Largest Tax Cut Passed For Town

The Oyster Bay Town Board approved a tax cut Tuesday at its night budget meeting. The decrease in taxes was the highest yet for the Town which includes Hicksville, Syosset, Jericho, Bethpage and other areas. The cut would reduce the average homeowners annual bill by \$100 or more.

The budget, which totals \$144.5 million, was unanimously passed although the lone Democrat, Supervisor Lewis Yevoli had only sought a \$77.25 homeowner average tax cut for this budget. He originally wanted a high tax cut in previous years, but his proposals were overruled by the Republican controlled Board. Yevoli said that the two year total about equals what he had originally asked for, and Republicans disputed that analysis. The budget reduces by five percent the salaries of those earning \$75,000 or more.

Fun In Reading

"Reading books is fun...especially in our new library!" Lee Avenue fourth graders Erin Rybak, Serda Acemonlu, Kaitlin Hayes and Melissa Ronalek enjoy reading in the new Lee Avenue School library. The library was one of the many exciting improvements made in the Hicksville Public Schools this past summer.

Whale Of A Trip

Second grade students at Lee Avenue practice the art of scrimshaw at the Cold Spring Harbor Whaling Museum. The students in Mrs. Lynn Hammann's class visited the Whaling Museum to learn about whaling on Long Island, characteristics of mammals and the art of scrimshaw.

Letters

To The Editor:

Just a few lines to thank you for your readiness to publish the numerous pieces I send you - and all of the pictures, which Hicksville's people and organizations enjoy so much. Thanks to the *Mid-Island Times*, many news releases, hundreds of photographs - and the centerfold layouts are ending up preserved in Hicksville's photographic and journalistic archives and "morgue", at the Local History Room of the Public Library.

Bill Clark's delightful, insightful photo recollections and comparisons of Hicksville scenes of yesteryear and today are clipped regularly for our files. Thanks should go, also, to the Litmor Publications photographer Dennis Blaney who strives so ably to get the most out of my friend, Bill's and my photos.

The Times' contributions to preservation of Hicksville's memories and its significance as a progressive, wholesome community has been outstanding journalism for many years.

Coast Guard

Medal for Bohnert

Coast Guard Lt. Roger V. Bohnert, son of Peter W. and Elizabeth V. Bohnert of Caroline St., Bethpage, recently received the Coast Guard Commendation Medal.

Bohnert was cited for meritorious service while serving at Seventh Coast Guard District, Miami. There, he excelled at administering a variety of difficult responsibilities, including search and rescue at sea, medical evacuation, disaster relief, maritime law enforcement, narcotics interdiction and illegal alien immigration. This often necessitated coordinating and working with civilian agencies and other branches of the armed forces. In this effort, he planned and carried out more than 28,000 search and rescue missions, which saved almost 10,000 lives. These ran a gamut of serious situations, from aircraft crashes to rescuing people adrift in open water on makeshift rafts. In addition, Bohnert directed searches for 80 people in the wake of Hurricane Andrew and plotted the difficult rescue of the entire crew of a shipping vessel which foundered in a gale 160 miles out to sea.

The award, presented during formal ceremonies, is official recognition for Bohnert's sound judgment, aggressive pursuit of excellence and devotion to duty.

Bohnert is currently assigned at Seventh Coast Guard District, Miami.

He joined the Coast Guard in January 1979. He is also a 1992 graduate of Miami Dade Community College, Miami, with an Associate of Arts degree.

Jottings From Yesteryear

By Bill Clark

Hickville School in the 60-70's had a well-known 3 track curricular. Some of the young ones nowadays, I think missed 2 tracks and came out with a one track mind. Others took advantage of education plus their own initiative and did good.

When was the last time you saw or used a wooden curtain stretcher, or stuck your fingers on one of the many nails? Mine is in the original carton with the NRA emblem on it of the 1930's. Unfolded it can be adjusted to 5 ft. high and 8 ft. long. They were used years ago to stretch the curtains to their proper size or they would shrink or dry uneven.

I came across my Trico car fan that I used on my '37 Chevy. It ran off the car vacuum line. Without air conditioner, it felt good those days. Heard somewhere, a man years ago had won a prize, the choice of either a Ford or \$500. He chose the money and then bought a Chevy. Cars were much lower than nowadays. I know a 1927 Chevy was about \$725 but then salaries were much lower.

Reelect Councilman Len Symons

"... Another warm endorsement goes out to Councilman Leonard Symons who is seeking reelection. Symons is one of the most independent and progressive political thinkers in local government today, and we enthusiastically endorse his bid for reelection. He has continuously shown that he's willing to vote his conscience, at times going against his own party to do what he believed was right for the people. **Speaker On
'Apparitions' At
Joe Lamb K. Of C.**

On Thursday evening, October 21, at the social meeting of the Joseph F. Lamb Council No. 5723 Knights of Columbus, Plainview/Hicksville, a very special speaker addressed the Council on the subject of "Apparitions of the Blessed Virgin Mary."

Robert Motto, of Plainview, was the guest speaker, and he gave a very illuminating and informative talk on apparitions in various places in the world. Mr. Motto has been interested in appearances of the Blessed Virgin Mary, ever since his visit in 1989 to Medjugorje in Yugoslavia. Since then, he has delved extensively into the apparitions of Our Lady. He states that she has appeared in many places in five countries. He has spoken at many Knights of Columbus Councils, at the St. Vincent DePaul Society, and before many other audiences.

Mr. Motto and his wife have been residents of Plainview for 21 years, and have raised a family consisting of a son and daughter. He intends to join the ranks of the Joe Lamb Council, and he certainly will be very welcome. Bob Motto wishes to spread the news of the Blessed Mary, and her wishes. His talk was widely applauded by the many members in attendance and Grand Knight Henry Schattini thanked him for his efforts.

Play In O.B. Photo Contest

The Town of Oyster Bay Department of Parks is accepting entries in the 1993-94 fall and winter "Play in Oyster Bay" Amateur Photo Contest and will continue to do so until March 1, 1994.

"The Town of Oyster Bay is a play and recreation wonderland," said Councilman Leonard Kunzig. "Parks, beaches, playgrounds, pools and every imaginable summer and winter sport are just waiting to be photographed by residents in search of that special photo subject."

Councilman Kunzig added that the contest rules require all photographs be taken between October 1, 1993 and March 1, 1994, and that the general theme depict fall and winter play and recreation in Oyster Bay's parks, beaches and places of interest. Each contestant may submit only one photograph, which can be either black and white or in color, and all participants will receive certificates of achievement. The 1st, 2nd and 3rd place winners will receive trophies.

To enter the "Play in Oyster Bay" amateur photo contest, send entries to "Play in Oyster Bay," Department of Parks, 977 Hicksville Road, Massapequa, New York 11758. Each contestant must include his/her name, address, age and telephone number in ink on the back of the photograph. Please do not send original slides or nega-

tives. Only designated award winners will be asked to supply original negatives or transparencies. Due to the fact award-winning photos, along with the photographer's name, may be used in Town publications, newsletters and the Town calendar, winners will also be asked to supply a release from each identifiable person in the photograph.

"The 1993 Summer Program Brochure and the 1993 Town Calendar both featured photos taken by resident photo contest winners," Councilman Kunzig said. "In addition, each amateur photographer was credited, a very nice tribute to fine work."

'93 Young Direct Marketer Of The Year

Stuart Siegel

Stuart Siegel, Executive Vice President of Getting To Know You International, Westbury, has won the 1993 U.S. Young Direct Marketer of the Year Scholarship. The scholarship, sponsored by Kobs & Draft Worldwide and administered by the Direct Marketing Association's International Council, recognizes the most promising young talent in the direct marketing industry and grants an expense paid tour of the nation's leading direct marketing companies. Each year an American and an Australian are selected to receive this honor.

Getting To Know You International, an employee-owned company, was founded by Irving Siegel, Stuart's father, in 1982. The company provides several marketing programs, the largest being the Getting To Know You program, the nation's leading new home-

owner welcoming service which currently operates in 42 states. Sponsored by business and professionals, Getting To Know You sends new homeowners a welcoming package containing a personal telephone/address directory with gift certificates and information about area businesses.

A graduate of the Wharton School of Business, Stuart is credited with bringing the company's business discipline to new heights. Since he joined the company in 1987, annual sales revenues have grown by 269%, from \$13 million to \$35 million.

Further, he has expanded the company by employing sophisticated direct marketing techniques while offering greater capabilities to advertisers, has made significant product improvements, handled acquisitions of companies in complementary services, and overhauled the company's incentive program.

To qualify for the scholarship, applicants must have worked in the direct marketing field for at least three years and be no older 30 years of age. Siegel will receive his award at the Direct Marketing Association's Conference in Toronto, Canada, later this month.

Nassau Residents Pay The Highest Taxes in the United States Yet, the incumbent County Executive claims he's "held the line on taxes."

When the middle-class homeowner must pay in excess of \$100 per week for real estate taxes alone, in the words of Presidential candidate Ross Perot, "It's time to pick up the shovel and clean out the barn"

Elect Ben Zwirn County Executive

As North Hempstead Town Supervisor, Ben Zwirn proposed tax cuts in each of his four budgets. From a 19.5% General Fund tax cut in 1991, to a 24% garbage tax reduction in 1993. Ben's 1994 budget brings spending down to 1982 levels and the lowest tax rate since 1975...A record he's proud of. Ben's goal is to make Nassau an affordable place to live again for you, your children, and for businesses

Following are some facts from County Tax Records. You know that Gulotta's tax hikes have shaken you up. Tuesday, November 2, is your turn to shake him up.

Following is an example of an average middle-class homeowner's tax burden in Western Nassau County. Amounts will vary depending upon your school, and special district taxes, and the assessed valuation of your house.

Assessed Valuation	Annual	Weekly
5,000	\$3823	\$74.00
6,000	\$4598	\$88.00
7,000	\$5352	\$103.00
8,000	\$6117	\$118.00
9,000	\$6881	\$132.00
10,000	\$7645	\$147.00

These figures do not include the hidden Real Estate Taxes paid to LIACO (approx. 17%) or to private water companies. Nor do they include sales taxes, fees or tax increases that may be announced after Election Day, as usually happens in Nassau County.

The Incumbent County Executive's First Five Years

1986 County General Fund Tax Levy was \$121.2 million
1991 County General Fund Tax Levy was \$208.3 million

That's a 72% increase, while inflation for the same period was up less than 16%!
In fact, in one year alone, County General Fund taxes went up a whopping 84%

Ground Breaking For Library

On Sunday, October 31, state, county and town notables will attend the historic groundbreaking ceremony at the Bethpage Public Library, Bethpage, from 2-4 p.m.

The Bethpage Public Library, located at 47 Powell Avenue, will soon undergo a major expansion and renovation, the first since its construction thirty years ago in 1963. "Our community is extremely proud of its library and very supportive of its many projects and services," stated by Toby A. Hyman, Library Director. Only recently, the community passed a 2.4 million dollar bond issue to underwrite the building program and is eagerly awaiting the advent of its expanded, up-dated facility, very much needed in an age when the scope of library service has been broadened beyond anything imagined by those who designed the original

building. The architects for the project will be Bental of Locust Valley, award-winning designers of the Hillwood Commons on the C.W. Post Campus.

The festivities will feature greetings by community dignitaries, music by The Banjo Rascals, and refreshments.

Lamb K. Of C. Donation To C.Y.O.

At the Council meeting, held on Thursday evening, October 21, the Joseph F. Lamb Council No. 6723 Knights of Columbus, Plainview/Hicksville, donated a check for \$200 to the C.Y.O. (Catholic Youth Organization) of Nassau/Suffolk.

Grand Knight Henry ("Hank") Schettini presented the check to Neil Donovan, C.Y.O. Coordinator, and also to

Sister Patricia, C.Y.O. Coordinator at Our Lady of Mercy in Hicksville. The C.Y.O. services over 13,000 children in activities throughout Nassau and Suffolk.

We of the Joe Lamb K. Of C. are happy to donate to this worthy organization.

One of the basic principles of the Knights of Columbus is that of "Charity," and they do wish to practice it.

Why should you care if this man collects your taxes next year?

This year the people of Oyster Bay Township have a unique opportunity to elect a person who has already distinguished himself as a community leader. A person who has the ability to make a difference in the quality of life for the residents of Oyster Bay Township.

Jack O'Leary has the experience.

As chairman of the Town's Board of Zoning Appeals Jack O'Leary has demonstrated leadership in the community.

Jack O'Leary has the concern.

As a long time resident of Oyster Bay Township Jack O'Leary has developed a concern for the taxpayers of our community. He has both the determination and the will to work both in and out of government to restrict government spending.

Jack O'Leary has the integrity.

His record in both the private and public sector is unblemished and has earned the respect of government and community leaders throughout Long Island.

Jack O'Leary has the philosophy.

He believes government exists to serve the people and to carry out the will of those it serves. It is not the function of government to impose the will of small special interest groups on the majority.

Smoke Detectors Should Work

With smoke detectors now in 82 percent of American homes, the problem is no longer homes without smoke detectors, but homes with smoke detectors that do not work!

Nearly one third of all residential smoke detectors don't work because of worn or

missing batteries; a factor that contributes to many of the estimated 8,000 deaths and 200,000 injuries caused each year by home fires.

Smoke detector maintenance is one of the simplest, most effective ways to reduce these deaths and injuries. In fact, a working smoke detector cuts the risk of dying in a home fire by nearly 50 percent.

To save lives and prevent needless injuries in our community, the Bethpage Volunteer Fire Department has joined forces with the International Association of Fire Chiefs and Energizer batteries for the annual "Change Your Clock, Change Your Battery" campaign. We urge everyone to adopt a simple, life saving habit: when you change your clock from daylight savings

time each fall, change your smoke detector batteries also! This year's date is October 31.

"A working smoke detector is a home's best defense against fire because it gives an early warning and critical extra time to escape," explains Bethpage Fire Chief John Fitzwilliam. "Unfortunately, people forget to install fresh batteries or they remove them for other uses such as toys or appliances."

Chief Fitzwilliam also recommends families to take that "extra" hour to take other fire safety measures including changing flashlight batteries, planning two ways out of each room and practice escape routes with the entire household.

Voices In The Crowd As Band Performs

Overall view of Hicksville High Marching Band which performed at Division High (Levittown) recently. As always, the crowd was "wowed" by their exciting drill.

By K. Blicher

The Hicksville High Marching Band/Color Guard displayed their finest performance of the season to date when they took the short ride to Division Avenue High in Levittown this past Sunday. The Judges awarded Hicksville its highest mark to date for their efforts.

Among the large delegation of band parents in the Levittown stands, Dottie Hyde said, "I think they're super ... and invigorating!" I asked Joe Burrafato what he wished for the Band in the future and his comment was "I want them to learn to enjoy and savor these moments." "And to be in the top five at Giants Stadium in November!" echoed wife, Rose. The wish of Donna Giacopino and Aunt Lynn Salaberry was

that the Band "Reaches their expectations - and ours." After the show, Band parent Assoc. President Diana DePalma summed it up best when she said, "I couldn't be more pleased with the Band's rising scores, the challenging music and spectacular drill they perform. They're the greatest!"

And now, next week's competition takes the Band and Color Guard to Huntington High School. During the week and on weekends, our group proceeds to sharpen their skills, realizing that the all-important CMBC Competition at Giants Stadium ... the season finale ... is just around the corner. The fall season prepares to draw to a close yet these boys and girls continue to give 100%. Go get 'em, Hicksville!
