friday, 9 a.m.-noon, in the church and school at 40 W. Nicolai Street, Hicksville.

VBS includes: Art projects; Chapel; Bible Stories; Recreation; Snacks and 2 weeks of joy for children 4 years old through those just completing 6th grade.

Special programs are planned for 5-6 graders, and each Wednesday we celebrate in a special way through Drama presentations and a Music Festival.

Willet Ave. Has Wildlife Experience

By Lorraine Pfander

Willet Ave. students had an opportunity to see, hear, touch and learn about Bill Robinson's "World of Animals" Show. It was a lecture on wildlife that was not only entertaining but educational. The children were shown a hawk, an eagle, a great horned owl, snapping turtle, skunk and a large python, among a few of his wildlife animals. The students sat amazed and some frightened as Mr. Robinson demonstrated a hawk in flight.

Mr. Robinson holding the great horned owl.

Christie Pfeller, a fourth grade student, was a recipient to the hawk in flight.

Seven students from various grades were chosen to hold the large python.

New Member Luncheon Meeting

The photo shows Gov. Elect Steve Scharoff as he was addressing the roundup. (Photo by Sleg Widder)

The Hicksville Kiwanis Club New Member Chairman, Beth Dalton, had a scheduled "New Member Roundup" at the June 7, luncheon meeting of the club. Members of Kiwanis had been asked to invite prospective members to this meeting to acquaint them with Kiwanis objects, goals and practices prior to submitting applications for membership.

Beth Dalton had invited Mr. Steve Scharoff, the Governor-Elect of the New York District of Kiwanis International to speak at this meeting to explain to the potential new members what Kiwanis is and does. Among

many other topics included in Mr. Scharoff's address was a program entitled "A World of Difference" which he said will be emphasized by the major service clubs to work towards eliminating racial and religious prejudice. Gov. Elect Scharoff said this program will be his major thrust when he becomes Governor of the New York District in October. He also urged the members and prospects to continue the club's fine work in the community, and for all to become Hicksville "Doers."

Other speakers for this roundup were President Tony Citrolo and Vice President Dr. Joseph Lupo.

Youth Council Honors PTA

The Hicksville Council of PTAs ended its 1988-89 season on a high note. The Council, the guiding body for Hicksville's eight elementary PTAs, two secondary PTSAs and SEPTA (Special Education Unit), was privileged to receive the Hicksville Youth Council's Group Community Service Award. The presentation took place at the Youth Council's annual dinner held at Antun's on Sunday, June 11.

The Hicksville PTAs are alive and working for our children. Its members sponsor pre-school programs, amblyopia and hearing screening, fingerprinting and identification workshops and a host of activities in the individual school buildings.

On the secondary level, PTA maintains a constant vigil on behalf of the health and well-being of the youngsters. Units are active in encouraging parent education on parenting skills and handling the problems of youth.

The PTA Council and its member units are especially proud of the large number of scholarships they are able to grant to graduating seniors. This year, the Council also initiated its Scholars Dinner honoring the top

20% of the high school graduating class for their academic achievements.

Through Council leadership, PTA members participate in community events, and work closely with the Board of Education and its various committees. The Council strives to coordinate efforts with the school administration to promote better communication between home and school. By its many endeavors, the Council furthers leadership training and provides assistance in many areas to local PTA units.

The Council is very proud of its work on behalf of Hicksville's young people. It is always a good feeling to be recognized for your efforts, and the Council considers this award a fine honor.

At the PTA Council's closing meeting on June 13 at Woodland Avenue School, officers for 1989-90 were installed. These officers are: Terry Mochringer, President; Linda Colton, Vice President; Rosemarie Jabour, Treasurer; Maureen Traxler, Recording Secretary; and Jan Boord, Corresponding Secretary. The installation ceremony was performed by out-going President Karen Garbus.

The PTA Council will resume activities in the fall.

International Feast At Burns Ave.

The first graders at Burns Avenue Elementary School under the direction of Mrs. Finck, Mrs. Mele and Mrs. Warren, culminated an Inter-Disciplinary Unit on Ancestors with an International Feast on Monday, June 5. Through the generosity of the parents, delicious and varied dishes representing many ethnic groups were prepared and served. The cafeteria was decorated with hand-made flags representing the country of the children's ancestors. What a "delicious" way to end a unit of study!!!

The Winthrop Experience

Understanding an irregular heartbeat: A health perspective.

One in a series of free programs addressing important health care issues.

If you are one of the millions who suffer from irregular heart rhythms, or know someone who does, this program will offer you valuable insights into a problem that can be life threatening, since sudden cardiac death can be a complication of this condition. The objective is to raise your awareness of the subject and to bring you up to date on current treatment options. The panel of experts leading the discussion will consist of Mary F. Barry, R.N., Nurse Clinician, and Kul D. Chadda, M.D., Director of Electro-physiology and Professor of Clinical Medicine. Ms. Barry has lectured extensively on the role of the community in the treatment of cardiac arrest — a current challenge to

contemporary medicine. A question and answer period will follow the discussion. Admission is free, but please call 663-2084/85 to be sure a place is reserved for you.

Date: Tuesday, June 20

11 Restrictions Plainview Bldg.

Eleven restrictive covenants have been placed on a special use permit to use an existing building in Plainview for the sale of clothing and sporting goods, according to Oyster Bay Town Councilwoman Ann R. Ocker.

"The applicants, Donald E. Axinn and Jovina Corp., were seeking a special use permit to use an existing building in an 'H' industrial zone for wholesale and retail sales of clothing, sporting goods and accessories and for ancillary offices," Ocker stated. "Pursuant to a public hearing held on January 24, the Town Board has granted the special use permit subject to 11 restrictive covenants."

In granting the application, which is for property located on the south service road of the Long Island Expressway approximately 350 east of Newton Road, also identified as 163-167 South Service Road, Plainview, the Town Board limited the retail use to 8,500 square feet of the total 27,226 square foot building. The Board also stipulated that no banners or advertising of products can appear on the outside of the building. All signs must comply with Town ordinances as to size and placement.

With regard to parking and lighting, the Board stated that parking must be arranged so that no variances are required. All exterior lighting must be situated so that it does not spill over onto adjacent properties. In addition, the Board mandated that all garbage and rubbish be kept in appropriate containers enclosed on three sides and screened from public view.

Ocker noted that no certificate of occupancy will be issued until a site plan has been submitted to, and approved by the Town Board. The plan must show all access and egress, landscaping and drainage as well as the location of parking areas, lighting, dumpsters and signs in addition to any other information deemed pertinent by the Department of Planning and Development.

Editor's Notebook

Beach lovers will be happy to know much is being done in Nassau and Suffolk Counties to protect Long Island's most precious natural resource against last summer's medical waste wash-up problem:

• **Beach Permits** - Both County Health Departments will require that the beach operators rake, on a daily basis, all stranded debris in the area of the high water mark.

• **Helicopter Patrols** - The Police in both Nassau and Suffolk will intensify their air bureau patrols of all beach areas, paying especially close attention to conditions of shoreline areas prone to previous wash-ups of debris.

• **Public Education Program** - The Counties have launched a major effort to educate both the public and the media. The program has targeted marinas, beaches, charter boats, bait and tackle shops, schools, libraries, as well as the media.

• **Minimize Use of Plastics and Polystyrene** - Concessionnaires at all beaches in the Nassau-Suffolk region will be urged to discontinue the use of plastic and polystyrene materials in the packaging of their food and beverages. These materials are difficult to incinerate, and often will be seen strewn about the shoreline when other paper products have long since disintegrated. It is urged that only aluminum or biodegradable food and beverage containers be used at beaches.

• **Improved Street Sweeping at Shoreline Communities** - Municipalities have been asked to upgrade street sweeping operations in shoreline communities.

• **Assistance From Marinas** - All marinas and boat operators in the Nassau-Suffolk region have been contacted and asked to provide appropriate receptacles for boat operators.

In addition, the Counties' Health Departments will step up water monitoring procedures and methods in order to ensure that all appropriate regulations are being followed.

• **The U.S. Army Corps of Engineers** - will provide three vessels in New York Harbor to scoop up debris as it gathers in the New York Harbor complex. Helicopter patrols direct vessels to the debris.

• **New York City** announced a pre-season clean-up on Staten Island prior to the bathing season. The Sanitation Department placed netting over all barges in transit to its Fresh Kills Landfill and inspectors were on continuous duty at all 8 garbage transfer stations to direct clean-up of any spills.

• **The State of New Jersey** also announced a pre-season clean-up of wood, plastic and other debris along 40 miles of coastline. New Jersey is providing a helicopter patrol of its beaches and harbors.

• **The Coast Guard** will provide helicopter surveillance approximately two or three days a week as aircraft are available and will continuously monitor commercial shipping traffic to enforce the 25-mile limit on shipboard dumping recently enacted.

The U.S. EPA will provide helicopter surveillance of the harbor complex six days a week and will continue its water quality monitoring as in the past.

LUNCH

Mrs. Schreck's first grade class - "The Class of 2000" - at Fork Lane School celebrated the end of the year by performing in a play called "The Little Engine." Everyone had a special part and all participated in the singing of several songs and a dance routine to "Nell Diamond's America." It was a great thrill for all to see.

Historical Soc. Meets June 21

The Historical Society of Bethpage will meet on June 21 at 7:45 p.m. in the Bethpage Public Library. This is the last meeting of the season and we invite all to attend. Upcoming events will

discussed including our First Annual Picnic. Don't miss the details of this event. The society will resume formal meetings in September.

Writing, Read On Channel 12

Roma Torre of Chanel 12 L.I. News Station was interested in displaying a Writing to Read Room for viewers and explaining the purpose of this fairly new program on L.I. She contacted Mr. Gordon MacMillan, former principal now working as an instructor for the Writing to Read Program by IBM. Mr. MacMillan recommended Channel 12 visit the Writing to Read Room in Bethpage's Central Boulevard School because he considers it to be one of the finest examples of the program on L.I. He is impressed with the set-up of this particular room; with the excellent performance of Teacher Aid, Mrs. Lorraine Carley, in helping to keep the system operating so smoothly, and with the dedication of the kindergarten teachers in utilizing the program to its fullest potential.

On Tuesday, June 6, from 9

a.m. until 10:30 a.m. the camera crew and Roma Torre viewed this impressive operation. While capturing members of Mrs. Casella's Kindergarten Class as they eagerly worked at each station, they learned about the program which is intended to facilitate the learning of reading through writing which at an early stage is phonemic and gradually is converted to book writing by the middle of first grade. Ms. Torre interviewed Mr. Ken Blau, School Principal, and Dr. Regina Cohn, Reading Supervisor for the Bethpage School District. The segment aired on the Night Edition of Channel 12 News which began at 10 p.m. and was repeated hourly until 6 a.m. This is the third time members of C.B.S. have been on television this year; caring and sharing is certainly in the air at Central Boulevard!

Christopher Buren, a Hicksville resident, who attends Sacred Heart Seminary in Hempstead gave a talented performance in its latest production of "Arsenic and Old Lace."

Rotary Club Honors Student

Michael Sardo

Michael Sardo, a Senior at Bethpage High School, was honored by the Bethpage Rotary Club for outstanding activities in athletics at their monthly meeting recently. Mike, for example, has played football and baseball for eleven years beginning with BAMFO and Little League and winding up as quarterback for our football team that won the County Championships and was personally named to the All-County Team. He was Captain of the baseball team, playing outfield and batting .390, and he played forward on our basketball team.

Mike maintained a strong academic record as well, with strong grades and SATs, enrolled in three Advanced Placement courses and was elected as Vice President of the Honor Society. For years, he has also been active with the Italian Society, working on the Feast and the Italian Trip and collecting funds for the homeless. As a member of the Columbian Squires in Bethpage, he also organized a Christmas Party for the handicapped at the BOCES Center in Plainedge.

Mike has carefully chosen Columbia College because of the cultural opportunities of New York and because of its fine reputation in training future doctors. His special interest is in the field of sports medicine which developed after he sprained his knee in football and had extensive therapy with a specialist.

By nature, Mike is well organized self-disciplined and has had to concentrate on studies in order to balance all activities. He discovered that one of his failings is that he becomes disorganized in the off-season. What a motivation to keep busy!

National History Day Competition

Hicksville's National History Day Team won second place in the State Championship at Lake Placid. Their videotape was on the life of Walt Disney. The team will now go on to Washington, D.C., on June 12. Team members are: Colleen Bartley, John Butt, Taylor Ferranti and Tim Glover. The team advisor is Dr. William Lemmey.

In Service

Marine Pfc. Stephen P. Duke, son of James T. and Dorothy A. Duke of 14 Wilson Lane, Bethpage, has completed the School of Infantry at Marine Corps Base, Camp Lejeune, N.C. A 1988 graduate of Plainedge High School, Massapequa, he joined the Marine Corps in July 1988.

Oyster Bay Town Supervisor Angelo A. Delligatti, third from left, and Town Councilman Leonard B. Symons, second from left, pose with newly-installed officers of the Shepherd Hills Senior Citizen Club of Plainview including vice president Nick Dellolmo, left, president Michael Romano, center, treasurer Angela LaMarca, second from right, and recording secretary, Edith Nicholson. Also on hand for the installation luncheon was Nassau County Executive Thomas S. Gulotta.

Oyster Bay Town Councilman Howard T. Hogan, Jr., left, presents a citation to Inspector Joseph Rabasa, Commanding Officer of the Highway Patrol Bureau of the Nassau County Police Department, who is retiring after serving 40 years in the department. Rabasa, who was appointed to the police academy in May, 1949, was honored by colleagues, including Chief Lawrence Thorne of Hicksville, at a retirement party held at the Westbury Manor.

Scholarships At Mid Is. Hospital

Why is nursing a dying option in career planning for young people today? Nursing has always been a desired career for women. In today's society, high school female graduates have many more career options open to them. Less and less are choosing nursing for various reasons. Some of which are due to students being uninformed. Mid-Island has committed itself to the young people of the neighboring communities.

Twenty years ago, this 223-bed community hospital in Bethpage created a tradition with enhancing the recruitment of nurses. This health care facility which has created this successful and advantageous program and its Medical/Dental staff have awarded approximately \$82,000 in nursing scholarships over the years.

The awards are given to graduating high school students who have been accepted into a School of Professional Nursing. Scholarships are open to neighboring high school districts which include: Bethpage; Farmingdale; the Massapequas; Levittown; Wantagh; Seaford; Plainview and Plainedge.

This year's 20th Annual special occasion will take place on Wednesday, June 14. The award breakfast's guest speaker will be Levittown Public Schools' Dr. Herman A. Sirois, superintendent of schools. In 1981, Dr. Sirois entered the Levittown Public School District as the assistant superintendent for instruction. For the past three years, he has fulfilled his present position.

The following students have

been selected to receive a nursing scholarship award:

- Colleen Cunneen, Holy Trinity High School; Michael Greco, Bethpage High School; Yvonne Kowalski, Bethpage High School; Melissa Levine, MacArthur High School; Amparo Recalde, Division Avenue High School; Gina Marie Santangelo, Levittown High School; Diane Yodice, Plainview-Old Bethpage High School; Faith Young, Bethpage High School.

Eligibility was not only based upon being accepted into a School of Professional Nursing, but also financial need and academic achievement.

The scholarship awards presentation is Mid-Island's way of helping to ease the nursing shortage and to assist young people in achieving an advanced educational degree in nursing. The June 14, 20th annual event will be held at the 223-bed health care facility located on Hempstead Turnpike, just west of the Seaford Oyster Bay Expressway. Mid-Island Hospital - a continuing tradition of caring for more than 32 years.

Hawks Capture State Title

Hicksville Hawks, State Champs.

The Hicksville Hawks, a Long Island Junior Soccer League Under-14, Division I A Travel Team are the New York State Champions!

On Saturday, June 10, at Farmingdale University they defeated a spirited Northport-Cow Harbor team 1-0. This was an emotional match as Hicksville and Northport has enjoyed a rivalry over several seasons. The deciding goal, during this thriller game was scored with less than one minute to play by Stephen Fox after a picture perfect cross by Hicksville's own Ronny Ladimir.

Hawk coaches John Fitzgerald

and Assistant Bob Ladimir had a feeling their team could win the title. Last summer the Hawks (14-2) played at the Ian Rush Tournament in Wales and the Sotonia Cup in Southampton, England. When it came time to chose a tournament this year, the Hawks decided to concentrate their efforts on training for the State Cup.

The Hicksville Hawks have been in existence since the Spring of 1983, during which they have captured six division titles. They have won 84 games, lost 22 and have scored 318 goals and allowed 146.

The members of the Hawks

are: Tommy Basarantier, Danny Bell, Chris Benes, Kevin Costa, Stephen Fox, Chris Jendras, Kevin Koehn, Richie Kotschan, Ronny Ladimir, Danny Longo, Michael Longo, William Noble, Andre Parrris, Robert Persaud, Brian Rooney, and Statistician Brian Koehn. They are sponsored by Suvatey Associates Incorporated-Insurance of Hicksville.

The Hawks will travel to Niagara Falls and the Regional Title Playoffs on June 30. They will be competing against State Champions from several Northeastern states for the regional championship.

CYO Sports St. Ignatius Loyola

By Barbara Lewis

St. Ignatius CYO can be very proud for the outstanding display of our youths in the Memorial Day Parade. To lead off the parade, we are very grateful to Goldman Bros. for the beautiful "New" banner. Following the banner were "The Pompomrettes" under the supervision of Vicky Passaro. And the outstanding coaching by Cynthia Baldwin and Krissy Ormand. It really takes a lot of work during the year to perform with such excellence. Among our many dedicated parents, one stands out, Lorraine Mierzewski (Vicky's right hand). All of us in CYO would like to applaud all the cheerleaders for adding that extra something special to our organization. We would also like to take this time to "Thank" Lynns Craft World and Fotomat for all the balloons which the girls gave out to young children along the parade route. The balloons brought many smiling faces.

Another special event for St. Ignatius is the "Kids for Kids" tournament. On August 26, we will be again this year entering two teams into this tournament to benefit the AHRC. Last year was our first year in this tournament and we were very happy to bring home a trophy, won by our boys team. The games are played by HBA (Hicksville Baseball Assn.), PAL (Police Athletic League) and St. Ignatius CYO. It was really exciting last year to see all the youth from these organizations compete. It's an event that

shouldn't be missed, mark your calendars.

Students Learn DNA Fingerprinting

The Cold Spring Harbor Laboratory has implemented a program for gifted elementary students at the DNA Learning Center. The pilot program, "Fun with DNA" was attended by Helen Christodoulou, sixth grader from Burns Avenue School and Nicholas Gonzalez, 5th grader from Lee Avenue School. Both children are in the Elementary Academic Enrichment Program.

Adele Niceforo, one of their teachers, attended three Saturday workshops with Helen and Nicholas and worked with them in preparing a DNA "fingerprint". DNA testing, also called "genetic fingerprinting," produces a photographic image of the DNA in a sample of blood, skin or other cellular material. It has been acceptable evidence in many court cases across the country.

Nicholas Gonzalez, Helen Christodoulou and Ms. Adele Niceforo practice making measurements a millionth of a liter with digital micropipets.

Helen Christodoulou, Nicholas Gonzales and Dr. David Micklos, of the DNA Learning Center complete the photographic image of DNA.

"Fun with DNA" workshop was the first time that elementary age children were involved in this new aspect of genetic engineering. Ms. Niceforo was selected to be on the program's Advisory Committee. It is hoped that more Hicksville students will have the opportunity to participate in the near future.

The Elementary Academic Enrichment student learned about DNA in the unit of study Ms. Niceforo and Mrs. Ann Gladstone developed, "Genetics: Unravelling the Double Helix." During this unit, all of the students had the opportunity to visit the DNA Learning Center and Smithsonian Exhibition in Cold Spring Harbor and to engage in question and answer periods with the scientists.

Learning About Careers At Burns

Mrs. Lee Oliveri and Mrs. Virginia Blaauboer's 2nd graders at Burns Ave. School learned about many different careers. As part of their interdisciplinary unit on Careers, (Anything I want to be in the World) each child designed and made an original career hat, to accompany their hat, each child wrote an original riddle. Their hats and riddles were on display in the classrooms. The 2nd graders visited Mrs. Grumo's kindergarten A.M. and P.M. classes and read their riddles and wore their hats. All the children enjoyed guessing the riddles and seeing the hats.

On June 2nd, the children once again read their riddles in honor of Grandparent's Day. What a wonderful experience for all!

Local Member Of Old Guard To Protect Capital

It's said that when the solemn notes of taps pierce the night's silence, the ghosts of war rise from their resting places among the rolling meadows of Arlington National Cemetery. If it's true, they'd be pleased to see the younger flesh and blood versions of themselves, sentinels, continuing to symbolize and maintain the vigilance for which they'd devoted their own lives. The soldiers they see belong to the 3rd Infantry Old Guard.

The unit is the premier ceremonial and parade unit of the U.S. Army, and includes among its many duties, conducting military funerals and maintaining a 24-hour presence at the cemetery's Tomb of the Unknown Soldier.

Less visible are the soldiers of the Old Guard who are dedicated to the unit's mission of being ready to defend the nation's capitol in event of military or civil emergency.

Pfc. Joseph Gesa, 18, of Plainview, is a member of the Old Guard, attached to Co. H, assigned as a rifleman in a scout platoon.

The son of Frank and Josephine Gesa, 11 Rosewood Place, Plainview, he was handpicked for the prestigious unit from a large pool of would-be volunteers.

"I volunteered for the Old Guard to serve in the nation's capitol, and because I wanted to be a part of an elite unit," Gesa said.

The Washington, D.C., based unit has several elements, including the Commander-in-Chief's Guard, the Old Guard Fife and Drum Corps, a Salute Gun Platoon, a horse drawn Caisson Platoon and silent sentinels that provide a 24-hour presence at the Tomb of the Unknown Soldier.

Members of the nation's oldest infantry unit are regular fixtures at the whirlwind slate of official functions conducted daily throughout the capitol. Whether it's the rhythmic clip-clop of the horse-drawn caissons bearing fallen soldiers to rest at Arlington National Cemetery; precision drill teams, flipping their bayoneted rifles through the air with ease, to the amazement of onlookers; or the colorful Continental Army garb of the Fife and Drum Corps, viewing some segment of the Old Guard is almost don't-miss for tourists to the nation's capitol.

The Old Guard also takes its show on the road, frequently playing to full houses in the public eye or alone knee-deep in mud and snow, honing soldier fighting skills, to maintain their combat capability.

"I enjoy living in the District of Columbia and some of the traveling we do for training, like going to Panama," Gesa said.

"The part I don't like is that it's expensive living here."

Yet, for all the spit and polished perfection the public sees, there are dimensions of the assignment these soldiers could well do without.

The area's high cost of living creates financial burdens, bumper-to-bumper traffic clogs local thoroughfares, and drug fueled crime is rampant.

Though these soldiers are envied by many others filling more contemporary roles in the military, being on top isn't easy. Performing in the public eye requires long, grinding, repetitious hours of preparation. When they get a break, there's

plenty to do in the historically rich, geographically beautiful Virginia-Maryland-District of Columbia areas.

"I like to spend my off-duty time going to the clubs and in the

Georgetown area of D.C.," Gesa said.

Gesa is a 1988 graduate of John F. Kennedy High School in Plainview.
