in person, residents should bring the entire tax bill. Payment must be made by check or money order; no cash will be accepted.

Receiver of Taxes Gary F. Musiello noted that residents can also pay in person at the Receiver of Taxes Office, Oyster Bay Town Hall West, Audrey Avenue, Oyster Bay, and at the Town Clerk's Office in Town Hall South, 977 Hicksville Road, Massapequa, during the hours of 9 a.m. to 4:45 p.m., weekdays.

Musiello added that residents should not write on, or deface, the stub of the tax bill as it can cause rejection of the payment by the computer.

Editor's Notebook

At a time when clean air is a top priority item with Long Island residents, officials are casting an interested eye in the direction of ethanol-alcohol derived from the nation's abundant corn supply-as a motor vehicle fuel.

Injected into diesel bus engines, it turns billows of black exhaust smoke into nearly invisible white clouds. Supporters of ethanol say it not only reduces air pollution, but it extends engine life. As an added bonus, it helps the American farmer by boosting demand.

At present, the first buses using ethanol-diesel are in Des Moines, Iowa, not surprising - this is certainly corn country. Using ethanol and diesel together is said to reduce hazardous emissions by 50 percent while maintaining diesel fuel mileage.

The test buses have separate fuel systems - ethanol and gasoline are not blended into gasohol. The buses draw ethanol during high power demand such as acceleration when the greatest pollution would occur with diesel fuel. At other times, such as cruising speeds, buses switch to diesel for top economy.

This procedure means that engines now in place need not be scrapped - they can be converted to the new technology in a few hours.

Ethanol is expected to replace about 20 percent of diesel fuel some day. Demand could reach 1.58 billion gallons if 20 percent of diesel burned in the U.S. was replaced by ethanol supporters. This would take 632 million bushels of corn - nearly 10 percent of the average U.S. crop.

Ethanol in buses is 80 proof, not nearly as expensive as the 200 proof distilled used to make gasohol. In fact, ethanol and diesel cost about the same, and because ethanol/diesel allows engines to burn cooler, they last longer.

Letters

This response to Janet Von Bergen's letter to Town Supervisor Angelo Delligatti is being printed as a public service by this newspaper:

This letter is to acknowledge receipt of your correspondence dated September 22, 1989 regarding major concerns facing the Hicksville community.

First, I must state that these issues are far too important to be addressed only during an election campaign. Since taking office I have taken strenuous steps to meet the challenges that fact Hicksville and other communities in the Town of Oyster Bay. I can appreciate that some residents may believe their community has been short-changed in the past. Obviously, no one can change the past. But, I believe residents, merchants and government can work together to improve Hicksville for today and the future. This is now happening.

During the last two years the tide has begun to change. After more than 25 years following the State's destruction of downtown Hicksville, we now witness the rebirth of the west side of Broadway. The decaying Mid Island Plaza is currently being transformed into a multi-million dollar modern shopping mall. Colorful plantings on traffic islands indicate a true desire for a more beautiful Hicksville. The restoration of the Hicksville Kiwanis Memorial Fountain serves as a symbol of the community's rebirth. More road rehabilitation projects than ever before have taken place or are planned for Hicksville. Community leaders are serving on a Hicksville Park District Task Force to address the recreational needs of the community. The Chamber of Commerce, the Hicksville Beautification Committee and the Town have joined in a cooperative effort which will soon bring about tree plantings in planters and decorative trash receptacles in the Hicksville Business District. These community efforts represent only the beginning as many more improvements will continue to be addressed.

Your specific inquiries regarding situations near Duffy Avenue are without question areas in need of attention. As you are aware, the Town has greatly intensified enforcement of zoning and building codes in this area. In some instances, such as the ones you mentioned with regard to abandoned vehicles, parking on residential property and lack of maintenance of commercial properties, additional Town controls and regulations were required. This is precisely why my administration has adopted a stricter abandoned vehicle ordinance, and proposed statutes that address off-street parking in residential districts and maintenance of commercial properties. As you have forwarded a copy of your letter to Commissioner Blankfein you can be assured his department is investigating these matters.

Although you wish to hold the Town of Oyster Bay responsible for enforcement of regulations concerning hazardous waste sites near Duffy Avenue, this authority lies with the New York State Department of Environmental Conservation. I, too, would like swift action to rectify the properties which have been

included on the New York State List of Inactive Waste Disposal Sites. Therefore, by copy of this letter, I am respectfully requesting D.E.C. Commissioner Thomas C. Jorling to personally review this matter and contact both you and me directly with his findings.

I strongly favor a change of zone for much of the area north of Duffy Avenue. The argument that this area has always been light industry does not convince me that it should remain zoned for this purpose. The vacant buildings on Duffy Avenue are a perfect example that manufacturing is no longer a prevalent industry on Long Island. Therefore, this land may be more beneficially utilized if zoned for business. Contrary to your comments, Councilman Clark has been the catalyst behind this request. This proposal is now being studied, a process which is quite extensive and time consuming. Councilman Clark and I assure you the Town has every intention of bringing this matter to fruition. I must, however, remind you that existing operations in this area will legally be permitted to continue as non-conforming uses if the zone is changed.

This brings me to the matter involving the asphalt plants. Quite honestly, with the advantage of retrospect I am provided the opportunity to concur with your views regarding the original approval of the special use permits. This is one of the most frustrating situations I must deal with and I hope you understand that I indeed fell for the area residents. Nonetheless, the Town must address these issues within the legal constraints. As a public official I cannot singlehandedly force the companies to cooperate with the wishes of the community

unless they are in violation of the law. This is why I attempted to notify all residents in the Duffy Park and Northwest civic areas of the June public meeting with Twin County. I am sure you agree the public pressure at this meeting forced the company's "desire to be a good neighbor" position. The Town has since received many reassurances from Twin County to improve conditions, but little action. Commissioner Blankfein has scheduled an appointment with the company officials to demand the promised actions. The Town is in complete support of our residents.

I have personally visited the areas of concern along Duffy Avenue on several occasions with Commissioner Blankfein as well as my staff and I know exactly what you speak of. Since I believe it would be perceived as nothing more than a political stunt I cannot accept your challenge for a walking tour at this time. This is much too important a matter. Rather, I wish to extend to you a cordial invitation to meet with me at a mutually convenient time so that we can personally discuss these matters.

I commend you for your commitment to improve the Duffy Avenue community as well as other matters involving Hicksville. I look forward to personally meeting you. Thank you for taking the time to contact me and I hope this response demonstrates my genuine concern.

Very truly yours,
Angelo A. Delligatti
Town Supervisor

Father Robinson was invited by the club's chairman of Spiritual Aims, Effie Krogmann, in an

on-going program to bring clergymen of the great variety of religious denominations in Hicksville, to speak about their particular religious faith, beliefs and practices.

Father Robinson's discussion was very well received by his audience, and numerous questions were asked which precipitated more discussion.

The Board Watcher

By Michele Coyle

The Town of Oyster Bay Board passed several resolutions of interest to residents during the October 3 meeting. These included:

(911) - Accepting the site plan submitted by Vito Valenti for Serge deLoutsky and Anita Lo who wish to operate an office with an auxiliary apartment on First Street and Newbridge Road.

Approval is subject to several conditions, including installation of a six foot stockade fence with evergreen screening along the eastern property line and planting of four trees.

The resolution does not approve building or construction plans, which must be submitted to the Division of Building for approval prior to the issuance of a building permit.

(910) - Accepting the site plan prepared by Petroleum Associates for the Wisser Company, Inc., who has proposed the construction of a 130 square foot car rental office on a 4000 square foot property located on the north side of Old Country Road, near Broadway.

The Town Environmental Quality Review Commission found that the proposal would not constitute an over-intensification of land use and will be compatible to the community.

The preliminary site plans were accepted subject to several conditions including prohibiting lights which cause annoyance, inconvenience and glare to traffic, and the installation of landscaping. However, a one-year extension was granted for the submission of the final site plans.

(942) - Accepting an environmental impact statement made to determine the acceptance of apertion made by United Artists Realty Co. to demolish the existing structure on Jericho Turnpike and construct a shopping plaza, offices and a multiplex movie theater.

(961) - Granting a one year extension to the Exxon Corporation in order for the petitioners to obtain certificates of occupancy before it can demolish the existing gas station at Old Country and South Oyster Bay Roads in Hicksville and erect a new service station.

(917) - Granting a one year extension to Abandaco, Inc., to obtain the same to operate an office on the southwest side of Aerial Way, adjacent to a Nassau County recharge basin in Syosset.

an H industrial district.

(918) - Determining that an environmental impact statement is unnecessary in determining if Calvin Avenue, Syosset should be rezoned from B (minimum lot - 1 acre) to C (minimum lot 10,000 sq. ft.), both residential zonings.

(950) - Rejecting the lone bidder for two contracts for the rehabilitation of heating systems at Bethpage Community Park. In the same resolution, the board increased the engineering fee to \$1800 to Lizardos Engineering Associates to provide for the re-bid phase. The only bid received was 60 percent higher than the engineer's estimate.

(931) - Granting an increase in engineering fees to Sidney B. Towne and Sons, consulting engineers, totally \$20,000 to cover construction of storm drainage and highway improvements for Cornell Drive, Howard Drive and adjacent areas in Plainview.

(964) - Authorizing supervisor Angelo Delligatti to direct payment be made to the same firm totalling \$622,255.52 for the completion of the construction of storm drainage and highway improvements in the Willets Drive-Townsend Place area in Syosset.

(959) - Entering into an agreement with Finish Line Promotion Road Race Consultants of Port Washington and the Plainview-Old Bethpage Road Runner's Club to conduct the second annual Supervisor's 5 Kilometer Run on October 21 at the Bethpage Community Park.

Finish Line Promotions (FLP) will be responsible for various items such as measuring the course, providing personnel at the finish line, and assigning race numbers to competitors.

The Road Runner's Club will provide collection of entry fees, publicity and accounting of monies.

The town will pay \$1700 to FLP and \$1000 to the Club in addition to providing 600 T-shirts to competitors.

(920) - Accepting the offer of the dedication of Felicia Street in Turnberry Woods, Plainview. The Town will not be responsible for maintenance of that road.

The next meeting of the board takes place October 24 at 10 a.m. when the 1990 preliminary budget will be discussed. There will also be a meeting on October 31 at 10 a.m. All meetings are held at Town Hall East, Audrey Avenue, in Oyster Bay.

Woodland Holds Open House

Woodland Avenue School in Hicksville held its annual open house on October 10. Parents filled the all-purpose room and the evening began with a brief P.T.A. meeting, followed by an introduction of all the teachers.

Following the meeting, the parents were invited to their children's classrooms where the teachers discussed the curriculum which will be covered during the year.

Parents proudly viewed the art works, projects and completed assignments done by their children.

This year, first and second grade teachers, Ms. Beverly

Brown and Ms. Elayne Kabakoff who conduct an open classroom, showed the parents a video tape of their children at work. It was very interesting to see how they go about their everyday activities.

Following their meeting with the teachers, the parents were invited to join the teachers in the cafeteria for refreshments prepared by Woodland Avenue PTA.

Hurricanes Win In Tourney

Hurricane team members include: Matthew Schwartz, Mark Alexander, John Andronikides, George Koutsoumbis, Martel Levy, Mike Sloboda, Scott Sica, Jeffrey Brousseau, Mike Schnipper, Mike Tanella, Joey Rini, Gary Wisnieski, Nicholas Holman, Frankie Dugan, Anthony Pesce, Tommy Werchenski. Standing in the rear are coaches Jay Schwartz and Jim Wisnieski.

By Jay Schwartz

The 1980 Hicksville Hurricanes, the Hicksville American Soccer Club tournament team, took first place trophies in the Triple H outdoor tournament, held on October 8.

Triple H, for Hauppauge Helping Hands, is a charity tournament used to raise money for kids. The Hurricanes played in a division against Bay Shore, Hauppauge and Sachem, and won 1-0, 5-0, and 5-0. The goalkeeping of Matthew Schwartz and Mark Alexander was flawless as they held their opponents off attack after attack.

The eleven goals were scored by eight different players as they tested their skills in various positions. Top rated goal scorers were Gary Wisnieski with three and Matthew Schwartz with two. The other goals were scored by Tommy Werchenski, Nicholas Holman, Frankie Dugan, Mike Tanella, Martel Levy, and John Andronikides.

In game 1, the 4 players were fighting to a bitter 0-0 tie until the last ten minutes. The two teams played tough end to end soccer and many shots were deflected by the defensive players. Finally a loose ball in front of the Bay

Shore net was tapped in by Werchenski.

The second and third victories of 5-0 each were easier wins and showed the better team on the field. The Hurricanes were more confident and passed the ball well. The effort was there and it was very exciting for the parents. The team showed some of the techniques they had practiced and began to talk it up on the field as they planned attacks.

The fantastic players were Mark Alexander, John Andronikides, George Koutsoumbis, Martel Levy, Mike Sloboda, Scott Sica, Jeffrey Brousseau, Mike Schnipper, Mike Tanella, Joey Rini, Matthew Schwartz, Gary Wisnieski, Nicholas Holman, Frankie Dugan, Anthony Pesce and Tommy Werchenski.

The team's record is Third Place at Brentwood, Second Place at Smithtown, and First Place at Hauppauge.

Congratulations to the players! A special thank you goes to all you parents for always being there with the team.

The coaching staff, Jay Schwartz and Jim Wisnieski, are very proud of the team and the way they played that day.

Football Field Named After Howard C. Vogts

By Michele Coyle

The Bethpage Golden Eagles varsity football team paused their attack on the Lynbrook Owls during Saturday's game to honor Howard C. Vogts, Bethpage's football coach since 1954 by naming the football field after him.

A golf cart carried the coach between the raised helmets of his players to the podium at the 50 yard line where he was greeted by board president Kathleen Picinic, superintendent John Sommi, high school principal Antonette McLeod, assistant principal Louis Rotundo, district directors of athletics, Robert Anziano, director of athletics Richard Giannades and Town of Oyster Bay supervisor Angelo Delligatti.

George McElroy, former Bethpage High School principal and head of the dedication committee, welcomed students from the class of 1954 to the present. "We have a captive and appreciative audience here today recognizing the 35 years of coaching and football thrills that you and your players have given to the community."

Mr. Delligatti presented Coach Vogts with a proclamation declaring October 14 as Howard C. Vogts day in the Town of Oyster Bay, "as fitting recognition to the man who has had a profound and lasting impact on hundreds of students and football players during his 37 years in the Bethpage School District."

In addition, Mr. Delligatti said that it was the hope of the board that by dedicating the field in Mr. Vogts name, it would "serve to inspire those who play on it to subscribe to the same high standards of the man for whom it has been named."

A double-sided sign bearing coach Vogts name on it was

unveiled at the east end of the football field. Mr. McElroy called the sign "one of the best kept secrets in Bethpage," because it was erected and covered after football practice on Friday.

Coach Vogts, who appeared to be moved by the presentation thanked those in attendance. "It is indeed a great honor to have field named after you and to be involved with so many wonderful young men over these 37 years. I'd like to thank everyone who was involved with the dedication of the field and all of you who came here, the old boys and ex-colleagues, and I'd like to especially thank the football team."

Howard Vogts graduated from Sewanhaka High School in 1948 and attended Emphoria College before graduating from Adelphi in 1952.

In September of 1952, Mr. Vogts joined the Bethpage school district as a teacher and coach. With the exception of a sabbatical spent at Michigan State in 1967, he has been the sole coach of the varsity football team.

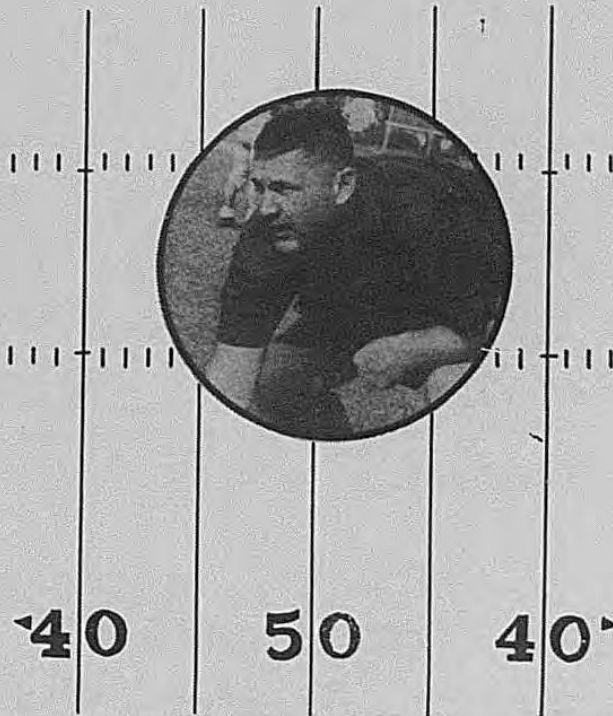

In addition to football, Mr. Vogts has been credited for founding the lacrosse and track teams.

Among his awards are the Daily News' and Newsday's "Coach of the Year" award, the "Nassau Coach of the Year," and he has been cited by New York State for winning 183 games.

Mr. Vogts retired from the classroom in 1986, but remains the full-time varsity football coach, and will enter his fifth decade of service in Bethpage next year.

A reception was held in honor of Mr. Vogts at the Imperial Manor on Sunday.

Minutemen Win Another Thriller

By A. Blicher

The Hicksville Minutemen, my 1977 B traveling soccer team, thoroughly outplayed the Auburndale Navahoes, at Cantiague Park Sunday, October 15, for a convincing 2-0 victory, which brings their LI Junior Soccer League record to 2 wins, one loss, one tie.

Auburndale, which is a very physical team, attempted to outmuscle Hicksville, but my players rose to every challenge, putting their skills to use, winning the loose ball every time. The front eight of Danny dePinho, Mike Whitman, Jorge daSilva, Timmy Dalton, Anthony Noya, Jason Brown, Andres Turcios, and Bobby Wagner, exerted tremendous offensive pressure throughout the game, keeping the heat off the defense. The defense, led by Bobby Braun, at stopper, ably assisted by Robin Blicher, Kenny D'Introno and Timmy

Dalton, at fullback, as well as Greg Walunas at sweeper and Tracy Koetter in goal, rose to the occasion whenever they were tested. They played the offside trap to perfection and constantly kept the ball moving upfield to their halfbacks. Danny dePinho, at left wing, put in the first score midway into the opening half, off a lead by striker Mike Whitman. Late in the first half, Bobby Wagner, at striker, gained control of the ball in a melee and put in the second goal, assisted by an Auburndale defensive player. The two goals stood up for a well-earned victory and Tracy Koetter's second shutout of the season. Congratulations to the team for a terrific game. Thanks to Assistant Coaches Tony dePinho and Pete Whitman, for their contributions during the game, as well as to sponsor Seaman & Eisemann for their support.

Nassau County Executive Thomas S. Gulotta, back row, third from left, greeted sixth grade students from the St. Plus X School in Plainville who recently visited the County government complex. County Executive Gulotta discussed the functions of County government with the students.

Host Families For Exchange Program

Hicksville High School is currently making plans to host a group of students from Cuneo, Italy, from November 27 through December 18. Fifteen students will stay in the home of a host family, attending school with their American counterparts and taking part in family activities for a period of three weeks. It is not necessary to speak a foreign language because the students are encouraged to practice their English. Some families may enjoy hosting one of the teachers from Europe who accompany the students as chaperones.

What is important is the willingness:

- to be an ambassador at home;
- to share home and family life;
- to establish positive relationships;

- to help demonstrate the American way of life;
- to have an interest in learning about other cultures
- to accept others for what they are.

If you are interested in sharing your home with an Italian student, or would like further information, please contact Mr. Donato Guadagnoli, Supervisor of Foreign Languages, by October 31, at 933-6654.

Youth Council Many Programs

One of the programs at the Hicksville Youth Council is the Peer Tutoring Program. It is made up of teen tutors as well as teen students. Over the past 3 years the program has changed, but the idea of teens tutoring teens has remained the same and has proven to be very successful. Teens seem to relate and feel more comfortable with their peers and in turn learn more. The Tutoring Program started as a volunteer program. Tutoring was done only at the Youth Council.

Now, tutors can be paid for their services. Payment comes directly from the students being tutored. The Youth Council needs tutors in a variety of subjects, as well as students. All tutoring is done at the Hicksville Youth Council, 175 West Old Country Road, in between Calda Pizzeria and Beacon Federal Savings Bank, or at the students house under the supervision of a parent/guardian. Tutoring is scheduled at mutually convenient times. Tutors are asked to work a minimum of one hour per week.

Another program at the Youth Council is the Babysitting Course. The Youth Council in cooperation with the Hicksville Public Library sponsors a Red Cross Babysitting Course 3 times a year. The course is 3 sessions long and is open to boys and girls 12 years and older. The November course is filled. The course will be given again in February (dates to be announced).

The Red Cross Course teaches young people how to correctly care for infants and toddlers. Certain topics that will be discussed are: how to find a job, first aid, diapering and feeding and safety. An officer from the Nassau County Police Department will speak at one of the sessions on safety techniques and explain what to do in case of an emergency. At the end of the three sessions you will receive a certificate from the Red Cross that certifies you as a babysitter. This course is very informative as well as being fun.

The Hicksville Youth Council has other programs in Employment, Counseling, Leisure Time and Crime Prevention. If you would like more information on any of the programs, call Cheryl at 822-KIDS. The Youth Council is a not for profit agency dedicated to working with the youths of Hicksville.

Guest Lecturer Will Speak Here

Jack H. Thornton

Most of us believe that fear is a fairly common part of ordinary life. But according to guest lecturer Jack H. Thornton of Marblehead, Mass., "Freedom from fear is a present possibility."

Thornton believes confidence and peace of mind are available to anyone who undertakes what he calls "the spiritualization of thought." He defines this as gaining a better understanding of God, and man's relationship to Him."

Mr. Thornton is a teacher of Christian Science and is actively engaged in the church's healing ministry as a Christian Science practitioner and lecturer. He is visiting Levittown at the invitation of the local Church of Christ Scientist.

In his lecture, Thornton says he will make a case for finding fearlessness through living and acting with unselfish love as Christ Jesus taught. Far from trying to "psych" oneself out of fears or using positive thinking to overcome them, Mr. Thornton indicates that fear disappears when we truly feel and live the love the Bible refers to where it states that, "God is Love." He says that this explains the power of love, "It's the power of God. This is why every individual is influenced and moved by unselfed love."

It is the lecturer's belief that such unselfed love is powerful--even to the lessening of tensions and the healing of disease. In his public lecture on Saturday evening, October 28 at 8:00 p.m., Mr. Thornton will relate instances of fear diminished and confidence and health restored through the power of divine love. His lecture will be held at First Church of Christ Scientist, 80 N. Bellmore, Road, Levittown.

Mr. Thornton adds that "A confident, fearless and peaceful state of mind, is always the result of unselfish loving and doing for others. It's never gained in getting-- but only in giving!"

Town Leader Visits GOP

On a beautiful fall day in Bethpage, Oyster Bay Town Clerk Carl L. Marcellino, right, visited the Theodore Roosevelt Republican Club, Delligatti Campaign Headquarters. Buddy Mazzara, left, who runs the Headquarters, was delighted that the Town Clerk came by. "Since elected in 1987," said Mazzara, "Carl Marcellino's accomplishments have been noteworthy. The Division of Vital Records has been completely computerized, providing people of Oyster Bay with instant access to this information. For our Senior Citizens, he has worked with the Town's licensed tax cab owners to develop and implement a Senior Citizen tax discount program. I know that Carl will continue to do things as Town Clerk that will benefit us all." Bethpage Area Executive Leader, George Yochmann added, "Carl Marcellino has done a great job for us. I can assure him that we will do a great job to see to it that he is re-elected November 7, along with Town of Oyster Bay Supervisor Angelo A. Delligatti; Councilmen: Howard "Tom" Hogan, Douglas J. Hynes, and Leonard B. Symons."

Town Honors Bethpage Coach

Oyster Bay Town Supervisor Angelo A. Delligatti presents a proclamation to Howard Vogts, coach of the Bethpage High School varsity football team, during ceremonies naming the playing field for him. Vogts has been a teacher and coach in the Bethpage school system since 1952 and has been the only varsity coach in the history of the Bethpage "Golden Eagle" football team. His win-loss record presently ranks him in the top five for active coaches in New York State. Also on hand for the presentation was former high school principal, George McElroy.

Rally For Community Action

The Theodore Roosevelt Republican Club in Bethpage recently held a Pre-Election Rally to show their support of the Republican Party candidates seeking election on November 7. Many of the candidates joined the membership at the rally. Pictured above left to right: Councilman Doug Hynes; Assemblyman Kemp Hannon, who is seeking election to the 6th Senatorial District seat recently vacated by John R. Dunne; Kevin Galloway, President of the Theodore Roosevelt Republican Club; Denis Dillon, District Attorney and Councilman Tom Hogan.

HBA All Star Dinner Held

Oyster Bay Town Supervisor Angelo A. Delligatti, third from left, was among the presenters at Hicksville Baseball Association's Annual All Star Dinner. Also on hand for the evening were, left to right, Town Clerk Carl L. Marcellino, Brian Wong, Association president Buzz Doyle, Kelly Moylan, Town Councilwoman Ann R. Ocker and Town Councilman Thomas L. Clark.

Fees Set For Ice Skating Season

The Oyster Bay Town Board has approved the 1989-1990 Parks Department schedule of fees for the Town's three ice skating rinks, according to Town Councilman Thomas L. Clark.

All rinks will open for public skating sessions beginning Friday, November 24, weather permitting.

"The three outdoor rinks are located at the Bethpage, Marjorie R. Post (Massapequa) and Syosset-Woodbury Community Parks. General admission for two hour public skating sessions will be \$2 for skaters 16 years and older and \$1 for children 15 and under," Clark said. "A reduced rate of \$.50 per two-hour sessions for seniors age 62 and older will be available again this year. In addition, a special \$1, one-hour session rate will be in effect at the Bethpage rink for skaters 16 years and older, \$.50 for children 15 and under and free for seniors age 62 years and older on Tuesdays, Wednesdays, and Thursdays from 12 noon to 1 p.m. and 1 to 2 p.m.

"Skaters of any age should take advantage of special discount

books of 10 tickets for \$7.50 - a savings of up to \$12.50 over the individual two-hour per session fee. These discount ticket books also make a great gift for the holidays," Clark noted.

The Town will again conduct its Recreational Ice Hockey Program for those youngsters who enjoy the high energy, fast pace sport of ice hockey. This program is designed to provide a meaningful worthwhile hockey experience, and is offered to players between the ages of 6 and 17. The registration fee for this program is one regulation ice hockey puck.

"Instructional skating lessons will be available at Syosset-Woodbury and Marjorie R. Post Park rinks," Clark explained. "Lessons will be offered for beginners through intermediates as well as classes in figure skating and ice dancing. All lessons will be given at nominal fee and equipment rental will be available."

Rinks are available for group rental at \$100 per hour upon written request to the Commissioner of Parks.

For further information contact the Department of Parks, located at Town Hall South, 977 Hicksville Road, Massapequa, at 795-1000.

For example, they racked up receipts of \$14,669,000 (including \$11,748,000 in ticket sales, \$674,000 in parking fees and \$2,247,000 in food and other concession sales). However, there is some concern that attendance is declining since it peaked at 15,800 per game in 1985-86. Last year an average 13,575 fans attended each of the games. If the team performs better, there is little doubt attendance will once again take off ("Everybody loves a winner")....HOST families are needed for high school exchange students, age 15 through 17, for the 1990-91 school year. Is something holding you back from opening a home equity credit line?

Announcing a home equity credit line with absolutely no upfront fees or closing costs.

Closing costs can really weigh you down.

Yet many banks ask you to pay them before they'll even lend you the money you need. Which means you may have to pay \$1,300 or more on a \$75,000 home equity credit line before you even use it.

EquityLink™ from The Bank of New York is different. It allows you to open a home equity credit line with absolutely no upfront fees or closing costs. Which means you don't have to pay for things like an appraisal fee, mortgage recording tax, title insurance or bank attorney's fees. We even refund the application fee at the closing.

It also offers you potential tax advantages later on, because the interest on home equity credit loans is virtually the only deductible loan interest left under the current Tax Reform Act.

Not surprisingly, The Bank of New York also offers you some of the lowest home equity interest rates in the New York area. If you'd like to know just how much you can save with an EquityLink credit line, why not visit one of our 250 convenient branches.

Or call Action Phone at 1-800-942-1784 (from NJ and CT, call 914-899-2182 collect).

So if you're thinking about a home equity credit line, think about The Bank of New York. And close the book on closing costs.
