Council Hears Update On Vietnam Vets Drive

By Maureen Traxler

Nation, county, town and neighborhood were all in focus at the opening meeting of the Hicksville Community Council's 1989-90 year. At the November 2 meeting, Conrad Steers of the Vietnam Veterans of Nassau County brought residents up to date on Project CATCH (Caring About The Children's Hopes); the Council was host to an array of candidates seeking political office; and Councilman Tom Clark conducted the Council's Town Forum, discussing changes on Duffy Avenue.

Declaring, "It is right that one of the richest counties in the United States should help one of, if not the, poorest in the United States," Connie Steers both thanked residents who have been so generous and urged residents to take those extra moments to gather items for veterans, their families and their community in the economically deprived Logan County, Appalachia, West Virginia.

Mr. Steers said that the delivery date in Logan County, originally set for Veterans Day, November 11, has been pushed back to Thanksgiving. He expects volunteers to bring three full trailer trucks to the men, women and children in the former coal-mining area.

Long Island veterans, along with veterans in four states, have taken on the task of aiding their less fortunate comrades, and their project has touched the heart of the Hicksville community.

The Hicksville volunteers are collecting clothing, kitchen utensils, tools, books, monetary donations and the like. Mr. Steers assures residents that all offerings will reach their destination.

The veterans have secured the use of a warehouse facility at 168 Engineers Drive, off South Oyster Bay Road, and volunteers will be on hand to accept donations this weekend.

Councilman Tom Clark zeroed in on various aspects of properties on Duffy Avenue of concern to local residents. He displayed preliminary plans for an elevated three-story office building proposed on the site formerly occupied by Meenan Oil. The builder is proposing a 40' building on stilts with ground-floor parking underneath. Mr. Clark said that a traffic control study is in the works and that it would be unlikely that the plan would come back before the town board for some six to eight months.

Mr. Clark outlined a desire by BJ's wholesale food to purchase or lease the American Waste Management facility, Duffy Avenue and Charlotte Drive, although he cited some logistics problems due to the downward pitch of the entranceway ramp. He also noted that Oyster Bay Sand and Gravel has been trying to legalize its operation, which has been converted from a storage warehouse to an office building for its own use.

Mr. Clark said that the town is working toward a change of zone for Duffy Avenue and the formulation of a "master plan." He also acknowledged that operations there were "not environmentally perfect" and that the DEC (State Department of Environmental Control) checked into the situation. In order to affect a zone change, the town must first go to the county and hold public hearings, he added, "The town is seeking an aesthetic look and would like to see site plan review on all applications."

Letters to the Editor

To the Editor:

Boy Scout Troop 683 has been sponsored by the Willet Avenue School P.T.A. for over twenty years. We have been informed recently that due to policy changes by the National P.T.A. and by their suggestion, the Willet Avenue School P.T.A. will no longer be able to sponsor our Troop.

We are currently looking for another community minded organization to sponsor us. This may be either a religious, fraternal, or civic group. Basically any recognized group of community minded people would be considered.

We are a basically self-sufficient troop. We are self-sustaining and provide our own leadership. Meetings are held at Willet Avenue School on Thursday evenings at 8:00 p.m.

If there is any group in the community who would consider sponsoring our troop, please come down to one of our meetings or contact me personally.

Sincerely,
Mike Speranza
A.S.M., Troop 683

To The Editor:

Please support the efforts of the Northwest Civic Association in conjunction with the Hicksville PTA in helping our local Vietnam Veterans organization in sending help to Logan County, West Virginia which is also known as "Appalachia."

This area has the largest concentration of Vietnam Vets in the country. It also is the most economically and financially distressed County in the United States.

Items needed are: used clothing, infant-adult (all seasons), pots, pans, kitchen utensils, dishes etc. Toys, maybe you have an old bicycle you don't use anymore. They could also use canned goods, non-perishable food items, small appliances. With the change of seasons upon us, what a great time to get rid of those summer things you don't

want or the winter things you wished you had gotten rid of last year. Isn't it nice to know that they are going to someone who is in need. Large plastic bags are also needed to help distribute these items.

Drop off points are: 95 Kuhl Ave., 49 Gardner Ave., 23 Byron Place, 124 Harding Ave. and 40 Myers Avenue.

If you have a van or truck to help transport these articles, or if you have any questions about this project, how you can help or about drop off points, call me, JoAnn Broska at 931-8340, or Connie Steer at 822-5938.

If you would like to drop items off at the warehouse, it would be appreciated. The address of the warehouse is 160 Engineers Drive, located opposite Grumman's off Hicksville Road. Drop off dates are November 11, from 9 - 5 p.m., Nov. 12, from 12:30 - 5 p.m.

If you know anyone who has a bus to transport the men down to West Virginia or that have a tractor trailer or trailer, please call.

JoAnn Broska
Northwest Civic Assn

To The Editor:

In Maureen Traxler's report on the last school board meeting of October 25, in your issue of November 3, Mr. Martillo stated "That in 1985, there were no financial statements on record" with respect to the school board elections.

Please be advised that I ran unopposed in 1985, and therefore did not expend any money. Further I had forwarded the customary financial statement to the District Clerk and the Commissioner of Education.

Sincerely,
Bill Bennett

Town, State Agree On Landfill

At the Town Board meeting of October 31, Oyster Bay Town Supervisor Angelo A. Delligatti and the members of the Town Board passed a resolution executing a ten year agreement with the New York State Office of Parks, Recreation and Historic Preservation that will permit the installation of wells on Bethpage State Park property. The wells and related piping are crucial to the Town's approved remediation plan for the Old Bethpage landfill and its surroundings.

Delligatti stated that the agreement was the latest step in a process that began in 1984. "At that time, the Town of Oyster Bay entered into an agreement with the New York State Attorney General's Office and the Department of Environmental Conservation to undertake an exhaustive study of the 37 year-old landfill through implementation of test wells and analysis of test material.

"The results of that all-inclusive research led to a program for the pumping and treating of the groundwater directly below the landfill and within the perimeter of the surrounding study area," said Delligatti. "Bethpage State Park property falls within the area reviewed."

Under the agreement, which covers the period beginning on October 1, and terminating on

'Honor A Veteran' In Burns Ave. Class

In what has become a special tradition in Ruth Silverman's class at Burns Avenue School, Hicksville, students will once again honor veterans of war. Both fifth grade classrooms are participating in the project which consists of a series of activities aimed at teaching American history, culture, and values. Each student will interview a veteran in order to gain an insight into what

September 30, 1999, the Town of Oyster Bay will install and monitor water collection/extraction wells and related piping, electric and telemetry lines. As described in the remediation plan, this specialized equipment will assist in the process of removing contaminants from the non-potable groundwater so that the cleansed water can be returned to the aquifer at a level of purity that exceeds State Drinking water standards.

Delligatti noted that a large portion of the cost of remediation is being paid for by those individuals and corporations who, during the years the landfill was operational, used it for the disposal of their products and by-products. In June 1988 the Town received \$4,500,000 through legal action against those parties.

"The ten year period agreed to by the State is the time frame we feel is necessary to complete this very complicated environmental process. We are now at a point where we can see light at the end of the tunnel," said Delligatti. "I would like to thank those in the New York State Office of Parks, Recreation and Historic Preservation for sharing our environmental concern by facilitating this agreement."

military service entails.

The culmination of the project takes place on November 9, when the students, their families, and the veterans they have chosen to honor gather at Burns to share a buffet dinner prepared by parents. The highlight of the evening is when each student introduces their chosen veteran and publicly thanks him/her for contributions made for our country.

Teachers Aide Mrs. Calhoun listens to student's interviews on their veterans.

East Street Reading Appreciation

Reading appreciation, peer teaching and positive social interaction are the main goals in a program implemented by teachers at East Street School. Mrs. Mingin's fourth graders and Mrs. Simon's first graders have team-

ed up every Friday afternoon to work with each other. The teachers have noticed that the students enjoy the program and have grown from the experience so far.

Students Visit The Firehouse

On Thursday, October 30, Mrs. Grumo's Kindergarteners and Mrs. Rosof's class from Burns Avenue School walked to the Strong Street Fire House. At the Fire House they were greeted by Firemen Karl Schweitzer and Mike Kelly who showed the children a film about good fire safety rules. They learned how to recognize "hot spots" in their homes, how to "Stop, Drop and Roll" if their clothing catches on fire and how to safely leave a burning building. Fireman Mike demonstrated the clothing worn by firefighters and each child had a turn using a fire extinguisher. Each child also had a chance to stand in the "bucket" on the big fire truck. Before walking back to school, each child received a Junior Fire Marshal's hat and a bag of "goodies" to be shared with their families to remind everyone of the importance of good fire safety. This was a most enjoyable and informative trip. Thank you Firemen Schweitzer and Kelly!!!

Students Visit Local Sites

At the "Golden Doors," Trinity Lutheran Church's bronze Ghiberti replica are Hicksville's East Street School 2nd graders from Mrs. Marilyn Kreditor, center, and Mrs. Susan LaSorsa classes with some mom-aides. Kids were on a "sight-seeing tour" of Hicksville by Gregory Museum Historian Richard Evers.

Any Gregory Museum tour of Hicksville attractions has a stop at the Stolz-Duffy family horse paddock. East Street second graders carefully get acquainted with docile saddle horse.

Insurance Designation Given

Charlene Beaudry

Charlene Marie Beaudry has been awarded the professional insurance designation Chartered Property Casualty Underwriter CPCU.

Charlene was selected to be the North East Regional Rep. for new

designees of the Chartered Property Casualty Underwriters. She was chosen from over 2,000 new designees to be one of six representatives for the CPCU Class of 1989. This is the first time a Long Island Chapter member has been honored with this appointment.

Charlene is a Vice President of the Beaudry Insurance Agency in Hicksville. Her parents, Roger and Marilyn Beaudry of Garden City Park, are especially proud as her father is also a CPCU. She is a graduate of New Hyde Park Memorial, Class of 1984, and earned her bachelor of Science Degree from the State University at Albany in 1987. She also attended the College of Insurance earning 21 undergraduate credits in Insurance and Business.

Resident Helps Needy Families

Joseph Magee of Arch Lane in Hicksville will busy over the next few weeks working with the Knights of Columbus and the Parish Outreach program to assemble and distribute some 15 food baskets for both the Thanksgiving and Christmas holidays. As President of the local conference of the St. Vincent de Paul Society at Holy Family Roman Catholic Church in Hicksville, that is just one of the many charitable functions he has taken on, along with the other dedicated Vincentian volunteers in the parish.

"Last year we were able to provide some 15 families with food baskets over the holiday season," Magee said. Although the Vincentians at Holy Family provide charitable services on a year-round basis, the holidays are an especially important time. For example, they provide the needy with furniture, clothing, food and money to help pay the bills.

"Although it is only a temporary relief program, it is often enough to get a family back on their feet again, so that they can better cope with the needs of their own family," Magee said.

Mr. Magee, who is the Assistant Director of Finance for the Town of Oyster Bay, said he has been a volunteer with the society for about 13 years, and has been president for the past seven years. He said that he thinks it is a very noble, worthwhile, and low-key way to lend a silent helping hand, with the most fulfilling part being that you know that you've helped.

The St. Vincent de Paul Society was started in Paris, France in 1833 by Frederic Ozanam, a Sorbonne University student. The purpose of the Roman Catholic organization is to provide for the needy regardless of their religious affiliation. The society has spread to 109 countries, and there are 55,000 St. Vincent de Paul parish conferences in the U.S. Eighty-seven conferences are associated with local parishes on Long Island.

If you wish to become a volunteer, or to donate funds, clothing, furniture or other useful items to the Society of St. Vincent de Paul, contact the Nassau-Suffolk Diocesan Council at 249 Broadway, Bethpage, New York 11714. The telephone number is 822-3132.

Am. Legion Oratory Contest

Hicksville's two high school student bodies have been invited by the Charles Wagner Post 421 of the American Legion to compete in the 53rd Annual High School Oratorical Contest. The invitation to enter the competition was extended today by Post Commander Arlene Howard and Post Oratorical Chairman Richard Evers.

The contest for high school students has been arranged with the cooperation of local school officials and with the cooperation of the Hicksville High School and Holy Trinity Catholic Diocesan faculties who will assist with the contest arrangements.

United States Constitution is Contest Topic

The subject of the student's prepared oration is some aspect or phase of the United States Constitution, emphasizing the duties and obligations of a citizen to the United States government. The prepared oration must be an original effort of each contestant, of 8 - 10 minutes in length.

Local contests will be held at Hicksville's high schools the week before the Christmas holidays. An American Legion Post sponsor may send more than one contest entrant from each school holding a contest. Four students, therefore, could very conceivably represent Post 421 in the Nassau County preliminary and final competitions which are scheduled for January 8 - 11, 1990.

The American Legion National Oratory Competition offers splendid scholarship and U.S. Savings Bonds as prizes on every level of competition. \$64,000 in college scholarships are available on the national and state levels of competition. The Nassau County contest offers 6 prizes: \$300, \$200 and 4 prizes of \$50. The District Level contest will offer 6 prizes: \$500, \$200 and 4 prizes of \$100. The Charles Wagner Post Hicksville school contests have as prizes: U.S. Savings Bonds for \$100 and two \$50 prizes and handsome pen and pencil sets, six Savings Bonds in all.

Hicksville Has Proud Record in Legion Oratory Contests

Hicksville High and Holy Trinity High School have had notable student orators. Gene Nye in the late 1950's and Barry Lebowitz in 1971 won contests all the way to the New York State Legion Oratory Finals. Edward Saueracker in the late seventies was Long Island and Staten Island Champion. Our village schools have had numerous County Contest runners-up. Today's student speakers, actors, aspiring attorneys, classroom teachers, and the politicians of tomorrow have a golden opportunity to salute our U.S. Constitution and its ideals in the Bicentennial of the Federal Government's founding.

Students may obtain oratorical contest information from Mr. Kenneth McGinnis, Chairman of Social Studies at the Hicksville High School, from Mrs. Kliphaus at Holy Trinity High, and by calling Richard Evers at 931-0667.

Mr. Schwartz and Ms. Monaco also joined the discussion of wines, and answering questions, many of which had to do with the vineyards located on Long Island.

Two Plays Presented At Burns

The Burns Avenue School PTA presented the children of the school with 2 plays. K-3 enjoyed "The Frog Prince" (Periwinkle Prod.), a story about a princess who meets a frog (whom she really doesn't care for) that turns into a prince. The children loved the story and to watch their amazement when sets were changed was great.

4-6 got to see "Changing Faces" Masks Mime and Magic. The children loved the different masks and how the men changed them in front of the children, without the children realizing it. Both plays were great!!

"Changing Faces" - two children picked for play - Brian Sibla and Janna Jackowicz.

The People at LILCO:
Working harder to serve you better

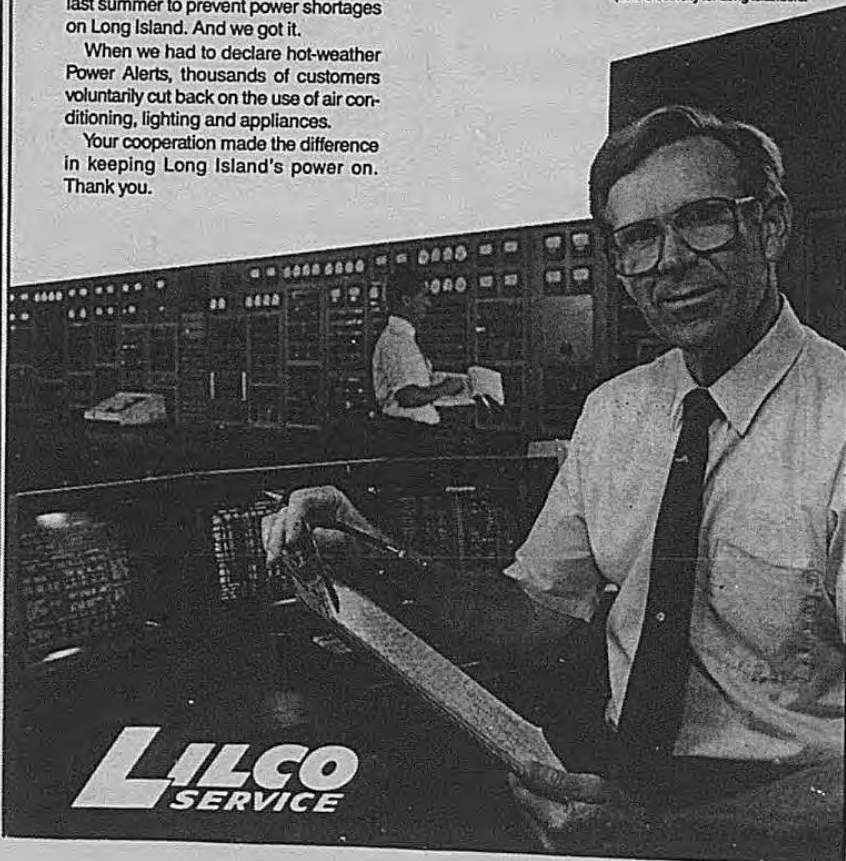

Thank you for helping us keep the power on this past summer.

We needed help from our customers last summer to prevent power shortages on Long Island. And we got it.

When we had to declare hot-weather Power Alerts, thousands of customers voluntarily cut back on the use of air conditioning, lighting and appliances.

Your cooperation made the difference in keeping Long Island's power on. Thank you.

LILCO's Control Center in Hicksville regulates power distribution throughout the system, to help insure adequate electricity for Long Islanders.

Dutch Lane Visits A Farm

Dutch Lane school students from Miss Kiely's a.m. and p.m., Mrs. Saul's and Mrs. Calio's 1st grade classes went on a trip to Green Meadows Farm in Floral Park on October 30.

It was a beautiful day and everyone was able to relax and enjoy learning about and touching all the animals.

The children really loved being able to get right up to baby pigs, rabbits, ducks, goats, turkeys, etc.. Besides being able to milk a cow, have a ponyride, pick their own pumpkin, I would say the bumpy, I mean bumpy, hayride won the children over! They all screamed, "let's go on it again...."

As the guide from Green Meadows Farm holds up a squealing pig the students, with teacher Mrs. Saul and moms watch on in amazement!

Kindergarten student Matthew Scally got to hug a baby duck while other students waited their turns.

Rated "#1" with all the children, the tractor pulled hayride! Wow what a ride...

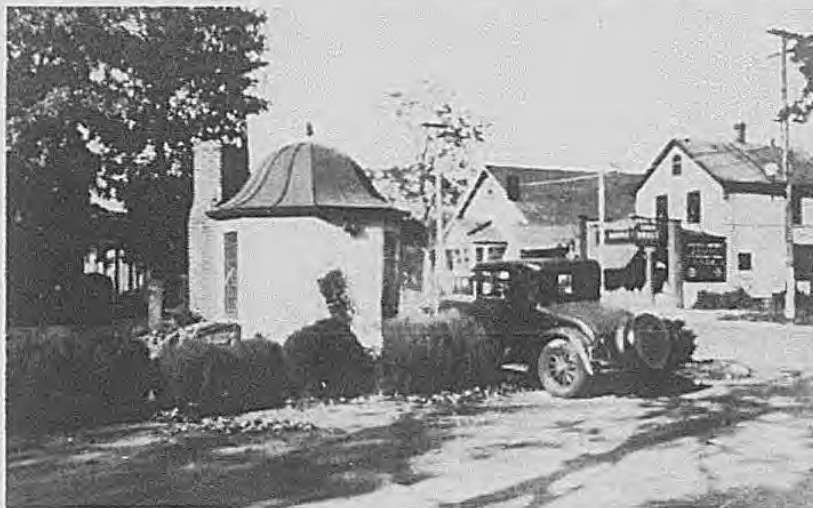

Here students from the A.M. & P.M. Kindergarten and 1st graders enjoy learning about the turkeys as mother helpers Mrs. Carloni, Mrs. Pelter and Mrs. Roestenberg look on.

Time to take a lunch break...how nice cousins Matthew Doyle and Bobby Becker get to eat together amongst all their classmates.

Faces And Places...

Do You Remember?

How many of you can remember this landmark in Hicksville? The place is West John Street and Broadway - is that a hint? For many years from the early 1930s to 1980 the famous Police (or Cops) Booth occupied the center island of West John Street at the intersection of Broadway. Across the street is Hicksville Pharmacy (Smith's Drug Store), Herzog's Barber Shop and the Ukrainian Church. On the opposite corner stands the Hicksville Inn (Central Federal Savings today).

GRANDPARENTS - Send in your grandchildren's photos and enter our "World's Most Beautiful Grandchildren" contest. Just send a photo and a brief description of the child (or children) along with your name and address to: Litmor Publications, Beautiful Grandchildren Contest, 81 East Barclay St., Hicksville, N.Y. 11801. We'll do the rest! By the way if you want your photo returned, just write your name and address on the back of the picture and we'll even do that too!

Warriors Tie Falcons 1-1

By K. Bliker

In a game which rapidly spiraled out of the referee's control, the Hicksville Warriors and the Northport-Cow Harbor Falcons played to a 1-1 tie at Camague Park on November 5. The Warriors jumped out to a 1-0 lead when Terry Aylward headed the ball to Dom Perillo, who put it past the Falcons goalie for Hicksville's lone tally. After a handball in the Warriors' goal, the Falcons missed a penalty shot, nicely deflected by Warrior goalkeeper Danny Bell, and the home team carried the lead into halftime. Unfortunately, by that time, several cards had been handed out to both sides for less than sportsmanlike conduct.

Sad to say, the second half deteriorated in spite of Hicksville's attempt to play the game, with Northport-Cow Harbor drawing a card or two. Toward the end of the contest, a Hicksville

rebound glanced off the arm of a defender and the Falcons attempted another penalty shot. This time, they met with success, tying the game at 1-1. However, that was not "all she wrote." As the players departed the field, a Falcon player attacked a Warrior from behind, which nearly emptied both benches. Cooler heads prevailed from the home team as the beleaguered referee headed toward the Falcons' bench, with additional cards in hand.

Soccer is a truly wonderful game of skill, but must be played with foot and head, not fists and mouths. Sportsmanship is a key element on a winning team and lack of same, as exhibited by the competition after the game, only puts children and adults in jeopardy. Thanks to the Warriors and coaches for their game efforts today and we look forward to a competitive, sportsmanlike contest next week.

Minutemen Defeat Elmont 4-2

By A. Bliker

The Hicksville Minutemen, my 1977 B travelling soccer team, defeated the Elmont Rowdies 4-2 at the latter's field on Sunday, November 5, to move within one point of first place, in their Division, bringing their LI Junior Soccer League record to 5 wins, 1 tie, 1 loss, led by four goals from right wing Jorge daSilva, who now has 10 goals in the last three games.

Elmont got off to a quick start, scoring 30 seconds into the game, on a charge down their right side. However, Hicksville came right back with a strong offensive attack, peppering the Rowdie

defense with numerous sorties at goal. Their pressure paid off at the seven minute mark when center half Anthony Noya set up daSilva's first goal. The Rowdies, not to be outdone, went ahead 2-1, two minutes later. Great end to end soccer then followed, with Hicksville tying it up as Noya again set up daSilva, who was stopped by a terrific save which came right back to him as he put it in on the second try.

The second half was totally controlled by the Minutemen, who had to contend playing uphill in the first half, taking full advantage of the field's downward slope. The Rowdie defense thwarted numerous Hicksville

charges, but our pressure finally overwhelmed them, as daSilva scored off a perfect pass from Andres Turcios. The game clincher came on a Danny de Pinho feed to daSilva.

The Minutemen defense was anchored by the superlative play of stopper Bobby Braun who covered the middle with a blanket of forward movement, constantly giving his halfbacks on target leads. Tracy Kottler, in goal, had no chance on either of the Rowdie scores, and handled everything else that came her way with relative ease, adding fine punting to her defensive stops. Greg Walunas came on strong to have a very effective game at sweeper.

Kenny D'Introno had a terrific game at right fullback, including some great offensive charges which completely opened up the field of play. Tim Dalton had a fine game from both stopper and left fullback, changing the whole complexion of the game when he moved back six minutes into the game.

Brian Rigert contributed a strong, two-way game, from left halfback. Anthony Noya was an offensive force from center half. Jason Brown was full of hustle from right halfback. Andres Turcios had a effective game from striker and right half, with many outstanding offensive plays. Danny dePinho had a nice game

from left wing and striker. Mike Whitman put in productive time at striker and right wing. Bobby Wagner and Declan Healy aided the offensive effort from left wing and striker. Robin Bliker put in productive time from left fullback and left wing. daSilva, in addition to scoring four goals, was at his offensive best, leading numerous charges which led to great crosses into the middle, which were then fed back to him at right wing.

Congratulations to my team for winning their fourth in a row, as well as to my Assistants Tony dePinho and Pete Whitman, and our sponsor, Seaman & Eisemann.

VFW Welcomes National Aux. Pres.

Story and Photos by
Vincent W. Edwards

Hicksville VFW Post 3211 and its Auxiliary were honored this past Sunday evening, Oct. 29, with the presence of the VFW Ladies Auxiliary National President, Miss Alice Hutto. This gracious lady, from Bishop, South Carolina, was escorted to our Post by our own Auxiliary President. Also escorting Miss Hutto was National Representative Millie Peterson of Oceanside VFW Post 5199.

Miss Hutto was greeted at Post 3211 by Post Commander Anthony Ferrara, Ladies Auxiliary President Esther Palladino, and members of Post 3211. Many other members of other Posts and Auxiliaries were also on hand to welcome our National President.

Cocktails were served and later in the evening a gorgeous buffet was enjoyed by all. Miss Hutto expressed her gratitude to her hosts for a wonderful evening. I must say this from my own observation, that the Ladies Auxiliaries have a very lovely and charming person to represent and lead them this year. Miss Hutto's theme for this year is "Our Pledge to America." We believe our National President will have a very successful year. Again let us say that we were very proud to have had our VFW National President visit our Post.

Continued From Page 1

The dialogue between Mr. Clark and the audience touched on various other items, including a proposal by the Broadway Mall to add an on-site live theater, similar to the Westbury Music Fair. Mr. Clark said that he had heard the suggestion, but that he has not seen any concrete plans.

Several candidates attended the meeting and spoke about their qualifications for elective office. They included: Thomas Kornish and David Sidikman seeking Councilmanic positions; Francis Goban, Democratic candidate for Town Supervisor; Robert Aliano, Democratic candidate for Nassau County District Attorney; and incumbents Town Supervisor Angelo Delligatti, Town Clerk Carl Marcellino and Councilman Lenny Simon. Nassau County Executive Tom Gulotta was represented by a spokesperson.

The Hicksville Community Council will hold its next meeting on Thursday, November 7, at 7:30 p.m., in the Community Room of the Hicksville Public Library.

Combating Cults Seminar Nov. 30

The North Nassau Jewish Council and Congregation Shaarei Zedek are sponsoring a Seminar on "Combating Cults & Other Movements" that are attracting our young people away from their Jewish Heritage. A church has been organized a few years ago in the North Nassau area to attract Jewish youth. The North Nassau Council, under the direction of Jerome Rosenberg, has placed on its agenda ways of combating the propaganda of that church, as well as exploring ways to attract our youth back to their heritage. Congregation Shaarei Zedek, under the leadership of Rabbi Melvin Sachs, sponsors a class for prospective converts to Judaism which includes one young man who had been influenced by one of these movements. All members of the Jewish Community in the North Nassau area are cordially invited to attend.
